SUBJECT: 3 bags of ashy material from different places

None of the bags contains any piece of identifiable bone, human or animal. After considerable search I can't find any bone at all.

In addition to wood, plaster, nails, and 2 scraps of paper or cardboard the bag from the stove (Q 33) does contain some flat metal scraps. But I can identify no fragment of dental bridge or other artifact connected with human burning.

PRESS RELEASE

An inquest into the circumstances of the death of David G. Meirhofer, 25, who hung himself in the Gallatin County Jail Sunday morning, has been ordered. Gallatin County Coroner Rob Meyers, requested the inquest and set the hearing for Friday, October 4, 1974, at 9:00 A.M. in the Courtroom of the Gallatin County Courthouse.

County Attorney Tom Olson, stated that matters relating to the case, including the confession made by Meirhofer would be made public at the inquest. Olson declined further comments until the inquest.

Judge W.W. Lessley announced that all witnesses would be released from court restraint after the inquest.

Olson stated that the information on hand concerning the case was the result of an incredible amount of work on the part of the Federal Bureau of Investigation and local officers from the Gallatin County Sheriff's Department and the City-County Investigative Team. Olson commended Special Agent in Charge Robert Evans, of the Montana and Idaho Division of the F.B.I. for making the resources, man power and technical facilities of the bureau available to local law officers.

Olson stated local officers had worked the case tirelessly for over sixteen months. "These men have served the public well."

KIDNAPPING

Re Bureau airtel (Training Division) dated 8/19/74.

On 9/4/74 [redacted] University of Syracuse Psychology Department, Syracuse, New York, had a telephonic conference with the Training Division in regard to the tapes forwarded to him in captioned case.

b6
b7C

[redacted] advised that within the very near future he would furnish his written summary reflecting the semantic analysis of the tapes furnished. The purpose of the telephonic conference was to furnish the FBI with the substance of the information that he will later supply in report form.

[redacted] advised that there was no doubt in his mind that the tapes pertaining to David Mierhoffer, known voice sample, as well as telephone calls to victim's mother, dated 6/25/74 and 9/24/73, were of the same personality. [redacted] stated that we are definitely dealing with an extremely psychotic personality - a personality which in his opinion is extremely dangerous with respect to his potential for violence. In his analysis of the conversation with the victim's mother, [redacted] stated there was a clear portrayal of the violent side to his

personality when he would ascend into a bravado or bragging manner attempting to scare or threaten. Of significance was the exceptional acute tendency within this personality to descend into an extremely depressed state. [redacted] observed that in such a personality where highs and lows are to such an extreme there is always a great potential for the individual to act in a violent manner in order that he maintain his self-concept. It is in this regard that caution should be taken both in interviewing Mierhoffer with his potential towards violence, as well as the possibility that Mierhoffer might perform another bizarre violent act.

b6
b7C

It was [redacted] opinion that from his analysis of the tapes there was a definite insecurity on the part of Mierhoffer in his relationship with women. He stated that this very well could be the foundation for his seeking a release by directing his actions towards young females. While this might be the case, he claimed that the most vulnerable portion of his personality would be with a direct confrontation with a dominant female. He noted in the telephone call of 6/25/74 that the unknown phone caller became very submissive to the victim's mother. He claimed that there was a high possibility that this submission to a dominant female could very well be duplicated. He, therefore, suggested the possibility of having the victim's mother directly confront Mierhoffer, or if this be too great a danger to the victim's mother, a dominant female FBI agent. If such an avenue was taken, one could expect passive aggression on the part of Mierhoffer or an explosive episode.

b6
b7C

In summary, [redacted] analysis reflects in all of the material forwarded to him the same sadistic personality totally capable of violently murdering young females. He also draws the conclusion that the personality is in conflict with his own guilt feelings and has virtually perfected the ability to repress these guilt feelings.

At 1:45 p.m., this date, Mr. [REDACTED] referred to Butte communication indicating arrangements being made to have Victim's mother confront Subject. He advised that prior to anything, the Bureau wanted to know what kind of a situation it is going to be and how is the confrontation going to be handled. Further, he wanted to know if the USA had approved this and whether the so-called Subject's attorney had authorized it. He stated these questions were put to him and there will probably be more questions regarding this matter and he will be in touch with the Butte Office.

His income is derived from buying old houses, refurnishing same and renting them. [redacted] residing [redacted]
[redacted] Three Forks, Montana, advised as follows:

b6
b7C

On July 17, 1974, they received a telephone bill from the MOUNTAIN BELL TELEPHONE COMPANY which included two toll calls dated February 25, to [redacted]. One of these was for \$.45; the other for \$12.45. [redacted] advised this was immediately brought to the attention of the telephone company accounting office at Bozeman, Montana. They were informed that the name of the party having telephone number [redacted]

b6
b7C

[redacted] was [redacted]. This immediately brought recognition to the [redacted] as well as the telephone person contacted that this was the family of SUSAN MARIE JAEGER who had been kidnaped on the preceding summer at the Three Rivers Headwaters State Park near the [redacted] ranch.

In view of the kidnaping of SUSAN MARIE JAEGER and in view of the finding of SANDRA DYKMA SMALLEGAN's body at the adjoining ranch house known as the Lockhart Ranch on February 14, 1974, he, [redacted] has been particularly alert and alarmed to any happenings in the area. As a consequence, he and his family consisting of [redacted]

b6
b7C

[redacted] can verify and recollect that they were at the family ranch home [redacted] on the night of June 24, 1974, and did sleep in the ranch house and would have been asleep at 3:25 a.m. with the doors of the house locked. No one could have entered the house or used the telephone without their knowledge. However, there is an extension telephone in the shop adjacent to the house which conceivably could have been used. [redacted] advised again however that he has been alert to any strangers or vehicles entering the area and while he cannot state with certainty that there were no tracks in the area of the shop he feels certain he would have noticed had there have been. The shop is not locked and it could have been used.

[redacted] did advise however that when he left the house at 8:30 to 9:00 a.m. traveling to the main road which goes adjacent to his property and from which they go to his home, he saw tracks coming toward his ranch house but did not get to the house. He could see that these tracks turned in the middle of the road which is a dusty dirt road and he could plainly see that all four wheels were of a Goodyear traction tread type tire which he knows. [redacted] advised he definitely can state this since the tracks were identical to those of a spare tire that he has in his pickup truck. He also recognized the tracks because he knows they are identical to the Goodyear tracks that are located on the vehicle of DAVID MEIRHOFER, a former employee of his, and that MEIRHOFER frequently does travel into the [redacted] hunting and is completely knowledgeable with all the roads in the area. [redacted] advised that this would have been between 8:30 and 9:00 a.m. on the morning of June 25. He also can state with certainty that the tracks were made subsequent to about 4:30 p.m. June 24 since at that time his wife had returned to the ranch home and the tracks that he observed made by the Goodyear traction tread were laid over the top of her tracks and made subsequent to her returning to the home. [redacted] advised that he did follow the tracks, that the tracks then went alongside of the wheat field along the eastern extremity of this particular field over a hill and down towards a gulch where his telephone line is located. Coming to his telephone line which is private in that it is installed by he and his son and is at the end of a five party line, the tracks turned, went under the telephone line for approximately two vehicle lengths, turned back toward the [redacted] ranch road, entered the road, and proceeded on to the main road.

The telephone lines leading to the [redacted] ranch are bare wires readily susceptible to being tapped by anyone having a hand set or a telephone instrument knowing how to hook same up to two bare wires. The telephone line at this point is completely out of sight of the [redacted] ranch, the main road through that section of the [redacted] and at 3:25 a.m. would be readily accessible to anyone without discovery and would be completely quiet. [redacted]

advised that except for DAVID MEIRHOFER who he has mentioned he can think of no one who might have made these tracks.

Regarding the [redacted] area in the vicinity of his ranch he leases his pasture to [redacted] residing [redacted] and [redacted] who resides in the [redacted] vicinity [redacted] Montana. These people in turn hire [redacted] who comes from the [redacted] area [redacted] of Bozeman, Montana, and is presently [redacted] in the [redacted] area.

On September 3, 1974, SA's [redacted]
and [redacted] contacted [redacted]
[redacted] advised
that he has known DAVID G. MEIRHOFER since he [redacted]
was [redacted] years old and that [redacted] until
such time as [redacted] stated
that he considers MEIRHOFER "the finest man I have ever
known and my best friend". He stated that MEIRHOFER
is a self-made successful businessman and would not be
involved in any criminal activity whatsoever. He stated
that at this time, MEIRHOFER is the owner of a contracting
business in Manhattan, Montana. He stated that he has
never known MEIRHOFER to engage in any vicious, cruel,
or unlawful activity and he believes in MEIRHOFER in every
respect.

b6
b7C

[redacted] stated that MEIRHOFER, to his knowledge,
has never been arrested for anything, however, it was his
understanding that MEIRHOFER was questioned concerning
a murder involving SANDY DYKEMAN (phonetic) in Manhattan,
Montana, however, he, [redacted] does not know why MEIRHOFER
was even questioned concerning this crime unless it was
because MEIRHOFER had a casual acquaintance with the
victim, DYKEMAN.

b6
b7C

[redacted] advised that MEIRHOFER does not have
a telephone handset in his possession, and the only
communication available to MEIRHOFER would be the radio
in the trucks owned and operated by MEIRHOFER's father,

b6
b7C

[redacted] who is [redacted]

any difference in MEIRHOFER's behavior or activities since
June 25, 1973 and that he, MEIRHOFER, has always been a
"loner" and therefore, some people do not care for his
personality.

was with MEIRHOFER elk hunting in the Bear Tooth Mountain

Range, out of Cook City, Montana, and that MEIRHOFER appeared to be normal in every respect.

[redacted] stated that on July 4, 1974, until the first part of August, 1974, he was in Manhattan, Montana, and he worked for MEIRHOFER part-time to supplement his military pay. He stated not only did he work with MEIRHOFER during the eight-hour working day, he spent much of his leisure time with him attending rodeos, camping and fishing, and during this time, MEIRHOFER behaved in a normal manner. [redacted] remembered that he and MEIRHOFER, sometime around the Fourth of July, 1973, went fishing on Ruby Creek in the Gravelly Mountains, just south of Ennis, Montana, and they spent the entire time camping out, fishing, and riding two Enduro motorbikes in the mountainous area. He stated that he could not recall if this camping trip extended two or three days, but he does recall that MEIRHOFER did not behave in any unusual manner. He stated that the trip was made in MEIRHOFER's 1972 Gladiator 3000 Jeep, which is green and white in color. [redacted] stated that it is unthinkable to him that MEIRHOFER could have the victim secreted alive in Montana or any other place, inasmuch as as much time as he has spent with MEIRHOFER recently, he would normally note any unusual activities on the part of MEIRHOFER. He stated that he had no knowledge as to whether or not MEIRHOFER was knowledgeable regarding Cheyenne, Wyoming, or Denver, Colorado. [redacted] stated that he has received information concerning the matter involving SUSAN MARIE JAEGER from newspaper clippings forwarded to him by his parents, and has had some discussion with MEIRHOFER concerning the kidnapping, however, he has never heard anyone advance any theories as to what may have actually happened and would most certainly rule out MEIRHOFER as a possible suspect. He advised that many times he and MEIRHOFER were in the company of his girlfriend, [redacted] and neither one of them have had reason to remotely suspect MEIRHOFER could be involved in this matter.

AT MANHATTAN, MONTANA AND VICINITY

On September 24, 1974, [redacted] advised that he is a neighbor of DAVID MEIRHOFER and advised that he did not observe MEIRHOFER's truck in the driveway of his residence, nor did he observe MEIRHOFER during the afternoon or evening of September 23, 1974. help with their problem. [redacted] did not tell me where I was to make the call, but he did furnish me the number which I remember as [redacted]. Within the hour I went to a telephone booth at Wyoming and Schoolcraft and made the call. The individual answering the phone said they would call the FBI and check.

At about 2³⁰ PM I again received a phone call from [redacted] he instructed me to go to Schaeffer and Schoolcraft and an individual driving a 1971 Grey 2 door Pontiac Catalina would pick me up. [redacted] further said I should go to telephone booth, dial same number, and asked if they talked to FBI. I was also ^{ghw} ~~to~~ ^{not} to tell them that I had some information to sell to them for \$200.00. I was to ask for \$60.00 now and \$40.00 later. At this point I handed the phone to the individual who gave me the ride and he gave me a package with about \$10.00 worth of dope. I then proceeded to catch a Schoolcraft bus and return home.

I did not receive a phone call or see [redacted] until [redacted] called me at

[redacted] also told me he, [redacted] would have an individual meet me at Schoolcraft and Wyoming to pick ^{up} the money. This individual ^{needed} dressed with a black hat and with green shirt and pants. [redacted] told me to tell the man to bring 140.00 and deliver it to the man describe above at that corner. This man was a negro male.

After making the above phone call as requested, I ran back home.

About 9⁰⁰pm on 8/1/73, [redacted] b6 b7C again called me at home and requested me to make another phone ^{call} to see if I could get him his 140.00. He told me to tell them, "That their daughter would be further down the street on Davison and Wyoming, after the money was thrown out of the car."

I have read the above statement consisting of this page and two others pages I have initialed each page and each correction. I sign this statement because it's true and correct to the best of my knowledge and believe M.A.

1 copy 4 page letter
from to state
Governors

b6
b7C

August 6, 1973

Dear Mr. Governor,

On June 25, during the night, our seven-year-old daughter was kidnapped from our tent at Headwaters State Park, Montana. For a month and a half, the F.B.I. and many other police agencies have worked diligently to locate her, but thus far without success.

If this had been the typical assault-murder type of case, we and the F.B.I. feel that her body would have been found near by. But the many thorough searches utilizing manpower, horses, dogs, cycles, four wheel drives, boats and planes have not turned up one shred of evidence to indicate she is anywhere in the area. So the feeling is that she was taken away and she could still be alive.

To further enhance this, is a ransom call we received through a Montana resident on July 3. Positive identification of Susie was made, the amount of money wanted, and a location in another state for the money drop was given, but no time or date was stated. No further directions have been received, even though we made a public appeal one week later, in that area, stating

we had the money and were ready to negotiate.

Because of the pressure from many F.B.I. investigations in both states and the long time lapse, it is entirely possible that she could have been taken to any other state in the Union. We feel that our best hope lies in keeping the case in front of the public, to insure their interest in every child of Susie's general description. However, we are at the mercy of newspaper editors and television station managers. Although the information concerning Susie has long been available on teletype, many medias do not consider it sufficiently newsworthy for their area to mention. The F.B.I. is doing everything it possibly can, but we need the help of people everywhere to find our daughter, especially since there is as much chance that she is alive as not.

If you could use the prestige of your high office, through a statement or whatever, to stimulate public interest in your state, it could be just the push needed to resolve this case. If you could also release to the press the enclosed letter with the intent of having it printed for several consecutive days, we

would be forever in your debt.

. "Please forgive this imposition on your time, but our daughter has just vanished from our life, and we cannot rest until we have done everything we can to bring her back to us. Right now, we feel that you and all the other Governors are the best force we have to accomplish this.

Any further information or verification of Susie's kidnapping can be readily obtained from the F. B. I. office in your area.

Please help us. God be with you and yours.

Most gratefully,

Tell us any arrangement you wish to
make and we will do what you want. If
you wish someone else to handle this matter,
just tell us who.

We will not involve the F.B.I. or any
other police agency if it will prevent our
daughter's return to us. This is the only
desire we have — to get her back home.

If you wish to remain anonymous, please
