Once we arrived there were people running every where still. People were screaming and crying for help. We parked our cruiser on the northeast sidewalk at E. Fifth St. and Pine St. We immediately exited our cruiser and began to help the wounded. I walked to the south side of E. Fifth St. where I saw several victims. One victim was a black male and he was lying in the street between to vehicles. There was a taco stand on that side of the street where I saw several other victims lying in front of. I saw bystanders and one police officer performing CPR on a female victim. I was made aware of another victim in the alley to the west of Blind Bob's. I ran over and started to assess the victim. I checked for any signs of life and was unable to find any. A male that was not injured came over to help me. The male stated that he was a medic in the army and was willing to help. I gave the male a pair of gloves and we started CPR. The male continued CPR while I went assessing other victims. The victims that were able to be transported I helped load into several marked police cruisers to have them transported to near by hospitals. Once the victims were all transported I took scene tape and started to make the biggest perimeter I could make starting at the corner of E. Fifth St and Pine. I placed the scene tape in a clockwise motion all the way to the north around the building and through the back parking lot of Ned Peppers.

**

I then began finding witnesses and walking them to the Dublin Pub. Once Detectives spoke with the witnesses I escorted them back to their vehicles so they can leave. I then stayed on scene for scene security until I was released by command staff.

**

On 8-4-19 at 1800 hours we were notified that another victim had arrived at Grandview Hospital. I went and made contact with the victim, identified as [REDACTED] stated that she was inside of Ned Peppers when she heard the shooting. [REDACTED] stated that she started heading to the back door when she was pushed to the floor. [REDACTED] began to crawl to the rear door to exit when other bystanders began to fall on top of her. [REDACTED] was able to make it out of the rear of the bar. [REDACTED] hands, knees and elbows had cuts and bruises on them from crawling to the rear door. [REDACTED] stated that she did not see the shooter or police but only heard the gun fire. [REDACTED] said that she went home and tried to care for her wounds. This morning when they were still bleeding and hurting she went to the urgent care by her house. The urgent care was at the corner of Shiloh Springs and N. Main St. [REDACTED] then went to Grandview Hospital later that evening because her left leg was still swelling. While at urgent care they took x-rays, gave her a TDAP shot and gave her a prescription for antibiotics. At this time I have nothing further to report.

On 08/04/19 at about 0117 hours, I received a phone call from Sgt. [REDACTED] regarding a homicide call out in the Oregon District. I was told an active shooter was in the area, multiple people had been killed, and several officers had shot a suspect. I proceeded from my residence to the scene. I noted the temperature was 67 degrees, and the skies were partly cloudy. The road surfaces and ground was dry. While enroute to the scene, I was instructed to go to the Safety Building and stage at that location. Upon arrival, I contacted Sgt. [REDACTED]. I was told we were staging as there were multiple victims at the scene and area hospitals.

b6

Det. [REDACTED] and I went from the Safety Building to the scene. Upon arrival, I observed East Fifth Street had been shut down from the railroad overpass just east of the intersection of East Fifth and Patterson, to the intersection of Fifth and Wayne. The area was secured with scene tape and marked cruisers. There appeared to be four basic areas where the shootings occurred or where victims were located.

The first area was just west of Blind Bob's bar located at 430 East Fifth Street on the south side of the street. Three bodies were observed in that area around a portable food cart stand. All of the bodies had been covered with sheets. Slightly east of that address, and on the north side of East Fifth Street in the area of 411 East Fifth Street, was the second area. Five bodies were located in that area, and they were also covered with sheets. In front of Ned Peppers Bar at 419 East Fifth Street was the third area. One body was observed at that location covered by a sheet. On the south side of the street, in the area of the Tumbleweed Connection located at 454 E. Fifth Street, was the fourth area. There was one body at that location. Evidence placards were observed throughout the four areas marking evidence the on scene e-crews had observed. I spoke to E-crew [REDACTED]

who advised he had already begun to document the scene with evidence placards. However, he stated he had ran out of placards to mark the evidence. I was informed additional e-crews had been called in, including e-crews from the Montgomery County Sheriff's office.

Shortly after our arrival, Detectives [REDACTED] arrived on scene. We met with Det. [REDACTED] and Det. [REDACTED] who were already on scene. We were told the body in front of Ned Peppers was that of the shooter, later identified as Connor Betts. The decision was made to have groups of detectives gather evidence related to each of the four general areas.

Detectives [REDACTED] investigated the first area; the area around the food cart stand; Detective [REDACTED] and I investigated the second area, which stretched east of 430 East Fifth Street on both the north and south sides of the street, to the area around 411 East Fifth Street and the western side of Ned Peppers. The third zone was the area around Ned Peppers, including the front of Ned Peppers where the shooter laid, east to the area of 431 East Fifth Street. This area was investigated by

b6

Detectives [REDACTED]. The fourth area was the area around the Tumbleweed, located at 454. This area was investigated by Det. [REDACTED]. Det. [REDACTED] and I canvassed our area of the investigation in search of additional evidence related to this incident. Montgomery County Sheriff's evidence crew Flora assisted us and marked additional evidence in our area of investigation and photographed that area of the scene. See copies of his photographs for specifics. Det. [REDACTED] then documented the evidence placards in our area of the investigation. I noted the positions of the 5

bodies in our area. All of the bodies in our area were on the north side of the street. The first body I noted was the body lying in front of 411 E. Fifth. He was the body farthest west of the other bodies in our area. This was the body of a white male, later identified as Logan Turner. Upon my initial observation of the body,

[REDACTED]

On Sunday August 4, 2019 at 1:20AM, I received a phone call from Homicide Sergeant [REDACTED] Sergeant [REDACTED] stated he needed my assistance along with the Violent Offender (VOU) detectives that I supervise. I arrived at 335 West Third Street, which was a predetermined staging area and met up with several detectives from Homicide and VOU. I then made a phone call to Sergeant [REDACTED] of West Patrol Operations Division and spoke with Sergeant [REDACTED] of the Central Operations Division. I had both Sergeants call in their detectives to assist on the call out. In addition, I also called Sergeant [REDACTED] who had already been contacted by Sergeant [REDACTED] Detectives from East Patrol Operation were also being called in.

After waiting for several detectives to arrive at 335 West Third Street, I went over to the Oregon District where the shooting took place. I parked my City of Dayton unmarked car on Wayne Avenue near Fifth Street. I walked down Fifth Street to where the crime scene was located and made contact with several detectives. I then coordinated detectives to several area hospitals to speak with witnesses and to check on victims. I also set up a location in the Dublin Pub to interview witnesses.

Throughout the morning, I continued to assist in managing the scene and receiving updates from detectives at area hospitals on the conditions of the victims. I helped coordinate search warrants of the suspect's residence, two vehicles, and a cell phone. I also took possession of the suspects Samsung Galaxy phone from Detective [REDACTED] so that Detective [REDACTED] could complete a search warrant on it. I turned possession over to [REDACTED] with the FBI. I remained on scene until the VOI detectives cleared.

On August 4, 2019, at about 0106 hours, I responded to the Oregon District at the request of Sergeant [REDACTED] for an emergency response in regard to multiple shots that had been fired in the bar district. I proceeded from East Third Street, very close to North Keowee Street.

b6
b7C

*

I turned south on Wayne Street and as I approached Jackson Street, I observed a massive number of people fleeing the bars. They were running to vehicles and in multiple directions across Jackson Street and Wayne Street.

I turned south onto Jackson Street and blocked westbound East Fifth Street at Jackson Street, leaving the eastbound lanes of travel open.

*

There were crowds of people in the street and on the side walk, all running in different directions. As I ran to Ned Pepper's Bar, Officer [REDACTED]

[REDACTED] and Officer [REDACTED] were pointing their pistols at a man that was [REDACTED] to the bar. I noted that right next to this man, and partially under him, was a tan magazine that appeared to belong to an AR-15 style rifle. I handcuffed this person as I was handcuffing him I received no resistance and presumed he was dead.

b6
b7C

*

Several people were trying to exit the bar as others were trying to enter the bar. All attempting to evade a shooter in the manner that they seemed to feel was the safest avenue of escape. I heard conflicting reports from citizens as to whether or not there was an additional attacker. I was told that there were additional shooting victims outside, at the rear of the bar. I broadcasted this information over the radio. I went through the bar to get to that location. I found a couple of people on the ground, but they had not been shot. When I verified that there was no one shot, I proved that information over the radio as well.

*

I left the bar from the same front door that I had entered. There were citizens and officers providing first aid to victims on either side of the street, in the street and on sidewalks, several of them were dead.

Multiple officers, to include Lieutenant [REDACTED] and myself made several radio broadcasts in an attempt to have emergency medical responders enter the scene. RDC Dispatch acknowledged our requests and confirmed that it had been conveyed multiple times.

b6
b7C

*

Before the Dayton Police Officers that were involved in shooting the suspect were taken from the scene, Sergeant [REDACTED] provided me with the key to his cruiser and informed me that the shotgun that he had used to shoot the suspect was locked in the front driver's seat. The weapon was left in the condition that it was in when he had last fired it, with a shell in the chamber. When evidence technician, [REDACTED] was ready to recover the weapon I notified Detective [REDACTED] I witnessed as PSB Sergeant [REDACTED] and Officer [REDACTED] took the Remington 870 from Sergeant [REDACTED] cruiser.

b6

*

Lieutenant [REDACTED] informed me that the deceased suspect had a vehicle key to a Toyota on his person. He directed me to gather additional officers to help look for a Toyota in the area that might have been driven

RPT#:1908040004 DAYTON PD - DETECTIVE INVESTIGATORY PRODUCT DATE:08/08/2019

to the Oregon District by the suspect. Obviously, several Toyotas were located. Officer [] located a particularly suspicious looking, late model, Toyota sedan parked toward the rear of the record store parking lot. It was behind the kiosk that is used to pay for parking. What sparked Officer [] attention to the car was a large hunting knife tucked between the front seats. More importantly, Officer [] observed stickers on the dashboard that were very similar to the design on the back of the suspect's jacket. This vehicle did, in-fact, turn out to be the car the shooter arrived in. The Toyota, as well as the entire parking lot was secured until the threat of the sedan being armed with a bomb could be eliminated by Lieutenant [] and his bomb squad.

b6

*

I remained on-scene to assist in maintaining the security and respond to any additional needs of investigating and command personnel. I stayed on post until I was relieved by Major Malson.

On 08-04-2019 at about 0121 hours, Violent Offender Unit Sergeant [] contacted me while I was off-duty. He ordered me to make telephone contact with all of the Detectives in the Violent Offender Unit and order them to respond to the Safety Building at 335 West Third Street to await additional instructions in direct response to this incident. I contacted Detective [] Detective [] Detective [] Detective [] and Detective [] to request they respond. After converging at the Safety Building, the entire Violent Offender Unit responded to scene to assist. We were told multiple witnesses were telling detectives and officers that the suspect, while shooting, came from a foot path between Blind Bob's Bar 430 E 5th Street and the building to the west of Blind Bob's Bar. We were told the suspect then appeared to focus his attention to Ned Pepper's Bar 419 E 5th Street as he walked across the street firing at people. We were also notified about the perceived presence of a possible unknown second shooter, possibly driving a dark colored or green Jeep vehicle.

b6
b7c

*

After our arrival at the scene on E 5th Street in the Oregon District, Detective [] and I responded to Blind Bob's Bar located at 430 E 5th Street. Blind Bob's Bar is inside the crime scene and deceased victims were still present at the scene. We examined the outside of the bar for video surveillance cameras. We located several cameras on the outside of the building. I observed a foot path that runs north to south between the buildings. Blind Bob's Bar lies to the east of this foot path.

b6
b7c

The bar was locked at all entry/exit doors and we could not contact anyone inside. I contacted dispatch over the radio and requested they contact an employee via telephone and have them respond back to Blind Bob's Bar in order to view the video surveillance.

While in the rear of Blind Bob's Bar, Detective [] and I spoke to an Ohio State Patrol Officer and another outside jurisdiction officer who responded during the mutual aid request. At 0312 hours, Detective [REDACTED] and I went to Blind Bob's Bar 430 E 5th Street. We met with [REDACTED] of Blind Bob's Bar identified as [REDACTED] (DOB: [REDACTED] Phone [REDACTED]). He allowed us access to the video surveillance system inside and outside the bar. The system consists of 8 cameras recording on a ADT brand Digital Video Recording surveillance system (I could not view the physical bottom of the system in order to obtain the serial number and model number). One of the cameras does not record, so he provided me a DVD containing video footage from 7 of the cameras. The camera system time when the incident appears to begin is 2019-08-04 at 01:17:10.

b6

The cameras are arranged in the following manner:

Camera 2: Just inside the front door of Blind Bob's Bar where the bouncers stand.

Camera 3: Inside Blind Bob's Bar, facing the bar.

Camera 5: At the outside rear exit door of Blind Bob's Bar, facing towards the rear parking area, and upstairs access stairwell.

Camera 6: At the rear of Blind Bob's Bar, facing the rear parking area. The camera appears to be partially obstructed, however a white full-size van and dark colored car can be seen parked in a space behind the business.

Camera 7: Outside Blind Bob's Bar, above the outdoor patio area, facing E 5th Street.

Camera 8: This camera appears to be inoperable.

[REDACTED] said the video system stores the video on a internal hard drive with a retention period of approximately 23 days in the event additional video beyond what he provided would be needed. At this point [REDACTED] began to break down and begged me not to tell her that it was her children that were killed. Detective [REDACTED] and I asked them for permission to check Connor's room to see if there were any clues as to what triggered these actions. She stated that as people were running out of the bar she looked around and found that all of her friends were gone. I asked her if she could clarify and and she stated that she had lost track of her friends and could no longer see them.

[redacted] told me that as people fled the bar the exit became blocked. I asked her if she could tell whether or not someone was intentionally blocking the door. [redacted] stated that when she saw what was happening she began to focus on her breathing. She stated that she pressed herself back against a wall to prevent being trampled. [redacted] told me that when people realized that they could not get out of the door they began ducking low to the ground to hide. She stated that this person was a white male with dirty blonde hair who had his right knee on the ground and was shooting. She stated that "He looked pretty professional in what he was doing." She stated that the only clothing description she could provide was that he was wearing black "on his upper half." She could not remember what kind of pants this male was wearing. She stated that she went to the back of the bar. "Arrived at Ned Peppers around 1215 waited in line and paid 5 dollars to enter. Myself and 2 other women got drinks as we waited on one more. She arrived and we all got drinks again and went outside for air. After that we went back inside to the dance floor. I saw more of my friends and we moved closer to them and then all of a sudden we saw people running. I've been been to NEDs ample times and there is a fight every other time I go so I didn't run, I turned around and all my friends were out of my sight. I was pinned up against the wall while everyone else in the club was crouched on the ground. There was one female out of the crouched crowd who was filming the whole thing, but I was too busy trying to stay calm while pinned

against the wall. I look out the front door and I see the bouncer with a shotgun and someone, white, dirty blonde, black top shooting west of the club in the middle of the street. I then look around at the people crouching again as everything is happening so fast, I look back at NEDs entrance and the person in the street is gone and the bouncer is kicking someone multiple times. Then, he turns and yells at everyone to hurry and get out. I finally get enough space to get off the wall & a different group of friends see me and then I slightly pass out as we are trying to exit out the back and they offer to take me home, but one of the girls that I came with went back inside to find me. I didn't leave immediately until I found her and then we all left and went to the hospital.

Person in the middle of street was in his right knee."

On 8-4-19 at 0126 hours, I Detective [REDACTED] was off duty and responded to a call out on Fifth Street in the Oregon District on reports of a mass shooting. I arrived at the Safety Building and met with other members of the Violent Offenders Unit, Detectives [REDACTED]. We were directed to the Oregon District. I arrived on scene there and saw multiple deceased bodies in the 400 block of East Fifth Street. I was directed to the Dublin Pub to interview witnesses. I made contact with an individual who was in the parking lot of the Dublin Pub who identified himself as [REDACTED] told me he was a witness to the shooting that occurred in the Oregon District. I asked [REDACTED] if he would speak with me to help us figure out what happened. [REDACTED] was hesitant to speak with me and was very emotional. I was able to calm him down and [REDACTED] told me the following:

[REDACTED] said he was at the Hole in the Wall bar with his friend [REDACTED]. [REDACTED] said he heard 7 to 10 shots and heard people screaming. [REDACTED] said it sounded like the shots were coming from the area near Blind Bob's Bar. [REDACTED] said he jumped a fence in front of Hole in the Wall bar and ran across the street towards Blind Bob's. [REDACTED] said he saw somebody wearing dark colored clothing carrying an AR-15 Rifle. [REDACTED] said he saw the suspect shoulder the rifle and saw muzzle flashes. [REDACTED] said at one point he saw the suspect duck behind a trash can as if looking for cover and then saw him appear to be aiming at people. [REDACTED] said it appeared as if the suspect was not trained in how to properly shoot a rifle due to the way he was holding it. [REDACTED] said he then saw his friend [REDACTED] (unknown last name) laying on the sidewalk and went over to help her. [REDACTED] said [REDACTED] had hit her head on a pole while running away from the shots and was not actually shot. [REDACTED] said he saw the suspect glancing behind himself as if he was looking for somebody as he crossed the street but said he only saw one person with a gun firing shots. [REDACTED] said he then heard a volley of more shots and now assumes it was the police shooting at the suspect as he saw the suspect go down near Ned Peppers. [REDACTED] said he stayed with [REDACTED] until first responders showed up. [REDACTED] said he lost his cell phone and shirt during the incident and does not know where they are located. [REDACTED] informed us that he was informed that he had a broken pelvis and may not be able to return to [REDACTED] as soon as he had wished. We asked [REDACTED] what he observed in the Oregon District. He stated that he was with his best friend and his bestfriend's girlfriend at about 0100 hours at the taco stand ordering tacos outside of Blind Bob's. He stated he was waiting for his tacos to be made when he heard gunshots nearby in the street and saw a man lying on the ground. He stated he saw the suspect and then fell to the ground in pain as he got shot. [REDACTED] described the shooter as a man in black clothing wearing body armor, wearing a balaclava, and shooting a semi-automatic rifle. [REDACTED] stated that he saw officers stop performing CPR on his best friend's girlfriend so he believes she is dead. At this point in time during the interview, the pain medication took effect and we were unable to speak with [REDACTED] any further.

Kettering Hospital security informed us that they had all of [REDACTED] clothing bagged up and secured for evidence. They were also in possession of his cell phone. On August 4, 2019, at about 0105 hours, I was at Miami Valley Hospital along with other 110 officers when we heard "Shots Fired" over the radio and a 99 for the Oregon District was toned. I immediately responded along with my crews. We entered from the Patterson side of East Fifth Street by

Arbys. Numerous people were running from the bars towards Patterson. While enroute it was relayed the suspect was down, but there could possibly be a secondary shooter. Officer [redacted] and I held cover while Officers [redacted] were placing tourniquets on two females. While holding cover, I asked people fleeing if they saw who was shooting and how many shooters. Everyone exclaimed that they heard the shots and just started running. Another female, later identified as [redacted] approached us and appeared in shock. Her skin appeared gray in color and she appeared to be in a daze. I asked if she was okay. She said she didn't feel well. I asked if she had been hit. She said she did not think so. At this time, she turned and I saw [redacted]

She looked at me and asked if it was time to load and go, and I said, "yes, let's load and go!" We loaded [redacted] in my backseat and then the female that Officer [redacted] was rendering aid to, [redacted] Metroparks Officer [redacted] assisted as well in loading the females into the cruiser. [redacted] was trying to get medics to go in, but they said they did not have clearance to go in from their command. I went in the chaos to see how I could help. At this time, I observed several deceased on both sides of the street. Lt. [redacted] asked that I get some officers and start checking all of the bars for any additional victims. I personally checked the bathrooms and balconies at Blind Bobs and Tumbleweed. At Blind Bobs a female with asthma was struggling to breathe. I asked if she needed escorted out to a medic to get an inhaler. She declined and elected to stay where she was hiding near the ladies room. I notified a bartender and asked him to keep watch on her and if she got worse to notify us right away. I then spoke with a witness who was inside Ned Peppers when the shooting started and the suspect was shot. He had a partial video on his phone. I had him escorted by an officer to the Dublin Pub with another witness who had given CPR to a female that did not make it in front of Blind Bobs. He was pretty upset as he said the last thing she said was that she had kids and it was constantly playing in his mind. I then received a phone call from a family friend, [redacted] who was in the Hole in the Wall bar when the incident went down. He stated he was there with his friend, [redacted] when he heard a group of black males arguing across the street. He said he also remembers seeing a white male in shorts walking around Ned Peppers, and about that time, the shots started and he ran to his car which was on the first street on the left if he turned right out of the bar. He said while running, a round buzzed by his ear and one hit the ground by his foot causing gravel to spray up. I later passed on his information and his friend, [redacted] number to Det. [redacted]

On August 4, 2019 I was contacted by Homicide Sergeant [] in reference to a homicide call-out. After speaking with Sgt. [] I was advised that there was an active shooter in the Oregon District that had been neutralized by Dayton Officers. Sgt. [] also advised me that there were 9 victims who had expired on scene. I was also advised that the suspect shooter was also dead, bringing the total to 10. I responded to the Safety Building as directed.

**

Once at the Safety Building, I made contact with Det. [] of the Homicide Unit. Det. [] and I responded to the Oregon District as requested by Sgt. [] I pulled into the Oregon from the west side. I was able to drive to the train bridge where I stopped my car. Radio traffic advised that the investigator staging point would be near Tumbleweed Connection. As I passed Pine St. I could see a person lying in the street with a blanket covering him.

**

I continued to walk down the middle of E. Fifth St. where I saw numerous evidence markers on the street. These markers noted spent shell casings, pulling of blood, and deceased bodies. I made it to the staging point for the Homicide Unit. Once there, I was assigned to be on a team with Detective [] Our main objective was to process the initial scene of the shooting. This encompassed the western opening of the Oregon District to just east of Newcoms Bar. Det. [] and I were also assigned Deputy [] as our Evidence Technician.

We responded to our area and began to process the scene. At the opening of the alley, I noted a black male (Saeed Saleh) [REDACTED] There was a white female (Megan Betts) [REDACTED] Both were deceased. I walked to the street and saw that there was a third black male (Derrick Fudge) [REDACTED] Mr. Fudge was deceased as well. At that time, I made a list of the placards that were used in our scene. They were as followed:

I was able to see a black figure come from the alley where Mr. Saleh was found. It was clear that the patrons from the bar were running inside when the subject came from the alley. I asked the owner of the bar to download the video at which time he stated that he would be able to.

08.05.2019

On 08.04.2019, I was contacted by Sergeant [REDACTED] and advised to respond to Dublin Pub to assist with an active shooter investigation in the Oregon District. I arrived at approximately 0245 hours and made contact with Sergeant [REDACTED] who requested that I assist with interviewing witnesses on scene at Dublin Pub.

I made contact with [REDACTED] who provided the following written statement:

"I was at the end of the bar closest to the bathroom. I heard shot fired-non stop and people started running down the street and inside the bar. Two people came running in the bar both shot. The bouncers closed the front door. I went upstairs to close the patio door and lock and tell everyone to get inside. Once coming downstairs I made everyone come in or leave the patio.

After coming back in the bouncer [REDACTED] along with another gentlemen were carrying the young lady from the back room. I called for medics. They laid her on the floor/ground and started CPR.

The police came in and I showed them upstairs."--Signed [REDACTED]

After reading the written statement provided by [REDACTED] I clarified with him that he was inside Tumbleweed bar. [REDACTED] reported he heard approximately 30 shots fired.

I made contact with [REDACTED] who provided the following written statement:

"I was with my friends dancing at Ned Peppers. We had moved to the middle of the bar where the "dance floor" is. I was facing the back entrance, dancing with my back towards the front door. I heard a few shots go off, people started screaming, then people started running towards the back entrance. Everyone immediately got down to the ground and bodies were trampling on top of bodies. Shots went off while everyone was laying on the ground, they were going fast and went on for probably 15-20 seconds. When the shooting stopped, everyone got up and ran towards the back entrance. I ran and got into the car safely with my friends. I didn't see the shooter, I only heard the shots".--Signed [REDACTED]

[REDACTED] stated to me that they left the Oregon district, went to a friend's house and then went to Soin Medical Center because a friend was pregnant and needed to be checked out. She returned to Dublin Pub and the Oregon District when her First Sergeant in the United States Air Force advised her that she needed to return and provide a statement.

I made contact with with [REDACTED] who provided the following written statement:

I remember dancing at Ned's. Then people started pushing and I heard gunshots. I was pushed to the ground and just heard screaming and gunshots. I put my body on top of who was near me and just kept saying "we are going to be ok". While laying on them, I just kept hearing gun shots. I made sure [REDACTED] and [REDACTED] and [REDACTED] were there. But [REDACTED] wasn't so I went back inside to try and find her. I didn't hear anymore gun shots. I found her and we went to ER".

I made contact with [REDACTED] who provided the following written statement:

"I was at Ned Peppers on Aug 3rd. I didn't see how the shooting started. I heard gunshots coming from the front of the building. The DJ turned off the music and everyone started running towards the exit in the back of the building. As people were trying to push past each other. It ended up being a huge pile of people on the floor piled on top of each other. I couldn't see anything, I couldn't move, I couldn't breathe. While I was stuck laying on the floor under all those people I heard like 50 gun shots firing really fast. As people started getting up and running out I was finally able to get up and I ran away out of the back door". --Signed [REDACTED]

I later was requested by Sergeant [REDACTED] to make contact with an individual at the Red Horse Inn in Moraine who reported he was at the incident and had injuries. I made contact with [REDACTED] who stated he was at the Hole in the Wall next to Ned Peppers and heard people screaming. He was pushed out the back door and "piled on". [REDACTED] stated he never saw the shooter and could only hear several shots. [REDACTED] had a scrape on his left knee and several small scrapes and lacerations on his left foot. He did not seek medical treatment for the injuries and did not require medical treatment when I interviewed him.

Referrals to PHP typically come from inpatient hospitals, outpatient mental health providers, schools, children's services boards, and juvenile courts. Immediate attention is given to emergency referrals.

Discharge and Transition

When service plan goals are met and stabilization is achieved, attention is given to ensuring a successful transition to a less intensive level of care, such as outpatient therapy and/or school-based mental health services. Prior to discharge, a meeting will be held with all involved parties, including client, parent or guardian, school and any other relevant agencies to plan for how the youth's stability and growth can be maintained after release from PHP. Consultation with the youth's teachers regarding how to best work with him or her has been shown to significantly improve chances of maintaining stability after discharge.

IYS accepts Medicaid, eligible insurances, private pay and sliding fee scale based on family income. Greene County residents are never denied service based on ability to pay. Please contact our billing manager at (937) 427-3837, ext. 218 for assistance.

Call (937) 427-3837 for more information.

Youth live within families. Everyone is affected when a child is hurting. A family systems approach is provided at IYS. This means that parents/guardians/caregivers, siblings and extended family may be asked to participate in the services along with the child depending upon the child's needs.

Mental Health Programs

Diagnostic Assessment

Before any treatment services are provided, you and your child will meet with a counselor who will assess the needs of your child and your family and help you in determining a treatment plan that best serves you.

Counseling

IYS provides counseling services to youth and their families. This is done with the families individually or with the youth in groups when appropriate.

Community Psychiatric Support Services

This service is provided to all families participating in counseling or psychiatric services. The amount and frequency of the services varies to meet the individual needs of the family served. It provides coordination and linkage with outside providers and other child serving programs such as schools.

Psychiatric Services

For youth who experience severe mental health symptoms, a Board Certified Child and Adolescent Psychiatrist is available to consult with the counselor and, if necessary, provide an evaluation to determine if medication is needed. The same psychiatrist would follow the care of the youth to assure the medication is effective.

Crisis Intervention

IYS provides crisis services from 8am-5pm, Monday through Friday. To access crisis services, call 937-427-3837 and ask for the Crisis Counselor.
