RE: Case Number 198A-MP-66145

Dear [REDACTED]

Your name was referred to the FBI's Victim Assistance Program as being a possible victim of a federal crime. We appreciate your assistance and cooperation while we are investigating this case. We would like to make you aware of the victim services that may be available to you and to answer any questions you may have regarding the criminal justice process throughout the investigation. Our program is part of the FBI's effort to ensure the victims are treated with respect and are provided information about their rights under federal law. These rights include notification of the status of the case. The enclosed brochures provide information about the FBI's Victim Assistance Program, resources and instructions for accessing the Victim Notification System (VNS). VNS is designed to provide you with information regarding the status of your case.

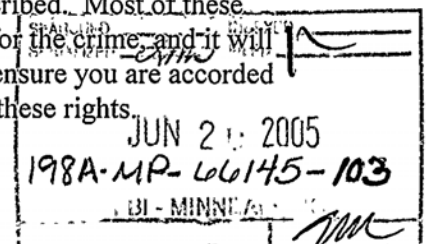

This case is currently under investigation. This can be a lengthy process and we request your continued patience while we conduct a thorough investigation.

As a crime victim, you have the following rights under 18 United States Code § 3771:

- (1) The right to be reasonably protected from the accused;
- (2) The right to reasonable, accurate, and timely notice of any public court proceeding, or any parole proceeding, involving the crime or of any release or escape of the accused;
- (3) The right not to be excluded from any such public court proceeding, unless the court, after receiving clear and convincing evidence, determines that testimony by the victim would be materially altered if the victim heard other testimony at that proceeding;
- (4) The right to be reasonably heard at any public proceeding in the district court involving release, plea, sentencing, or any parole proceeding;
- (5) The reasonable right to confer with the attorney for the Government in the case;
- (6) The right to full and timely restitution as provided in law;
- (7) The right to proceedings free from unreasonable delay;
- (8) The right to be treated with fairness and with respect for the victim's dignity and privacy.

We will make our best efforts to ensure you are accorded the rights described. Most of these rights pertain to events occurring after the arrest or indictment of an individual for the crime, and it will become the responsibility of the prosecuting United States Attorney's Office to ensure you are accorded those rights. You may also seek the advice of a private attorney with respect to these rights.

You may obtain current information about this matter on the Internet at WWW.Notify.USDOJ.GOV or from the VNS Call Center at 1-866-DOJ-4YOU (1-866-365-4968) (TDD/TTY: 1-866-228-4619) (International: 1-502-213-2767). In addition, you may use the Call Center or Internet to update your contact information and/or change your decision about participation in the notification program. You will need the following Victim Identification Number (VIN) [redacted] and Personal Identification Number (PIN) [redacted] anytime you contact the Call Center and the first time you log on to VNS on the Internet. If you have additional questions, please contact our office. Please remember, your participation in the notification part of this program is voluntary.

You may be eligible for financial assistance; however, this financial assistance must be sought through the Crime Victim's Compensation Program for the State of Minnesota. Enclosed is an application and brochure for the Minnesota Crime Victim's Compensation Office in St. Paul, Minnesota.

Should you have any questions related to this matter, please contact Victim Specialist [redacted]
[redacted] When you call, please provide the file number located at the top
of this letter.

Sincerely,

Michael Tabman
Special Agent in Charge

21. Ceiling tile with blood spatter, Section N, RLHS (1B56.55);
22. Piece of partition wall with blood splatter, section N, RLHS (1B56.64);
23. One blood swab, section O, RLHS (1B58.4).

To: Criminal Investigative From: Minneapolis
Re: 198A-MP-66145, 06/29/2005

Details: In an effort to provide a complete forensic conclusion to this matter, Minneapolis requests that the Laboratory Division, DNA Unit, attempt to extract and identify DNA from the known samples of deceased subject Jeffrey James Weise (submitted in a separate communication) and those victims, deceased and surviving, from the Red Lake High School (RLHS), and to compare same with any DNA extracted from blood collection swabs and blood splatter from the interior of the Red Lake High School.

Such an effort will be necessary, in the judgement of Minneapolis, due to the intense public interest in this matter and to forestall future claims of negligence and conspiracy claims. Further, such examination will help place the exact locations of each injured or deceased victim and subject in relation to the collected blood samples.

Minneapolis has submitted in a separate communication known biological samples of deceased subject Jeffrey James Weise.

Minneapolis is well aware of the demands that this request will place on the Laboratory. It is not deemed necessary to prioritize this request as previous requests have been and the Laboratory Division could look upon this lead as one to be handled in a reasonable amount of time and in a manner as deemed appropriate by the Laboratory. Upon conclusion of this lead and the Laboratory's examinations, Minneapolis intends to prepare a comprehensive report of the 03/21/2005 incident using the results of the Laboratory's examinations.

To assist the Laboratory and eliminate unnecessary comparisons, the following information, based on known paths of travel throughout the school by subject and victim, is provided:

There is no reason to do any comparisons using the known biological samples of [redacted] Darryl Lussier or Michelle Sigana (all submitted in a separate communication) to any of the enclosed items.

Section B is the front entrance lobby to the high school. It is likely that the only blood which would be found in this area is from Derrick Brun.

b3
b6
b7C

Section E is the lobby area outside of the classroom where the majority of the students were shot. It is likely that any blood from this area is from Jeffrey Weise or from wounded students [redacted] less likely from deceased victims Neva Rogers, Thurlene Stillday, Alicia

To: Criminal Investigative From: Minneapolis
Re: 198A-MP-66145, 06/29/2005

White, Chase Lussier and Chanelle Rosebear. It is unlikely that any blood from this area would be from [redacted] Derrick Brun or [redacted]

Section G is the lobby area outside of the science classroom. It is unlikely that blood from anyone other than, in descending order, Jeffrey Weise, [redacted] would be found in this location.

Section H is the far classroom. It is likely that blood in this area would only be from [redacted]
[redacted]

Section I is the teachers office located at the back of the two science classrooms. It is unlikely that blood from anyone other than [redacted] would be found in that location.

b3
b6
b7C

Section J is the science classroom where [redacted] was wounded. It is likely that the only blood recovered from this room would be from Jeffrey Weise or [redacted]

Section N is the math classroom of Teacher [redacted] where the majority of the casualties incurred as well as the suicide of Weise. It would be unlikely to find blood from Derrick Brun, [redacted] in this location.

Section O is the teacher's office behind [redacted] math classroom (N). It is unlikely that any blood found in this location is from [redacted] or Derrick Brun and likely to be blood from [redacted] or [redacted] or, less likely, from the deceased persons from the [redacted] classroom (Weise, Neva Rogers, Thurlene Stillday, Alicia White, Chase Lussier, Chanelle Rosebear.)

Synopsis: Lead to DNA Unit to examine swabs taken from soda cans in the Lussier home homicide scene to determine if any DNA can be extracted and identified as belonging to Weise and/or deceased victims Darryl Lussier and Michelle Sigana or [redacted]

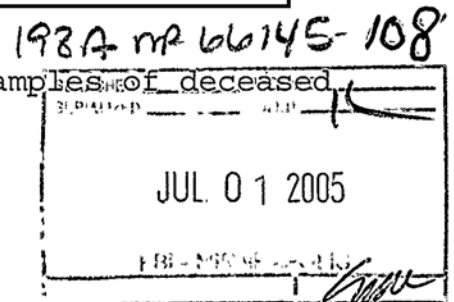

Reference: 198A-MP-66145 Serial 67

Package Copy: Being forwarded under separate cover are the following items:

1. Swabs from three soda cans found in the Darryl Lussier residence (1B67.17A, 1B67.27A, 1B67.28A);

2. Known buccal swabs of [redacted]
[redacted] (1B319);

3. Known hair, fingernail and blood samples of deceased victim Darryl Lussier (1B338);

JPE18001.2C

To: Criminal Investigative From: Minneapolis
Re: 198A-MP-66145, 06/29/2005

4. Known hair, fingernail and blood samples of deceased victim Michelle Sigana (1B339);

5. Known hair, fingernail and blood samples of deceased subject Jeffrey James Weise (1B332).

Details: During course of forensic search of Darryl Lussier/Michelle Sigana residence on 03/21-22/2005, three opened cans of soda were found in the living room and the kitchen. Minnesota Bureau of Criminal Apprehension (MBCA) forensic technicians took swabs from all cans in the event that DNA might be extracted. Known buccal swabs were obtained from the [redacted] and known biological samples of Weise, Darryl Lussier and Michelle Sigana were obtained from autopsy.

At least two "persons of interest" are not accountable for the critical time period when Weise is presumed to have walked to his grandfather's house. While it is likely that Weise acted alone, it cannot be ruled out that Weise may have had an accomplice during the initial shootings who, for some reason, failed to accompany Weise when he left for the Red Lake High School. Latent Fingerprint Unit is currently tasked with examination of further items of evidence obtained from the Lussier household, including the three soda cans.

b3
b6
b7C

It is requested that DNA II attempt to extract DNA from the swabbings obtained by MBCA from the soda cans and to compare same with DNA extracted from the known samples of [redacted] Darryl Lussier, Michelle Sigana and Jeffrey James Weise to include or exclude them as contributors. Should unknown DNA be identified, Minneapolis will seek search warrants to obtain known samples from any person of interest who was unaccountable during the critical time period.

This report contains the results of the latent print examinations conducted on Q1 and Q22.

Results of Examinations:

Seventeen latent fingerprints and two latent palm prints of value were developed on Q1. No latent prints of value were detected on Q22.

Two latent fingerprints developed on Q1, a sheet of paper containing floor plan of Red Lake High School have been identified as fingerprints of JEFFREY JAMES WEISE.

Eleven latent fingerprints and two latent palm prints developed on Q1, a sheet of paper containing floor plan of Red Lake High School have been identified as fingerprints and palm prints of [REDACTED]

b3
b6
b7C

Three latent fingerprints are not the fingerprints of WEISE. [REDACTED]

[REDACTED] or the elimination fingerprints of [REDACTED]

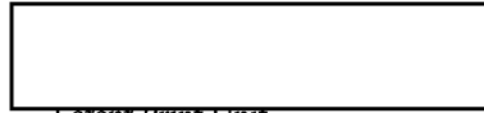

One latent fingerprint was compared, insofar as possible, with the available fingerprints of the aforementioned individuals, but no identification was effected.

Remarks:

Clearly and completely recorded inked fingerprints, including the tip and side areas of the fingers of the aforementioned individuals are needed for a conclusive comparison.

Inked prints of [REDACTED] recorded in connection with this case, should be submitted to the Latent Print Unit with correspondence referenced to Laboratory Number 050404011 KS FH. These prints will be used for comparison purposes and any latent print testimony you may desire in this matter.

The items, along with photographs of the latent prints are being returned under separate cover.

Red Lake Department of Public Safety

Criminal Investigation Unit

Case Number: 198A-MP-66145

Details of Case

1. On April 7, 2005 at approximately 1100 a.m. S.A. [redacted] with the Red Lake Nation Law Enforcement Services and a Special Deputy U.S Marshal, was informed by S.A. [redacted] from the FBI resident office in Bemidji Minnesota to go to the [redacted]. The purpose was to check if Mr. [redacted] had any weapons in his residence that could be accessed by others within his house hold. This information was the result of interviews conducted by Special Agents from the Red Lake High School, school shooting on March 21, 2005 on the Red Lake Reservation.
2. [redacted] Indian Male, [redacted] [redacted] date of birth [redacted] phone numbers; home; [redacted] location of the residence is [redacted]
[redacted]
3. On April 7, 2005 at approximately 1245 p.m I arrived at the [redacted] residence and spoke with [redacted] I asked [redacted] how things were going and did small talk for awhile and then I informed [redacted] why I was at his residence, that I had been asked to come to his residence and see if he had any weapons within his home that someone could get at. I informed him that during the course of interviews it had been brought out that some teenage boys stated that they had shot one of the weapons from within his home.
4. [redacted] informed me that he didn't keep any weapons in his residence at all and that he keeps any weapon that he has locked up in a gun safe that is located [redacted] I asked [redacted] if he would mind to show me the safe and its [redacted]
5. [redacted]
6. I asked [redacted] if anyone else had the combination to the gun safe and he stated that he was the only one who had the combination. I asked him if he could open the safe so that I could verify the contents of the gun safe, [redacted] opened the safe and I then asked him if he mind if I took photos of the weapons within the safe which he took out one at a time and I documented each weapon.

FBI NEWS RELEASE

Minneapolis Field Office

FBI • 111 Washington Avenue South, Suite 1100 • Minneapolis, MN, 55401 • <http://minneapolis.fbi.gov>

For Immediate Release
Date: March 28, 2005

Contact: Special Agent Paul McCabe
(612) 376-3368

With regards to the recent developments in Red Lake, the FBI will have no direct comment due to an ongoing federal investigation. All calls should be directed to United States Attorney Thomas Heffelfinger's office, call Karen Bailey at 612-664-6-5610. Please **DO NOT** call Special Agent Paul McCabe.

FBI Special Agent in Charge Michael Tabman commented, *"The extensive investigative efforts of local, state and federal law enforcement have been extraordinary during this investigation. From the beginning, we made a promise to close every loop, to leave no stone unturned, and to ensure that the investigation is thorough and complete. We are committed to ensuring the continued safety of the Red Lake Nation. The FBI will have no further comment, as this is an ongoing investigation."*

The FBI again would like to thank the following agencies for their assistance during this investigation: Red Lake Police Department, ATF, United States Attorney's Office, Bureau of Indian Affairs, Minnesota BCA, Leech Lake Tribal Police Department, Beltrami County Sheriff's Office, Minnesota State Patrol, Cass County Sheriff's Office and the Minnesota DNR Enforcement Division.

78	One brown paper bag containing evidence classified as cartridge case(s)	two shotgun shells and one .223 casing recovered from Section C of Red Lake High School
79	One brown paper bag containing evidence classified as cartridge case(s)	five recovered from Section D of Red Lake High School
80	One brown paper bag containing evidence classified as cartridge case(s)	six .223 casings and 2 shotgun shells recovered from Section E of Red Lake High School
81	One brown paper bag containing evidence classified as fired shotshell(s)	one shotgun shell recovered from Section M of Red Lake High School
82	One brown paper bag containing evidence classified as	one shotgun shell recovered from Section N of

83	fired shotshell(s) One manila envelope containing evidence classified as known major case prints	Red Lake High School Jeffrey James Weise
84	One manila envelope containing evidence classified as [REDACTED]	[REDACTED]
85	One brown paper bag containing evidence classified as cartridge case(s)	Federal 40S&W caliber recovered from [REDACTED] residence
86	One manila envelope containing evidence classified as [REDACTED]	[REDACTED]
87	One manila envelope containing evidence classified as CD with images	known prints of Jeffrey James Weise and [REDACTED] [REDACTED] and ridge detail from Items 62, 66, 71 and 73

Results of Laboratory Examination:

Analysis of Items 54.C, 62 through 68, 71, 73, 76 through 82, and 85 revealed two latent fingerprints suitable for comparison on Item 73.

The two latent fingerprints were compared to the known major case prints said to be from Jeffrey James Weise (Item 83) and the [REDACTED] (Item 84). The two latent fingerprints were identified to the left thumb and left index finger of Weise.

Item 86 was not analyzed.

Images of the [REDACTED] developed from Items 62, 66, 71 and 73 were saved to a CD and designated Item 87.

I hereby certify that the above report is true and accurate.

[REDACTED]

Forensic Scientist 3

Disposition of Evidence:

Evidence will be held in the lab pending analysis.

Re: 198A-MP-66145, 08/31/2005

On 08/28/2006, United States District Court Judge Donovan Franks, District of Minnesota, handed down a judgement that [REDACTED]
[REDACTED] Normally, the [REDACTED]
adjudication hearing is required under the Federal Rules of Criminal Procedure to take place within 30 days; However, on 08/31/2005, USDCJ Judge Franks granted a defense motion for a continuance until November 14, 2005. During that time the defense will request a suppression hearing on [REDACTED] statements.

As stated in serial 119, Minneapolis is not in possession of the complete activities of 03/21/2005, which would reflect student and staff movements that day. Such data will be invaluable for witness preparations expected to commence on or about 09/12/2005, as well as a computer-generated recreation being prepared by Specialist [REDACTED] of Laboratory Division, IGPU. After consultation with FAVIAU, it is ascertained that only two of the DVD recorders, 1B61.1, 1B61.2, 1B61.4, contain relevant information.

b3
b6
b7C

It is requested that in an expeditious manner, the data from each digital recorder for the period 10:00 am to 05:00 pm be downloaded into DVD discs and that six copies of each DVD disc be made and immediately shipped to Minneapolis, and that one complete copy be routed directly to Examiner [REDACTED] of IGPU.

For information of Indian Country Unit, SAC Minneapolis has made contact with BIA SAC Elmer Four Dance who has pledged two BIA SAs to assist in trial preparation.

The results of the Forensic Audio, Video and Image Analysis Unit Examination are included with this report.

The results of the Computer Analysis Response Team examination are included in this report.

The submitted evidence, Q2 through Q11, and derivative evidence, DEQ4_1 through DEQ11_1, was returned under separate cover via FedEx on April 22nd 2005.

Two DVD-R discs containing video segments from Q4 and Q5 and twenty four video prints produced from Q4 and Q5 were returned under separate cover via FedEx on April 22nd, 2005. One DVD and twelve video prints were sent to the Minneapolis Division, and one DVD and twelve video prints were sent to the Bemidji RA.

Two DVD-R discs containing video segments from Q4 and Q5 and fourteen video prints produced from Q4 and Q5 were returned under separate cover via FedEx on April 21st, 2005. One DVD and seven video prints were sent to the Minneapolis Division and one DVD and seven video prints were sent to the Bemidji RA.

Two DVD-R discs containing video segments from Q4 and Q5 were returned under separate cover via FedEx on April 20th, 2005. One DVD was sent to the Minneapolis Division and one DVD was sent to the Bemidji RA.

FEDERAL BUREAU OF INVESTIGATION
WASHINGTON, D. C. 20535

Report of Examination

Examiner Name:

Date: September 8, 2005

Unit: Forensic Audio, Video & Image Analysis

Phone No.:

Case ID No.: 198A-MP-66145

Lab No.: 050407252JB

Results of Examinations:

The submitted evidence, Q2 through Q11 were received. Q2, one Imation 700 MB CD-RW, was reviewed and no data was found contained on the disc. The contents of Q3, one Imation 700 Mb CD-RW, were copied to a DVD-R 4.7 GB disc for forensic processing and archival. Per SA no processing was requested of Q3 at this time therefore; no analysis was conducted.

The hard drive evidence contained within Q4, Q5, Q6, Q7, Q8, Q9, Q10 and Q11 were removed, labeled and were submitted to the FBI Computer Analysis Response Team (CART) to produce bit for bit duplicates. The following derivative evidence was furnished by CART back to FAVIAU, along with Q4 through Q11.

DEQ4_1	Imaged contents from Q4 Western Digital 250 GB hard drive, Model WD2500BB-00GUA0, Serial Number: WMAL71772698
DEQ5_1	Imaged contents from Q5 Maxtor DiamondMax Plus 9, 120 GB hard drive, Model: 6Y120PO, Serial Number: Y3KWDP6E
DE6_1	Imaged contents from Q6 Hitachi, 82.3 GB hard drive, Model HDS722580VLAT20 Serial Number: C2T61AGR
DE7_1	Imaged contents from Q7 Western Digital, 60 GB hard drive, Model Caviar WD600, Serial Number: WCA8F3605834
DE7_2	Imaged contents from Q7 Western Digital, 60 GB hard drive, Model Caviar WD600, Serial Number: WCA8F2600194
DE8_1	Imaged contents from Q8 Western Digital, 250 GB hard drive, Model Caviar WD2500, Serial Number: WMAL71750875
DEQ9_1	Imaged contents from Q9 Western Digital, 60 GB hard drive, Model WD6000BB, Serial Number: WCA8F3608499

DEQ9_2 Imaged contents from Q9
Western Digital, 60 GB hard drive, Model WD6000BB,
Serial Number: WCA8F3600196

DEQ10_1 Imaged contents from Q10
Maxtor, 120 GB hard drive, Model 6Y120P0042211,
Serial Number: Y42TYN9E

DEQ11_1 Imaged contents from Q11
Magnetic Data Technologies, 60 GB hard drive, Model MDCE25-
0600, Serial Number: MMA9S1535726

DEQ4_1 and DEQ5_1 hard drives were examined to locate and view any pertinent video contained therein. Video was located from the requested date of interest. Three individual DVD-R's with the requested areas of interest isolated and nineteen video prints were produced from DEQ4_1 and DEQ5_1. A total of two sets each were produced of the above items. One set was returned to the Bemidji RA and one set was returned to the Minneapolis Division.

The DE6_1, DE7_1, DE7_2, DE9_1, DE9_2 and DEQ10_1 hard drives were examined to locate and view any pertinent video contained therein. No video files were located from the requested date of interest.

The DE8_1 hard drive was examined to locate and view any pertinent video contained therein. The video files located from the requested date of interest did not appear to contain camera views of the requested area of interest.

3. [REDACTED] interviews (FD-302)
of [REDACTED]

Details: On 03/21/2005 at approximately noontime, Jeffrey James Weise, age 16, a homebound student of Red Lake High School, Red Lake Indian Reservation, Minnesota, is believed to have gone to the home of his grandfather, Darryl Lussier, a Red Lake Police Department (RLPD) Sergeant. There, Weise is believed to have found his grandfather sleeping in bed and shot and killed him with multiple shots from a .22 caliber Ruger pistol that Weise had obtained. Weise then shot and mortally wounded his grandfather's significant other, Michelle Sigana.

Weise then obtained his grandfather's issued service weapons, including a 12 gauge shotgun and a .40 caliber Glock pistol, as well as his grandfather's duty belt, radio, ballistic vest and uniformed police vehicle. Weise is then believed to have shot Sigana an additional time with the Glock pistol, insuring her demise.

At approximately 2:40 pm, Weise, now equipped with the shotgun, Glock pistol, ballistic vest and duty belt and radio, took his grandfather's patrol vehicle and drove to the Red Lake High School. Witnesses observed him drive up to the front door with the vehicle, exit the vehicle carrying the shotgun in his hands and enter the school.

The Red Lake Indian Reservation is a Federal reservation where the FBI has exclusive jurisdiction over major crimes, including homicide. As such, the Minneapolis Division works closely in partnership with the tribal law enforcement officers. Upon stabilization of the scene and the arrival of the first Minneapolis agents, the Minneapolis Division assumed investigative control of the shootings. Since the shootings, a massive, FBI led, multi-jurisdictional investigative effort has ensued, resulting to date in the arrest of a co-conspirator of Weise.

A bullet trajectory reconstruction was conducted at the following address between March 23 and March 25, 2005:

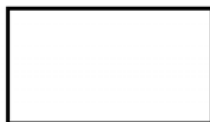

Red Lake High School
P.O. Box 499
Red Lake, MN 56671

This report includes the results of the bullet trajectory reconstruction.

RESULTS OF EXAMINATIONS

This report describes the scene details in a chronological sequence consistent with observations made from the video surveillance recording. The location and item identifiers used in this report were generated by the Evidence Response Team (ERT), and are the same identifiers used by the ERT to document the crime scene at Red Lake High School.

This Report is Furnished for Official Use Only

198A-MP-66145-125

SEARCHED	INDEXED
SERIALIZED	FILED
OCT 11 2005	
FBI - MINNEAPOLIS	

HOLE	LOCATION	DESCRIPTION
CB	C	Damage consistent with a 12-gauge slug perforating the lower right widow adjacent to the double doors. No trajectory possible, but damage was consistent with slug having been fired from hall C/B intersection.
CA	C	Damage consistent with a 12 gauge slug perforating the upper right side of the left door. No trajectory possible, but damage was consistent with slug having been fired from hall C/B intersection.
M1, M4	M	Perforating hole in the door window, penetrating impact on the white board, originating from room E
N1	N	Penetrating impact on the door lock hardware from a downward angle
O2	O	Perforating damage through bottom right corner of door connecting rooms O and N. Projectile continued to impact with a desk at O3, deflected up to rest at position O1. Damage consistent with a 12 gauge slug having originated from doorway area entering room N from room E.
N25, N26	N	Perforating damage at a downward angle through the metal bookcase, aligns with N26 penetrating impact on wall. No trajectory possible.
N40, N27	N	Perforating damage though a table leg, through rear of table, into penetrating area N27 on wall behind table. Shot angle is downward and to the left facing the wall. No trajectory possible.
N54	N	Perforating damage to a plastic milk crate, not associated with any other shot due to having been moved by responders.
L22	L	Perforated outer metal door frame, impacts inside frame, then projectile falls within the frame. Projectile was fired at a downward angle and to the left facing the door from outside.
L13, L14, L15	L	Two shots were fired through the entryway window into room L. Impact areas include L13, L14, and L15. Trajectory not possible.
L18	L	Perforating damage to the television mounted in the upper right corner of classroom L. No trajectory possible due to relocation of the television, however general direction was from the doorway area.

HOLE	LOCATION	DESCRIPTION
K14, P1, P2	K, P	Perforating shot through entryway window (K14), perforating window glass at P1, and impacting on rear wall at P2. Trajectory consistent with having originated from entryway window.
K18	K	Perforating shot through the entryway window, penetrating the edge of a dry erase board where the projectile was recovered. No trajectory possible.
G0	G	Penetrating impact on cinder block wall . No trajectory possible.
JH	J	Penetrating damage to metal door frame, no trajectory possible.
JI	J	Penetrating damage to metal door frame, no trajectory possible.
JJ	J	Perforating damage to the rear of a chair, no trajectory possible but consistent with originating from hallway G and passing through entryway window.
JM	J	Penetrating damage to the vertical member of a mobile cart, no trajectory possible but consistent with originating from hallway G and passing through entryway window.
Door I	I	Penetrating damage to door connecting rooms J and I. Damage is consistent with two shots fired into the door lock hardware. No trajectory possible.
JB, GN	J, G	Trajectory originating from doorway I, perforating west door inset window of room J at JB, then perforating hallway G window at GN to exit outside.
JC, GM	J, G	Trajectory originating from doorway I, perforating west door inset window of room J at JC, then perforating hallway G window at GM (most consistent) to exit outside.
JA, GL	J, G	Trajectory originating from doorway I, perforating west door inset window of room J at JA, then perforating hallway G window at GL to exit outside.
JD, GK	J, G	Trajectory originating from doorway I, perforating west door of room J at JD, then perforating hallway G window at GK to exit outside.
JE, GJ	J, G	Trajectory originating from doorway I, perforating west door of room J at JE, then perforating hallway G window at GJ to exit outside.

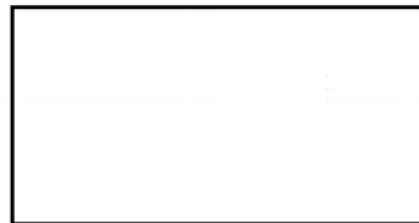

HOLE	LOCATION	DESCRIPTION
JF, GJ	J, G	Trajectory originating from doorway I, perforating west door of room J at JF, then perforating hallway G window at GJ to exit outside (GJ consistent with passage of two bullets).
JG (2), GH and GI	J, G	Consistent with two bullets passing through hole JG (top of inset window in west door), then perforating hallway G window at GH and GI to exit outside
none	D	Multiple shots from responding officers originated in this location, with no impact damage found in area D. One area consistent with muzzle flash residues was found on the west (right) wall as moving towards room E.
E23, #2	E	Damage consistent with .223 caliber bullet perforating display glass then penetrating wall at an upward angle within the display case (#2), having originated from northwest corner of room E.
E22	E	Damage consistent with a .223 caliber bullet perforating curved wall, consistent with originating from west side of room D
E21	E	Damage consistent with a .223 caliber bullet perforating curved wall, consistent with originating from west side of room D
E20	E	Damage consistent with a .223 caliber bullet perforating curved wall, consistent with originating from west side of room D
E26	E	Damage consistent with a .223 caliber bullet perforating flat wall adjacent to room N, consistent with originating from room D
N2	N	Perforating impact through metal door frame. No trajectory possible. Bullet caliber could not be determined..
N3	N	Perforating impact through metal door frame, trajectory most consistent with perforating temporary wall in room N to room K. Originated from room D or E, consistent with .223 caliber bullet.
N4	N	Perforating impact through metal door frame. Originated from room D or E, consistent with .223 caliber bullet.
N5	N	Perforating impact through metal door frame, trajectory not possible due to deflection, however most consistent with intersecting hole N42 and K9. Originated from room D or E, consistent with .223 caliber bullet.

HOLE	LOCATION	DESCRIPTION
N35 through N39 and N43 through N46	N	These areas are multiple penetrating and perforating impacts most consistent with the fragmentation of bullets as they perforated the metal door frame to room N. No trajectories possible.
N41, K8, K12	N, K	Perforating impact, intersecting with K8 and K12. Originated from room N doorway (possibly N3), consistent with .223 caliber bullet.
N42, K9, K10	N, K	Perforating keyhole impact intersecting with K9 and K10. Originated from room N doorway (possibly N5), consistent with .223 caliber bullet.
N47, K11	N, K	Perforating impact, intersecting with K11. Originated from room N doorway, consistent with .223 caliber bullet.
N55	N	Ceiling tile above WEISS with multiple penetrating and perforating holes consistent with buckshot.

No trajectory reconstructions were possible in the following rooms: A, B, F, H, and Q.

REMARKS

This report concludes the bullet trajectory reconstruction conducted by the FBI Laboratory.

b7C

Laboratory Number: B05-02873
Section Reporting: Firearms
Case Type: Homicide

Requesting Agency: FBI - Bemidji Office
Agency Case Number: 198MP66145
County: Beltrami

Principals: Jeffrey James Weise; Daryl Lussier; Michelle Sigana

Description of Submitted Evidence:

<u>Item</u>	<u>Type and Packaging</u>	<u>Description/Source</u>
50	One cardboard box containing evidence classified as a rifle	Agency Item 1B107 - .223 caliber M4 with magazine bearing serial number belonging to
51	One cardboard box containing evidence classified as a pistol	Agency Item 1B106 - Glock bearing serial number belonging to
52	One cardboard box containing evidence classified as a pistol	Agency Item 1B108 - Glock bearing serial number belonging to
53	One manila envelope containing evidence classified as an item of evidence	Agency Item 1B1 - Shotshell components and bullet fragments recovered from Jeff Weise
54	One manila envelope containing evidence classified as an item of evidence	Agency Item 1B2 - Bullets/fragments and one cartridge case recovered from Chanelle Rosebear
55	One manila envelope containing evidence classified as bullet(s)	Agency Item 1B3 - Recovered from Chase Lussier
56	One manila envelope containing evidence classified as bullet fragment(s)	Agency Item 1B4 - Recovered from Neva Rogers
57	One manila envelope containing evidence classified as projectile(s)	Agency Item 1B5 - Shotshell wad and slug recovered from Derrick Brun
58	One manila envelope containing evidence classified as bullet fragment(s)	Agency Item 1B6 - Recovered from Alicia White
59	One manila envelope containing evidence classified as bullet fragment(s)	Agency Item 1B7 - Recovered from Michelle Sigana
60	One manila envelope containing evidence classified as bullet(s)	Agency Item 1B8 - Recovered from Darryl Lussier
61	One manila envelope containing evidence classified as bullet fragment(s)	Agency Item 1B14 - Recovered from
62	One brown paper bag containing evidence classified as an item of evidence	Agency Item 1B42 - Five cartridge cases and one magazine
63	One brown paper bag containing evidence classified as cartridge case(s)	Agency Item 1B44 - Five cartridge cases
64	One brown paper bag containing evidence classified as an item of evidence	Agency Item 1B45 - Two cartridge cases and one magazine
65	One brown paper bag containing evidence classified as cartridge case(s)	Agency Item 1B50 - Eleven cartridge cases
66	One cardboard box containing evidence classified as a pistol	Agency Item 1B51 - Glock Model 22 bearing serial number ECM635US
67	One brown paper bag containing evidence classified as	Agency Item 1B54 - One cartridge case

b3
b6
b7C

68	cartridge case(s) One brown paper bag containing evidence classified as cartridge case(s)	Agency Item 1B56 - Eleven cartridge cases
69	One brown paper bag containing evidence classified as bullet fragment(s)	Agency Item 1B70 - Recovered from [redacted]
70	One brown paper bag containing evidence classified as bullet(s)	Agency Item 1B84 - Recovered from [redacted]
71	One box containing evidence classified as a pistol	Agency Item 1B43 - Ruger .22 caliber, S/N 181073
73	One brown paper bag containing evidence classified as a magazine	Agency Item 1B42-8B - From Lab Item 71
74	One box containing evidence classified as an item of evidence	Two Glock 40S&W caliber pistols bearing serial numbers ECM626US and ECM644US
85	One brown paper bag containing evidence classified as cartridge case(s)	Federal 40S&W caliber recovered from Lussier residence

b3
b6
b7C

Results of Laboratory Examination:

Comparative examinations of the cartridge cases listed below against test fired cartridge cases from Item 66 (one Glock Model 22 40S&W caliber pistol bearing serial number ECM635US, FBI Item number 1B51) showed the presence of matching features. This means that the following cartridge cases were fired in Item 66:

Cartridge Cases Fired In Item 66 Glock Pistol		
Item	Description	FBI Item
54C	One Federal brand 40S&W caliber cartridge case (recovered from Chanelle Rosebear)	1B2
62A	Five Federal brand 40S&W caliber cartridge cases (Area E, Items 7, 16, 17, 18 and 19)	1B42
63	Five Federal brand 40S&W caliber cartridge cases (Area F, Items 5, 6, 7, 8 and 9).	1B44
64A&B	Two Federal brand 40S&W caliber cartridge cases (Area G, Items 1 and 2).	1B45
65	Eleven Federal brand 40S&W caliber cartridge cases (Area J, Items 20, 22, 23, 27, 28, 29, 30, 31, 32, 33 and 34).	1B50
67	One Federal brand 40S&W caliber cartridge case (Area L, Item 2)	1B54
68	Eleven Federal brand 40S&W caliber cartridge cases (Area N, Items 12, 13, 14, 16, 17, 29, 30, 31, 32, 33 and 53)	1B56
85	One Federal brand 40 S&W caliber cartridge case (Lussier residence)	

Examination of the bullets or bullet fragments listed below show them to be consistent with .40 caliber jacketed hollow point bullets or bullet fragments having been fired from a firearm having polygonal rifling with a right hand twist. Firearms that share these characteristics include, but are not limited to, those manufactured under the brand name Glock.

Bullets or Bullet Fragments Consistent With Having Been Fired From a .40 Caliber Glock Pistol		
Item	Description	FBI Item
54A	One .40 caliber JHP bullet (recovered from Chanelle Rosebear)	1B2
55	One .40 caliber JHP bullet (recovered from Chase Lussier)	1B3
56	One .40 caliber JHP bullet jacket and separate core (recovered from Neva Rogers)	1B4
58	One .40 caliber JHP bullet jacket (2 pieces - recovered from Alicia White)	1B6
59B	One JHP bullet core (recovered from Michelle Sigana)	1B7
61	One .40 caliber JHP bullet (core and 2 jacket fragments recovered from [redacted])	1B14
70	One .40 caliber JHP bullet (recovered from [redacted])	1B84

b3
b6
b7C

Comparative examinations of the above bullets or bullet fragments against test fired bullets from Items 50 (one DPMS Panther Arms Model A-15 223 Remington caliber rifle bearing serial number [redacted] and 71 (one Ruger 22 Long Rifle caliber pistol bearing serial number 181073) showed the presence of different features. This means that the above items can be eliminated as having been fired from Items 50 and 71.

b6
b7C

Comparative examinations of the following bullets against test fired bullets from Item 71 were inconclusive. However, based on similar class characteristics, the following bullets or bullet fragments can not be eliminated as having been fired from Item 71:

Bullets or Bullet Fragments Sharing Class Characteristics With Item 71		
Item	Description	FBI Item
59A	One .22 caliber copper plated lead bullet (recovered from Michelle Sigana)	1B7
59C1	One .22 caliber copper plated bullet fragment (recovered from Michelle Sigana)	1B7
59C3	One .22 caliber copper plated bullet fragment (recovered from Michelle Sigana)	1B7
60A	One .22 caliber copper plated lead bullet (recovered from Daryl Lussier)	1B8
60B	One .22 caliber copper plated lead bullet (recovered from Daryl Lussier)	1B8
60C	One .22 caliber copper plated lead bullet (recovered from Daryl Lussier)	1B8

Comparative examinations of the above bullets against test fired bullets from Items 50 and 66 show the presence of different features. This means that the above bullets can be eliminated as having been fired from Items 50 and 66. Item 73 (one magazine, 1B42, Area E, Item 8B) was used to test fire Item 71.

Comparative examinations of Item 53B (one bullet fragment recovered from Jeffrey Weise's buttocks, from 1B1) and one of the fragments of 53 D (three bullet fragments recovered from Jeffrey Weise's left thigh, from 1B1) against test fired bullets from Item 50 were inconclusive. However, based on similar class characteristics, these bullet fragments can not be eliminated as having been fired from Item 50. Comparative examinations of the above bullets or bullet fragments against test fired bullets from Items 66 and 71 showed the presence of different features. This means that the above bullets or bullet fragments can be eliminated as having been fired from Items 66 and 71. The remaining two fragments of Item 53D were not suitable for comparative examinations.

Examination of Item 53A (recovered from Jeffrey Weise's head, from 1B1) showed it to be consistent with shotshell components (buffer and apparent pieces of shot cup or wad). Examination of Item 53C (recovered from Jeffrey Weise's sweatshirt) showed it to be consistent with one flattened 00 buck shot pellet.

Item 54B (one apparent JHP bullet jacket fragment recovered from Chanelle Rosebear, 1B2), Item 59C2 (one apparent lead bullet fragment with copper plating recovered from Michelle Sigana) and Item 69 (one apparent JHP bullet jacket fragment recovered from [redacted] 1B70) were not suitable for comparative examination.

b3
b6
b7C

Examination of Item 57 (projectiles recovered from Derrick Brun, 1B5) showed it to be consistent with two 12 gauge rifled slugs and one 12 gauge wad.

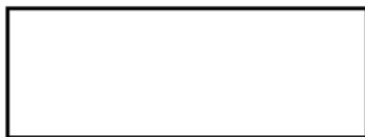

Examination of Item 62B (1B42, Area E, Item 14) and Item 64C (1B45, Area G, Item 3) showed each of them to be a .40 caliber Glock brand magazine marked as having a 15 round capacity and marked for law enforcement/government only.

Per FBI SA [redacted] no examination of Items 51, 52 and 74 (four Glock pistols bearing serial numbers [redacted] and ECM626US and ECM644US respectively) are requested at this time.

REPORT ON THE EXAMINATION OF PHYSICAL EVIDENCE

Firearms 04/25/2005

Laboratory Number: B05-02873
Section Reporting: Firearms
Case Type: Homicide

Requesting Agency: FBI - Bemidji Office
Agency Case Number: 198MP66145
County: Beltrami

Principals: Jeff Weise; Daryl Lussier; Michelle Sigana

Description of Submitted Evidence:

<u>Item</u>	<u>Type and Packaging</u>
75	One cardboard box containing evidence classified as a rifle

<u>Description/Source</u>
Browning Model BAR II 30-06 Springfield caliber, S/N 107NW21929

Results of Laboratory Examination:

A test fired cartridge case from Item 75 (a Browning Model BAR II 30-06 Springfield caliber rifle bearing serial number 107NW21929) was entered into the Minnesota firearms database. A search of the database failed to reveal any matches with Item 75. If future searches of the database reveal a potential match with Item 75, your agency will be notified and further comparisons can be made. It is recommended that the evidence to be retained for three years.

I hereby certify that the above report is true and accurate.

REPORT ON THE EXAMINATION OF PHYSICAL EVIDENCE

Nuclear DNA 05/03/2005

Laboratory Number: B05-02873
Section Reporting: Nuclear DNA
Case Type: Homicide

Requesting Agency: FBI - Bemidji Office
Agency Case Number: 198MP66145
County: Beltrami

Principals: Jeffrey James Weise; Daryl Lussier; Michelle Sigana

Description of Submitted Evidence:

<u>Item</u>	<u>Type and Packaging</u>	<u>Description/Source</u>
62	One brown paper bag containing evidence classified as an item of evidence	Agency Item 1B42 - Five cartridge cases and one magazine
64	One brown paper bag containing evidence classified as an item of evidence	Agency Item 1B45 - Two cartridge cases and one magazine
66	One cardboard box containing evidence classified as a pistol	Agency Item 1B51 - Glock Model 22 bearing serial number ECM635US
71	One box containing evidence classified as a pistol	Agency Item 1B43 - Ruger .22 caliber, S/N 181073
73	One brown paper bag containing evidence classified as a magazine	Agency Item 1B42-8B - From Lab Item 71
76	One box containing evidence classified as a shotgun	Remington Model 870, S/N C979906M

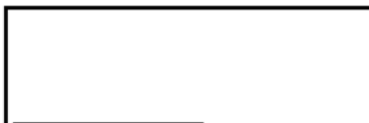

b6
b7C

Results of Laboratory Examination:

Samples of the blood indicated on two magazines (Item 62E14 and Item 64G3), Item 66, Item 71, Item 73, and Item 76 were collected and are being stored at the BCA Laboratory. Please contact the BCA Laboratory if DNA analysis is needed on these items.

No examinations were performed on the cartridge casings (Items 62E7, 62E16-19, 64G1, and 64G2).

I hereby certify that the above report is true and accurate.

Date of Request: March 21, 2005		Team Members:	
Request by: Special			Team Leader
Agency: F.B.I.			Team Member
Agency Case: 198A-MP-66145			Team Member
Investigator: Special Agent		S.A.	Photographer
Briefed by: Red Lake Police Officer		S. A.	Videographer

b6
b7C

Circumstances: BCA Crime Scene team asked to process the scene of the death of Daryl Lussier and Michelle Sigana.

Address of Scene: Not known Residence of Daryl Lussier	Date/Time processed: March 21 – 22, 2005 2100 hours – 0335 hours
--	--

Location: Exterior of residence

Observations/Conclusions: In addition to a Red Lake squad car, a red Chevy pickup bearing Red Lake license number 10771 was parked in the front of the residence along with a Honda Rancher all-terrain vehicle. A dark colored Chevy Corsica was parked to the south side of the residence with its hood open and a battery charger connected to the battery. There was also a tractor parked along the southeast corner of the residence. Nothing of forensic significance was collected from the exterior of the residence.

Location: Living room

Items collected	Description	Collected by:
Item 1	Five .22 caliber cartridges from the floor behind the sofa	
Item 2	Black gun case from floor behind sofa	
Item 3	A DPMS Panther Arms, .223 caliber Model A15 rifle bearing serial number F006421 and one magazine from the sofa	
Item 4	One empty box of Federal 12 gauge rifled slug shotgun shells from the sofa	
Item 5	One empty box of American Eagle, .223 caliber cartridges from the sofa	
Item 6	One box of Federal .223 caliber cartridges containing 9 cartridges from the sofa	
Item 7	One empty box of Federal 12 gauge slug shotgun shells from the sofa	
Item 8	One box of Federal .223 caliber cartridges, nearly full, from the sofa	
Item 9	One empty box of American Eagle .223 caliber cartridges from the floor in	

b6
b7C

	front of the sofa	
Item 10	One magazine loaded with .223 caliber cartridges from the sofa	
Item 11	One plastic holder with 7 .223 caliber cartridges and one loose .223 caliber cartridge from the sofa	
Item 12	Two empty plastic ammunition holders from the floor in front of sofa	
Item 13	One blue knit stocking cap from the sofa	
Item 14	One red video cassette from the sofa	
Item 15	One red video cassette from the sofa	
Item 16	One red video cassette from the sofa	
Item 17	One empty Pepsi can from the coffee table	
Item 18	Six .22 caliber cartridges from the sofa	
Item 19	One empty plastic ammunition holder	
Item 20	One folding Buck knife from the sofa	
Item 21	One blue nylon bag from the sofa	
Item 22	One .223 caliber cartridge from the floor in front of sofa	
Item 23	One Chicago Bulls stocking cap from the floor near the west wall	
Item 31	One cover for a CCI .22 caliber box from the sofa	
Item 32	One screwdriver from the floor in front of sofa	
Item 42	Latent print lifts collected from the living room area	

b6
b7C

Observations/Conclusions: The front door of the residence opened into the living room. Inside the living room was a large semi-circular sectional sofa that faced the southwest corner of the room. Directly in front of the sofa was a rectangular coffee table and a TV on a stand was located in the southwest corner of the room. Several items of forensic interest were noted on and around the sofa. A DPMS Panther Arms .223 caliber rifle, bearing serial number F006421, with a magazine in place was located near the center of the sofa. The action of the rifle was seized in the closed position.

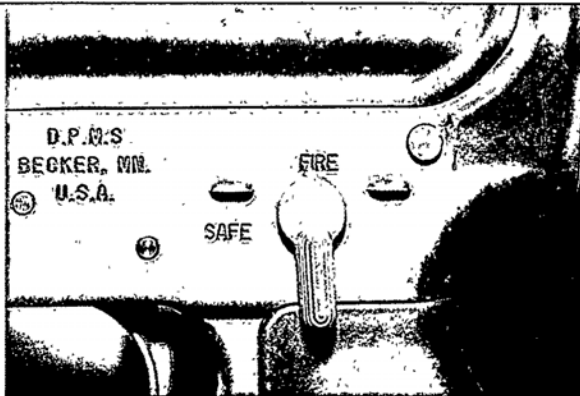

Items noted on and near the sofa

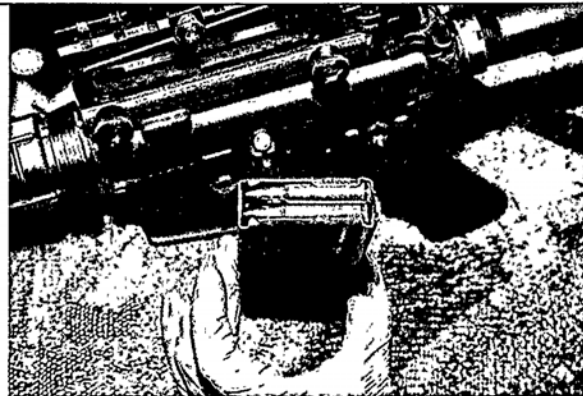

The .223 caliber rifle (Item 3)

The Crime Scene Team forced the action open and found the chamber to be empty but the magazine was loaded with .223 cartridges. The safety was in the FIRE position. The rifle was collected as Item 3.

Position of the safety on Item 3

The magazine from Item 3

A gun case was found and collected from the floor behind the sofa as Item 2. Inside the gun case was an apparent footwear impression in dirt/dust. The impression was documented by photography. Several other items (Items 1, 4 – 12, 14 – 22, 31 and 32) were collected from on and around the sofa for possible latent print examinations. Two stocking hats (Items 13 and 23) as well as a swab of the mouth of the Pepsi can (Item 17A) were collected for possible DNA analysis. Several surfaces inside the living room were processed for latent prints and the lifts were collected as Item 42.

Location: Kitchen

Items collected	Description	Collected by:
Item 24	One .223 caliber cartridge from the kitchen floor	
Item 25	Two .223 caliber cartridges from the kitchen island	
Item 26	One empty .223 magazine from the kitchen island	
Item 27	One partially full Diet Pepsi can from the kitchen island	
Item 28	One partially full Diet Pepsi can from the kitchen island	
Item 29	One full box of Federal 5.56 caliber cartridges from the kitchen island	
Item 30	One .22 caliber cartridge casing from the kitchen floor	

b6
b7C

Observations/Conclusions: The kitchen was located in the southeast corner of the residence, with cabinets lining the north and east wall and an island dividing the kitchen and living room. A .223 cartridge was collected from the floor between the island and a small table as Item 24. One .22 caliber cartridge casing was collected from the floor beneath a kitchen chair as Item 30. The kitchen island had several items of forensic interest including two .223 caliber cartridges (Item 25), an empty .223 magazine (Item 26), two partially full Diet Pepsi cans (Items 27 and 28), and a full box of 5.56 ammunition (Item 29). Swabs of the mouth of the Pepsi cans were collected for possible DNA analysis as Items 27A and 28A.

Location: Master Bedroom

Items collected	Description	Collected by:
Item 33	One .22 caliber cartridge casing from the floor on the south side of the bed	
Item 34	One .22 caliber cartridge casing from the floor on the south side of the bed	
Item 35	One .22 caliber cartridge casing from the floor on the south side of the bed	
Item 36	One .22 caliber cartridge casing from the bed	

Item 37	One .22 caliber cartridge casing from the bed	
Item 38	One .22 caliber cartridge casing from the bed	
Item 39	One .22 caliber cartridge casing from the floor on the north side of the bed	
Item 40	One .22 caliber cartridge casing from the floor on the north side of the bed	
Item 41	One .22 caliber cartridge casing from the floor underneath the bed	
Item 43	One .22 caliber cartridge casing from the bed	
Item 44	One bullet recovered from inside a pillow on the bed	
Item 45	One bullet from the top of the bed	
Item 46	One .22 caliber cartridge casing from the floor underneath the bed	
Item 47	One Savage Model III, 30-06 caliber rifle bearing serial number G273477	
Item 48	One New England Firearms Pardner Model S8, 20 gauge shotgun bearing serial number NH425515	
Item 49	One Remington Model 7400, 308 Winchester caliber rifle bearing serial number 8327826 in a case	

Observations/Conclusions: The master bedroom was located in the northwest corner of the residence. The

During the briefing, Office [redacted] informed the Crime Scene Team that the body of Daryl Lussier was [redacted] while the body of Michelle Sigana [redacted] A total of [redacted]

b6
b7C

Three firearms were found behind the bedroom door. All three were unloaded. The firearms were collected as follows; a Savage Model III, 30-06 caliber rifle bearing serial number G273477 as Item 47, a New England Firearms Pardner Model S8, 20 gauge shotgun bearing serial number NH425515 as Item 48, and a Remington Model 7400, .308 Winchester caliber rifle bearing serial number 8327826 as Item 49.

Three firearms behind bedroom door

A hole was noted in the north wall of the bedroom that appeared to go all the way through the wall. Presumptive tests for lead residue in and around this hole were negative. Nothing else of forensic significance was found in the bedroom.

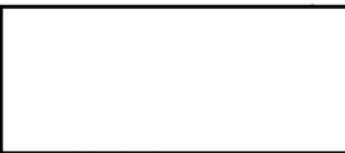

Location: Northeast bedroom, bathroom and basement.

Observations/Conclusions: Nothing of forensic significance was found in the northeast bedroom, bathroom or basement of the residence.

Distribution of Evidence: All evidence collected at the Lussier residence was turned over to Special Agent [redacted] for analysis at the F.B.I. Laboratory. The cartridge casings (Items 30, 33-41, 43 and 46) and the bullets (Items 44 and 45) were resubmitted by the F.B.I. for comparison examinations to a .22 caliber handgun recovered from Red Lake High School (Item 71).

I hereby certify that the above report is true and accurate.

Drafted By: [redacted] :jpe

Case ID #: 198A-MP-66145 ~~-(Pending)~~

Title: Jeffrey James Weise (Deceased);
[redacted] (Juvenile);
Mass Homicide, Red Lake
Indian Reservation, MN,
03/21/2005;
IC - Homicide, Conspiracy

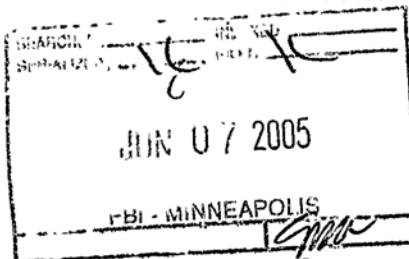

Synopsis: Request to reimburse [redacted]
[redacted] Detective [redacted] in the amount of [redacted]
[redacted]

Enclosure(s): Enclosed is facsimile cover letter and receipt
provided by Det. [redacted] in connection with the seizure of the
[redacted]

Details: Per request of this office and with concurrence of
Legat Ottawa, the [redacted] approached [redacted]
and requested the examination of his computer's hard drive for
the purposes of recovering any communications sent to [redacted] via
the Internet from Jeffrey James Weise and [redacted]

As such action, if done without cooperation of [redacted]
required the use of the [redacted] and
search warrant execution by [redacted] and created
significant level of bureaucratic work and delays, the [redacted]
[redacted] Detective, [redacted] instead
approached [redacted] and requested his cooperation, and to
facilitate same, [redacted] This
greatly facilitated the examination of [redacted] hard drive while
also insuring the chain of custody on the hard drive should same
be necessary in the future.

Re: 198A-MP-66145, 06/01/2005

As Det. [redacted] cover letter advises, Det. [redacted] used
his own credit card to make the purchase, paying [redacted]
[redacted] IL IS
requested that the amount of [redacted]
fees be made available to SA [redacted] who will then arrange for
the reimbursement of Det [redacted]

Synopsis: Request for Analyst services provided by [REDACTED]
[REDACTED]

Details: As part of the ongoing investigation, a search warrant was served on the subject's Internet Service Provider (ISP), Paul Bunyan Net, Suite 210, 1831 Anne St. NW, Bemidji, Minnesota, 56601, to obtain Internet connectivity logs. In addition, as part of the computer forensic analysis completed on the subject's personal computer, hundreds of instant messenger chat logs were recovered.

The United States Attorney's office has requested a spreadsheet that matches, as close as possible, the dates and times found on the instant messenger chat logs with the dates and times found in the ISP connectivity logs.

LEAD(s):

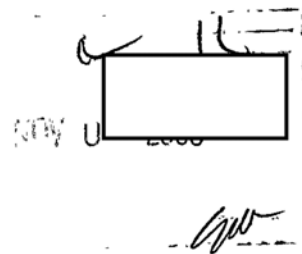

Set Lead 1: (Action)

MINNEAPOLIS

AT MINNEAPOLIS

It is requested that an analyst be assigned to receive approximately 60 pages of instant messenger chats and the connectivity logs from subject's ISP and prepare a document to be used at trial that cross matches dates and times listed in the chat logs with dates and times listed in the ISP connectivity logs. SA b6
b7C
 will provide the chat logs in both hard copy and electronic format and the ISP connectivity logs in electronic format.

Report No. 7

Attention:

REPORT ON THE EXAMINATION OF PHYSICAL EVIDENCE

Crime Scene Team 10/19/2005

Laboratory Number: B05-02873
Section Reporting: Crime Scene Team
Case Type: Homicide

Requesting Agency: FBI - Bemidji Office
Agency Case Number: 198AMP66145
County: Beltrami

Principals: Jeffrey James Weise; Daryl Lussier; Michelle Sigana; Thurlene Stillday; Chase Lussier;
Chanelle Rosebear; Alicia White; Derrick Brun; Neva Winnecoup Rogers; Dwayne Lewis; et al.

Description of Submitted Evidence:

Item	Type and Packaging	Description/Source
50	One cardboard box containing evidence classified as a rifle	Agency Item 1B107 - DPMS Panther Arms Model A-15 223 Remington caliber, with magazine, bearing serial number belonging to
51	One cardboard box containing evidence classified as a pistol	Agency Item 1B106 - Glock bearing serial number belonging to
52	One cardboard box containing evidence classified as a pistol	Agency Item 1B108 - Glock bearing serial number belonging to
53	One manila envelope containing evidence classified as an item of evidence	Agency Item 1B1 - Shotshell components and bullet fragments recovered from Jeff Weise
54	One manila envelope containing evidence classified as an item of evidence	Agency Item 1B2 - Bullets/fragments and one cartridge case recovered from Chanelle Rosebear
55	One manila envelope containing evidence classified as bullet(s)	Agency Item 1B3 - Recovered from Chase Lussier
56	One manila envelope containing evidence classified as bullet fragment(s)	Agency Item 1B4 - Recovered from Neva Rogers
57	One manila envelope containing evidence classified as projectile(s)	Agency Item 1B5 - Shotshell wad and slug recovered from Derrick Brun
58	One manila envelope containing evidence classified as bullet fragment(s)	Agency Item 1B6 - Recovered from Alicia White
59	One manila envelope containing evidence classified as bullet fragment(s)	Agency Item 1B7 - Recovered from Michelle Sigana
60	One manila envelope containing evidence classified as bullet(s)	Agency Item 1B8 - Recovered from Darryl Lussier
61	One manila envelope containing evidence classified as bullet fragment(s)	Agency Item 1B14 - Recovered from
62	One brown paper bag containing evidence classified as an item of evidence	Agency Item 1B42 - Five cartridge cases and one magazine
63	One brown paper bag containing evidence classified as cartridge case(s)	Agency Item 1B44 - Five cartridge cases
64	One brown paper bag containing evidence classified as an item of evidence	Agency Item 1B45 - Two cartridge cases and one magazine

65	One brown paper bag containing evidence classified as cartridge case(s)	Agency Item 1B50 - Eleven cartridge cases
66	One cardboard box containing evidence classified as a pistol	Agency Item 1B51 - Glock Model 22 bearing serial number ECM635US
67	One brown paper bag containing evidence classified as cartridge case(s)	Agency Item 1B54 - One cartridge case
68	One brown paper bag containing evidence classified as cartridge case(s)	Agency Item 1B56 - Eleven cartridge cases
69	One brown paper bag containing evidence classified as bullet fragment(s)	Agency Item 1B70 - Recovered from [redacted]
70	One brown paper bag containing evidence classified as bullet(s)	[redacted] Agency Item 1B84 - Recovered from [redacted]
71	One box containing evidence classified as a pistol	[redacted] Agency Item 1B43 - Ruger .22 caliber, S/N 181073
72	One brown paper bag containing evidence classified as cartridge case(s)	Agency Item 1B42-12 and 1B42-13 - Two .22 caliber
73	One brown paper bag containing evidence classified as a magazine	Agency Item 1B42-8B - From Lab Item 71
74	One box containing evidence classified as an item of evidence	Two Glock 40S&W caliber pistols bearing serial numbers ECM626US and ECM644US
75	One cardboard box containing evidence classified as a rifle	Browning Model BAR II 30-06 Springfield caliber, S/N 107NW21929
76	One box containing evidence classified as a shotgun	Remington Model 870, S/N C979906M
77	One brown paper bag containing evidence classified as fired shotshell(s)	two recovered from Section B of Red Lake High School
78	One brown paper bag containing evidence classified as cartridge case(s)	two shotgun shells and one .223 casing recovered from Section C of Red Lake High School
79	One brown paper bag containing evidence classified as cartridge case(s)	five recovered from Section D of Red Lake High School
80	One brown paper bag containing evidence classified as cartridge case(s)	six .223 casings and 2 shotgun shells recovered from Section E of Red Lake High School
81	One brown paper bag containing evidence classified as fired shotshell(s)	one shotgun shell recovered from Section M of Red Lake High School
82	One brown paper bag containing evidence classified as fired shotshell(s)	one shotgun shell recovered from Section N of Red Lake High School
83	One manila envelope containing evidence classified as known major case prints	Jeffrey James Weise
84	One manila envelope containing evidence classified as [redacted]	[redacted]
85	One brown paper bag containing evidence classified as cartridge case(s)	Federal 40S&W caliber recovered from Lussier residence
86	One manila envelope containing evidence classified as known major case prints	[redacted]

Results of Laboratory Examination:

Date of Request: March 22, 2005	Team Members:
Request by: Special Agent [redacted]	[redacted] - Team Leader
Agency: F.B.I.	[redacted] - Team Member
Agency Case: 198A-MP-66145	[redacted] - Team Member
Investigator: Special Agent [redacted]	[redacted] - Team Member (3/23 - 3/24)

Briefed by: Special Agent [redacted]	[redacted]	Photographer (3/22)
		Videographer
		Photographer (3/23 - 3/24)

Circumstances: The BCA Crime Scene Team was asked to assist the F.B.I. in processing Red Lake High School after the shooting of several students and teachers. The school was divided into 17 areas (Areas A - Q). The BCA Crime Scene Team was responsible for processing areas C, G, H, I, and J.

Address of Scene: Red Lake High School

Dates processed: March 22 - March 24, 2005

b6
b7C

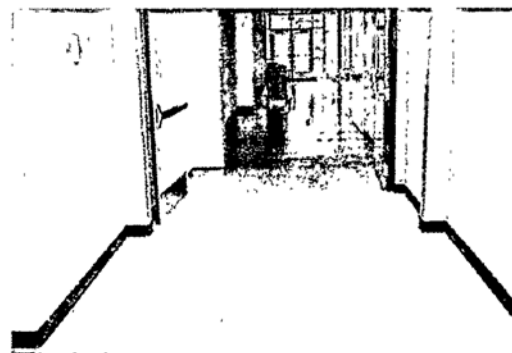

Location: Area C. Processed on 03/22/05

Items collected	Description	Collected by:
Item C-1	One fired shotshell	[redacted]
Item C-2	One fired shotshell	
Item C-3	One .223 cartridge casing	
Item C-4	One shotshell wad	
Item C-5	One shotshell wad	
Item C-6	One apparent shotgun slug	
Item C-7	One apparent shotgun slug	

Observations/Conclusions: Area C consisted of a long hallway running east-west from an area south of the main entrance through a door leading outside and extending east of the building, terminating at a brick wall. Two fired shotgun shells were collected from the west side of the hallway (Items C-1 and C-2).

View of Area C looking east

Book Cart on east side of Area C

Two apparent shot wads were collected from the east side of the hallway (Items C- 4 and C-5). Both shotshell wads were near a book cart at the east side of the hall. A .223 caliber cartridge casing (Item C-3) was collected from the floor of the hallway, just east of the T-shaped intersection of the hall to the gymnasium. At the far east end of the hall were two glass doors and a glass panel.

Bullet strike in door frame

Bullet hole in window

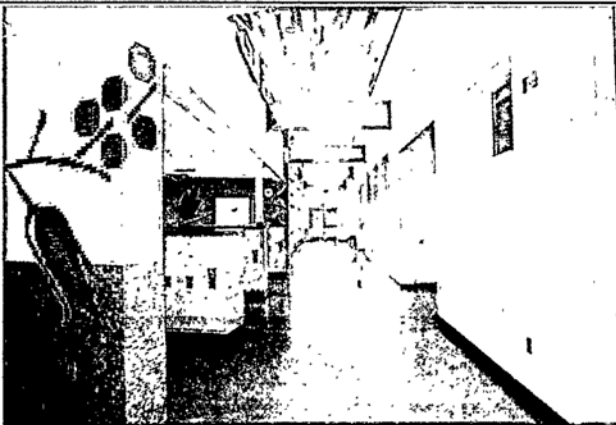

An apparent bullet strike was noted on the center divider of the door frame and an apparent bullet hole was noted in the glass panel south of the doors. The apparent bullet strike and bullet hole were labeled with the letters A and B respectively. An apparent lead slug was collected from just outside of the east doors (Item C-6). A second apparent lead slug (Item C-7) was collected from the ground next to a brick wall that extended north from the side of the building, several feet east of the Area C's hallway doors.

Location: Area G – Processed on 03/22 and 03/23/2005

Items collected	Description	Collected by:
Item G-1	.40 caliber cartridge casing	
Item G-2	.40 caliber cartridge casing	
Item G-3	.40 caliber magazine with apparent blood	
Item G-4	Swabs of apparent dripping blood from floor	
Item G-5	Swabs of apparent blood from a contact stain on the door to the science room (Area J)	
Item G-6	Apparent copper jacket fragment from the floor	
Item G-7	Apparent copper jacket fragment from the floor	
Item G-8	Apparent copper jacket fragment from the floor	
Item G-9	Apparent copper jacket fragment from the floor	
Item G-10	Apparent copper jacket fragment from the floor	
Item G-11	Swabs of apparent blood from the handle of the west door of Area G	
Item G-12	Swabs of apparent blood from the divider between the west doors of Area G	
Item G-13	Apparent copper jacket fragment from the floor	
Item G-14	Swabs of apparent blood from impact spatter on the door to the science room (Area J)	
Item G-15	Swabs of apparent blood from impact spatter on the door to the science room (Area J)	

Observations/Conclusions: Area G consisted of a hallway located south of three science rooms. A semi-circular shaped locker area was located at the southeast side of the hall. The south wall of the hallway and locker area consisted of floor to ceiling windows. There were two doors on the west side of the hallway that exited to the outside. Three small alcove areas along the north side of the hall allowed entry into the science classrooms.

b6
b7C

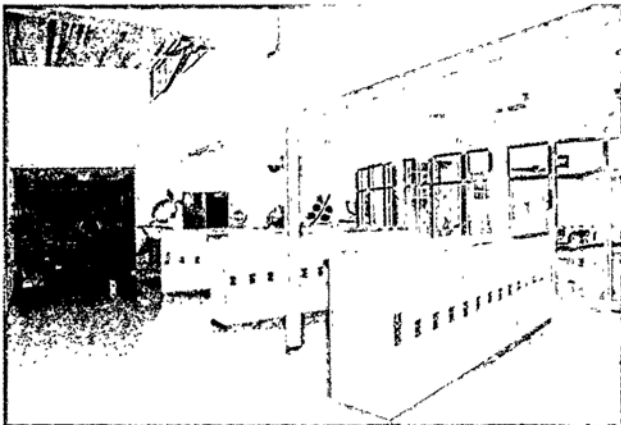

View of Area G looking west

View of Area G looking east

Two .40 caliber cartridge casings (Items G-1 and G-2) were collected from the floor on the extreme east side of Area G. A .40 caliber magazine covered with apparent bloodstains was collected from the eastern side of the locker area (Item G-3). Also noted in this area were several apparent dripping bloodstains. Presumptive tests performed on one stain indicated the presence of blood and swabs were collected (Item G-4).

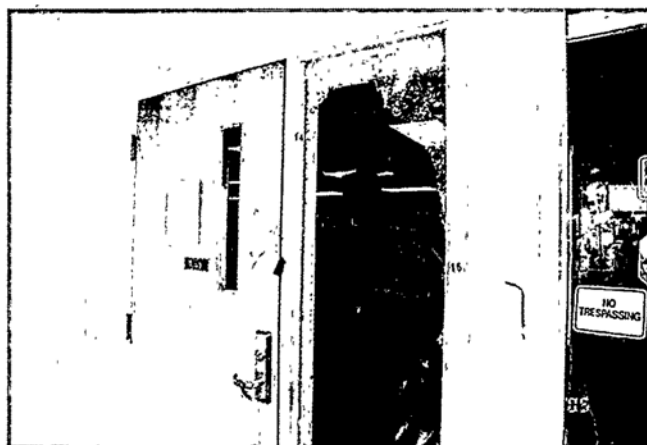

Locker area on southeast side of Area G

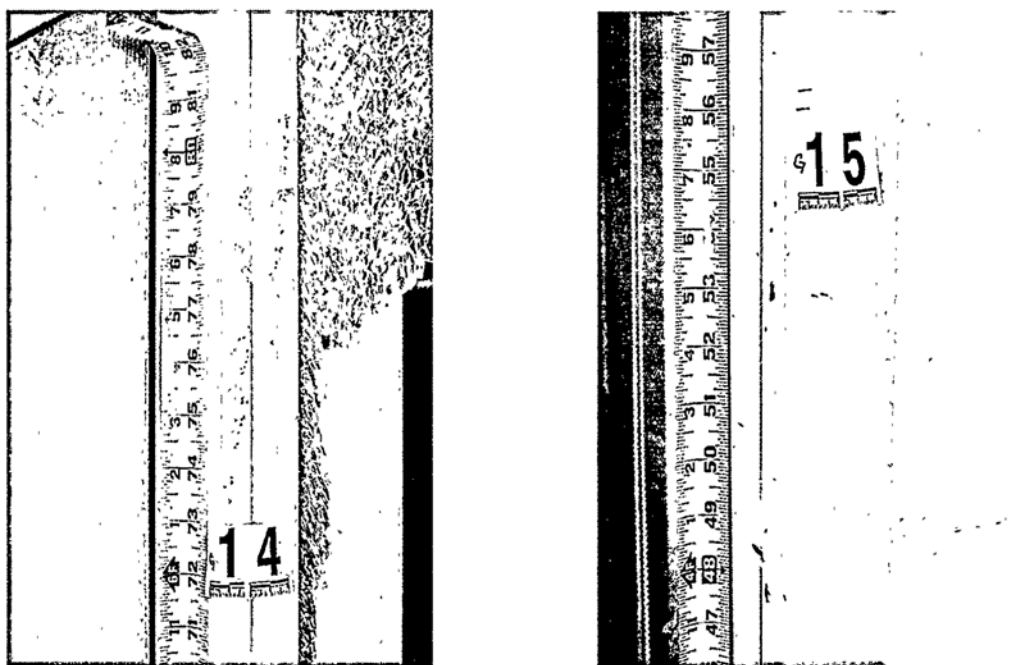

Items G-3 and G-4 in locker area

A total of six apparent copper jacket fragments were collected from the floor of Area G (Items G-6 - G-10 and G-13). Item G-6 was collected from the center portion of the hall, Items G-7 and G-8 were collected from the center alcove into the science rooms, and Items G-9 and G-10 were collected from the southwestern corner of area G. Item G-13 was collected from the center of the east portion of the hall.

Apparent bloodstains were noted on the hallway side of the door, door frame, and window frame leading into the center classroom (Area J). The window in this area had been completely shattered and most of it had dropped to the floor. Three of these apparent bloodstains tested positive with a presumptive test for blood and were collected (Items G-5, G-14 and G-15). The blood associated with Item G-5 was consistent with having been produced by contact with a bloody object, while the apparent bloodstains associated with Items G-14 and G-15 were consistent with impact spatter. The shape and distribution of these apparent bloodstains indicate that they projected back to two separate points of origin, indicating at least two separate impacts. Both impact sites were close to the window pane. However, the impact site associated with Item 14 originated from a distance of 73 – 81 inches from the floor and the impact site associated with Item 15 originated from a distance of 53 – 56 inches from the floor.

Apparent blood on door and window frame

Impact spatter on window frame

Apparent bloodstains were also noted on the west doors exiting Area G consistent with having originated by contact with a bloody object. Two of these stains tested positive with a presumptive test for blood and were collected (Items G-11 and G-12).

Apparent bullet holes were noted on both sides of the center portion of the hallway. A group of seven apparent bullet holes were noted in the western door and window leading into Area J. These holes were labeled with the letters A through G and their location was documented. On the glass wall opposite holes A through G were seven apparent bullet holes in a single pane of glass. These holes were labeled with the letters H through N and their location was also documented. An apparent bullet strike was also noted on the west wall of the east alcove leading into Areas H and J. The apparent bullet strike was labeled with the letter O.

Location: Area J		
Items collected	Description	Collected by:
Item J-1	Swabs of apparent blood from inside east door	
Item J-2	One copper jacket fragment from southeast corner of Area J	
Item J-3	One copper jacket fragment from behind a chair (thought to be [redacted])	
Item J-4	One copper jacket fragment from the waste basket	
Item J-5	One copper jacket fragment from the elevated desk area	
Item J-6	One copper jacket fragment from in front of the hood	
Item J-7	One copper jacket fragment from in front of the east cabinet	
Item J-8	One copper jacket fragment from under a desk in the elevated desk area	
Item J-9	One copper jacket fragment from near projector stand	
Item J-10	One copper jacket fragment from near projector stand	
Item J-11	One copper jacket fragment from floor near north center lab bench	
Item J-12	One copper jacket fragment from floor near north center lab bench	
Item J-13	One copper jacket fragment from floor near north center lab bench	
Item J-14	One copper jacket fragment from floor near north center lab bench	
Item J-15	One Glock Model 22 .40 caliber semi-automatic handgun bearing serial number ECM635US	
Item J-16	Swab(s) of apparent blood from a stool near the center of Area J	
Item J-17	One copper jacket fragment from floor near north center lab bench	
Item J-18	One apparent lead fragment from the floor in the southeast corner of Area J	
Item J-19	One copper jacket fragment from floor near north center lab bench	
Item J-20	One .40 caliber cartridge casing from floor near north center lab bench	
Item J-21	One copper jacket fragment from floor near northwest lab bench	
Item J-22	One .40 caliber cartridge casing from floor in northwest corner of Area J	
Item J-23	One .40 caliber cartridge casing from floor in northwest corner of Area J	
Item J-24	One copper jacket fragment from floor in northwest corner of Area J	
Item J-25	One copper jacket fragment from floor in northwest corner of Area J	
Item J-26	One copper jacket fragment from floor in northwest corner of Area J	
Item J-27	One .40 caliber cartridge casing from floor in northwest corner of Area J	
Item J-28	One .40 caliber cartridge casing from floor in northwest corner of Area J	
Item J-29	One .40 caliber cartridge casing from top shelf on a cart in northwest corner of Area J	
Item J-30	One .40 caliber cartridge casing from bottom shelf on a cart in northwest corner of Area J	
Item J-31	One .40 caliber cartridge casing from floor under a cart in northwest corner of Area J	
Item J-32	One .40 caliber cartridge casing from floor in northwest corner of Area J	
Item J-33	One .40 caliber cartridge casing from floor in northwest corner of Area J	
Item J-34	One .40 caliber cartridge casing from floor in northwest corner of Area J	
Item J-35	One apparent lead fragment from floor under northwest lab bench	
Item J-36	Swab(s) of apparent blood from floor near north center lab bench	
Item J-37	Swab(s) of apparent blood from floor west of northwest lab bench	
Item J-38	Swab(s) of apparent blood on counter near northwest sink	

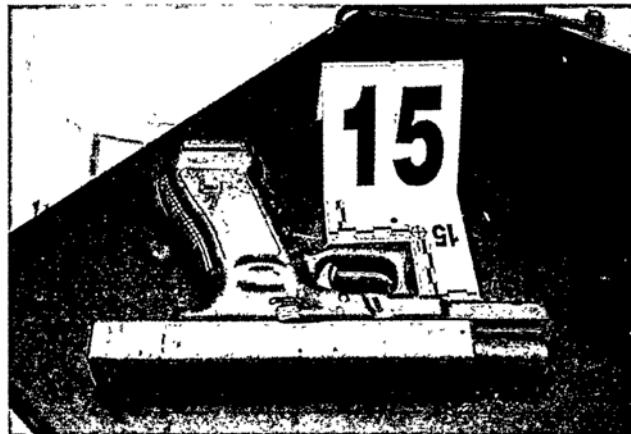

b3
b6
b7C

Item J-39	Swab(s) of apparent blood from floor in northwest corner of Area J	
Item J-40	Swab(s) of apparent blood from the door leading to Area I	
Item J-41	One copper jacket fragment from the door handle on the door leading to Area I	
Item J-42	One copper jacket fragment from the top of northwest lab bench	
Item J-43	One copper jacket fragment from the floor near the northwest lab bench	

b6
b7C

Observations/Conclusions: Area J was a science classroom with a raised desk area to the south, four lab benches to the north, and a center lab bench and tables in the middle. There were doors in each corner of the south side of the room and a door near the northwest corner leading to a small room that appeared to have been used for office space and storage (Area I). A total of twenty-two copper jacket fragments were collected from Area J, seven from the east side and southeast corner of the room (Items J-2 through J-8), eight from the north central area of the room (Items J-9 through J-14, J-17, and J-19), and seven from the northwest corner of the room (Items J-21, J-24 through J-26, and J-41 through J-43). Two apparent lead fragments were collected from the room (Items J-18 and J-35). A total of eleven .40 caliber cartridge casings were collected from the northwest corner of the room (Items J-20, J-22, J-23 and J-27 through J-34).

A Glock Model 22 .40 caliber handgun bearing serial number ECM635US was collected from the south side of the northeast central lab bench (Item J-15). The action had been locked open and the gun was covered with apparent blood.

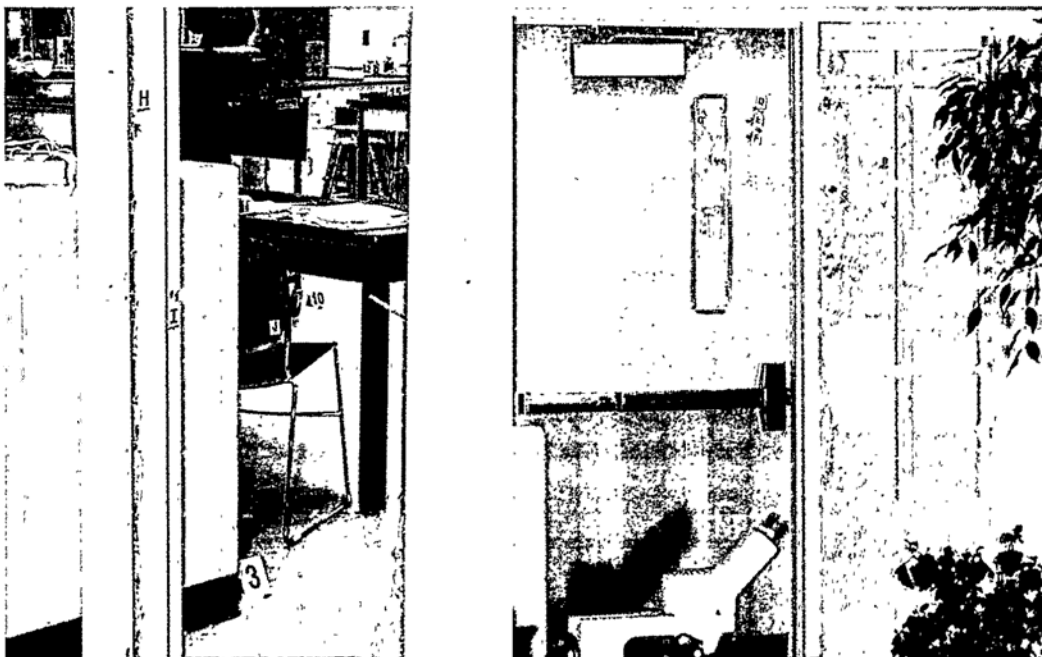

An apparent bloodstain consistent with having been deposited by contact with a bloody object was noted on the inside of the southeast door to Area J. Swabs were collected from this stain (Item J-1). Swabs from apparent dripping bloodstains were collected from a stool in the center part of the room (Item J-16), from the floor between the middle lab benches (Item J-36), from the floor between the two western most lab benches (Item J-37), from the north end of the western-most lab bench (Item J-38), and from the floor near the door to Area I (Item J-39). One apparent bloodstain consistent with spatter was collected from the door frame to Area I (Item J-40). Presumptive testing was performed on all the above samples, indicating the presence of blood.

The glass adjacent to the southeast door was almost completely shattered, with the majority of the glass inside the room. Apparent bullet strikes were noted on the southeast door frame. The strikes were designated with the letters H and I and were documented with photography. Presumptive testing indicated the presence of lead in an apparent bullet hole located near the top of a plant vase in front of the southeast door. This bullet hole was labeled with the letter K. Presumptive testing also indicated the presence of lead on an apparent bullet hole noted in the back of a chair located at the table nearest the southeast door. The paper documents at the table in

b3
b6
b7C

front of this chair contained the name [REDACTED] The hole in the chair was labeled with the letter J. Presumptive testing also indicated the presence of lead on an apparent bullet strike in the leg of a projector stand located near the middle of the room. This apparent bullet strike was labeled with the letter M.

A total of seven apparent bullet holes were noted in the door and adjacent window in the southwest corner of the room. No presumptive testing was performed on these holes, but they were labeled with the letters A – G and their locations were documented.

The door leading to Area I, in the northwest corner of the room showed an apparent bullet strike(s) around the door latch. No presumptive testing for lead was performed, however, a copper jacket fragment was removed

from the damaged area (Item J-41). The apparent bullet strike was labeled with the letter L and its location was documented.

Location: Area H

Items collected	Description	Collected by:
Item H-1	Swab(s) of apparent blood from the handle of the door to Area I	
Item H-2	Swab(s) of apparent blood from the door to Area I	
Item H-3	Swab(s) of apparent blood from the door to Area I	
Item H-4	Swab(s) of apparent blood from the counter top of the northeast lab bench	
Item H-5	Swab(s) of apparent blood from the counter top of the central northeast lab bench	
Item H-6	Swab(s) of apparent blood from the counter top of the central northeast lab bench	
Item H-7	Swab(s) of apparent blood from the floor near the center of Area H	
Item H-8	Swab(s) of apparent blood from the counter top of the central lab bench	
Item H-9	Swab(s) of apparent blood from the floor from the west central area of Area H	
Item H-10	Swab(s) of apparent blood from the top of a table near the southwest corner of Area H	
Item H-11	Swab(s) of apparent blood from the floor in the southwest corner of Area H	
Item H-12	Swab(s) of apparent blood from the floor in the southwest corner of Area H	
Item H-13	Swab(s) of apparent blood from the half-wall in the southwest corner of Area H	
Item H-14	Swab(s) of apparent blood from the door in the southwest corner of Area H	
Item H-15	Swab(s) of apparent blood from the eraser deck of the white board on the north wall of Area H	
Item H-16	Swab(s) of apparent blood from the floor in the southwest corner of Area H	
Item H-17	Swab(s) of apparent blood from the floor in the southwest corner of Area H	

b6
b7C

Observations/Conclusions: Area H, the western most science classroom, was almost identical to Area J. A door leading to Area I was located in the northeast corner of the room. There were also two exits into the hall (Area G) in each corner of the south side of the room. The lab stools in this room were placed upside down on the lab benches. No physical evidence associated with gunshots was seen in Area H.

A total of seventeen apparent bloodstains were collected from Area H. Presumptive tests were performed on all stains that were collected, indicating the presence of blood. Apparent bloodstains consistent with having been deposited by contact with a bloody object were collected from the door leading to area I (Items H-1 – H-3) and the southwest door of the room (Item H-14). Apparent bloodstains consistent with having been deposited by contact with a bloody object were also collected from the tops of the two lab benches in the northeast corner of the room (Items H-4 – H-6), the center lab bench (Item H-8), a table near the southwest corner (Item H-10), the top of a half-wall in the southwest corner (Item H-13), and the eraser deck of the white board on the north wall (Item H-15).

Apparent bloodstains consistent with dripping blood were collected from the floor in the central (Item H-7) and west central (Item H-9) portion of the room, and also from the floor in the southwest corner of the room (Items H-11, H-12, H-16 and H-17).

Location: Area I		
Items Collected:	Description:	Collected by:
Item I-1	Swab(s) of apparent blood from the floor toward the west side of Area I	
Item I-2	Swab(s) of apparent blood from the floor near the west door of Area I	
Item I-3	Swab(s) of apparent blood from the west wall of Area I	
Item I-4	Apparent lead fragments from the floor toward the east side of Area I	
Observations/Conclusions: Area I was a small room used as office space and a storage area. The room had two doors, one in the southeast corner which led into Area J and the other in the southwest corner which led into Area H. The inside of the door leading to Area J had a bulge in the inside of it which roughly corresponded to the apparent bullet strike L noted in Area J. The bulge was labeled with the letter A and its location was documented. There were several small lead fragments on the floor in the east side of the room that were collected as Item I-4. Apparent bloodstains consistent with having been deposited by contact with a bloody object were collected from the west central part of the floor (Item I-1) and the west wall (Item I-3). An apparent dripping bloodstain was collected from the floor near the southwest door leading to Area H (Item I-2). Presumptive testing indicated the presence of blood on these items.

Distribution of Evidence: All evidence collected from Areas C, G, H, I and J were turned over to F.B.I. Special Agent [redacted]

Items 50 – 86 were subsequently submitted to the BCA Laboratory for testing. At the time of this report, all requested examinations have been completed.

I hereby certify that the above report is true and accurate.

Synopsis: Delay in return of search warrant.

Details: The purpose of this Electronic Communication is to report a delay in the return of a search warrant requesting account information from Internet Service Provider (ISP) Paul Bunyan Net, Suite 210, 1831 Anne St. NW, Bemidji, Minnesota, 56601.

On May 18, 2005, a search warrant was served to Paul Bunyan Net via facsimile requesting ISP information associated with the account held by [redacted] Paul Bunyan Net responded with requested information in the format of a CD-ROM via Federal Express shipping on May 27, 2005. The CD-ROM was checked in to evidence on May 27, 2005.

Due to a mistake in personal filing, the original search warrant was misplaced and soon became temporarily forgotten.

On the late afternoon of Friday, July 15, 2005, AUSA [redacted] contacted SA [redacted] and left a message on phone mail indicating that he had been contacted by the office of the magistrate who signed the search warrant and told that it had not yet been returned.

On the morning of Monday, July 18, 2005, SA [redacted] retrieved the voice mail from AUSA [redacted] Upon checking his personal files, SA [redacted] found the search warrant in question and immediately phoned AUSA [redacted] AUSA [redacted] advised

that the search warrant should be returned immediately. He also indicated that even though it had not been returned promptly, there was no possibility that the information obtained by the search warrant would be suppressed.

SA [redacted] next contacted the office of the magistrate who originally signed the search warrant and explained the situation. SA [redacted] was told that it would not be a problem and to just return the search warrant to the duty magistrate of the month.

b6
b7C

At 11:30 AM on the same morning of July 15, 2005, SA [redacted] returned the search warrant to the office of the duty magistrate. At that time, the duty magistrate asked for an explanation of why it was being returned so late. SA [redacted] explained that he misplaced it in his files and had assumed that he had already returned it. The duty magistrate did not indicate that this was a problem and signed the return.

The item listed below was submitted under cover of communication dated June 29, 2005, assigned Laboratory number 050708017, and examined in the Latent Print Operations Unit:

K47 Fingerprints and palm prints from MICHELLE SIGANA

This report supplements FBI Laboratory report numbers 050404011 KS FH, 050606012 KS FH, 050609020 KS FH and 050622005 KS FH dated July 12, 2005. This report contains the results of the latent print examinations.

Results of Examinations:

Twenty-two latent fingerprints and one latent impression, which is either a fingerprint or a palm print, of value are present or were developed on Q12, Q13, Q15, Q18, Q19, Q25, Q26, Q52 and Q63. No latent prints of value were detected on the remaining items.

Nine latent fingerprints have been identified as fingerprints of JEFFREY JAMES WEISE on the following items:

Four on Q12, diet PEPSI can

One on Q25, American Eagle Ridge ammunition box

One on Q26, clear plastic holder

One on Q52, clear plastic holder

Two on Q63, Federal Classic Rifle ammunition box

Eight latent fingerprints and the latent impression were compared, insofar as possible with the available fingerprints of WEISE, but no identification was effected.

The remaining latent fingerprints are not the fingerprints of WEISE.

Two latent fingerprints and the latent impression were compared, insofar as possible with the available fingerprints of [REDACTED] and MICHELLE SIGANA, but no identification was effected.

The remaining latent fingerprints are not the fingerprints of [REDACTED] or SIGANA.

b3
b6
b7C

Remarks:

Major cases prints of WEISE, [REDACTED] and SIGANA are needed for conclusive comparisons.

This report concludes the examinations conducted by the FBI Laboratory.

The items, along with photographs of the latent prints are being returned under separate cover.

Synopsis: Request reimbursement for materials for case presentation by SAC Tabman and US Attorney Heffelfinger.

Details: In connection with the case presentation made by SAC Tabman and US Attorney Heffelfinger in Bemidji on 1/30/2006 to the victim's families and on 1/31/2006 in Red Lake to the Red Lake Tribal Council, SA [redacted] was tasked to produce a chart depicting the progress of the shooter, Jeffrey James Weise, on 03/21/2005.

The above necessitated the purchase of certain materials from Office Max, to include graphic materials and the mounting on foam board of a school diagram. The cost of the materials, after return of unnecessary materials, was [redacted]. Original receipts are attached along with an FD-794. Writer has not claimed the Minnesota sales tax reflected on the attached receipts.

Attention: [REDACTED]

Assistant United States Attorney

RE: Red Lake Police Department/Beltrami
County Law Enforcement Center Dispatch
Activity, March 21, 2005

b6
b7C

Dear Mr. Heffelfinger:

Recently, Assistant United States Attorney (AUSA) [REDACTED] of your office contacted Special Agent (SA) [REDACTED] of the Bemidji Resident Agency to resolve a issue surrounding the shootings of March 21, 2005. This issue was raised during the presentation you and I gave to the Red Lake Tribal Council on January 31, 2006 and involved an allegation to the effect that the Beltrami County Law Enforcement Dispatch Center (BCLEDC) did not promptly advise the Red Lake Police Department (RLPD) that a shooting was in progress at the Red Lake High School (RLHS).

SA [REDACTED] upon request by AUSA [REDACTED] undertook a study of this issue. This office is in possession of dispatch recordings from both the RLPD and BCLEDC as well as written transcripts from same. Additionally, SA [REDACTED] has been in contact with the supervisor of the BCLEDC to clarify some details.

One important factor which must be taken into consideration in any study of this question is that the RLPD time stamp for its recording system was off by at least an hour, recording the first 911 call involving the shootings at the RLHS at 3:58.01 pm (all calls times were originally recorded in 24 hour time format but are changed to 12 hour civilian format for this letter's purposes), at least an hour later than the actual time. In fact, the RLPD's electronic time stamp is even

2-Addressee

1-Minneapolis (198A-MP-66145)-143

JPE:jpe (3)

JPE04103. Hr

different from the RLPD's own computerized log, which reflects the first 911 call as 2:55 pm.

As you may be aware, 911 calls made on hard lines within the reservation are routed to the RLPD, while cellular 911 calls are routed to the BCLEDC.

The following sequence is taken from Red Lake dispatch records, but the times have been converted to reflect the correct hour; minutes have not been altered:

TIME	SPEAKER	TRANSCRIPT
2:57:38	Unknown caller	Unanswered 911 call at RLPD
2:58:01	RLPD Dispatcher [redacted]	911.
	[redacted]	This is the high school. Could you send officers up here, they're shooting here at the high school.
	RLPD Dsp. [redacted]	At the high school?
	[redacted]	Yes. At the Red Lake Senior High School.
	RLPD Dsp. [redacted]	Okay
2:58.21	[redacted]	Thank you. (hangs up)
2:58.47	RLPD Dsp. [redacted]	840, Red Lake 5. 840 all units, Code fours (gunshots) at the Red Lake High School
2.59.02 (Red Lake)	Beltrami County LEC Dispatcher [redacted] Unknown female 911 caller	Over. (Transfers unknown female cellular caller from BCLEDC to Red Lake) Female states: Someone is down at the front door.
	BCLEDC Dsp. [redacted]	Somebody is down at the front door?
	Unknown female	I think it's a security guard.
	BCLEDC Dsp. [redacted]	A security guard that's down?

b6
b7C

	Unknown female	I think so, I am not sure, we can't tell.
	BCLEDC Dsp. [redacted]	Is everybody okay in your classroom, ma'am? Are you in the classroom?
	Unknown female	No, I'm in the main office.
	BCLEDC Dsp. [redacted]	You're in the office?
	Unknown female	Yes.
	BCLEDC Dsp. [redacted]	Can you lock the doors where you're at?
	Unknown female	No, we're locked in the back office.
	BCLEDC Dsp. [redacted]	You're locked in the back office?
	Unknown female	Yes.
	BCLEDC Dsp. [redacted]	Okay, I want you to stay there and stay locked in, okay? <u>I'm still trying to get Red Lake to answer.</u> Can you stay with me?
	Unknown female	Yes.
2:59.50	BCLEDC Dsp. [redacted]	Okay, hold on.
2:59.54	RLPD Sgt. [redacted] [redacted]	(Radio traffic) 5, 840, we're 10/8. Ninety dollar tow fee, copied traffic.
	RLPD Dsp. [redacted]	840, Red Lake 5, did you copy traffic?
	RLPD Sgt. [redacted] [redacted]	10/4, Circle Pines, heading that way.
	RLPD Dsp. [redacted]	They also reported somebody is down in the front.
	RLPD Sgt. [redacted] [redacted]	10/4
	RLPD Officer [redacted]	(Radio traffic) 135 and 36 copies.
2:59.51	BCLEDC Dsp. [redacted]	Ma'am?
	Unknown female	Yes

b6
b7C

	BCLEDC Dsp. [REDACTED]	Are you okay now?
--	---------------------------	-------------------

The bolded portion reflects the first BCLEDC contact, a voice-over transfer that is reflected on the Red Lake Dispatch logs. It is notable that even when this call was transferred, there had been no dispatcher to dispatcher contact between the two agencies despite Beltrami County's efforts and that Beltrami County was receiving multiple calls, necessitating the calling in of additional personnel to handle call volume.

The first call to Beltrami County, a cellular 911 call from a RLHS [REDACTED] (possibly [REDACTED]) came in at 2:41.23 pm by Beltrami County's records. A review of both the recording and written transcripts from Beltrami County show that immediately upon receiving the first 911 cellular call from RLHS, the dispatcher on duty, [REDACTED] attempted to contact RLPD while keeping the caller on the line and relaying safety instructions as proper procedure called for, but the RLPD phone rang unanswered, probably the first unanswered call reflected in the RLPD transcript. The calm professionalism of Dispatcher [REDACTED] is immediately evident in the Beltrami recordings. The RLPD dispatch center, which had only one dispatcher on duty at the time the first call to RLPD came in, was already overwhelmed.

The following is that first call that was logged to BCLEDC:

TIME	SPEAKER	TRANSCRIPT
2:41.23	BCLEDC Dsp. [REDACTED]	Emergency 911
	Unknown female caller	Hi. We are at Red Lake Senior High School.
	BCLEDC Dsp. [REDACTED]	Red Lake? Okay, let me get you to Red Lake. Stay with me, okay? (busy signal heard in the background)
	Unknown female	Okay.
	BCLEDC Dsp. [REDACTED]	What is going on up there, ma'am?
	Unknown female	Inaudible

b6
b7C

	BCLEDC Dsp. [REDACTED]	To caller: Hold on, stay with me, okay. Hold on. To another BCLEDC dispatcher: Is this Red Lake? I have Red Lake. Something going on at the school. Dialing, phone rings unanswered. To caller: Ma'am, can you tell me what is going on up there?
	Unknown female	There is real loud banging noises like gunshots going off here.
	BCLEDC Dsp. [REDACTED]	To caller: Okay, okay, I'm trying to get Red Lake to answer the phone here. To another BCLEDC dispatcher: I can't get Red Lake to answer. Can you pick up the phone and call Red Lake and tell them to answer 911 for me please. To caller: Do you know where it is at in the school, ma'am? (Ringing continues)
	Unknown female	By the front door by the main...
	BCLEDC Dsp. [REDACTED]	By the front doors? (Ringing continues)
	Unknown female	(inaudible) the whole building really. (RLPD phone ringing stops.)
	BCLEDC Dsp. [REDACTED]	Shots all over?
	Unknown female	Someone is down at the front doors.

b6
b7C

The BCLEDC continued to attempt contact phone and radio contact with RLPD without success for approximately six minutes. In that time period, BCLEDC received a total of eight 911 calls from people at or near the RLHS, and had three professional dispatchers on duty and were already summoning additional personnel. Again, the attempts to contact an inundated RLPD are clearly depicted in the Beltrami recordings but the RLPD's own dispatch records reflect that the RLPD dispatcher was using information from the routed, bolded Beltrami voice-over call to inform responding RLPD officers of the situation, so even without

the dispatcher-to-dispatcher contact it was clear that RLPD was monitoring the Beltrami voice-over.

Using the two respective agencies' timestamp for the bolded call, and even adjusting the Red Lake calls to reflect the proper hour, it can be deducted that there was an approximate 16 minute discrepancy between the time stamps of the two agencies' dispatch recording system. By this calculation, Beltrami County received the first 911 call from the school at the time Red Lake recorded as 2:57 pm, almost simultaneously with the first call received by RLPD.

It is evident from these calculations that the allegation levied against Beltrami County of not immediately informing Red Lake of the first 911 call is false.

The Beltrami County dispatch center continued to log calls and radio traffic as well as providing communications, logistics and coordinating multi-jurisdiction law enforcement and medical response throughout the afternoon and evening. The Beltrami County dispatch center, in addition to the normal communications workload throughout the county, logged over 400 calls and radio traffic communications directly related to the Red Lake tragedy in the following six hours. The [redacted] who also holds the position of [redacted] was instrumental in coordinating the immediate and long-term response to the situation to include activating the Beltrami County emergency response plan involving air ambulances and area hospitals.

The role of the Beltrami County Law Enforcement Dispatch Center, so admirably exemplified by the performance of Ms. [redacted] Ms. [redacted] and the other team members, in the stabilization of this terrible crisis cannot be overstated and was so outstanding that this office has nominated the dispatch center's entire team for an FBI Meritorious Achievement award.

I trust that this information will assist you in responding to these unfair and inaccurate allegations. Should you have any questions or comments regarding this issue, please contact SA [redacted]

Dear 

The Federal Bureau of Investigation (FBI) is in possession of the above-described firearms.

You are hereby advised that you have thirty (30) days from the date postmarked on this letter to claim the above-described firearms. If the property is not claimed by this date, title to the property will vest in the United States, in accordance with Title 41, Code of Federal Regulations (C.F.R.), Section 128-48.102-1.

b6
b7C

You may claim the property by contacting the FBI, Attention: Abandonment/Forfeiture Unit, 111 Washington Avenue South, Suite 1100, Minneapolis, Minnesota, 55401. The claim (form is enclosed) must be in writing, sworn, and pursuant to 41 C.F.R. Section 128-48.503, must be supported by documentary evidence establishing your claim, good faith interest in the property, and execution of the enclosed FBI Indemnity Agreement. Upon receipt of the claim and indemnity agreement, the FBI will conduct an investigation into the merits of the claim and advise you as to the results. This will be the only notice you will receive concerning the above-described firearms.

Title: Jeffrey James Weise (Deceased);
[REDACTED] (Juvenile);
[REDACTED] (Juvenile);
Mass Homicide, Red Lake Indian
Reservation, 03/21/2006;
IC - Homicide, Conspiracy

Synopsis: Request closing of matter and all subfiles.

Reference: 198A-MP-66145 Serial 145

Details: In March of 2006, SAC Tabman, CDC Loven and writer gave a presentation to the new US Attorney, Rachael K. Paulose regarding the known facts which supported prosecution of [REDACTED] with a violation of the juvenile delinquency code (Title 18, United States Code, Section 5032) in connection with the March 21, 2005 shootings in Red Lake. Writer believes it important to document the information was presented at that time, which is as follows:

During the course of the investigation, it was determined that Jeffrey James Weise's inner circle, informally identified as the "Darkers" or "Goth" group, included, among others, [REDACTED]

[REDACTED] was interviewed on March 22, 2005 and made, among others the following statements: He was in his [REDACTED] when the shooting started at RLHS, [REDACTED]

Re: 198A-MP-66145, 08/28/2006

a fictionalized version of the 1999 massacre at the Columbine High School in Littleton, Colorado.

Multiple statements were obtained through interviews of Weise's friends, family and other individuals that documented a close relationship between Weise, [REDACTED]
[REDACTED]

Through forensic examination of Weise's computer, logs of Instant Messaging text between Weise and others were recovered [REDACTED]

[REDACTED] A sampling, not necessarily all-inclusive, of those chat messages that referred to [REDACTED] name (identified only as [REDACTED] but known from context and subsequent investigation to refer to [REDACTED] follows:

In an instant message conversation on December 19, 2004 with fellow student [REDACTED] Weise writes [REDACTED]
[REDACTED]
[REDACTED]

On January 3, 2005, Weise again in an instant message exchange with [REDACTED] writes: "[REDACTED]
[REDACTED]
[REDACTED]

On February 9, 2005, Weise and [REDACTED] were instant messaging each other. The exchange started when [REDACTED]
[REDACTED]

On February 11, 2005, Weise and [REDACTED] were instant messaging each other about the movie Elephant. The topic then turned to [REDACTED]
[REDACTED]

On February 19, 2005, Weise and [REDACTED] instant messaging regarding [REDACTED]
[REDACTED]

b3
b6
b7C

To: Minneapolis From: Minneapolis
Re: 198A-MP-66145, 08/28/2006

[REDACTED]

[REDACTED] On March 2, 2005, an exchange between Weise and [REDACTED]
[REDACTED] occurred in which Weise mentioned the need for [REDACTED]
[REDACTED]

Again, the substance of this exchange was clearly about committing a school massacre.

Weise's own journal entries for February, 2005 are illuminating regarding his own perception of [REDACTED] and corroborate information obtained from interviews and computer forensic examination.

Weise's journal entry for February 11, 2005, which indicates that he had [REDACTED]
[REDACTED]

[REDACTED] This entry is obviously prior to, but appears to be related to the instant message exchange between Weise [REDACTED]
[REDACTED] on February 11, 2005. It also corresponds to information obtained from interviews of [REDACTED]
[REDACTED]

b3
b6
b7C
b7D

On February 22, 2005, Weise made a journal entry in which he writes: [REDACTED]
[REDACTED] I still feel a dampness on my conscience. It's already all planned out, in my head. I've played the scenes over and over. An orchestra of thundering steel and desperate screams...."

In the last, undated, journal entries, Weise writes that [REDACTED]
[REDACTED]

Interviews with associates and teachers of [REDACTED]
[REDACTED]

To: Minneapolis From: Minneapolis
Re: 198A-MP-66145, 08/28/2006

[REDACTED]

On March 29, 2005, family members of Weise turned over to law enforcement a map of the Red Lake High School. The map was a copy of a schematic of the school found in the RLHS Student Handbook. However, drawn on the map were various notations including "sniping spots," a "kill zone," and "P.O.T." which are believed to refer to "Path of Travel" for [REDACTED]. The additions make the document into what only can be described as an assault plan for [REDACTED] intent on assaulting the school.

This document was submitted to the FBI Forensic Laboratory, [REDACTED]

[REDACTED]

A drawing found in another Weise journal depicts [REDACTED] committing a school massacre. While the exact interpretation of this sketch was certainly open to question, even a casual view indicates [REDACTED] depicted resemble Weise, [REDACTED]. Interestingly, [REDACTED]

[REDACTED]

The character which resembled Weise depicted him holding a short-barreled shotgun, a AR-15-type rifle and wearing a law enforcement duty belt, all equipment that Weise had taken from his grandfather, Sergeant Daryl "Dash" Lussier and used during the actual shooting (with the exception of the rifle, actually an M-4 rifle which had jammed while Weise was loading it and had been abandoned by Weise before going to Red Lake High School. Further review of the drawing reveals that the background accurately depicted the entrance to the Red Lake High School, including the front doors, metal detectors, the desk used by the high school security guards and even depicted [REDACTED]

[REDACTED]

On March 27, 2005, [REDACTED] was interviewed by the FBI. In that interview, [REDACTED] advised that there

CERTIFIED RETURN RECEIPT

Name
Address

RE: [Property Description]
Abandonment Case Number: [Number]

Dear [Name]:

On [date of seizure], the Federal Bureau of Investigation (FBI) seized the above-referenced property.

(OR - IF DATE UNKNOWN

The Federal Bureau of Investigation is in possession of the above-referenced property.)

You are hereby advised that you have thirty (30) days from the date postmarked on this letter to claim the above-described property. If the property is not claimed by this date, title to the property will vest in the United States in accordance with Title 41, Code of Federal Regulations (C.F.R.), Section 128-48.102-1.

To claim the property, you must submit a written claim, sworn under penalty of perjury, to [name][address of field office or resident agency], telephone number [number]. Pursuant to 41 C.F.R. Section 128-48.503, the claim must include a statement of facts and circumstances that justify granting the claim. Additionally, the claim must be supported by documentary evidence establishing your valid, good faith interest in the property. Upon receipt of the claim, the FBI will conduct an investigation into the merits of the claim. **Be advised that federal law prohibits anyone convicted of a felony from possessing a firearm.** See Title 18, United States Code, Section 922. Furthermore, no firearm will be returned without documentary proof of ownership. This will be the only notice you receive concerning this property.

Sincerely,

[Name and title of SAC]

ABANDONMENT CLAIM FORM

Name: [REDACTED]

Address: [REDACTED]

Telephone Number: [REDACTED]

Part I

List the items in which you are claiming an interest. Include sufficient information to identify the items, such as serial numbers, make and model numbers, tail number, photographs if available, etc. Additional space is available on the back of the form. You may attach additional sheets of paper if more space is needed.

1. Savage model IIT .30-06 caliber Rifle SN 6273477
2. New England 20 gauge Shotgun SN NH425515
3. Remington model 7400 .308 caliber Rifle w/case SN 382782
4. Was there a fourth gun also?
5. [REDACTED]

Part II

State your interest, if possible provide documentary evidence supporting the claim.

b6

b7C

Property belongs to [REDACTED] Daryl A. Lussier Sr.
and was part of an investigation that is over.
Please return property to [REDACTED]
[REDACTED] Daryl Lussier's estate.
This property is now to be given to [REDACTED]

Part III

The claim must be made under oath, subject to penalty of perjury. A frivolous claim may subject the claimant to a civil fine equal to ten (10) percent of the value of the property but in no event shall the fine be more than \$250 greater than \$5,000.00

RE: Firearms

Dear [Redacted]

The Federal Bureau of Investigation (FBI) sent you a letter dated October 5, 2006, requesting that you provide the names of the individuals to whom the firearms will be turned over to you, pursuant to Title 18, United States Code, Section 992. Please be advised the correct Statute is Title 18, United States Code, Section 922, (see enclosed copy).

If you intend to keep these firearms, you will not need to provide the FBI with the names and dates of birth of any other individuals. However, you need to make your intentions known to the FBI in writing.

RE: Browning BAR II .30-06 Caliber Rifle
SN:107NW21929

Dear 

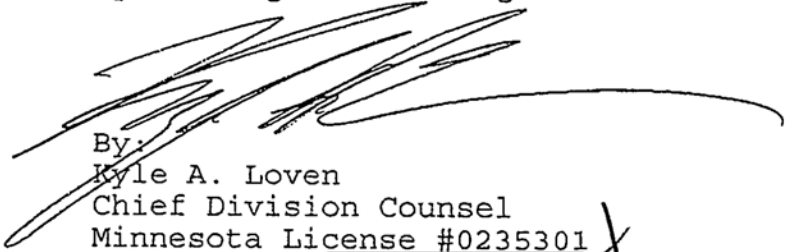

The Federal Bureau of Investigation (FBI) sent you a letter dated August 18, 2006, advising you that the above-described firearm may be claimed. It appears from the United States Postal Service, "Domestic Return Receipt" that you received and signed for the letter. However, the FBI has not received any response from you. The FBI will now move to have the weapon processed as abandoned property.

If you have any questions or require further assistance or clarification, please contact the FBI, Asset Forfeiture Investigator (AFI)  at the above address or by telephone at

Synopsis: Return of firearms.

Enclosure(s): NCIC criminal history printouts and original
"Federal Bureau of Investigation Indemnity Agreement."

Details: On September 22, 2006, [redacted] executed a
"Federal Bureau of Investigation Indemnity Agreement." [redacted]
[redacted] inquired on the indemnity agreement if there was a fourth
firearm and also indicated that she would be turning over the
below listed firearms to [redacted] Asset
Forfeiture Investigator (AFI) [redacted] was only advised as to the
return of the below listed firearms by SA [redacted] and was not
aware of a fourth firearm.

- One (1) Savage Model III, .30-06 caliber rifle,
SN: G273477;
- One (1) New England Firearms Pardner Model S8
20 gauge shotgun, SN: NH425515;
- One (1) Remington Model 7400 .308 caliber rifle,
SN: 3827826, with soft case

In response to the indemnity agreement, [redacted] was
requested to provide the names and dates of birth of the
individuals to whom the firearms were being submitted in order to
conduct criminal history inquiries utilizing NCIC. Pursuant to
federal law, no firearm may be returned to an individual who
possesses a felony conviction (See Title 18, United States Code,
Section 922).

K32 Buccal swabs from (1B319)

K33 Liquid blood sample from JEFFREY WEISE (1B332, E03798985)

K38 Liquid blood sample from DARRYL LUSSIER (1B338, E03798991)

K43 Liquid blood sample from MICHELLE SIGANA (1B339, E03798992)

This report contains the results of the nuclear DNA analyses.

Results of Examination:

Deoxyribonucleic acid (DNA) isolated from specimens Q76/Q77 (specimens combined for analysis), Q78/Q79, Q80/Q81, Q82, Q83, Q85, Q86, Q88, Q89, K32, K33, K38, and K43 was subjected to DNA typing by the polymerase chain reaction (PCR) at the amelogenin sex typing locus, the nine (9) short tandem repeat (STR) loci of the AmpF ℓ STR $\circledR$ Profiler PlusTM *ID* and, where appropriate, the six (6) STR loci of the AmpF ℓ STR $\circledR$ COfilerTM PCR Amplification Kits.¹

Based on the amelogenin typing results, male DNA was detected in specimens Q76/Q77, Q80/Q81, Q82, Q83, Q85, Q86, K32 [REDACTED] K33 (WEISE), and K38 (DARRYL LUSSIER); female DNA was detected in specimens Q78/Q79, Q88, Q89, and K43 (SIGANA).

Based on the STR typing results², K33 (WEISE) is included as a potential contributor to the DNA obtained from specimen Q76/Q77. The probability of selecting an unrelated individual at random from a general population who could be a potential contributor to the DNA detected in specimen Q76/Q77 is approximately 1 in 130 trillion from the African American population, 1 in 160 trillion from the Caucasian population, 1 in 15 trillion from the Southeastern Hispanic population, 1 in 14 trillion from the Southwestern Hispanic population, 1 in 46 trillion from the Apache population, 1 in 300 billion from the Minnesota Native American population, and 1 in 130 trillion from the Navajo population. K32 [REDACTED] K38 (DARRYL LUSSIER), and K43 (SIGANA) are excluded as contributors to the DNA obtained from specimen Q76/Q77.

b3
b6
b7C

Based on the STR typing results, K32 [REDACTED] K33 (WEISE), K38 (DARRYL LUSSIER), and K43 (SIGANA) are excluded as contributors to the DNA obtained from specimens Q78/Q79 and Q80/Q81. It is noted that the typing results obtained from specimen Q78/Q79 do not match the typing results obtained from specimen Q80/Q81.

No STR typing results unlike K43 (SIGANA) were obtained from specimens Q88 and Q89.

Based on the STR typing results, K32 [REDACTED] K38 (DARRYL LUSSIER), and K43 (SIGANA) are excluded as contributors to the DNA obtained from specimens Q82 and Q83. It is noted that the typing results obtained from specimen Q82 are consistent with the typing results obtained from specimen Q83.

No STR typing results unlike K38 (DARRYL LUSSIER) were obtained from specimens Q85 and Q86.

No other nuclear DNA examinations were conducted.

¹ The AmpFtSTR® Profiler Plus™ ID PCR Amplification Kit includes the loci D3S1358, vWA, FGA, D8S1179, D21S11, D18S51, D5S818, D13S317, and D7S820. The AmpFtSTR® COfiler™ PCR Amplification Kit includes the loci D3S1358, D16S539, TH01, TPOX, CSF1PO, and D7S820. Due to the differences in sample condition and quantity, amplification may not be attempted using both kits.

² Not all loci at which amplification is attempted will yield conclusive results; a statistical estimate has been based on loci with conclusive typing results.

Remarks:

The results of additional FBI Laboratory examinations are the subjects of separate reports. Upon completion of all the requested examinations, the submitted items will be returned to you under separate cover. In addition to the evidence in the case, any remaining processed DNA from specimens examined by DNA analysis will also be returned to you. The processed DNA can be found in a package marked PROCESSED DNA SAMPLES: SHOULD BE REFRIGERATED/FROZEN. It is recommended that these samples be stored in a refrigerator/freezer and isolated from evidence that has not been examined.

UPPER MISSISSIPPI
Mental Health Center, Inc.

May 2, 2007

Agent [redacted]

[redacted]
Bemidji, MN 56619-1461

Dear Agent [redacted]

I am writing this letter as a follow up to our recent phone conversation regarding the Red Lake High School shooting on March 21st, 2005. I have been the therapist/facilitator of a Trauma Recovery Group for the past year through my position at Upper Mississippi Mental Health Center here in Bemidji. Participants in the group were all teachers at the Red Lake High School during the school shooting and all have been diagnosed with Posttraumatic Stress Disorder as a result of the shooting and subsequent traumatic events connected to this tragic incident.

In addition to providing support and validation to its members, several psychotherapy techniques are utilized in this Trauma Recovery Program. These techniques include anxiety management techniques, cognitive therapy, psychoeducation and exposure therapy. Exposure therapy is helping someone confront specific situations, people, objects, memories or emotions that have become associated with a stressor or traumatic event. Repeated exposure allows excessive fear to dissipate and one can eventually recount the traumatic memories without high levels of distress.

b6
b7C

Many of the Trauma Recovery Group members are at a point where exposure therapy would be tolerated well and would be very useful in regards to recovery. I would like to invite you as the Lead Agent for this case to attend our group, present the facts of the case along with any visual representations of the setting for the school shootings that could be made available. It is clearly my desire and the desire of each group member to respect the privacy of the victims and their families. As survivors of this horrific tragedy, however, there is a felt need to have the opportunity to review and clarify the events of that day in a way that aids recovery. It would be very useful to connect the facts of the case with the recollections and memories to provide a framework for utilizing the technique of exposure therapy in the best mode possible.

I believe your insight would be very valuable and appreciated and would like to invite you to attend our group on June 5th or June 19th at Upper Mississippi Mental Health Center (722 - 15th Street, Bemidji, MN) from 4:30 to 6:00 p.m. Please let me know of your availability and I appreciate your consideration of this request. I can be reached at [redacted] and do have confidential voicemail.

Sincerely,
[redacted]

Re: Case Number: 198A-MP-66145

Dear [REDACTED]

You have requested to receive notifications for Daryl Lussier.

This letter is to provide you with updates to the case by which you were previously referred to the FBI's

Victim Assistance Program. At this time, the Federal Bureau of Investigation has closed its investigation in the

above referenced case. The decision to close this case does not lessen the important contribution you made

to the investigation. Your assistance and cooperation were greatly appreciated.

Should you have any questions related to this matter, please contact me at [REDACTED] When you

call, please provide the file number located at the top of this letter.

Sincerely,

Ralph S. Boelter

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 03/26/2005

[redacted] a Native American male date of birth [redacted]
[redacted] and
home telephone number [redacted] was contacted in the presence
of his mother, [redacted] at the North Regional Country
Hospital, Bemidji, Minnesota. After being advised of the
identities of Special Agent (SA) [redacted] of the Federal
Bureau of Investigation and SA [redacted] of the Bureau of
Alcohol, Tobacco, Firearms and Explosives and the nature of the
investigation, [redacted] provided the following information:

On 03/21/2005 sometime after 2:14 PM, [redacted] was seated
at a desk [redacted] of the Red Lake High
School when he heard six or seven gunshots. Each gunshot sounded
closer than the previous gunshot. [redacted] was being
taught by Ms. [redacted]

At exactly 3:00 PM, [redacted] observed Jeff Weise in the
hallway through the glass surrounding the doorway of [redacted]
[redacted] Weise was carrying a black hand gun, which [redacted]
initially thought was a paint ball gun. Weise then shot through
the glass. [redacted] immediately started to run towards another room
[redacted] As [redacted] ran, he heard
additional gunshots. [redacted]
[redacted] As he hid in
the other classroom, [redacted]
[redacted] did not witness Weise or
anyone else shoot any other students at the Red Lake High School.

[redacted]
[redacted] believed Weise acted alone in the
shootings at the Red Lake High School and used a 9mm handgun.
[redacted] advised that Weise had interests in Gothic and Nazi
ideologies.

[redacted]
[redacted]
SA [redacted] completed an Authorization for Release of
Patient-Identifiable Health Information (ARPIHI) form for [redacted]

Investigation on 03/21/2005 at Bemidji, Minnesota

[redacted] interviewed at Red Lake Elementary School following a teachers meeting, provided the following information:

[redacted] advised that on the afternoon of 3/21/05 he had [redacted] located in the high school. [redacted] said there were 15 students in his seventh hour class. [redacted] said that middle school [redacted]

[redacted] came to the hallway door and told [redacted] that the school was in lockdown. [redacted] said he realized that something was wrong by the scared look on [redacted] face. [redacted] locked the door and with the assistance of two female teachers, [redacted] who were also in the classroom at the time, got the students to crouch low against the north wall of the classroom against the wall. Shortly thereafter [redacted] heard 1 gunshot which sounded far away. Then about five minutes later [redacted] heard more gunshots that sounded to be closer. [redacted] recalls hearing a succession of 10 shots that sounded like they were on the other side of the wall from where he was. [redacted] thought that if the shooter was going to come into the classroom he would have been the first person shot. [redacted] said that as the shooting was occurring the fire alarm was also going off and he could hear shouting.

[redacted] said that he and the students stayed in the classroom for ten to fifteen minutes after the shooting had stopped. [redacted] unlocked and opened the door and directed them out of the school to the south. [redacted] and his class went outside and then across the street. [redacted] recalls seeing [redacted] help direct students across the street. [redacted] recalls speaking to [redacted] (phonetic) and [redacted]

[redacted] used

[redacted] date of birth [redacted] cellular telephone number, [redacted] at Red Lake Middle School, was interviewed in a classroom at Red Lake Elementary School following a [redacted] was advised of the identities of the interviewing agents and the purpose of the interview. Also present at the time of the interview was Sergeant [redacted] Beltrami County Sheriff's Department. [redacted] provided the following information:

[redacted] was asked to clarify the source of the information regarding a statement he made to Sergeant [redacted] during the evacuation of Red Lake High School on Monday, March 23, 2005. [redacted] said that during the evacuation one of the students said to [redacted] [redacted] said that he remembers telling a "white cop" what he had heard. This person was the police officer present during the interview.

[redacted] called his son, [redacted] last night and asked whether [redacted] had any knowledge of Jeff Weise was planning a school shooting through communications with [redacted] [redacted] said his son had no knowledge beforehand of Weise's intentions. [redacted] said that he has to report any knowledge he has of planned school shootings. [redacted] said he heard from three of four school students following the shooting (as they were crossing the street to get on buses) that Jeff Weise had been planning the school shooting. However, [redacted] advised that he could not recall the identity of the high school students who provided this information during the evacuation. [redacted] said that he was talking with [redacted] when students told him of Jeff Weise's intentions as they evacuated the building. [redacted] let students use his cell phone to call their parents. [redacted] recalls that he was trying to keep calm.

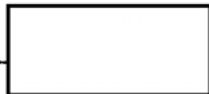

[redacted] is willing to take a polygraph examination regarding his knowledge of whether or not he had knowledge, beforehand, or Weise's plans. [redacted] said that if he had known of Weise's plans he would have thrown up the 'red flag' and filled out a mandatory reporting form and provided it to the school principal or the police. [redacted] to fill out mandatory reporting form for child abuse, sexual abuse and terroristic threats. [redacted] is a

[redacted] date of birth [redacted] a Red Lake High School student, telephone number [redacted] residing with her father, [redacted] in Red Lake MN, was advised of the identity of the interviewing agents and the purpose of the interview. [redacted] interviewed in her driveway, provided the following information:

b3
b6
b7c

[redacted] said that on the afternoon of 3/21/05 she was in [redacted] located in the north section of Red Lake High School. [redacted] teaching the class. [redacted] said that from the classroom window she saw Dash's police car drive up to the front of the building, approximately 45 feet away. [redacted] was not suspicious at the time. [redacted] saw the driver side door open and a 'kid' emerge from the vehicle and run into the building. [redacted] does not recall seeing anything in the driver's hands but the driver was male and was wearing black. Shortly after seeing someone run in the school entrance [redacted] heard gunshots. [redacted] then received a call on her cell phone from her sister [redacted] who told her that she had heard on the police scanner that there was shooting at the high school. [redacted] told the teacher what her sister had told her. A short time later the school fire alarm went off and [redacted] evacuated with her classmates via a door located near the shop class.

[redacted] described Jeff Weise as always angry. Weise did not like to talk to people and admired Hitler. Weise liked to draw. [redacted] said she had seen some of his drawings. One of Weise's friends was [redacted]

[redacted] remembered that last year there was a note on a school computer that someone was going to shoot up the school. [redacted] said that Weise was rumored to be a person suspected of writing the note.

[redacted]
[redacted]
[redacted] was at work at the time of the Red Lake High School shooting incident and was not aware of it until he returned home.

[redacted] and Jeff Weise were [redacted] and Weise spent a lot of time together when young but did not maintain a relationship during the last few years. [redacted] did not have any indication or clue that Weise was planning to harm anyone. Weise never spoke to [redacted] about committing a school shooting.

Weise lived at [redacted] with [redacted] and [redacted]. The house was owned by [redacted] Weise frequently hung around and was friends with [redacted]. [redacted] would visit Weise where Weise lived and [redacted] and Weise would go into Weise's bedroom. [redacted] did not know what [redacted] and Weise did in the bedroom and did not accompany them. Weise watched the movie titled, "Elephant" frequently and [redacted] watched the movie one time with Weise just to see what it was about. Weise did not make comments regarding the movie to [redacted].

Weise and [redacted] frequently had what [redacted] termed as small arguments about "dumb stuff." Approximately one month ago,
