Gallatin County Sheriff's Office, accompanied by [redacted]
went to the [redacted] cabin located west of Manard and there ob-
served again no fresh tracks. There had been a fire in the
stove, which was at least a week or more old, two pop cans, and
a bean can. [redacted] advised that he corroborated with [redacted] that
it was rather common useage in the area for riders traveling
through to stop, utilize the cabin as a refuge from storms, or
to utilize it to eat lunch.

b6
b7C

[redacted] further advised that many of the riders who have
conducted the search to help locate the missing JAEGER girl had
ridden in the area of the [redacted] cabin west of Manard and that
it is entirely possible one of these was the person who utilized
the cabin. No evidence that the Victim, the JAEGER girl, or
any child had been in the cabin.

[redacted]
[redacted] who returned to the camp, the Three Rivers Headwaters, were interviewed and advised they could furnish no information pertaining to the missing girl. They advised that they were in the camp during the night of June 24 - 25, 1973, however, heard nothing nor observed nothing to cause them to be suspicious of any unusual activity. They advised they were in the camp area to attend the Annual Convention of the Wally Byam Caravan, a group of Airstream trailer owners numbering approximately 12,000 who would meet in Bozeman, Montana commencing June 28, 1973, for their annual convention. [redacted] advised they decided to stay at the Three Rivers campground until June 28, 1973, to enjoy the fishing and the camping facilities without the congestion normally incident to a Wally Byam convention.

The San Francisco Office advised as follows:

A review of the Santa Cruz County Sheriff's Office records reveals that on March 19, 1971, [redacted] reported that she had been kidnaped by two males wearing green hoods. [redacted] alleged that she had been returning to her residence after completion of school and that a car pulled up alongside her and the males attempted to physically force her into the vehicle.

b6
b7C

The Santa Cruz County Sheriff's Office fully investigated this report and [redacted] (now a [redacted]) was assigned the case.

This case was discussed with [redacted] at length at which time he stated that there was no doubt in his mind that the allegation concerning the kidnaping was a hoax on the part of [redacted]. [redacted] stated that the school psychologist attempted to test the [redacted] and discontinued his interview with her since he determined that she was distraught, disturbed and had certain psychological problems.

[redacted] advised that he personally knows [redacted] and that [redacted] is the daughter of his [redacted] by a previous marriage. The school psychologist determined that [redacted] was attempting to find a place in her family since she did not feel wanted.

b6
b7C

On July 10, 1973, [redacted] was interviewed at her residence and stated that on the evening of June 24, 1973, she, with her family, including father and mother and two younger sisters, arrived at the Missouri River campground in their Volkswagen camper. They stayed only that night and left the morning of June 25, 1973. She recalled that her [redacted] was playing with the Victim in this case until 10:00 p.m., on the evening of June 24, 1973, and that the Victim then departed and entered her tent carrying a flashlight.

[redacted] stated that at about 5:00 a.m., on June 25, 1973, the entire campground contained numerous policemen and it was at that time that she and her family learned that the Victim had disappeared. [redacted] advised that she did not notice any strange events in the campground that night nor did she hear any strange noises.

[redacted] was interviewed separately on July 10, 1973, and furnished basically the same information as that furnished by her [redacted]. She stated that their [redacted] with the rest of her family members slept in their Volkswagen Van and recalled that there were two mobile trailers and two tents across the dirt road from their campsite. She stated that they have a Doberman dog, who is quite protective and that at no time during the night of June 24, 1973, and early a.m., June 25, 1973, did the dog bark.

She stated that the family pulled into the campsite at approximately 8:00 p.m. and that they left the next morning about 11:00 a.m., after being interviewed by law enforcement officers.

She recalled that at about 11:00 p.m., on June 24, 1973, that a car, either a Dodge Dart or Charger, came through the campsite throwing fire crackers, which somewhat disturbed the campers. This was the only abnormal thing that she can recall that happened on the evening of June 24, 1973.

She stated that in the event she recalls any additional particulars she would immediately notify the FBI.

The following investigation was conducted by SA

[redacted] and [redacted]

AT BOLINAS, CALIFORNIA

[redacted] also known as [redacted] date of birth [redacted]

b6
b7C

[redacted] and [redacted] were interviewed July 11, 1973, upon availability and return from vacation to their home. [redacted] had not been previously interviewed by FBI Agents, but had been interviewed by the Gallatin County Sheriff's Office at Three Forks campsite area, Montana.

[redacted] and family were shown a photograph of SUSAN JAEGER, Victim, and all advised that they did not recognize her from the photograph, but believed they did see the Victim on the evening before the abduction playing with other children in the camping area.

[redacted] arrived with his family at Three Forks State Park on June 24, 1973, about 7:00 p.m. [redacted] furnished a drawn map showing where he was camped in relation to the [redacted] campsite. According to him, he was camped in a northwest direction and approximately 100 feet from the [redacted]. The rear of the [redacted] tent, which was cut by the Unknown Subject, faced the terrace area.

[redacted] were fatigued after arriving at the campsite and spent that night sleeping in sleeping bags and air mattresses on the ground. They retired at approximately 10:00 p.m. and they recalled that the evening was dark, with a clear sky, many stars, but no moon.

They were disturbed approximately three times during the night by railroad trains passing nearby. The passage of these trains transpired over approximately a thirty second period each time. While the trains passed, the noise was such a level that one could not hear himself talk. [redacted] felt that if the Victim had been abducted at a time when a train was passing, no one could hear the commotion over the train's sound.

[] awoke about 4:30 or 5:00 a.m. on June 25, 1973, and at that time was contacted by the [] who was inquiring of him if they had seen SUSAN JAEGER.

[] advised that he and his family saw nothing of a suspicious nature that he could attribute as important, either prior to or after the abduction. The campground was a smaller one and he believed that he would have noticed or heard any disturbing traffic on the grounds during the night.

He did recall one event that he did not report to the police. He remembered seeing a late-model Volkswagen (VW) camper with a fold-out tent apparatus on top with two to four occupants camped close to the circular drive on the southwest corner of the camper as he arrived in the evening of June 24, 1973. These individuals were not acting suspicious, but he could not recall seeing this camper when he awoke at about 5:00 the next morning. Two of the occupants wore shirts, either T-shirts or sweater shirts, light in color, and monogrammed in dark lettering. The lettering displayed what [] believed to be a motorcycle or motor shop business. He described two of the occupants as being a heavyset white male and a heavyset white female about thirty years old. [] stated the male reminded him of a bowler-type looking individual. [] could not positively state whether he saw this vehicle the next day, but believes now that it had left and was gone by the time he awoke. He could provide no further information as to the description of the VW or the occupants or license tags.

b6
b7C

[] recalled that he saw a man looking through binoculars toward their side and surveilling the entire area of the camp on the morning after the abduction. This person was camped on the north end of the camp, where other trailers and campers were parked. This individual was described as being:

Race	White
Sex	Male
Age	32-38
Build	Heavy-set
Dress	Dark shirt, unbuttoned halfway down, dark slacks and dark hair, medium length

BT #7-497

[] also recalls three young teenagers throwing fire crackers from their vehicle in the campsite shortly after he arrived. [] did not know if this related to anything, but advised that they were driving a blue Mazda with wood panels.

b6
b7C

[] advised that none of these incidents were that much out of the ordinary, but he thought they should be mentioned.

[] also noticed the side flaps on the [] tent were up when he arrived and advised it might have been easy to see in what position the sleeping bags were rolled during the daytime hours. These flaps were lowered in the evening darkness.

b6
b7C

[] felt that the Unknown Subject, whom he understood to have made an oval-type cut in the tent, knew what he was doing as this type cut would allow plenty of clearance to remove the Victim.

[] will contact the FBI should he recall any more information.

Records check at the Martin County Sheriff's Office, San Rafael, California, on July 3, 1973, which covers Bolinas reflected no record regarding [] or any member of his family.

On the same date records of the Marin Credit Association reflected that [] was a [] with a Ph.D at the University of San Francisco Medical Center. No derogatory information was noted. The interview verified this and that [] works on a cancer research team.

The [] family appeared to be well-mannered, impressive and extremely cooperative.

Toll charges for the period June and July, 1973, covering the period July 2, 1973, for Telephone [] listed to [] requested of Pacific Telephone, July 10, 1973.

She and her husband were camped at the Three Forks, Missouri River Headwaters area on June 24, 1973. Their campsite was Site [redacted]. At approximately 9:00 p.m., June 24, 1973, she observed a pickup truck, which had a dark colored body and a light colored cab, possibly beige, with a canopy over the bed of the truck, drive into the camp area and park near the garbage cans which were between the [redacted] campsite and the [redacted] campsite on the right side of the road.

b6
b7C

[redacted] advised that she was walking to the restroom when she first observed the pickup truck. The pickup was occupied by a lone individual described as follows:

Race	White
Sex	Male
Hair	Sandy colored
Miscellaneous	Wore a cap

[redacted] stated that the driver of the pickup truck was parked near the garbage cans from about 9:40 p.m. until 10:00 p.m. She noticed that the driver was staring in the direction of the [redacted] campsite. She further advised that this situation seemed peculiar to her as the driver did not turn his head at all and seemed only to stare at the [redacted] camp area.

b6
b7C

The pickup pulled out of the area and drove away at approximately 10:00 p.m. [redacted] went to bed shortly thereafter. While she was lying in bed, she thought she may have heard the pickup drive back into the area around 10:45 p.m. However, she did not get out of bed to observe the pickup. She stated the reason she believes it was the truck she saw earlier that evening, was because the truck had a loud motor.

[redacted] was unable to furnish any further descriptive information regarding the driver of the pickup and could not remember seeing any distinctive bumper stickers, dents, or decals on the pickup. She did not know the make of the pickup truck or the license number.

b6
b7C

[redacted] stated that the following morning she talked to a woman from Kalispell, who was a "rock hound," and had also spent the night at the campsite. The woman told [redacted] that she also saw the same pickup truck parked near the garbage cans the previous night. [redacted] did not know the name of the woman she talked to, nor did she know what make of vehicle she was in.

3 o'clock position. Trailer and car occupied by older couple.

Subsequent to parking at about 5:30 p.m., June 24, 1973, the [redacted] set up camp during which time [redacted] while getting water from a water hydrant by the oval shape camp areas had met victim, SUSAN MARIE JAEGER. They played frisby, prepared and ate dinner, walked to the junction to the river and returned and subsequently went to sleep in their van at 10:00 p.m.

June 24, 1973. At about 9:30 p.m. prior to going to sleep, two Caucasian males in their late teens or early 20's and a third individual about the same age, possibly Indian or Chicano, driving around the campground throwing fire crackers. The driver (black hair, medium length) was driving a 1972 or 1973 metallic blue Datsun station wagon with walnut side panelling and odd looking humps over the body of the rear wheels. [redacted] recalled that he had formerly reported to Sheriff Investigators that this vehicle was a Mazda, however, he subsequently saw a similar car which was definitely a Datsun and believes the vehicle seen on the night was a Datsun station wagon. At approximately 9:35 p.m. two motorcycles, one a yellow possibly 90 CC Honda trail bike (girl style) and a second motorcycle possibly similar, went by ridden by two Caucasian males in their late 20's. (no description available).

b6
b7C

After going to sleep at about 10:00 p.m., June 24, 1973, he was awoken at 5:30 a.m., June 25, 1973 by deputy sheriffs and plain clothes officers who interviewed members of the [redacted] and other individuals in the area concerning the missing child, SUSAN MARIE JAEGER. [redacted] recalled having been interviewed by [redacted] who had directly inspected the [redacted] van. [redacted] complied with the request of the Sheriff and participated with [redacted] in searching the back roads surrounding the campground without locating the victim or any evidence which would aid in clarifying the disappearance of the victim. During the interview by [redacted] and other officers, [redacted] and members of the [redacted] family were unable to recall any specific information known to relate to the disappearance of SUSAN MARIE JAEGER. The only member of the [redacted] who had seen SUSAN MARIE JAEGER was [redacted] who had met the victim near the water hydrant shortly after 5:30 p.m., June 24, 1973.

[redacted] could not recall having seen any blue Volkswagens in the area.

About 10:00 a.m. , June 25, 1973, while [redacted] and his family departed from the campground and as they drove, they discussed the matter of the missing JAEGER girl and attempted to recall instances and details to aid in resolving the mystery. [redacted] stated, "that little girl, SUSIE, I think there is something wrong with her. She doesn't look retarded but she looks like something is wrong. She just sat and while the rest of us were playing. She could stand up. I know because she did but then she would seat right back down".

b6
b7C

[redacted] noted [redacted] is a very responsible, mature girl for her age who does volunteer work with retarded children in a local convalescent home in Woodland, California.

[redacted] stated that he was unable to furnish any information to aid in clearing up the disappearance or whereabouts of SUSAN MARIE JAEGER. He noted that SUSAN MARIE JAEGER had slept in the rather large tent with several other people; that the slit in the tent was directly adjacent to the victim's sleeping bag and he speculated that the person or persons responsible possibly knew the positions of the various occupants in the tent.

[redacted]. In her opinion the
girl known as SUSIE had not acted in the manner of a
completely normal person inasmuch as SUSIE had not run
and played with the other children, but had merely sat in
one place and was very inactive. SUSIE had a appearance
of being suffering from some kind of mental illness.
However, [redacted] did not conclude that SUSIE
was retarded.

b6

On July 5, 1973, the following individuals were contacted to ascertain information pertaining to the disappearance of SUSAN MARIE JAEGER. It is noted that these individuals were a group of students from the University of Montana Archeologist class:

b6
b7C

None of the above were able to supply any information as to SUSAN JAEGER's whereabouts, unusual people in the area, a blue Volkswagen, or a green pickup. All verified that to the best of their knowledge none of their group left their tents for any reason nor did they hear any noises other than trains on the night of the abduction.

The following investigation was conducted by SA [redacted]

AT BOZEMAN, MONTANA

On July 15, 1973, [redacted] was located at her residence, [redacted] in reference to letters she has been receiving from a [redacted] advised that she has received two letters and on a couple of occasions, notes have been left on her car from [redacted] In one letter, [redacted] mentioned he was with the archeology students at the Headwaters State Park where SUSAN MARIE JAEGER was kidnaped. [redacted] advised that she did not feel there was anything to the letters, but that her mother had shown them to a Sheriff's Officer, who advised the FBI. [redacted] does feel that these letters from [redacted] were a nuisance and that because of her limited relationship with him, she felt they were rather "sick."

b6
b7C

[redacted] advised that she met [redacted] shortly before Christmas, 1972, at a party at a friend's house. She stated that they had dated on two occasions, but had nothing had come of these dates and she had put him off since their last date, which occurred in February, 1973.

She also stated that he had left a note and Christmas gift at the hospital, which she thought was very unusual considering she had only been out with him once before. She stated the first letter came at the end of June, 1973, and that a second followed the first part of July, 1973. She advised that she would be willing to give these letters to the FBI; however, she did not feel that they would be of any use. She did turn over a letter to SA [redacted] who in turn submitted them to the file in the I-A section.

b6
b7C

A review of the letters revealed nothing pertinent concerning the SUSAN JAEGER case, other than the fact he had mentioned he had been in the area when the kidnaping occurred. These letters seemed unusual only in the sense that because of his limited relationship with [redacted] they seemed to be unduly romantic.

MICHAEL E. RANEY CASE

The following investigation was conducted by SA
BYRON H. DUNBAR:

AT BOZEMAN, MONTANA

MICHAEL E. RANEY

A review of the files concerning the death of MICHAEL E. RANEY, a 12-year-old boy who died May 5, 1968, at the Headwater State Park, Three Forks, Montana, indicate as follows:

testified in coroner's inquest on May 16, 1968, as follows:

b6
b7C

He was a resident physician specializing in pathology and examined the body of MICHAEL E. RANEY on May 7, 1968:

Examination revealed a gaping knife wound in the space between the seventh and eighth rib on the right side back of the armpit. A surgical stab wound opened by physicians to insert a tube into the lung. Opinion rendered that the stab wound was caused by a knife, as it was less than an inch wide and one-inch long. The blade could have been less than one inch. Opinion that the wound appeared to be a single clean stab and not multiple.

Further examination in the autopsy revealed brain damage, although there was no mark on the skin on the outside and RANEY had suffered a hemorrhage in the soft tissue beneath the scalp slightly to the right of the third line and above the ear. The area was one of recent hemorrhage about the size of a quarter. Examination was made of the skull and brain; no bones were broken, no skull fracture, with the conclusion that the primary cause of death was brain damage caused by a blow to the head. The stab wound in the chest by itself could not have caused death.

It was further noted that the blow to the child's head did not cause the skin to be damaged, or bone to be broken.

[redacted] testified at coroner's inquest May 16, 1968, stated that he was a sixth grade teacher acquainted with MICHAEL E. RANEY in the capacity of Scout Master of RANEY's troop, #678, Bozeman, Montana. [redacted] testified that on May 5, 1968, the troop, along with many other Scout troops, were at the park at Trident, Montana (Headwaters State Park). Testified that during Friday evening preceeding RANEY's death there had been some trouble with outsiders, no identities given, and he, [redacted] cautioned the Scouts a time or two to settle down and then went to bed. Testified that on Saturday, he went to bed at 12:15 after midnight. MICHAEL RANEY had gone to bed prior to that. Testified that he, [redacted] was the last one of the troop going to bed; that RANEY was asleep in the tent approximately ten yards from the tent in which he was sleeping. [redacted] then testified that he woke up with hearing a boy hollar [redacted] some talking concerning a nosebleed, and that MIKE had a nosebleed. He woke up, rolled over, and woke up his companion, [redacted] and went to the area of the RANEY tent where MIKE had been drug out of the tent and was in his sleeping bag, having been drug out by [redacted]. He observed that RANEY was unconscious, breathing hard, and had blood on his shirt and face and dirt on his head.

[redacted] observed the tent in which RANEY had been sleeping had been cut in three places, one long gash from the upper ridge to the bottom, another slice just about perpendicular to the first, and another half-way down the tent that ran up and down in a verticle manner. RANEY was taken to a doctor in Three Forks, Montana.

b6
b7c

Testimony of [redacted] substantially the same at coroner's inquest as that of [redacted]

Testimony of [redacted] who was identified as MIKE RANEY's sleeping partner in the pup tent and a friend of RANEY's, revealed that MIKE had not had trouble with anyone

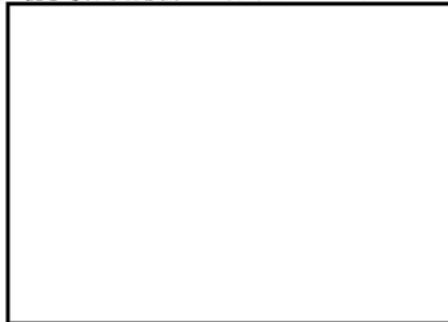

during the camping; that RANEY and he had gone to bed about 10:30 at night; that he did not know how the tent was cut; nor did he hear the sound of any heavy object hitting against the tent, or against RANEY; that when he woke up there was blood all over RANEY's face; that he then called [redacted] that then a [redacted] pulled RANEY out of the tent.

b6
b7C

Sheriff L. D. W. ANDERSON, Sheriff of Gallatin County, Bozeman, noting Sheriff ANDERSON is presently Sheriff of Bozeman, testified regarding the RANEY death that he went to the camp and there joined JOHN LINDSTRAND, Deputy Sheriff who was investigating what had happened. With his arrival, JOHN LINDSTRAND had folded the tent in which the RANEY boy had been found and examination of the area did not locate anything of significance, except one watch, which was later identified as that of MIKE RANEY. Commented to the effect that all Scouts and persons associated with the area had been questioned.

Deputy Sheriff LINDSTRAND (since deceased) testified concerning the initial investigation of the MICHAEL RANEY death that the boy had been removed to the doctor and a crime scene investigation was instituted. No objects were found such as rocks or similar items which might have caused the wound nor were any knives found identified with the stabbing or the slashing of the tent. Obtained the names of all the Scouts who had been in the camp over the course of the weekend, including Scout leaders.

[redacted] testified that all Scouts and leaders had been questioned by some branch in law enforcement in Gallatin County. Note in County Attorney's file dated July 16, 1968, with the notation "three or four boys can't clear:"

b6
b7C

Notation: [redacted] test - convinced he is lying,
can't explain why boy lied."

Note: [redacted] "someone got tired of the out-
fit, went down and picked the first tent, let them have it."

b6
b7C

Note: "several boys [redacted] had
been at jamboree." Note with numerous names of Scouts who
did not come in for tests (various names of the Scouts in
troops [redacted] and numerous
letters in file regarding why boys were unable to take poly-
graph examination).

Regarding the Scouts that were in camp, Sheriff
L. D. W. ANDERSON advised June 26, 1973, that most of the
boys who were Scouting in the RANEY case were then approxi-
mately 12 years of age.

The following is a copy of the letter sent to all
persons associated with the Scout Camporee at the time of
MICHAEL RANEY's death:

TO:

As you know, the Coroners' Jury, which investigated the death of Michael Raney at a scouting camporee at the Three Forks of the Missouri River on May 7th, 1968, returned the verdict that he died of brain damage caused by a blow to the head by a person or persons unknown.

As you know, the law defines the unlawful killing of a human being without malice as a crime of manslaughter. Manslaughter is punishable by imprisonment in the State Prison at Deer Lodge for a period not exceeding ten (10) years.

If Michael Raney's death was a tragic prank by another scout or scouts and they are under the age of sixteen years, the entire matter will be handled by our local juvenile court. If they are over the age of sixteen years, the provisions of law of the State of Montana governing the offense of manslaughter would control.

The Sheriff's office, the Police Department of the City of Bozeman, scouting officials, and my office have attempted to make a thorough investigation of all of the matters and facts that can be determined in connection with Michael Raney's death. To date there has been no information discovered by the Sheriff's office which would indicate any possible suspect in this matter.

In order that we may determine whether or not the person who was responsible for this act was an outsider who came into the scouting group or whether it was a scout or scouts on the camporee, the law enforcement agencies believe that the only possible investigative device left to be used is a polygraph. A polygraph, as you know, is sometimes referred to as a lie detector. This instrument is a good tool by which to find additional facts in connection with any crime.

Under recent decisions of the United States Supreme Court, it is necessary, prior to any investigation being conducted by the law enforcement agencies of Gallatin County in questioning any minors, that they are informed of their constitutional rights. A statement of these rights and a waiver of the same is attached to this letter for your information.

We are having your son's scout master call upon you and request that you and your son, after all of you have been advised of your rights, sign the waiver on the back so that we, in an orderly fashion, may give all scouts and scout masters an examination by the polygraph.

The procedure in conducting these tests will be that your son will be released from school during school hours and asked to report to the probation officer on the third floor of the Courthouse. The tests will be conducted by a polygraph expert who is also a deputy sheriff

124

Page two.

from Cascade County. The tests will take 45 minutes to one hour.

The law enforcement agencies press to you again that this is the method of attaining additional facts in connection with Michael Raney's death. It is also an attempt by the law enforcement agencies to eliminate the possibility that a scout or scouts, by a tragic prank, caused the death of Michael Raney or whether an outsider with a deranged mind of some nature, invaded the scout camp and delivered the blow which caused the death of Michael Raney. I am sure that you will agree with the law enforcement agencies of Gallatin County that this is the only procedure left to us whereby we can actually determine whether or not the scouts were in any fashion, involved in this action.

We solicit and appreciate your cooperation in this matter. The tragic events which resulted in the death of Michael Raney were caused either by an outsider or by a scout or scouts attending the camporee. The law enforcement agencies feel that the polygraph tests indicate which theory is correct and therefore we all solicit your help and cooperation in this matter.

b6
b7C

The costs of the test will run approximately \$2500.00 to \$3,000.00 and will be for this series of tests only which will consume approximately three to three and one-half weeks. Therefore, I would appreciate it, when the scout master calls upon you, if you would cooperate with him and if you have any questions at that time, please advise the scout master so that we may get what additional information you may wish.

The time scheduled for your son's test is: _____

Very truly yours

AT THREE FORKS, MONTANA

The following interviews were conducted in an effort to obtain information concerning the stabbing death of MICHAEL RANEY May 5, 1963, in an effort to determine any possible connection between that case and the SUSAN JAEGER kidnapping:

On July 1, 1973, [redacted] ^{in German} was interviewed at his residence at [redacted]. [redacted] advised that he was of the belief that [redacted] was responsible for the stabbing death of MICHAEL RANEY " " at the Headwaters State Park on May 5, 1963. He stated he is not positive [redacted] did this, but at the same time he said it has been almost common knowledge around town since the homicide that [redacted] was involved.

b6
b7C
b7D

At the time of the RANEY killing [redacted] advised that [redacted] was not "in" with most of the kids in the Three Forks area. The night the stabbing took place, there was a party at which most all of the local kids had been invited with the exception of [redacted]. He further stated that [redacted] was very upset about not having been invited to this party. He also advised that the day prior to the stabbing, [redacted] and another individual named [redacted] had been riding horseback in the area of the Headwaters State Park.

After the stabbing took place, many of the kids had discussed this incident and any time it was brought up, [redacted] refused to talk about it and acted very upset. [redacted] advised that approximately two to three weeks after the stabbing took place, he and [redacted] and possibly one or two other individuals went on a sunrise trip. At that time they used a Jeep owned by [redacted] who is [redacted].

Upon completion of their hunting trip, [redacted] left a large knife in the [redacted] Jeep. When [redacted] was advised of this, he stated he no longer wanted the knife. [redacted] believes this is the knife or could be the knife, which was used in the stabbing of the RANEY boy at the Headwaters State Park.

b6
b7C
b7D

On the same date, [redacted] was interviewed concerning his knowledge of the alleged murder weapon

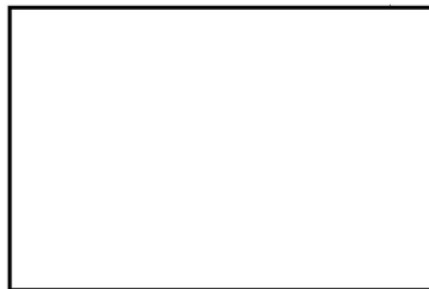

left in his Jeep shortly after the stabbing of the RANEY boy in May, 1968. [redacted] advised he was not present during the hunting trip, but that [redacted] and a few of his friends did use his Jeep. He also advised that after finding the knife in his Jeep [redacted] advised that it had belonged to [redacted] but that [redacted] no longer wanted the knife.

[redacted] described the knife as a long blade approximately eight to ten inches long with a bone handle, possibly homemade. [redacted] stated that he carried the knife in his Jeep from that point on and used it when he went elk hunting. He advised that upon trading the Jeep on approximately July 28, 1971, he left the knife in the Jeep. Upon missing the knife a day or two later, he went back to the dealer, where he had traded his Jeep in and inquired about the knife. At that time he was unable to locate the knife and believed that someone from the dealership had removed it from his Jeep.

b6
b7C
b7D

[redacted] finally advised that the dealership where he traded his Jeep in on a new Jeep was the ROLFE AND WOOD CAR DEALERSHIP located in Bozeman, Montana.

On July 6, 1973, the following individuals were questioned concerning the cleaning up and resale of the Jeep at ROLFE AND WOOD CAR DEALERSHIP in Bozeman; [redacted]

[redacted] advised that he cleaned up the Jeep when it was brought in two years ago and at that time he did not find a knife in the Jeep.

b6
b7C

[redacted] stated he had no knowledge of the knife, but does remember the Jeep coming in.

Subsequently, at about 4:00 a.m., [] woke up, contacted the parents, and said that SUSIE was missing. The family immediately was aroused in their entirety and observed a large cut in the tent in which SUSIE and the younger children were sleeping. An immediate search of the vicinity failed to indicate what had happened. [] then stated that she had woke up at approximately 2:00 a.m. She stated that when she had woke up, she needed to go to the bathroom; however, did not want to go by herself and she woke up SUSIE to see if she would go to the bathroom with her. SUSIE would not, so she went to sleep. [] did not have a watch, so consequently it was her impression that it was around 2:00 a.m.

She subsequently woke up at 4:00 a.m., when she aroused the family to state that SUSIE was missing.

There was no one in the vicinity who acted in any type of suspicious manner that preceeding night. The only person who paid much attention to the [] was the camp attendant, a man named []. Nothing unusual happened and they could furnish no information as to who might have been responsible for SUSIE's disappearance. [] advised that SUSAN was an intelligent child; however, rather shy and definitely not one who would strike up an association or conversation with a stranger.

[] advised that each of the other children was questioned extensively and could furnish no information pertaining to SUSIE's disappearance, nor could []

b6

With the large hole that was cut in the tent and the obvious appearance that SUSAN had been taken from the tent, rather than wandering away, the local police in Three Forks, Montana, were immediately contacted and notified.

[] furnished the following physical description of [] SUSAN:

Name	SUSAN MARIE JAEGER
Race	White
Sex	Female
Nationality	American

Date of birth	April 19, 1966
Place of birth	Detroit, Michigan
Build	Medium
Hair	Brown (described as not a dark brown, nor a real light, but a medium-type brown)
Eyes	Hazel, with a tendency toward being blue
Height	3'3" - 4'
Weight	55#
Complexion	Light
Clothing	At time she went to bed that night - blue jeans, and orange pullover polo shirt, with a zipper in the front, and ribbed. Also possibly wearing yellow socks

[redacted] advised that to his knowledge, there was no person at their home area in Michigan who bore the family any grudge or who could feasibly be responsible for SUSAN's disappearance. There were no enemies. [redacted] further advised that there were no persons from the home town in Michigan who followed them to Montana or who would definitely have known of the date of their arrival at the Headwaters State Park.

In addition, except for immediate neighbors there was probably no one who knew that they were going to go to the Headwaters State Park. [redacted] added also, however, that the [redacted] as well as some of the family relatives, did realize that they would be traveling to the Headwaters State Park near Three Forks to meet SUSAN's [redacted]

[redacted] advised the family has constantly reconstructed their activities since SUSAN's disappearance and can come up with no one who could be considered suspect and so far as they know all persons who were in the campground were still there with the arrival of the officers to conduct the investigation pertaining to SUSAN's disappearance.

crawled into her sleeping bag and as she recalls [redacted] then
came to bed and the last person to bed down was [redacted]
SUSIE. She further stated that she and SUSIE "goofed around"
for fifteen or twenty minutes kicking each other and scratching on
the tent pretending that there was a rattlesnake outside and/or an
animal. She stated that she stopped scratching on the tent
and that after all the scratching had stopped, she heard a
noise, which appeared to be one of the others scratching.
[redacted] stated that it was apparently not her [redacted]
[redacted] since he was asleep and she has questioned [redacted] concerning
the scratching and he claims he was asleep and, of course, [redacted]
[redacted] SUSIE, can neither deny or confirm whether she scratched
the tent.

[redacted] then advised that finally everything quieted down and she believes that she woke up at approximately 2:00 a.m., at which time [redacted] SUSIE, was half awake and they discussed going to the bathroom. [redacted] stated that SUSIE indicated that she wanted to go to the bathroom, but before any decision could be made, SUSIE apparently fell asleep. [redacted] advised that she decided not to go to the bathroom and she, too, went back to sleep.

b6
b7C

[redacted] then stated that she woke up later in the night and in turning saw an opening in the tent near her head. In view of the fact that she could look out, she thought the tent had fallen so the rear window was now in a position near the ground, where she could look through it. She advised that she put her arm out and realized that there was no screen and then she noticed that the rear of the tent had apparently been ripped since she could see some jagged edges. [redacted] advised that she then saw SUSIE's toys, which were two small stuffed animals, outside the tent and immediately she called for SUSIE and felt her sleeping bag and was unable to locate [redacted] and, therefore, concluded that she was gone.

[redacted] advised that both boys were asleep. She immediately got up, went to the truck camper in which her parents were sleeping and woke her dad. Her father told her to go into her grandfather's trailer to see if SUSIE was in the trailer going to the bathroom. It is to be noted that the children had been told by [redacted] that during the daytime they were to go to the bathroom in the latrines provided by the park, but at night, if they had to go to the bathroom, they were to enter and use the inside facilities in the [redacted] trailer.

b6
b7C

[redacted] advised that after checking her grandfather's trailer with negative results, she then went into the tent with [redacted] who by this time had a flashlight and it was definitely determined that SUSIE was not in the tent and, therefore, a search was made in the immediate area, which was negative.

[redacted] stated that during Saturday and Sunday, while the [redacted] and their [redacted] were sightseeing, SUSIE was always with the family and never out of

sight. She stated that the only time that she can think of when SUSIE was by herself was when some of the family were fishing on the Madison River and SUSIE went over to watch some of them fish. [] pointed out and it is to be noted that where they were fishing was approximately 400 to 500 yards from the [] camping area and it would take SUSIE approximately five to eight minutes to walk from the camp area to the fishing area.

[] stated that the sleeping arrangements on the night of June 24-25, 1973, were as follows:

When one faces the tent and goes through the door, they enter a small compartment which could possibly be referred to as a sitting room. One then has to enter a canvas partition into the sleeping area and facing toward the rear of the tent, the sleeping bags were laid out and the individuals slept as follows:

At the extreme left against the tent wall was [] next was SUSIE; next was [] and next was [] who slept against the right-hand tent wall.

[] stated that when SUSIE came to bed, she was wearing a reddish-orange short-sleeved shirt, which was ribbed and there was a small zipper at the neckline in front. She also had on blue jeans and possibly yellow socks. In addition to this, SUSIE also wore a small silver turquoise ring, which she shifted from one hand to another.

[] stated that the only person other than her immediate family who was in or around their campsite was the park attendant identified as [] and he was in the vicinity of the tent when the children went to bed on June 24, 1973. [] advised that her family has warned her and the rest of the children pertaining to strangers and that they did not observe nor were they approached by any strangers to her knowledge.

On July 4, 1973, the Detroit Office furnished the following information:

Intensive neighborhood investigation conducted on July 3, 1973, in the vicinity of the Victim's home, [redacted] covering one third mile diameter of JAEGER residence, reflects it to be white frame single-story, one family residence with detached garage valued at \$20,000.00 to \$25,000.00. It appears to be recently rennovated on the outside. Neighborhood is located in white rural residential area composed of older homes with newer homes being built in undeveloped area. Houses are in the \$15,000.00 to \$30,000.00 bracket. Victim's family has resided there for ten to thirteen years.

Canvas of area residents reflected family tight-knit with parents and children jointly involved in numerous family activities. [redacted] attend the local Roman Catholic Church. Some neighbors indicate [redacted] very strict with his children and does not allow them to participate in organized activities, such as Boy Scouts, Girls Scouts, Little League, etc.; however, he engages entire family in family-related ventures. [redacted] well known in neighborhood, collects funds for local charities and known to parents of other children living in area. Family well known in immediate area of residence and well liked and respected. No derogatory information developed regarding family. All residents were aware of kidnaping.

The father is employed by McDONOUGH ENGINEERING COMPANY, Detroit, as die cast designer and thought to be employed over last several years with other engineering firms. Over past few years Victim's father has been unemployed for short periods of time and has worked as free-lance designer.

b6

I have got Jaeger girl and to prove it, Susie's first fingernails are humped, the rest are flat."

[redacted] advised that she asked the caller who this is and he said, "This is the kidnapper." [redacted] then asked him to please repeat what he said and he did repeat the message in its entirety and again stated "As: [redacted] they will tell you."

[redacted] advised that in her opinion, the telephone call was not local in Three Forks, as there is a different sound when answering a local phone call than one that comes away from the area. She also was of the opinion the call was not made from a telephone booth or at least there was never a sound of coins being deposited nor did the operator break in to ask for more money and she was virtually certain the telephone call took longer than a three-minute period.

[redacted] advised that from the voice she could not identify the age, but would estimate that it was in the thirties. In addition, there was no accent, either racial or by particular area that she could note.

July 3, 1973
GENERAL INVESTIGATIVE DIVISION

This concerns disappearance of victim Susan Marie Jaeger, seven-year-old white female from Farmington, Michigan, who disappeared from a camp ground near Three Forks, Montana, 6/25/73, while camping with her family. Child was found gone from tent she was sleeping in and large cut at rear of tent adjacent to where Susan was sleeping was observed. All-out search by local and state authorities since disappearance of victim has been negative to date.

On 6/29/73, three young males wearing long hair were observed driving a blue Volkswagen containing a six or seven-year-old girl at Anaconda, Montana. One suspect developed during investigation determined he left his residence in Detroit, Michigan, with three young males sometime during mid June, 1973, driving a blue Volkswagen with Alaska tags. Intensive investigation being conducted to locate this suspect and his companions.

Attached advises wife of a deputy sheriff on duty at kidnap site received call late evening 7/2/73, from a male caller who indicated that he had victim and demanded \$50,000 be placed in a suitcase in the men's restroom, Denver Bus Stop. Caller described the girl's first fingernails as humped. Victim's father states first fingernail (index) on each hand of victim is bunched up. Victim's family does not have \$50,000 as demanded by unknown subject, however, dummy package being prepared and payoff site being covered by Denver Office.

Denver Office has advised an anonymous call was made by male individual to Denver Office at 7:00 p.m., 6/30/73, who stated "tell someone the ransom is \$25,000." No further contact has been made with the Denver Office by unknown subject.

BOZEMAN, MONT. (UPI) — FRIENDS OF THE [REDACTED] ARE CONTRIBUTING MONEY FOR THE \$50,000 RANSOM ASKED IN THE APPARENT KIDNAPING OF THE [REDACTED] 7-YEAR-OLD DAUGHTER FROM A STATE PARK, MONTANA AUTHORITIES SAID TUESDAY.

THE GIRL, SUSAN SAEGER, VANISHED JUNE 25 FROM HER TENT IN THE MISSOURI HEADWATERS STATE PARK. THE PARENTS, WHO LIVE IN FARMINGTON, MICH., SAID THE REAR OF THE TENT WAS SLASHED FROM THE OUTSIDE.

TWO WEEKS OF INTENSIVE SEARCHING BY THE FBI AND LOCAL SHERIFF'S DEPUTIES FAILED TO PRODUCE A TRACE OF SUSAN, BUT ON MONDAY [REDACTED] ANNOUNCED THAT A RANSOM CALL HAD BEEN RECEIVED.

HE ASKED "THE PERSON WHO CALLED THE OTHER NIGHT" TO PLEASE CALL AGAIN BECAUSE THE FAMILY WAS "PREPARED TO NEGOTIATE."

SINCE, THE FBI AND DEPUTY SHERIFFS HAVE REFUSED TO MAKE ANY FURTHER COMMENT. THEY REFUSED TO SAY IF THEY HAVE BEEN CONTACTED A SECOND TIME.

IN ADDITION TO RANSOM MONEY, TWO REWARDS FOR INFORMATION LEADING TO A CONVICTION WERE OFFERED TO HELP THE [REDACTED] IS A [REDACTED]

THE BOZEMAN CHRONICLE PUT UP \$100 TO START A REWARD FUND, AND THE DETROIT NEWS POSTED A \$3,000 "SECRET WITNESS" REWARD AS PART OF ITS CONTINUING PROGRAM OF OFFERING MONEY FOR SOLUTIONS OF CRIMINAL CASES.

FBI File No. 7-14789

Lab. No. PC-K0391 NU QH GX

Specimens received 7/19/73

Q1	Sleeping bag (1)
Q2	Toy horse (2)
Q3	Toy dog (3)
Q4	Brown sack containing miscellaneous debris (4)
Q5	Rock (5)
Q6	Section of cloth (6)

Result of examination:

The reddish-brown stains that are present on specimen Q5 consist of human blood. The blood on this specimen was not suitable for conclusive blood grouping tests. No blood was found on Q1 through Q3 or on Q6. There is no known test for the identification of perspiration stains.

One brown Caucasian head hair was found on the inside of the Q1 sleeping bag. This hair has been mounted on a glass microscope slide for possible future comparisons.

Two brown Caucasian limb hair fragments were found on the outside of Q1. One brown Caucasian chest hair fragment was found on Q6. These hairs possess too few unique individual microscopic characteristics for significant comparison purposes.

No hairs were found on specimens Q2 through Q5.

The foreign textile fibers of various types and colors removed from specimens Q1 through Q3 and Q6 have been placed in pillboxes for possible future comparisons.

Specimen Q6 was cut with a sharp instrument; however, the exact type of instrument could not be determined. It was not possible to determine from which side specimen Q6 was cut.

No soil of value for comparison purposes was observed in the debris taken from Q1 through Q3 and Q6.

Remytel, 6/25/73.

Being forwarded under separate cover are the following:

1. One red sleeping bag.
2. A red toy horse.
3. A toy brown dog.
4. A brown paper sack of cigarette butts, pieces of paper, strings, and related trash.
5. A rock containing stains (possibly blood stains) found in the Horseshoe Hills, approximately four and one-half miles north-east of abduction site, 7/1/73.
6. One piece of tent.

For the information of the FBI Laboratory, Victim was apparently taken from the rear of the tent. The above-mentioned piece of canvas was that portion cut away from the tent which contains the cut through which Victim allegedly pulled.

BT #7-497

For the information of the FBI Laboratory, the Victim was sleeping in the tent owned by the [redacted] with her [redacted] and [redacted] age [redacted]. The four children were asleep in the tent while the parents and grandparents spent the night nearby in campers, and the older brother was asleep in a van.

b6
b7c

The family was camped at the headwaters of the Missouri River near Three Forks, Montana. The four younger children were in the tent. At approximately 2:00 a.m., [redacted] woke up and SUSAN was still in the tent. [redacted] again woke up at approximately 4:00 a.m. and SUSAN was missing.

The cut at the rear of the tent adjacent to where SUSAN was sleeping, and also adjacent to where [redacted] was sleeping.

The bedtime toys, mentioned above, were located immediately outside the tent on the ground. Numerous campers interviewed could furnish no information. An extensive terrain search has located considerable amount of clothing and other items, none of which is identifiable with captioned case.

REQUEST OF BUREAU

Will examine the piece of tent mentioned above, noting that it is marked inside and outside. Will endeavor to ascertain type of cutting instrument utilized in making the hole and also determine whether the tent was cut from the outside or the inside. Will note that there is not any cutting instrument located, to date, which might have made this opening.

Will examine the piece of rock solely to determine whether or not the stains are blood stains and, if so, whether or not human. Will note the piece of rock has no particular significance to this case, since it was found at a camp approximately four and one-half miles away, where there was an unattended campfire, the remains of which appeared to be several weeks old.

BT #7-497

Will examine the red sleeping bag, red toy horse, and toy brown dog, for the following: hairs, fibers, perspiration residue, stains, soil samples, which might be of significance when compared with evidence to be obtained later, with the identification of UNSUB.

b6
b7c

Should soils or soil samples, or other similar material, be found in the sleeping bag or in the toys, will advise, in order that selected samples of the soil adjacent to abduction area may be forwarded to the Bureau. It is to be noted, however, the area where the tent was pitched, is entirely seeded in heavy grass, precluding footprints, or the normal picking up of soil on shoes.

Will examine the contents of the brown paper sack, including cigarette butts, pieces of string, and so on, to determine if any of these items might be identifiable with other items not yet found: referring particularly to the tears in the pieces of paper or matches. Will note that this is the material which was obtained in a hands and knees terrain search adjacent immediately to the abduction site.

Will advise if this miscellaneous assortment picked up near the scene have any potential utilization in the investigation being conducted.

REQUEST OF THE FBI IDENTIFICATION DIVISION, LATENT FINGERPRINT SECTION

Will examine the brown paper sack of cigarette butts, pieces of paper, strings, and so on, to determine if there are any identifiable latent fingerprints on the cigarette butts or pieces of paper.

At the conclusion of the requested investigation, will forward the items mentioned above to the Butte Office.

This case involves the disappearance of Susan Marie Jaeger, aged 7, near Three Forks, Montana, on June 25, 1973, while on a camping trip with her parents.

WISCONSIN
I received a call at 4:00 p.m., today from [redacted] for Governor Patrick J. Lucey of Wisconsin. [redacted] advised the Governor had received a letter from the Jaeger girl's [redacted] requesting the Governor publicize the disappearance of their daughter throughout the State of Wisconsin and request the citizens thereof to furnish any information they may have concerning the girl's disappearance to the [redacted] or proper authorities. [redacted] stated that it appeared the [redacted] may have sent the same type of communication to all Governors throughout the United States.

[redacted] further advised that Governor Lucey intended to comply with the request of the [redacted] by making this appeal known to the news media throughout Wisconsin. [redacted] stated prior to taking such action the Governor's office wished to determine whether the FBI would have any objection to such publicity inasmuch as it was their understanding the FBI was investigating the girl's disappearance.

I told [redacted] the girl's disappearance had already been widely publicized in the State of Montana and surrounding states and in the State of Michigan inasmuch as the [redacted] are from Farmington, Michigan, and that the FBI would have no objection to any action the Governor may wish to take concerning this matter.

Re Butte letter to Bureau, 7/12/73.

One [redacted] advised
7/29/73, at a mica mine in the Bear Creek area he observed on
7/29/73, a strange campsite, a tent covered the door of an old
shack that had recently been occupied. There were remnants of
food and raw potatoes, a crayon box, a child's sock, children's
book (Dinosaurs), which contained the name [redacted] in the
book, a woman's suitcase with plant specimens, three deer
hides, approximately two weeks old.

b6
b7C

Also located in the camp, which was searched by SA
[redacted] 7/29/73, was found a pair of child's stretch
pants, a leather belt, a broken toy and three strands of yarn,
one purple, one blue and one rust.

It is to be noted that none of these items were of
particular significance in captioned case as it pertained to
the items of clothing worn by the Victim, 6/25/73.

However, it is to be noted that as an enclosure in
referenced communication there were pieces of yarn as obtained
in the crime scene search.

Enclosed for the FBI Laboratory are the three strands
of yarn found at the mica mine area as set forth above.
(Referred to under #4 of referenced letter.)

REQUEST OF BUREAU, ATTENTION FBI LABORATORY:

A review of anonymous letters, letters from self-professed clairvoyants, mystics, and similar sources was made in this matter. Where specific leads or identifiable persons were suggested, investigation has been conducted.

It is to be noted there were three names mentioned in these letters without further identifying data, each by a self-professed mystic or clairvoyant without age, descriptive data or further identification. These names are as follows:

It is requested the Identification Division, considering the possibility a knowing source under the guise of being a mystic or clairvoyant is actually attempting to name a fact while concealing their identity, furnish Butte with known Identification Records for all persons with the above names.

Enclosed for the Bureau are the following:

- Q9-11*
- Q9* 1a. One envelope addressed "Secret Witness, P.O. Box 1333, Detroit, Michigan, 48231", written in pencil.
- Q10-11b* 1b. One two page letter written in pencil beginning, "Your girl is O.K. . . ."
- Q12* 1c. One envelope addressed in pencil [redacted]
- Q13* 2a. One envelope addressed in ink, "Secret Service, 110 Michigan N.W., Grand Rapids, Michigan".
- Q14* 2b. One-onepage letter written in ink beginning, "Dear Sirs. This letter is in regards to . . ."
3. One copy of photographic reproductions of the above.

Enclosed for Butte is one photographic reproduction of the enclosures for the Bureau.

On 6/25/73, captioned victim was taken from a tent at a camp ground in Montana where victim was camping with her family. To date no substantial leads have been developed which would indicate where victim is currently located. Several attempts have been made by various individuals to claim part of the reward, none of which instances have produced any indication of knowledge of the victim's whereabouts by those individuals.

You also have the right to stop answering at any time until you talk to a lawyer.

WAIVER

I, DAVID G. MEIRHOFFER have come to the Bozeman, Mt. Office of the Federal Bureau of Investigation (FBI) of my own choice to talk with Special Agents of the FBI about a crime which they are investigating. I know that I am not under arrest and that I can leave this office if I wish to do so.

Prior to any questioning, I was furnished the above statement of my rights at 10:48 AM on 2-23-74 at FEDERAL BUILDING
(time) (date) (place)
by Special Agent [REDACTED] of the FBI. I have (read) (had read to me) this statement of my rights. I understand what my rights are. I am willing to answer questions and make a statement. I do not want a lawyer. I understand and know what I am doing. No promises or threats have been made to me and no pressure of any kind has been used against me.

VOLUNTARY APPEARANCE; ADVICE OF RIGHTSYOUR RIGHTS

Before we ask you any questions, you must understand your rights. You have the right to remain silent. Anything you say can be used against you in court. You have the right to talk to a lawyer for advice before we ask you any questions, and to have him with you during questioning. You have this right to the advice and presence of a lawyer even if you cannot afford to hire one. We have no way of giving you a lawyer, but one will be appointed for you, if you wish, if and when you go to court. If you wish to answer questions now without a lawyer present, you have the right to stop answering questions at any time. You also have the right to stop answering at any time until you talk to a lawyer.

WAIVER

I, [redacted] have come to the Bryman Office of the Federal Bureau of Investigation (FBI) of my own choice to talk with Special Agents of the FBI about a crime which they are investigating. I know that I am not under arrest and that I can leave this office if I wish to do so.

Prior to any questioning, I was furnished the above statement of my rights at 5:30 on 2/24/74 at Federal Building
(time) (date) (place)

by Special Agent [redacted] of the FBI. I have (read) (had read to me) this statement of my rights. I understand what my rights are. I am willing to answer questions and make a statement. I do not want a lawyer. I understand and know what I am doing. No promises or threats have been made to me and no pressure of any kind has been used against me.

Manhattan, Montana
March 8, 1974

I, [redacted] a resident of Manhattan, Montana, have been advised that I have a right to not take a test which has been fully explained to me. This test is called Solium Matol, and is known more commonly as truth serum.

Knowing of my right to not take this test, and of my own free will, and completely voluntary on my part, I wish to request that this test be given to me. I request this test to resolve that I did not kill Sandra Galleon. I desire to take the test at the most convenient location, with knowledge that same will be administered by a qualified medical person.

I, authorize and request, that the results of the test be furnished to the following: Byron H. Dunbar, who is now as a special agent of the Federal Bureau of Investigation; to, the Sheriff and the County Attorney of Gallatin County, Montana.

I, also request, and know that in this test I will be questioned concerning the disappearance of Susan Marie Jaeger. This is of my own free will and completely voluntary. I request the results of the test regarding Susan Jaeger to also be furnished to the same people: Agent Dunbar of the FBI, Sheriff and County Attorney of Gallatin County, Montana. b6 b7C

The giving to me of this test and the furnishing of the results is completely voluntary. I know I do not have to take the test, I know that the results can be used in a court of law. I have been advised of my right to consult with an attorney or anyone else prior to taking this test, and prior to agreeing to take the test [redacted]

I have read & had this consent read to me and understand. [redacted]

Before we ask you any questions, you must understand your rights.

You have the right to remain silent.

Anything you say can be used against you in court.

You have the right to talk to a lawyer for advice before we ask you any questions and to have him with you during questioning.

If you cannot afford a lawyer, one will be appointed for you before any questioning if you wish.

If you decide to answer questions now without a lawyer present, you will still have the right to stop answering at any time. You also have the right to stop answering at any time until you talk to a lawyer.

WAIVER OF RIGHTS

I have read this statement of my rights and I understand what my rights are. I am willing to make a statement and answer questions. I do not want a lawyer at this time. I understand and know what I am doing. No promises or threats have been made to me and no pressure or coercion of any kind has been used against me.

TELEPHONE CONVERSATION WITH UNSUB TO [REDACTED]

6/25/74:

Is this [REDACTED]

b6
b7C

Can't hear you.

Well, I'm the guy who took [REDACTED] exactly a year ago to the minute today.

Yeh.

Well, I can't hardly tell you that.

Yes she is [REDACTED]

b6
b7C

Pardon.

I can't hear you.

Well, I'm kinda of in an awkward position to do that. I've kinda of gotten used to her.

Well, how would you take care of a little girl.

I do also [REDACTED] and I've probably got more money than you have.

I don't have to work [REDACTED]

We have been...well, we've covered the west pretty well just sightseeing. She's gotten used to me, I've gotten used to her.

Hello [REDACTED] I'm sorry but we must have gotten cut off.

b6
b7C

No.

I realize that ma'am, but like I said I'm kinda of in an awkward position.

Once I've turned her over to you she can identify me.

I know better than that. It don't need to be in court anyway. Right now as it is I'm pretty safe because they have no suspicion of me at all. Haven't even been contacted. Because I'm pretty smart for them.

No, I'm not playing games.

I can tell you lots of things.

Well.

b6
b7C

All right. First of all it was I who called the Denver FBI on Saturday, June 30th, late in the afternoon. It was also I who called you on [redacted] who called [redacted] on [redacted] sometime after [redacted] at night. It was also I who called you on [redacted] early in the afternoon and you weren't home. Later on a relative of yours supposedly and then finally I talked to [redacted] And if that's not enough - you're waiting aren't you - the nails of the first fingers are humped.

As far as I know it hasn't been leaked.

Well, the thing is I've kinda of been working on her mind.

Almost got most of the memories of [redacted]
[redacted] wiped out of her mind, through psychotherapy.

You'd better believe it.

Look, if you don't believe me, you'd just as well hang up, and you'll never hear from me again.

That's exactly why I called you, to tell you that she is.

I expect to get her back to you one of these days. Like I said, I'm working on her mind, so that she will wipe me out of her mind just the same as she's wiped you out of her mind.

This takes time.

Well, she can't come back to you know/^{ing}who I am.

Yes I have been.

Well, it's kinda a long story. I always wanted a little girl of my own.

No.

Not now.

No, just that first night, I had to choke her some.

Yeh.

Not right away. I grabbed her around the throat.

Are you recording this?

Are you sure?

With a microphone on the phone.

You're lying to me.

I realize that, it's what comes after, that's what's bothering me.

After you get her back.

Things like this have drawn national attention.

How would you let me go scot free?

Once the FBI finds that Susie's home, they'll come right after me.

Susie can identify me right now, places we've been together, things we've done, once they get...

Well, certainly she does.

She's up in my cabin sleeping.

I trust her.

I'm not that far away.

Well, I can't say for sure. I'd like to say, I'd like to get her back to ya and I'd like to keep her myself, but...

Yes, but even if we went to court, everybody in the United States would know my name and know me and where would I go, what would I do, even if I did get the truth killed.

That's why I'm doing the best I can to keep from getting caught. I've changed her appearance some, I've dyed her hair, give her a little different hair style.

Yes, she remembered.

nice
We had a very/party for her too.

I'd like to give you the date, but if I give you everything I know about her, if I call again, there won't be nothing left. I've got to have something to fall back on.

I've given you quite a bit of information already.

I wasn't really too concerned about [redacted]
[redacted] or anything else.

b6
b7C

I try to bring that up as little as possible. Because if she would get psychotherapy then she would once in a while to see how well it's working.

I tell you what.

Well, look I don't care if you believe me or not.

I just called to settle your own peace of mind.

How can you do it? You have no control over it.

Not in a national crime.

I'll have to think about that.

I think you know, furnishing little things like that.

No, I want her.

Yes, she is. I couldn't kill a little girl like that.
When I took her that night
I tried not to, the best I could.

No, I was after just anybody. Kind of a hit and miss proposition.

I was there at 2:00. [] woke up. I heard her call Susie, so I knew that there was at least two girls in there.

I don't know that, afterwards I grabbed her out of the tent, they may have, must have been a 100 yards away or so.

Not very close.

Oh, I wished I knew the answer to that.

Doesn't help.

You think that will help.

Yes [] I'm taking good care of her.

She knows herself as a person, but not as Susie.

Not entirely forgotten. It's kinda been like put in the back of her brain.

Yes I do.

b6
b7C

Pardon.

Yes she does. Not at first, not during her initial conditioning period.

Yes.

I'd rather not go into that.

I don't know. I guess just wait.

I don't think it would work, but we maybe could try it.

It wouldn't work because of the way I've conditioned her. She probably wouldn't remember.

No, not entirely.

No []

Not other than get-well drugs.

She had several.

Why should they get suspicious of a father buying his daughter girl clothes?

Once in awhile she goes with me, depending on where we are at. I couldn't hardly take her to a store up in Montana.

Changed quite a bit since you've seen her now.

She cries once in awhile.

Does it what?

She's not entirely unhappy.

It breaks my heart.

There's no need to explain it.

She did at first, now she's just a daughter living with her dad.

Yes, she is. I love her very much, and that's too bad, we both love her.

I know. I wish there was some way we could both have her as our child.

I heard how long it takes that's precisely why I never called you after I called

b6
b7C

Nothing is.

Oh, you can say that again.

If I could be sure there's no connection between me and her.

As far as we're both concerned.

I'm not sure I could do that. You sound like a very nice person.

He's been watching over me too. Kept me from getting caught for a year.

I'd like to have the burden off my shoulders.

Yes, she is.

What's that?

Not any more.

It was hard getting her adjusted. She was, well, I suppose I shouldn't tell you.

I calmed her down.

Although she had just been through a fairly sad experience, you know, what was that?

Who's listening?

Somebody picked up the phone.

I heard a phone click, did you hear that?

I was talking about calming her down. You know as well as I do a frightened little girl can be calmed down...a period of time. By tender loving affection and care.

A girl that size can be talked into about anything.

I told her that she was going to be all right and I would take care of her, and try not to cry cause I wouldn't hurt her.

What's that now? Somebody's listening.

Somebody's clicking the phone.

I'd better be hanging up now.

Let's get by what comes after that, I might.

Well, I've got to check into the law.

That's what I've got to find out, if that promise is any good.

Well, I'll tell you what ^{some} ma'am, I'll give this/serious thought. You know I will she's wonderful.

b6
b7C

Well I could be, but you didn't find her anyplace did you?

That's what you think.

Well, you expect me to take your word that...

Yes.

I know how it feels to lose a child.

You've got it right now.

I'm letting you know.

That I'm letting you know.

Anybody can find out her birthday.

Pardon.

It don't need to be in the paper.

They file a birth certificate you know.

Maybe I'm in Michigan.

There's cabins in Michigan.

No, I'm out west. I suppose you knew that all along.

Well, I'm sorry I woke you up in the middle of the night.

Well, maybe I'll call again.

I'll consider it.

Okay.

What's that.

Well, listen I've got to get going.

I'll call you again.

I'll try not to make you wait for a year. I'll try.

I've been teaching her. I've got a degree in education.

Tell her she's not able to.

Yes, so far, unless she hasn't made it known. I mean I suppose there's a desire to be with other kids.

We have been in certain places where she's near kids and other children. We had a nice trip through Disneyland, San Diego Zoo, and she seems to be enjoying herself.

She was associating with other children at the time.

Well, moving around like we do, can't hardly get attached to any single one.

Well, we stay awhile in one place.

I have property in different parts of the country.

Yes.

I imagine she is.

My love, affection, and care.

Think I'd better be going now. Can we say good-bye.

It's too long now.

I'll give you the reassurance.

Well...

I'm working out a plan, which wouldn't hurt you at all.

Well, I've really got to get going. Good-bye.

I can't give you a straight answer on that.

Sorry.

I know, I know.

I'm trying to treat her like one.

Take care of that when it comes.

She won't.

Won't you say good-bye, so I won't feel bad about hanging up.

I'm crying.

Oh,

Girl Scouts Call to Summer Camps

With the summer camping season opening in June, Girl Scouts planning to attend one of the Big Sky Council's five camps, should complete arrangements soon.

Scoutana Camp Director, Mandi Strelow of Big Fork, has been working for months to develop a camping program offering new opportunities. The work is already reflected in her "Camp Under the Big Sky" Scoutana folder just out last month. Greater effort to develop exciting, new activities could well be a central theme for both the 1974 Council resident and mini-camps.

Cookout, exploring, overnights, singing, friends, hiking, candlemaking, weaving, softball, campfires, saddle-ups and water skills... these are among the ingredients that will blend to develop the Scoutana spirit.

New this summer will be dramatics, pioneering, primitive and beginning horseback units for Juniors, and a homesteading unit for both Juniors and Cadettes. Especially unique is the homestead unit. Young homesteaders will meet in a little log cabin to do things like

bake bread, dip candles, make soap, build an oven, make cheese, weave cloth or churn butter.

A new Senior Scout pilot project set for August 1-10 will include "program aide," "water skills" and "ranger aid" units.

There will be a special mini-session August 1-4 for Brownies and first and second year Counselor in Training (CIT) sessions. First year CIT's come in June 30 and remain until July 27. The second CIT session runs from July 14 to August 10.

MINI-CAMPS

Camp Thunderbird, located 10 miles west of Helena near Highway 12, will be the first of the mini-camps to open this summer. This camp opens June 26 for a week of operation until July 2 according to Field Director Pat Orman of Butte, who will direct all five mini-camps.

Camp Maiden, 20 miles north of Lewistown, will operate July 7-13. Camp Havre, 20 miles north of Havre, runs July 22-27 and Camp Westana will function between August 2-8. Westana is north of Whitefish by Stillwater Lake. Camp Silver

Cloud, 13 miles west of Anaconda, is set for August 13-19.

All five mini-camps will offer cookouts, exploring, campfires, nature crafts, singing and overnights. At least three will offer macrame as well.

Camp Thunderbird plans archery, square dancing and charcoal sketching as bonuses. At Camp Maiden girls can collect unusual stones, see picturesque gold and silver mining ghost villages, and learn survival techniques. Havre is unique in that it has a swimming pool and offers creek hiking. Westana is the only camp located on the shores of a lake. It offers hiking, water front camping and canoeing. Camp Silver Cloud will offer folk dancing, survival techniques and exploring around a colorful lily pond. There will be swimming at Georgetown Lake during that final mini-camp week too.

Consult one of the two camp brochures for details on costs, what to bring, and events offered.

Dear Heloise:

If you have a kitchen with three windows and hate to have to iron all three curtains at one time, try this idea.

The next time you replace these curtains, buy four matching curtains instead of three. Each few weeks you can take down one curtain, hang up the clean spare one and only have one curtain to "do" at a time.

Paula Blevens

Dear Heloise:

If you have those pretty stick-on flowers on the bottom of your bath tub, you know they are great because you don't have to use a nonskid rubber mat when you shower and then wonder what to do with it when you finish and the mat is dripping.

But don't use bath oil in your tub because the part that grips will peel off, leaving a slick underlayer which could be disastrous. (Bubble bath is O.K., but the oil is murder.)

I had my posies in my tub over 3 years and they were great until my daughter began using bath oil.

Well, I just finished scraping mine off with a razor blade and a pair of pliers.

I'm planning to buy some

through the colander and there was a big batch of onions all cut up and not a tear shed.

Mrs. Lillian Stepp

Dear Heloise:

I used to have trouble with my pie dough sticking to the rolling pin, but I found a way to cure that.

I cut the foot part off a clean, old nylon stocking and put the leg part on the rolling pin as a cover. Then I rolled the stocking-covered rolling pin in flour before starting to roll out the dough.

Jan Herling

Dear Heloise:

I am a beginner at knitting and just hate taking the skein from the package and having to roll it into a ball.

I found that by slipping a long (12-inch) knitting needle through the entire skein the yarn rolls off like pulling paper towels off the cardboard roller.

Someone can either hold each end of the needle or simply lay the skein on a chair with a slotted back and pull the strand of yarn through the slots — it cannot slip off the chair that way.

In addition to a slide presentation of Getter's Indian work, Indian artifacts and clothing will be displayed.

Getter is the brother of Harland Getter and Mrs. Arlo Parmly of Bozeman.
