

To Kane From Kyle

I hope that you will find this letter after the fact. Don't let the police or FBI keep you from having it, this is my last wish for you to see this, Don't kill yourself moron. That's the last thing I would want to happen, As long as you're alive so is part of me, ya know, I hate leaving you by yourself, but this is something I feel I have to do, My life would always feel incomplete otherwise. I can't let them get away with what they're doing, kids like me and you are seriously dying over this shit. I hate this world of sex that they are striving to make, This is a revolution brother, The most important thing to happen since man began, To let it die out would be a crime, I will never be able to "cum" with them, I will always see it as hell, The things they say "and do" are us just too disturbing to me to just ignore and try to live my life with, I know this is a short letter and might sound stupid but It would take a book to properly explain this to you, I don't have the time for that, or the will, The basic gist of it is that they're fucking next to us when we're really high to make us break out. And they are doing it its just a question if were willing to be OK with it, And obviously im not. Maybe someday you'll be willing to help me kill this hippie shit. I know that its going to get worse now, but thats part of the...  
 Now kids Now!!!  
 Bye Kane, I love you.
