SUBJECT: (U) UPDATE: Fatal Shooting at the Red Lake High School,
Red Lake Indian Reservation, Red Lake, Minnesota.

FILE NUMBER: (U) 198A-MP-NEW

b3
b7E

INVESTIGATIVE:

(U) The subject, who remains identified only as a Native American male, initially went to the residence of his grandfather, a sergeant on the Red Lake Police Department. The subject shot and killed his grandfather and his grandfather's girlfriend. Prior to leaving the residence, the subject

handgun and shotgun. A Bureau of Alcohol, Tobacco, and Firearms (BATF) trace analysis determined that both were police-issued weapons.

(U) The subject proceeded to the Red Lake High School where he shot and killed an unarmed security officer who was managing the school's magnetometer. Subsequently, the subject proceeded down a hallway where he shot and wounded a teacher. The teacher sought refuge in a classroom. The subject followed her into the classroom where he shot and killed the teacher and three students.

(U) Preliminary investigation indicated that the subject then entered a second classroom and discharged his handgun. However, no one was killed in this second classroom. The subject re-entered the hallway where he engaged local police and there was an exchange of gunfire. Neither the subject nor the officers were wounded. After the firefight, the subject then returned to the first classroom and killed another two students before shooting himself in the face with the shotgun.

(U) To date, there are 10 deceased individuals as a result of this incident. The subject, the subject's grandfather, the grandfather's girlfriend, a school security officer, a schoolteacher, and five students.

ADMINISTRATIVE:

(U) SAC Michael Tabman is en route to the Red Lake Reservation from Washington, D.C. On 03/22/2005, SAC Tabman will serve as On-Scene-Commander and will coordinate a press conference with Minneapolis Media Coordinator SA [REDACTED] this morning. Last night, SA [REDACTED] issued a press statement and fielded several questions at 6:15 PM CST and disseminated an email update to various media members at 10:00 PM CST.

(U) Acting SAC [REDACTED] arrived on-scene on 03/21/2005 and coordinated the efforts of federal, state, local, and tribal law enforcement.

(U) ASAC [REDACTED] coordinated administrative, staffing, reporting, and liaison matters from Headquarters City,

CART ANALYSIS UPDATE (JEFFREY WEISE'S PERSONAL COMPUTER):

3/22/2005

(U) At 3:30 pm, MP CART received Weise's computer and the attendant consent to search form authorizing analysis. FBI pilots transported the computer from Red Lake, MN, to Minneapolis, MN.

(U) Senior CART Coordinator/Field Examiner Special Agent [redacted] was assigned this matter. Upon receipt, SA [redacted] immediately initiated the exam, photographed the evidence, and noted condition of unit. SA [redacted] removed the hard drive in the subject computer and created an image of the hard drive to a long-term storage device (ultrium tape). In addition, SA [redacted] created an additional image to a working hard drive for immediate review.

(U) SA [redacted] continued his CART Examination until approximately 12:15 AM on 3/23/2005. During this time, SA [redacted] was created aforementioned images of the subject hard drive. Once the images were completed, SA [redacted] initiated indexing of the images which allowed rapid search methods to be employed. Based on the size of the hard drive, SA [redacted] estimated that the indexing process would take approximately five hours to complete.

b6
b7C
b7E

3/23/2005

(U) On 03/23/2005, SA [redacted] returned to work and found the indexing of the hard drive complete. Approximately 180,000 files had been identified on the 40 gigabyte hard drive.

(U) SA [redacted] retrieved e-mail information for assessment of lead value. Then, SA [redacted] exported e-mails from Outlook Express to the server. During this portion of the examination, SA [redacted] identified an additional e-mail account for Weise: neonecrosis@hotmail.com.

(U) SA [redacted] also certified CART examiner, proceeded to print the exported e-mails and provided one copy to the CP in Red Lake and provided another copy to [redacted] a MP [redacted] analyst. While the CP is reviewing the emails for lead

UNCLASSIFIED//LES

value in the area of the crime scene, the [] analyst is reviewing the emails for lead value outside the crime scene.

(U) Additionally, SA [] printed a log entitled, "Chat Log" containing hotmail addresses logged during chat sessions. Chat Log did not contain transcripts of chats, only e-mail addresses of those who may have participated in the alleged chats. SA [] provided those e-mails addresses to SA [] to include in []. SA [] also provided neonecrosis@hotmail.com to SA [] to include in [].

(U) Further investigation by Special Agent [] revealed that "text string" searches contained e-mails addresses of Weise's associates, to include:

[]@hotmail.com
[]@hotmail.com
[]@hotmail.com
[]@hotmail.com
[]hotmail.com

(U) The report for text string searches of []@hotmail.com alone was in excess of 100 pages. SA [] and SA [] continue to review reports to find e-mail address and information of lead value.

(U) SA [] located approximately 900 hits for the word "todesengel" (death angel) in approximately 130 files on the Weise's computer. These files were accessed from June 2004 through March 2005. It should be noted that files accessed in 2005 appear to be large common files that also contain "todesengel". It is the preliminary opinion of the CART examiners that most of the activity concerning "todesengel" appears to have taken place in 2004. SA [] continues to review the report for additional information of lead value related to the search term "todesengel".

(U) SA [] located approximately 320 hits for the term "nativenazi" on the Weise's computer. These files were accessed from June 2004 through March 2005. It should be noted that files accessed in 2005 appear to be large common files that also contain "nativenazi". Initial review suggests that most of the activity concerning files containing the word "nativenazi" took

place in second half of 2004.

(U) SA [redacted] advised that the Weise's hard drive had dozens of files which contained www.nazi.org. The hard drive continues to be exploited and examined for additional information of lead value.

Administrative: Reference Minneapolis telcall to Legat Ottawa on 03/30/2005 (SSA [redacted] MP, to ALAT [redacted])

Details: For information of Legat Ottawa, on 03/21/2005, at approximately 3:00 P.M. Central Standard Time, Jeffrey James Weise, a tenth grade student who attended the Red Lake High School located on the Red Lake Indian Reservation, Red Lake, Minnesota, shot and killed nine adults and students, before turning the gun on himself.

Jeffrey Weise, a Native American male, 16 years of age, initially went to the residence of his 58-year old grandfather, Daryl Lussier, a sergeant on the Red Lake Police Department (RLPD). The subject shot and killed his grandfather and his grandfather's 32 year old girlfriend. While in the residence, Weise attempted to take an M-4. However, the weapon jammed as Weise attempted to load the ammunition and he left it at the residence. Prior to departing the residence, the subject took

possession of a police issued shotgun and Glock pistol. Weise fled the residence in Lussier's RLPD Sport Utility Vehicle (SUV).

Weise proceeded to the Red Lake High School in the SUV and rammed the vehicle into the school building. After entering the school on foot, Weise shot and killed a 28 year old unarmed security officer who was operating the school's magnetometer. Subsequently, Weise proceeded down a corridor where he shot and wounded a teacher, who sought refuge in a classroom. Weise followed the teacher into the classroom where he shot and killed her and three students.

Investigation indicated that Weise then entered a second classroom and discharged his handgun. However, no one was killed in this second classroom. Weise reentered the hallway where he engaged four RLPD officers and there was an exchange of gunfire. Portions of Weise's activities in the hallway were captured on a security camera videotape. After the firefight, Weise returned to the first classroom and killed another two students before shooting himself in the face with the shotgun.

At this time, there are 10 deceased individuals as a result of these incidents. The subject, the subject's grandfather, the grandfather's girlfriend, a school security officer, a schoolteacher, and five students. An additional seven students were injured and treated at hospitals.

For information of the Bureau and Legat Ottawa, as a result of searches of subjects Weise's computer a chat log was located in which Weise is discussing a school shooting with another individual in August 2004. Initially the only name used was [redacted]. Since the reference telcall, Minneapolis believes [redacted] last name could be [redacted]. rampage at RLHS, shooting and killing a security guard, a teacher and five students before killing himself after being wounded by police gunfire.

Prior to the spree at the RLHS, Weise had apparently gone to the home of his grandfather, a veteran police officer, and shot and killed his grandfather and the grandfather's girlfriend with a .22 caliber semiautomatic pistol. Weise is believed to have then obtained his grandfather's .40 caliber Glock service pistol, 12 gauge Remington shotgun, his duty belt and radio, his ballistic vest as well as his police 4X4 cruiser. Weise is believed to have then driven to the RLHS where he conducted his rampage.

Initial investigation has revealed the indications of a conspiracy involving at least four other juveniles and one juvenile male has been arrested and charged in this matter on 03/27/2005.

An initial search of Weise's room at his home, the residence of [REDACTED] resulted in the seizure of many items of evidence. However, on 03/29/2005, a family member contacted a member of the shooting investigative team and turned over a photocopy of the floor plan of the RLHS. On this plan, Weise had made a number of notations which clearly indicated a planned assault on the school, possibly by three shooters or more shooters.

b6
b7C

A number of family members have handled this note, which was found crumpled in a ball in another container. A BIA SA and a Tribal Criminal Investigator (CI) have also handled it.

Minneapolis will prepare a comprehensive list of people who have been known to have handled it, and possible conspirators who may have handled the note. Additionally, Minneapolis will obtain major case exemplars from all known exemplar persons and suspects, as well as DNA samples from any possible conspirators and forward to Laboratory as soon as possible.

The Laboratory Division is requested to immediately begin evaluation for examinations on the plan in order to exploit any forensic evidence regarding same, to include indented writing, latent fingerprints, DNA.

Further, Operational Support Section, Investigative and Prosecutive Graphic Unit (OSS/IPGU) is requested to arrange 10 enlarged color copies of this floor plan to be made and shipped directly to the Bemidji RA to assist in ongoing investigation.

To: Criminal Investigative From: Minneapolis
Re: 198A-MP-66145, 04/01/2005

Further, to assist in this investigation, is requested that IPGU immediately prepare a large scale magnetic floor plan with a width dimension of no smaller than 40" if this is practical of the RLHS to be used in investigation. This chart should be color coded to reflect the different sections of the high school and middle school complex; Minneapolis notes that Laboratory personnel were on-scene during crime scene investigation and will have data to assist in preparation of magnetic chart. This chart should be shipped directly to the Bemidji Resident Agency. The case agent in this matter will facsimile a list of magnetic characters directly to IPGU as soon as possible.

Immediate priority is requested in this matter due to current outstanding investigation and possible co-conspirators as yet unidentified and possibly posing future threat, as well as the tolling of the Juvenile Delinquency Act time period which requires resolution in 30 days in lieu of continuance motions.

Minneapolis anticipates further such requests in future.

Facts of Complaint

Complainant identified himself as having extensive computer experience. Complainant was viewing the website www.jeffweis.com and noticed unusual entries in the guestbook which contained long strings of random words. The complainant opined that someone may be attempting to overload the server but the messages appear to be too short to overload a server. The alternate opinion of the complainant is that the strings could be used for coded communication posted to the guestbook.

Indices checks of the complainant revealed an interview of the complainant in the early 1990's which corroborates his claim of long term computer knowledge.

This website was reviewed by SA [Redacted] / IA [Redacted] and nothing warranted further investigation at this time. JHK 4/8/05

Facts of Complaint [Redacted] California, [Redacted] has information on Jeff Weise and his Internet postings. [Redacted] has researched the Columbine shootings. There were some strange posters (script kiddies or hackers) on a Columbine research website, HTTP://PO76.EZBOARD.COM/FCRTFCRTFMFORUM . [Redacted] was tracking them, as she thought they were getting into her computer. Some of these people have Columbine-related websites, calling the Columbine killers martyrs. One of them is called Rebandvodka Community - a live journal. Jeff Weise posted in here, under the name Weise, for about a year. [Redacted] saw his name and read his profile. [Redacted] said everyone was blowing Weise off.

This report contains the results of the questioned document examinations.

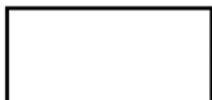

Results of Examinations:

No indented writing or watermarks were observed on specimen Q1.

A record image of specimen Q1 is retained in the event handwriting comparisons are requested in the future. If handwriting comparisons are requested, both dictated and undictated known writing should be obtained from any logical suspect writers. Dictated known writing should be extensive, hand printed in the same wording as the questioned writing, and on individual sheets of paper similar in size to the questioned items. Undictated known writing is writing prepared during normal course of business activity. Possible sources of undictated writing are school records/forms and personal correspondence.

Synopsis: To set lead for interview at [REDACTED]

Details: For information of Boulder, on 03/21/2005, at
approximately 3:00 P.M. Central Standard Time, Jeffrey James
Weise, a tenth grade student who attended the Red Lake High
School located on the Red Lake Indian Reservation, Red Lake,
Minnesota, shot and killed nine adults and students, before
turning the gun on himself.

Jeffrey Weise, a Native American male, 16 years of age,
initially went to the residence of his 58-year old grandfather,
Daryl Lussier, a sergeant on the Red Lake Police Department
(RLPD). The subject shot and killed his grandfather and his
grandfather's 32 year-old girlfriend. While in the residence,
Weise attempted to take an M-4. However, the weapon jammed as
Weise attempted to load the ammunition and he left it at the

residence. Prior to departing the residence, the subject took possession of a police issued shotgun and Glock pistol. Weise fled the residence in Lussier's RLPD Sport Utility Vehicle (SUV).

Weise proceeded to the Red Lake High School in the SUV and rammed the vehicle into the school building. After entering the school on foot, Weise shot and killed a 28 year old unarmed security officer who was operating the school's magnetometer. Subsequently, Weise proceeded down a corridor where he shot and wounded a teacher, who sought refuge in a classroom. Weise followed the teacher into the classroom where he shot and killed her and three students. Weise reentered the hallway where he engaged four RLPD officers and there was an exchange of gunfire. After the firefight, Weise returned to the first classroom and killed another two students before shooting himself in the face with the shotgun.

Minneapolis to date has seized approximately 120 computers belonging to subject Weise and associates who may have been involved with the planning of this horrific act(s).

On behalf of the FBI, please accept our sincere sympathy to you and your family on the loss of [redacted] Daryl Lussier.

Your name was referred to the FBI's Victim Assistance Program due to [redacted] being a possible victim of a federal crime. We appreciate your assistance and cooperation while we are investigating this case. We would like to make you aware of the victim services that may be available to you and to answer any questions you may have regarding the criminal justice process throughout the investigation. Our program is part of the FBI's effort to ensure the victims are treated with respect and are provided information about their rights under federal law. These rights include notification of the status of the case. The enclosed brochures provide information about the FBI's Victim Assistance Program, resources and instructions for accessing the Victim Notification System (VNS). VNS is designed to provide you with information regarding the status of your case.

This case is currently under investigation. This can be a lengthy process and we request your continued patience while we conduct a thorough investigation.

As a crime victim, you have the following rights under 18 United States Code § 3771:

(1) The right to be reasonably protected from the accused; (2) the right to reasonable, accurate, and timely notice of any public court proceeding, or any parole proceeding, involving the crime or of any release or escape of the accused; (3) the right not to be excluded from any such public court proceeding, unless the court, after receiving clear and convincing evidence, determines that testimony by the victim would be materially altered if the victim heard other testimony at that proceeding; (4) the right to be reasonably heard at any public proceeding in the district court involving release, plea, sentencing, or any parole

We will make our best efforts to ensure you are accorded the rights described. Most of these rights pertain to events occurring after the arrest or indictment of an individual for the crime, and it will become the responsibility of the prosecuting United States Attorney's Office to ensure you are accorded those rights. You may also seek the advice of a private attorney with respect to these rights.

You may obtain current information about this matter on the Internet at WWW.Notify.USDOJ.GOV or from the V.S. Call Center at 1-866-DO-4YOU (1-866-365-4968) (ADD/TTY: 1-866-228-4619) (International: 1-502-213-2767). In addition, you may use the Call Center or Internet to update your contact information and/or change your decision about participation in the notification program. You will need the following Victim Identification Number (VIN [redacted]) and Personal Identification Number (PIN [redacted]) anytime you contact the Call Center and the first time you log on to V.S. on the Internet. If you have additional questions, please contact our office. Please remember, your participation in the notification part of this program is voluntary.

Your name was referred to the FBI's Victim Assistance Program due to [REDACTED] being a possible victim of a federal crime. We appreciate your assistance and cooperation while we are investigating this case. We would like to make you aware of the victim services that may be available to you and to answer any questions you may have regarding the criminal justice process throughout the investigation. Our program is part of the FBI's effort to ensure the victims are treated with respect and are provided information about their rights under federal law. These rights include notification of the status of the case. The enclosed brochure provides information about the FBI's Victim Assistance Program, resources and instructions for accessing the Victim Notification System (VNS). VNS is designed to provide you with information regarding the status of your case.

This case is currently under investigation. This can be a lengthy process and we request your continued patience while we conduct a thorough investigation.

As a crime victim, you have the following rights under 18 United States Code § 3771:

- (1) The right to be reasonably protected from the accused;
- (2) The right to reasonable, accurate, and timely notice of any public court proceeding, or any parole proceeding, involving the crime or of any release or escape of the accused;
- (3) The right not to be excluded from any such public court proceeding, unless the court, after receiving clear and convincing evidence, determines that testimony by the victim would be materially altered if the victim heard other testimony at that proceeding;
- (4) The right to be reasonably heard at any public proceeding in the district court involving release, plea, sentencing, or any parole proceeding;
- (5) The reasonable right to confer with the attorney for the Government in the case;
- (6) The right to full and timely restitution as provided in law;
- (7) The right to proceedings free from unreasonable delay;

RE: Case Number 198A-MP-66145

Dear [REDACTED]

On behalf of the FBI, please accept our sincere sympathy to you and your family on the loss of [REDACTED] Alicia.

Your name was referred to the FBI's Victim Assistance Program due to Alicia being a possible victim of a federal crime. We appreciate your assistance and cooperation while we are investigating this case. We would like to make you aware of the victim services that may be available to you and to answer any questions you may have regarding the criminal justice process throughout the investigation. Our program is part of the FBI's effort to ensure the victims are treated with respect and are provided information about their rights under federal law. These rights include notification of the status of the case. The enclosed brochure provides information about the FBI's Victim Assistance Program, resources, and instruction for accessing the Victim Notification System (VNS). VNS is designed to provide you with information regarding the status of your case.

This case is currently under investigation. This can be a lengthy process and we request your continued patience while we conduct a thorough investigation.

As a crime victim, you have the following rights under 18 United States Code § 3771:

- (1) The right to be reasonably protected from the accused;
- (2) The right to reasonable, accurate, and timely notice of any public court proceeding, or any parole proceeding, involving the crime or of any release or escape of the accused;
- (3) The right not to be excluded from any such public court proceeding, unless the court, after receiving clear and convincing evidence, determines that testimony by the victim would be materially altered if the victim heard other testimony at that proceeding;
- (4) The right to be reasonably heard at any public proceeding in the district court involving release, plea, sentencing, or any parole proceeding;
- (5) The reasonable right to confer with the attorney for the Government in the case;

Synopsis: Lead to conduct review three interviews of [REDACTED] to determine if [REDACTED] is genuine co-conspirator of Weise or an attention seeker.

Reference: 198A-MP-66145-302 Serial 51, 52, 87

Details: A review of the referenced serials which can be downloaded from ACS indicates that [REDACTED] has claimed a close association with Weise and had taken overt steps to further a conspiracy to conduct a shooting spree of the Red Lake High School.

On its face, [REDACTED] would appear to be criminally liable for his actions. However, a review of other close associates of Weise's reveals no indications that [REDACTED] in fact, was associated with Weise.

Further [REDACTED] did not have a computer, and therefore was not in a position to have Internet "chats" with Weise. [REDACTED] never went to Weise's house, and did not participate in the "Canteen" discussions with Weise and other students in which a school shooting spree was discussed.

While it is possible, and there is some reason to
believe, that Weise engaged in pre-operational security by
limiting the knowledge of different students he approached
between 2003 and 2005, all of the other students he approached
were members of a close circle of friends and known to each
other. [redacted] seems to be the exception to this and concern
has been raised that he may be an attention seeker. As BAU II is
aware, there has been at least one other such person who has
claimed pre-knowledge of Weise's actions on 03/21/2005 who has
since recanted.

b6
b7C

BAU II is advised that a fourth interview of [redacted]
was conducted on 04/13/2004; that will be forwarded to BAU II
following uploading.

BAU II is requested to review the three interviews of
[redacted] to determine if any information of lead value can be
extracted and to determine if sufficient information exists to
render an informed opinion regarding [redacted] assertions.

CIRG, BAU II, is also requested to forward to the

We would like to make you aware of the victim services that may be available to you and to answer any questions you may have regarding the criminal justice process throughout the investigation. Our program is part of the FBI's effort to ensure the victims are treated with respect and are provided information about their rights under federal law. These rights include notification of the status of the case. The enclosed brochures provide information about the FBI's Victim Assistance Program, resources and instructions for accessing the Victim Notification System (VNS). VNS is designed to provide you with information regarding the status of your case.

This case is currently under investigation. This can be a lengthy process and we request your continued patience while we conduct a thorough investigation.

As a crime victim, you have the following rights under 18 United States Code § 3771:

(1) The right to be reasonably protected from the accused; (2) The right to reasonable, accurate, and timely notice of any public court proceeding, or any parole proceeding, involving the crime or of any release or escape of the accused; (3) The right not to be excluded from any such public court proceeding, unless the court, after receiving clear and convincing evidence, determines that testimony by the victim would be materially altered if the victim heard other testimony at that proceeding; (4) The right to be reasonably heard at any public proceeding in the district court involving release, plea, sentencing, or any parole proceeding; (5) The reasonable right to confer with the attorney for the Government in the case; (6) The right to full and timely restitution as provided in law; (7) The right to proceedings free from unreasonable delay; (8) The right to be treated with fairness and with respect for the victim's dignity and privacy.

Dear [redacted]

You have requested to receive notifications for [redacted]

Your name was referred to the FBI's Victim Assistance Program as being a possible victim of a federal crime. We appreciate your assistance and cooperation while we are investigating this case. Our program is part of the FBI's effort to ensure the victims are treated with respect and are provided information about their rights under federal law. These rights include notification of the status of the case.

This case is currently under investigation. This can be a lengthy process and we request your continued patience while we conduct a thorough investigation.

We would like to make you aware of the victim services that may be available to you and to answer any questions you may have regarding the criminal justice process throughout the investigation. The enclosed brochures provide information about the FBI's Victim Assistance Program, resources and instructions for accessing the Victim Notification System (VNS). VNS is designed to provide you with information regarding the status of your case.

As a crime victim, you have the following rights under 18 United States Code § 3771:

(1) The right to be reasonably protected from the accused; (2) the right to reasonable, accurate, and timely notice of any public court proceeding, or any parole proceeding, involving the crime or of any release or escape of the accused; (3) the right not to be excluded from any such public court proceeding, unless the court, after receiving clear and convincing evidence, determines that testimony by the victim would be materially altered if the victim heard other testimony at that proceeding; (4) the right to be reasonably heard at any public proceeding in the district court involving release, plea, sentencing, or any parole proceeding; (5) the reasonable right to confer with the attorney for the Government in the case; (6) the right to full and timely restitution as provided in law; (7) the right to proceedings free from unreasonable delay; (8) the right to be treated with fairness and with respect for the victim's dignity and privacy.

We will make our best efforts to ensure you are accorded the rights described. Title: JEFFREY JAMES WEISE;
IC - HOMICIDE

Synopsis: To report coordination with local law enforcement and Federal authorities for the prisoner transport of [REDACTED]

Details: On 03/27/2005, SA [REDACTED] contacted writer requesting assistance in coordinating a prisoner transport on 03/28/2005, of juvenile subject [REDACTED]. SA [REDACTED] informed that case agent SA [REDACTED] requested that a caged vehicle along with a lead and chase vehicle as well as a tactical response vehicle deployed in the transport of [REDACTED] was housed at the Juvenile Detention Center in Duluth as of 03/27/2005.

On 03/27/2005, writer was advised by SA [REDACTED] that the anticipated initial appearance of [REDACTED] was to be at 1:00 p.m. on 03/28/2005. SA [REDACTED] advised she had recently spoken with Duluth PD Chief Roger Waller advising him of the situation with [REDACTED] and the possibility of their assistance in his transport. Writer contacted Chief Waller to devise a course of action in [REDACTED] transport. Writer along with SA [REDACTED] met with Chief Waller and his principal staff to formulate the transport plan of [REDACTED]. Writer briefed the principal staff and set a time table and procedure for [REDACTED] transport. Writer met with all parties to be involved from the Duluth PD in [REDACTED] transport, provided them with a verbal operation plan and initiated the transport at approximately 12:15 p.m. on 03/27/2005.

Upon arrival at the Juvenile Detention Center, Duluth PD vehicles took tactical convoy positions as writer and SA [REDACTED] took custody of [REDACTED] from detention center staff. [REDACTED] was safely transported to the Federal courthouse for his initial appearance.

Synopsis: Notice of civil suits being considered in connection with shooting rampage of 03/21/2005.

Details: On 05/25/2005, writer was visited at the Bemidji RA by [redacted]

[redacted] (no further info available in local yellow pages) who is representing several victims in connection with an anticipated civil suit. Presumably, the suit would target the Bemidji School District in connection with design issues relative to the construction of the classroom where the majority of the deaths and injuries took place.

[redacted] asked several questions which writer politely declined to answer. He indicated that if he came across any information relative to the ongoing investigation he would make it available to this Division. However, extreme care should be utilized in dealing with [redacted] on this issue so as not to compromise the investigation or create unnecessary issues. He has already given public statements regarding the shooting incident on public radio.

Re: 198A-MP-66145, 06/01/2005

Further, on 05/25/2005, members of the [redacted] residence of Jeffrey James Weise, indicated through a family spokeswoman, [redacted] that they would not voluntarily furnish [redacted] On 06/01/2005, Federal grand jury subpoenas were issued for all [redacted]

[redacted] Minneapolis served the bulk of these subpoenas on 06/02/2005 and anticipates obtaining the requested [redacted] which will be shipped to the Laboratory Division upon receipt.

For the information of the Laboratory Division, Jeffrey James Weise was last accounted for at approximately 12:30 - 1:30 pm on 03/21/2005, when he indicated to an aunt that he would go for a walk. He was next seen entering the Red Lake High School alone at approximately 2:50 pm and starting his shooting spree there. He is unaccounted for during the intervening time period but is believed to have walked the relatively short distance from his residence, the [redacted] home, through the woods to the home of his grandfather, Darryl Lussier, where he murdered his grandfather and the grandfather's girlfriend, Michelle Sigana with a .22 caliber Ruger semiautomatic pistol.

It appears that the grandfather was shot as he slept while Sigana was surprised while doing laundry, shot initially with the .22 caliber Ruger pistol but later received a coup de grace shot from the grandfather's service pistol. Numerous rounds of live .22 caliber long rifle ammunition and the top to a plastic box of CCI .22 long rifle ammunition were left in the living room of the Lussier/Sigana home, and interview of [redacted] Darryl Lussier and Michelle Sigana, indicated the absence of any .22 long rifle-caliber weapons or ammunition in the household.

It is believed that after initially shooting Lussier and Sigana, Weise retrieved his grandfather's Red Lake Police Department (RLPD) service weapons, a Glock .40 S&W pistol, a Remington 870 12 gauge shotgun and a DPMS M-4 .223 rifle from either the home or the RLPD cruiser. He or someone else attempted to load the .223 rifle but was apparently stymied by the fact that the weapon was so dirty it jammed and the rifle was left at the Lussier/Sigana household.

The shooting at the Lussier/Sigana household has two critical questions:

(1) Where did Weise get the .22 ammunition for his pistol, which is believed to have been owned by [redacted]

b3
b6
b7C

To: Criminal Investigative From: Minneapolis
Re: 198A-MP-66145, 06/01/2005

[redacted] (who has denied any knowledge of the weapon)? It is known from interviews that just a short time before the shootings Weise was seeking to obtain ammunition for that weapon.

(2) Sigana was initially shot with the .22 pistol, but, even though Weise still had ammunition for the .22 Ruger, she was shot again with the grandfather's .40 caliber Glock service pistol.

Both questions could point to the involvement of a second or more individuals in the shootings at the Lussier/Sigana home. Of particular interest in this regard is that two known conspirators of Weise's, [redacted]

[redacted] both of whom had admittedly agreed to assist Weise in a school shooting spree but allegedly withdrew some time prior to 03/21/2005, remain unaccountable for the time period when the Lussier/Sigana murders took place, estimated between 12:30 pm and 2:50 pm on 03/21/2005. [redacted] had graduated the previous year, was unemployed and living at a mutual friend's house and was supposedly walking from one neighboring town to another at the time of the shooting, while [redacted] had taken the day off from school, allegedly to study.

Minneapolis and the District of Minnesota are currently exploring the feasibility of charging further individuals in connection with this matter. Of particular concern are (1) any persons of interest who may have handled the "assault plan," as delineated in referenced serial 67 with leads; (2) any person who may have been present during or shortly thereafter the murder of Darryl Lussier and Michelle Sigana, which took place at the Lussier/Sigana residence before the shooting spree at the Red Lake High School; and (3) any person who might have provided the .22 caliber ammunition to Weise which was used to kill Weise's grandfather, Darryl Lussier and Lussier's girlfriend, Michelle Sigana, at their residence.

Laboratory Division is advised that the crime scene examination at the Lussier/Sigana home was conducted by the Mobile Crime Laboratory search team of the Minnesota Bureau of Criminal Apprehension. During that search, numerous boxes of .223 caliber and 12 gauge ammunition, as well as plastic ammunition holder strips were recovered, as well as .223 magazines. Also recovered were three soda cans in the kitchen and living room and a Buck knife from the living room sofa.

Of particular and priority interest is the fact that at the afore-mentioned top to a box of .22 long rifle caliber ammunition was discovered, apparently carried by Weise to the

Results of Laboratory Examination:

Comparative examinations of the cartridge cases listed below against test fired cartridge cases from Item 66 (one Glock Model 22 40S&W caliber pistol bearing serial number ECM635US, FBI Item number 1B51) showed the presence of matching features. This means that the following cartridge cases were fired in Item 66:

Cartridge Cases Fired In Item 66 Glock Pistol

54C	One Federal brand 40S&W caliber cartridge case (recovered from Chanelle Rosebear)	1B2

Examination of the bullets or bullet fragments listed below show them to be consistent with .40 caliber jacketed hollow point bullets or bullet fragments having been fired from a firearm having polygonal rifling with a right hand twist. Firearms that share these characteristics include, but are not limited to, those manufactured under the brand name Glock.

Bullets or Bullet Fragments Consistent With Having Been Fired From a .40 Caliber Glock Pistol

Comparative examinations of the above bullets or bullet fragments against test fired bullets from Items 50 (one DPMS Panther Arms Model A-15 223 Remington caliber rifle bearing serial number F006810) and 71 (one Ruger 22 Long Rifle caliber pistol bearing serial number 181073) showed the presence of different features. This means that the above items can be eliminated as having been fired from Items 50 and 71.

Comparative examinations of the following bullets against test fired bullets from Item 71 were inconclusive. However, based on similar class characteristics, the following bullets or bullet fragments can not be eliminated as having been fired from Item 71:

59C3	One .22 caliber copper plated bullet fragment (recovered from Michelle Sigana)	1B7
60A	One .22 caliber copper plated lead bullet (recovered from Daryl Lussier)	1B8
60B	One .22 caliber copper plated lead bullet (recovered from Daryl Lussier)	1B8
60C	One .22 caliber copper plated lead bullet (recovered from Daryl Lussier)	1B8

Comparative examinations of the above bullets against test fired bullets from Items 50 and 66 show the presence of different features. This means that the above bullets can be eliminated as having been fired from Items 50 and 66. Item 73 (one magazine, 1B42, Area E, Item 8B) was used to test fire Item 71.

Comparative examinations of Item 53B (one bullet fragment recovered from Jeffrey Weise's buttocks, from 1B1) and one of the fragments of 53 D (three bullet fragments recovered from Jeffrey Weise's left thigh, from 1B1) against test fired bullets from Item 50 were inconclusive. However, based on similar class characteristics, these bullet fragments can not be eliminated as having been fired from Item 50. Comparative examinations of the above bullets or bullet fragments against test fired bullets from Items 66 and 71 showed the presence of different features. This means that the above bullets or bullet fragments can be eliminated as having been fired from Items 66 and 71. The remaining two fragments of Item 53D were not suitable for comparative examinations.

Examination of Item 53A (recovered from Jeffrey Weise's head, from 1B1) showed it to be consistent with shotshell components (buffer and apparent pieces of shot cup or wad). Examination of Item 53C (recovered from Jeffrey Weise's sweatshirt) showed it to be consistent with one flattened 00 buck shot pellet.

Item 54B (one apparent JHP bullet jacket fragment recovered from Chanelle Rosebear, 1B2), Item 59C2 (one apparent lead bullet fragment with copper plating recovered from Michelle Sigana) and Item 69 (one apparent JHP bullet jacket fragment recovered from [REDACTED] 1B70) were not suitable for comparative examination.

Examination of Item 57 (projectiles recovered from Derrick Brun, 1B5) showed it to be consistent with two 12 gauge rifled slugs and one 12 gauge wad.

Examination of Item 62B (1B42, Area E, Item 14) and Item 64C (1B45, Area G, Item 3) showed each of them to be a .40 caliber Glock brand magazine marked as having a 15 round capacity and marked for law enforcement/government only.

Per FBI SA [REDACTED] no examination of Items 51, 52 and 74 (four Glock pistols bearing serial numbers ECM623US, ECM640US, and ECM626US and ECM644US respectively) are requested at this time.

A Technological Crimes Unit (TCU) Computer Analysis Report will be included on a Compact Disk (CD). Items mentioned in this report and Investigator Notes are included in the CD. The TCU report is in a Portable Document Format (pdf). A pdf reader, Adobe Reader, is included on the CD. Due to the sensitivity of the contents the CD is password protected. The password is [redacted] (without the quotes).

INVESTIGATION:

1. On 2005May03 Det. [redacted] advised me he was assisting the FBI in a Homicide that occurred on 2005Mar21 in a school in Red Lake Minnesota. A student WEISE, Jeff shot and killed a number of people before turning the gun on himself. As part of the investigation the FBI seized a computer belonging to WEISE. The computer contained a number of "chat" logs between WEISE and a male [redacted]. Det. [redacted] was in the process of securing [redacted] computer and asked that I contact the FBI in Minnesota for further information related to the computer seizure.
2. I contacted Special Agent [redacted]. He advised me that they were primarily interested in any chat logs and/or email messages that may have transpired between [redacted] and WEISE. Also their investigation had led to another male, [redacted] who may have also had "chats" with [redacted]. The chat logs would most likely be those involving MSN Messenger. There were a number of unidentified "chats" recovered from WEISE's computer that they were hoping to identify. [redacted] stated he would fax a list of "chat" screen names and email addresses.
3. On 2005May04 I received the fax. Also on this date Det. [redacted] turned over to me exhibit #1 along with supporting documents (Request for Service, Possession of Property Report R6-A and Consent to Search). Det. [redacted] request was to find the aforementioned chat logs and/or email conversations related to this investigation.
4. On 2005May04 I conducted an examination of exhibit #1 and found that there was only one cabled hard drive (exhibit #1a) harnessed inside. I removed the [redacted] (exhibit #1a) and using my

Analysis Workstation, mounted it via a write protected device called [redacted] to protect any data from being written to it.

5. Using a computer forensic software application called [redacted] I obtained a bit for bit copy of the hard drive (now referred to as image 05-042858) and added it a forensically sterile drive. The image is now my working copy of the hard drive.

6. Utilizing [redacted] I initiated a forensic examination on the image and a summary of the operating system, version, product registration and shut down date is as follows:

- Install Date: 02/05/05 06:32:08PM
- Product Name: Microsoft Windows XP
- Registered Organization: N/A
- Registered Owner: [redacted]
- Windows last shutdown time reported by the registry: 05/03/05 05:15:27PM
(The day Det [redacted] secured the computer.)

Therefore to clarify the date format the display is month/day/year.)

7. Of note, the [redacted] family had replaced their hard drive in September of 2004. At that time they also re-installed the operating system. On 2005Feb05 they had once again re-installed the operating system (hence the Install Date listed above). This virtually erased all information from the hard drive from Sept. 2004 to Feb. 2005.

8. Utilizing [redacted] I used the following keywords to search the image for evidence of "chats":

10. [redacted] had indicated to Det. [redacted] that he had kept his MSN Chat logs. I found 58 MSN chat logs but [redacted] had only started keeping the logs beginning 2005Apr15. None of these logs related to the Homicide investigation.
11. There were no significant results relating to any emails or web pages.
12. On 2005May09 Det. [redacted] gave me a hard drive which he had purchased as a replacement for the [redacted] family computer (exhibit #1). He also gave me their computer operating system disks (Windows XP). I installed the replacement hard drive and operating system. I also provided a copy of the contents of the "My Documents" folder (minus the MSN chats) which resided on image 05-042858.
13. On 2005May12 Det. [redacted] took possession of exhibit #1 for the purpose of returning the computer to the [redacted] family. I retained the original hard drive (exhibit #1a).
14. On 2005May24 I contacted [redacted] and advised him of my findings. [redacted] stated that [redacted] had been charged and a trial was in the near future. I advised him that EPS would keep exhibit #1a until their court proceedings were concluded.
15. I completed a R-6A property report and submitted exhibit #1a to the EPS Property and Exhibit Unit.
16. This concludes my involvement.

Synopsis: To pay autopsy costs for exam of nine victims and subject.

Enclosure(s): Enclosed are ten invoices received from Ramsey County Medical Examiners Office, and FD-794.

Details: Final invoices (exclusive of photographs, which have been ordered) for the autopsy examinations of the nine deceased victims and the subject, Jeffrey James Weise, are received today. For simplification purposes, Ramsey County Medical Examiners Office has included all autopsy services, to include equipment use, reports, lab tests, etc., in one category, and the Medical Examiner's services in another category, thus negating the past practice of having to send multiple checks. Now, only two check will be necessary: One to Ramsey County and one to the Medical Examiner.

Attention: Ms. [REDACTED] Claims Department

RE: Neva Rogers (Deceased)

Dear Ms. [REDACTED]

Special Agent (SA) [REDACTED] of the Bemidji Resident Agency of the Federal Bureau of Investigation (FBI) has been contacted by Ms. [REDACTED] who has requested police reports concerning the death of [REDACTED] Ms. Neva Rogers.

Due to the fact that the death of Ms. Rogers is part of an ongoing investigation and prosecution, we are unable to provide Ms. [REDACTED] with any records at this time. Such records will be available at the conclusion of the investigation and prosecution via the Freedom of Information and Privacy Act process. In the meantime, in lieu of the above, the following information, determined from investigation, is provided:

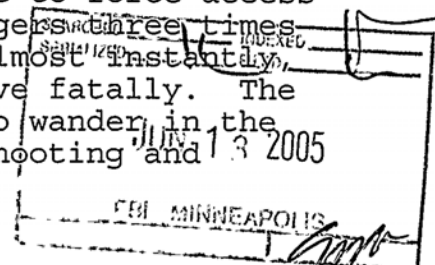

On March 21, 2005, at approximately 2:50 pm, a lone individual entered the Red Lake High School on the Red Lake Indian Reservation, Minnesota, where Ms. Rogers was employed as a teacher. This individual immediately shot and killed a security guard, then to a point where he was able to observe Ms. Rogers, who was walking towards the gunman and conversing with a group of students. Ms. Rogers was pushing a computer cart from one classroom to another at the time the gunman encountered her. The gunman opened fire on Ms. Rogers and the students.

Ms. Rogers and the students fled away from the gunman. Ms. Rogers ran to a nearby classroom, the doors of which were immediately locked. However, the gunman was able to force access to the classroom and entered it. He shot Ms. Rogers three times with a .40 caliber handgun, killing Ms. Rogers almost instantly, and also shot nine students in the classroom, five fatally. The gunman then exited the classroom and proceeded to wander in the hallways and enter other classroom, ultimately shooting and

JPE15903-14r

wounding two other students. He was then encountered by officers from the Red Lake Department of Public Safety and, after engaging in an exchange of gunfire with the officers, was wounded. The gunman then fled back into the classroom where Ms. Rogers had been killed. Inside the classroom, the gunman committed suicide. The entire incident in the school took place in less than ten minutes. It is noted that the gunman is also believed to have murdered two other persons shortly before arriving at the school.

A examination of the wounds that Ms. Rogers and the other students who were shot in that classroom, and forensic examination of all projectiles recovered from those victims, both deceased and surviving, reveal that all were consistent with having been struck with .40 caliber projectiles. It is noted that the only projectiles fired by Red Lake police officers were .223 caliber rounds fired by one officer. Additionally, this office is in possession of statements of eyewitness to the murder of Ms. Rogers.

You are further advised that there has been no information developed during the course of this on-going investigation that indicates anything other than Ms. Rogers was chosen at random for shooting by the gunman, and that Ms. Rogers, at the time of her death, was engaged in her official duties.

I hope that this information will suffice at this time for the normal processing of insurance claims for Ms. Rogers' family. Should you have any further questions, please feel free to contact SA [redacted] or Victim Specialist [redacted] at the same number.

Sincerely,

Michael Tabman

He is married to his wife [redacted] and they have [redacted] is a Conservation Officer.

At the time of the shooting at the Red Lake School, [redacted] was at the storage tower where they put in weight machines. Three conservation officers and one police officer immediately responded to the shooting. These were [redacted] himself, Conservation Officer Sgt. [redacted] Conservation Officer [redacted] and Red Lake Police Officer [redacted]. The call that came across the radio was that there had been a shooting at the high school and there was one down. [redacted] dropped everything and went to the high school. He went into the front door and saw Derrick Brun on the ground. [redacted]

[redacted] went past him in the direction of the shooting. All four officers went in the school at the same time. [redacted] had grabbed his M-4. He ran into the office at the school to see if he could see the shooter on the camera, but he could not, so he went into the hall to try to find the shooter.

[redacted] had observed .12 gauge shell casings inside the entrance of the building and Dash Lussier's police vehicle right against the doors at the building entrance.

The four officers went down the hall. [redacted] was first, then [redacted] then [redacted] and then [redacted]. [redacted] heard a couple more shots, gunshots like a handgun, then they turned and he peeked around the corner. The shooter came out into the open. The shooter turned and fired toward [redacted] and the other officers with a handgun. [redacted] jumped back and then immediately came back and started shooting at the shooter. [redacted] stated he did not know whether he had hit him or not, but he fired at him and then fired a couple more. The shooter went into the classroom through the window next to the door. The door was closed, but the window was already broken. [redacted] moved up and shot four or five

more times at the shooter. At some point, [REDACTED] took cover but he did not shoot from behind the pillar and realized he was out in the open. [REDACTED] thought he had fired nine or ten shots all together.

[REDACTED] then heard kids say that the shooter had shot himself. [REDACTED]

They took out the students who were still alive in order to get them to the hospital as soon as they could.

As they entered the room, they saw a whole bunch of kids running out and [REDACTED] thought that was good. [REDACTED] helped to treat the victims and helped to clear the area which took several hours.

[REDACTED] thought the shooter had fired two shots at him.

[REDACTED] saw empty magazines by the lockers and .40 caliber casings. [REDACTED] advised that the shooter had fired .22 caliber rounds at him.

[REDACTED] advised he felt really scared going down the hall toward the shooting. He also remarked that it is hard to kill a person.

At the time they exchanged gunfire, [REDACTED] thought [REDACTED] was behind him, that [REDACTED] was behind [REDACTED] and that [REDACTED] was behind [REDACTED]. When [REDACTED] took his position behind the pillar, he was not sure where [REDACTED] went, but he believed [REDACTED] went against the wall and they were all taking cover at that point. [REDACTED] thought that he had initially fired four rounds, but [REDACTED] thought he had shot five. [REDACTED] found two rounds in the wooden wall and there were two that he could not find.

On March 21, 2005, when the school shooting call came in, he was in the office doing paperwork. Officer [redacted] said there was a shooting at the high school and dispatch said shots had been fired at the high school. [redacted] went out, put his tack vest on and headed out. He called for a vehicle description. [redacted] ended up at the end of the block at the high school and saw police units there. He got out and walked toward the front. A man opened the front door and said, "Hurry up, they're shooting inside."

[redacted] went inside and saw two spent shotgun cartridges inside the front doorway entrance. He had his service weapon out. [redacted] saw an individual laying on the ground, whom he recognized as Derrick Brun, a former police officer for the Red Lake Tribal Police who was working as a security guard at the high school. [redacted] checked Brun's pulse and there was no pulse.

A female officer and Conservation Officer [redacted] were in the hallway. [redacted] sent the female officer outside because she was untrained yet and was new to the job.

[redacted] could hear shots throughout the building. [redacted] followed the direction of the shots and he could still hear shots being fired. He is a teacher at the Red Lake High School and was in the [redacted] at the high school on the afternoon of March 21, 2005. [redacted] room at the time. They were [redacted] and [redacted] advised he did not see anything. At about 3:00 p.m., he was in the hall and he heard a plunk and thought it was a chair falling on the floor. He then heard a pop and then some more "pop, pop, pop" sounds. [redacted] came in very excited and said, "We're in a lockdown." She got kids in her room and closed the door. The fire alarm then went off. [redacted] made an announcement over the public address system and said they were in a lockdown and for everyone to stay in their rooms. They then released them close to 4:00 p.m. and said all was clear.

[redacted] advised he had Jeff Weise as a student when [redacted] at the high school last year. However, it had been a while since [redacted] had seen Weise in his room. The last time [redacted] saw Weise something was not right with him. Weise was demanding to see [redacted] Weise was not a real problem to [redacted] He was only there [redacted] room two or three times. [redacted] described Weise as "different." Weise had no personality and you could not joke around with him.

[redacted] was interviewed with regard to her knowledge of the Red Lake High School shooting which occurred on March 21, 2005. [redacted] associated with Red Lake High School. [redacted]
[redacted]
[redacted] kept her from school and thus safe from injury or death during the shooting.

Inquiry was made of [redacted] to determine her knowledge of JEFFREY WEISE. [redacted] stated she knew who the shooter, JEFFREY WEISE, was. However, [redacted] did not know WEISE very well and did not consider herself a friend of WEISE. [redacted] said WEISE was a very good artist. She noticed WEISE's drawings at school one day. [redacted] observed WEISE drawing or doodling at school and asked to see some of his drawings. WEISE showed [redacted] drawings of people with writing captioned above their heads. [redacted] stated the drawings were similar to comics. [redacted] thought WEISE's artistic ability and drawing ability was very good.

[redacted] did not really know WEISE's circle of friends, although, she did know that [redacted] was a friend of WEISE. [redacted] again stated she really did not know WEISE's friends but added that she found WEISE to be a quiet person. [redacted] did observe other students in the school pick on and tease WEISE quite frequently. In fact, [redacted] thought some children at the high school were very mean to WEISE. When asked to describe how other students were mean to WEISE, [redacted] replied that as WEISE would walk through the hallway other students would say rude and hurtful things to WEISE. Some people even said WEISE was scary. [redacted] did not find WEISE to be scary, however, she did note that WEISE seemed like he ran with a different group of people whom she termed to be goth.

cannot understand why WEISE would shoot up the school and kill people. described WEISE as a person who was big enough and strong enough to be able to personally take on anyone who would assault or offend him. further stated WEISE could have defended himself against anyone at the school just by the nature of his physical size. did not find WEISE to be scary and is puzzled as to what would make WEISE shoot and kill people at the school.
