Sorry Carrie. I was in trial and now out elk hunting. Let me ask Anchorage. Also, I have some info on that Stevens Co case. I'll reach out when I'm back.

Hi Carri and Andrew,

Thanks for letting me come and share information about the Israel Keyes case with you and your staff. Please find attached a document that highlights all the facts (as we understand them) regarding the four Washington State victims. Feel free to pass this to your staff and make copies as need be. If anyone has any thoughts on other investigative leads or ideas, please pass them along.

Thanks

Ted
