Note:

Demolition of the 1949 High School Wing is contingent upon funding of the 2004 request for high school special education rooms.

This architectural site plan illustrates the layout of a school complex. The plan is divided into several distinct areas. In the upper left, there is a rectangular building labeled 'Existing High School'. To its right is a large, irregularly shaped building labeled '27,000 sf New Construction'. Below the 'Existing High School' is a large, irregularly shaped area labeled 'Demolish South Wing'. In the lower right, there is a large, rectangular building labeled 'Existing Middle School'. The plan also shows various internal spaces, corridors, and a central courtyard area. A dashed line runs vertically through the center of the plan, separating the 'Existing High School' and 'Demolish South Wing' from the '27,000 sf New Construction' and 'Existing Middle School'.
