SYNOPSIS

On Sunday, June 19, 2011 I received a phone call in regards to three deceased individuals in a residence located at 3B Coral St. in El Rancho, NM.

NARRATIVE

On June 19, 2011, at approximately 7:50 p.m., I, Agent Bryan Waller, was contacted over the phone by New Mexico State Police, Investigation Bureau, Lieutenant Ted Collins (Santa Fe) in reference to a homicide investigation in the community of El Rancho. Lieutenant Collins advised that New Mexico State Police Uniform Officers were on scene along with the Santa Fe County Sheriff's Department and the scene was secured and waiting for the New Mexico State Police Investigations Bureau.

At approximately 10:19 p.m. I arrived on scene located at # 3 B Coral Street in El Rancho, New Mexico. Upon arrival I was briefed by the initial responding officer identified as Michael Mariscal, of the New Mexico State Police Uniform Bureau.

BRIEFING BY OFFICER MARISCAL AT 10:23 p.m.:

Officer Mariscal advised that he was dispatched to #3 Coral Street in El Rancho in reference to three individuals that were shot in the head. Officer Mariscal arrived on scene at approximately 7:26 p.m., and met with the reporting party, Cherie Ortiz-Rios. Ms. Ortiz-Rios is the daughter of Lloyd and Dixie Ortiz. Ms. Ortiz-Rios advised Officer Mariscal that she went to her mother's (Dixie Ortiz) residence and found her mother and father deceased. She then exited the residence and used her husband's cell phone to immediately contact law enforcement. Officer Mariscal advised that he then conducted a security sweep of the residence. While conducting the security sweep, Officer Mariscal observed three deceased bodies in the residence.

At this point I began my preliminary investigation into the incident. For details refer to supplemental report.

NARRATIVE

This supplemental report documents the follow up information in reference to the ongoing triple homicide investigation.

SCENE:

On June 19, 2011, at approximately 11:00p.m., New Mexico State Police Criminal Investigation Crime Scene Manager (Santa Fe) Agent Paul Chavez arrived at 3B Coral Street located in El Rancho, New Mexico. The residence was a stucco brown house with the front door facing east. There were multiple vehicles parked under a carport that was located just south of the residence. The outside of the residence appeared to be very clean and orderly.

Upon entering the residence through the front door and into the living room, the master bedroom to the residence was located just to the left. Inside the master bedroom a deceased female identified as Dixie Ortiz was lying face down on the right side of the bed with a large amount of blood around the region of her head. Exiting the master bedroom and walking through the living room, a deceased male identified as Steven Ortiz, was lying face down in the middle of the kitchen with a large amount of blood on the floor near the region of his head. Upon exiting the kitchen and walking through a small dining room, the back sliding glass door was open and just beyond the porch and to the left was another deceased male identified as Lloyd Ortiz. Mr. Ortiz was lying on his right side, facing in a northerly direction with a large amount of blood in the region of his head. Mr. Ortiz? head region was covered by some small limbs from an evergreen plant. (Refer to Agent Paul chavez? report for details.)

New Mexico State Police Criminal Investigations Bureau (Santa Fe), Agent Kraig Bobnock, drafted and provided Agent Chavez the search warrant signed by First Judicial District Court Judge, Sheri Raphaelson, for the residence. Agent Chavez and the New Mexico State Police Crime Scene Unit documented the scene of the homicide. Refer to their supplemental reports for the details regarding the processing of the scene. For items retrieved from the residence refer to return and inventory document that will be attached to this report.

SEARCH WARRANT:

New Mexico State Police Criminal Investigations Bureau Agent Kraig Bobnock (Santa Fe) was assigned to draft the search warrant for the residence of the Ortiz Family located at 3B Coral Street El Rancho, New Mexico (Attachment # KB-1).

BRIEFING:

During the initial briefing I was notified by Officer Mariscal that Cherie Ortiz-Rios was the individual that found the deceased victims and that she was still at the scene with the rest of her family members. Officer Mariscal also informed me that Cherie placed the 911 call to Santa Fe Regional Dispatch Center. Upon being properly briefed and initial walk through of the crime scene a neighborhood canvas was conducted.

Mexico State Police Investigations Agent Billy Terrazas and Agent Joey Gallegos were assigned to conduct the neighborhood canvas. Please refer to their supplemental reports for details of the neighborhood canvas.

INTERVIEWS:

On Sunday June 19, 2011, at approximately 11:13p.m., I met with Cherie Ortiz-Rios in my assigned New Mexico State Police Unit to conduct a recorded interview with her. The interview was recorded by an audio digital recorder and the following is a synopsis of the interview.

INTERVIEW: CHERIE ORTIZ-RIOS

Cherie identified the deceased victims as her Mother Dixie, Father as Lloyd, and Brother Steven. Cherie started the interview with the last time she physically saw her parents. On the Saturday June 18, 2011 Cherie had a mixed drink and smoked a bowl of Marijuana with her mother around 7:00 p.m. and Lloyd was in and out wondering about the fire in Nambe. Steven had just got home from riding his ATV four wheeler and had locked the gate behind him. Cherie stated that she lives in a mobile home on the same property as the victims along with her husband, Jesse Rios, son Robert Rios, and daughter Catalina Rios.

Cherie said that around 8:30 p.m. she started washing the dogs in the front yard. After washing the dogs Steven yelled out to Cherie about washing the dogs. She took a shower after 8:30 p.m. and a friend came down from Grants and he invited her and Jesse over and on the way to Nambe they bought a 12 pack of beer, but she did not drink because something did not feel right. Cherie did not want to go to the friend?s house in Nambe so they went to the Cities of Gold Casino in Pojoaque. . They left the casino and arrived home at approximately 12:30am. (Refer to Agent Rafael Gomez? report for details.)

Upon getting home, Cherie and Jesse watched a movie and put on a pot of coffee. While watching the movie the dogs started barking like crazy. Jesse put on some clothes, went outside, and got into his truck and drove towards a car that was driving in front of their house. At this point the car had traveled from west to east and parked on the eastside of the house. Supposedly there were some kids driving in the area that had made previous threats to the family because of Cherie?s daughter, Catalina. After Jesse got back home he told Cherie that the car had left the area. They came to an agreement that they would switch sleeping for an hour at a time. A loaded shot gun was kept on the couch and Cherie was not sure where the loaded .38 pistol was kept, but thought it was on the television or next to the couch.

At approximately 7:00 a.m. on June 19, 2011 Cherie and Jesse got out of bed, but she wanted to sleep a little longer. Once they got up, they both had a couple of jobs to do before she started cooking her father?s day gift for her father. Robert had got home from camping in El Rito with his friend. After Robert got home, he walked over to the victim?s house and thought they were sleeping, but thought it was weird because the cars were there and the newspaper had not been picked up.

Cherie decided to finish cooking the enchiladas before she went over there. Cherie finished cooking and she went next door to her parents and noticed that the door handle was not locked, but the dead bolt was locked in which she felt was very strange and that

COPY

something was wrong because her parents always lock both locks on the front door. Cherie noticed that all their cars were there, the paper had not been picked up, and the gate was closed. Cherie walked back over to her house to get the house key from Robert and then walked back over to her parents. Cherie used the key to open the front door, walked in the house and the dogs were running loose which was very unusual because her parents never let the dogs run around while they were home.

Cherie then looked into the bedroom to the left and saw her mother lying in the bed and the first thing she thought of was gas, she walked over to shake her mother, but her whole ?fucking? head was blown. After seeing her mother, Cherie saw what she thought at the time was her dad in the kitchen.

Cherie then ran out of the house yelling for help in which Cherie?s husband, Jesse, ran into her parent?s house and observed Steven deceased in the kitchen and Lloyd was deceased in the backyard. While Jesse was searching the house, Cherie placed the call to 911 using Jesse?s phone.

Cherie went on to describe what Jesse had told her about seeing a silver car that had driven in front of their house earlier in the morning.

Cherie began to explain a previous confrontation that Catalina had with an old friend. The old friend was identified as Mikela. Mikela used to stay the night with Catalina, but she was not following the rules at the house by sneaking out at night. For some reason Mikela was not friends with Catalina anymore even though she was related to Tristen, who used to play softball with Catalina. Somehow Tristen was related or knew some older guys that were making threats towards Catalina. Cherie stated that they drove a brown or purple Impala and Tristen?s brother Zach Atencio drives the Impala and a guy that has a playboy tattoo by his eye. Cherie went on to mentioned Catalina?s boyfriend who was Lucas Baca. Lucas supposedly did not get along with Zach.

Cherie began to disclose information about her mother, Dixie. Dixie was employed at Sombrillo Nursing Home in Los Alamos and works approximately seven days a week. Dixie was loved at the Nursing Home because she took very good care of the patients at Sombrillo. Cherie referred her relationship with her mother as if they were best friends. Her father, Lloyd, was a tile setter who was known as a hard work, loved, and very compulsive with cleanliness. They were known to wake up super early and smoke electric cigarettes so they don?t have to go outside and smoke. Her parents collectively kept a very clean house and everything was kept immaculate.

Cherie referred to her brother Steven as a special person that required special needs do to his condition as a shaken baby syndrome. Steven was known to ride his ATV four wheeler on a daily basis around the community of El Rancho.

The interview continued with Cherie going back to the evening of Saturday. A friend from Grants, Moises Martinez, came by the house around 5:30 p.m. Moises and his brother, Henry Martinez, had just stopped by the house to see Jesse. Supposedly they were only at the Cherie?s house for a few moments after coming from a pool party at Buffalo Thunder Resort.

Cherie went on to describe an incident with Nick Ortiz and Lloyd. Nick Ortiz used to live at Cherie?s house for a couple of months and was friends with her son Robert. A few weeks prior to this interview, Nick had jumped over Lloyd?s back fence and Lloyd

COPY

found him in the back yard hiding behind a planter. According to Cherie, the entire family was very angry with Nick and was told not to come over to the house anymore because the family thought Nick was trying to steal Marijuana from Steven.

In conclusion, Cherie stated that she suffers from depression in which she takes a lot of medication such as Zybalta and Hydocodone. Her dad was also known to suffer from depression especially around Holidays. Cherie reiterated that the doors are always locked the same way and when she went over after making enchiladas, the bottom (door knob) was unlocked which was very unusual with the newspaper still being in the driveway and the gate closed.

This concluded the initial interview with Cherie Ortiz-Rios. This interview was audio recorded. Refer to audio recording for details.

On Monday June 20, 2011, at approximately 12:28 a.m., I met with Jesse Rios in my assigned New Mexico State Police Unit to conduct a recorded interview with him. Jesse is Cherie?s husband and son-in-law to the victims. The interview was recorded by an audio digital recorder and the following is a synopsis of the interview.

INTERVIEW: JESSE RIOS

The interview began with Jesse waking up on the morning of Sunday June 19, 2011 at approximately 7:30 a.m. Upon waking up, Jesse and Cherie left the house around 9:30 a.m. to go finish up some jobs that were previously started on Saturday. The jobs consisted of some tile and stucco work in the Santa Fe area for Jesse and Cherie was cleaning some business offices. After completing the jobs, they arrived back home around 6:00 p.m. Cherie was cooking dinner for everyone to eat and most likely Jesse and Cherie were going to go to Lloyd and Dixie?s house to eat, but he was unclear as what the plan was for dinner.
Jesse stated that Cherie told him that she thought it was weird that the door was locked and did not seem that any of the vehicle?s had been moved. Jesse told Cherie to get the key to their house and come over and check on them. Cherie then told Jesse that she did not have a key and that only Robert has a key. Cherie got the key from Robert and went over without taking any food with her. Jesse then heard Cherie yelling from the direction of her parents? house so he got up and went outside to see what was going on. Cherie told Jesse that she saw her dad lying in the kitchen and was shot in the head, but could not find Steven. Jesse then ran into Lloyd and Dixie?s house and saw ?them? and then ran out of the house and towards the back yard. After running out of the house and looking for Steven, he then looked over the fence, and could then identify Lloyd in the back yard by seeing the gray hair on his chest as he was lying on his side. At this time, Jesse then told Cherie that it was Steven in the kitchen and her dad was in the back yard.

While this commotion was going on, Jesse stated that Cherie had used his cell phone to call 911 which was around 7:00 p.m. and he waited out by the road for the police.

The interview continued with Jesse describing what went on during the previous day on Saturday. Jesse and Cherie got home from the Cities of Gold Casino around 11:30 p.m. and once they got home Cherie was using the computer doing her homework while he was watching a movie. During the movie at around 1:30 a.m. his dogs started barking a lot in the direction of the open field that is directly west of their house. Jesse then got up and walked outside in the backyard and did not hear or see anything unusual so he

went back into the house. A few moments later the dogs began barking again, now towards the front of his house. Jesse then began looking out of the front kitchen window and saw a car, unsure if it was silver or gray, parked on the road in front of his house and to the west. The car then traveled in front of his house to the east and parked at the end of the road. Jesse specifically stated that he never left the house and did not take a gun out of the house.

At approximately 2:00 a.m. is when Jesse went to bed for the night after he finished watching a movie. He thought Cherie was lying on the couch when he fell asleep but when he woke up the next morning she was in bed with him and he never heard anything unusual for the rest of the night. Jesse described himself as a very light sleeper and would here the dogs barking or any other unusual noises.

Jesse described Dixie, Lloyd, and Steven as very simple people who kept to themselves. According to Jesse, they never really left the house and did not associate too much with other people. Jesse last saw his in-laws on Saturday evening after work while he was cutting a tree down between his house and his in-laws house.

Jesse went on to describe an incident between his daughter Catalina and some unknown gang members. These unknown people were supposedly sending threatening text messages to Catalina and this incident was somehow related to Catalina?s friends that played softball. Jesse confronted these people, one specifically, with a tattooed playboy bunny by his eye at the gas station in Pojoaque. Jesse advised him to leave his daughter alone and stop bothering her. Nothing else happened during that incident. Jesse described these unknown people driving a green or gray Honda with tinted windows.

This concluded the initial interview with Jesse Rios at 1:09 a.m. This interview was audio recorded. Refer to audio recording for details.

On Monday June 20, 2011, at approximately 2:24 a.m., I met with Robert Rios in my assigned New Mexico State Police Unit to conduct a recorded interview with him. Robert is Cherie and Jesse?s son and grandson to the victims. The interview was recorded by an audio digital recorder and the following is a synopsis of the interview.

INTERVIEW: ROBERT RIOS

The interview began with Robert describing the day of Sunday June 20, 2011. Robert was camping with his friend, Eli Romero, in El Rito on Sunday and got back around lunch time and went directly to his friend?s house. He stayed at his friend?s house for a few hours and got back to his house around 5:30 p.m.

Once he got home he took a shower and talked with his mom about his camping trip. After talking with his mom he went next door to see his grandpa because it was father?s day. Robert walked over and noticed that the door knob was unlocked, but the deadbolt was locked which was unusual. While he was over there, he also noticed that all their cars were there, the newspaper had not been picked up, and the gate was closed. Robert walked back over to his house and told his mom what he noticed when he went to see his grandparent?s. Cherie asked Robert for his house key to his grandparent?s house and so he gave it to her so she could see what was going on. Robert said that his mom went next door around 6:30 p.m. and the next thing he knew that his mom was very hysterical and stated that they were all dead and that someone had shot them. Robert then began to freak out and his parents would not let him go next door because it was too bad.

COPY

According to Robert, his dad was the only one that went next door after his mom started freaking out and then she called 911.

Robert was the only family member that had a key that he knew of. His grandparent?s gave him a key so he could go over to eat snacks and watch the television.

Robert went on to describe an incident where he heard that some people were messing with his sister and they had threatened her with a gun. When asked what he thought happened, Robert thought that his grandpa went to check on a noise and they got him out there. The reason for this thought was an incident where his grandpa noticed some window screens that were out of place and a few weeks ago his grandpa told him that he heard some noises outside and so he walked around the yard with a baseball bat, but did not confront anyone.

Robert stated that his grandparent?s always locked both locks on the front door and left the porch light. When his grandpa would here noises or the dogs barking he always went out back to check and Steven would wait in the kitchen. Steven usually got up on his own. Grandma would always stay in bed when this would happen. Robert knew they always went to bed around 9:30 p.m. or 10:00 p.m. at the latest. The dogs would bark approximately once a night and they would always check to see what was going on but usually would not see anything suspicious. Robert knew that his grandpa got up around 4:30 a.m., grandma was a little later, and Steven would get up around 8:00 a.m. Their routine was to get up and drink coffee while they watched the news.

According to Robert, his grandparent?s had a lot of guns in the house as well as other expensive items and his grandpa always kept a lot of money in his wallet money was also kept in a kitchen cabinet.

This concluded the initial interview with Robert Rios at 2:42 a.m. This interview was audio recorded. Refer to audio recording for details.

NARRATIVE

On June 19, 2011, at approximately 08:30 p.m., I was contacted by Agent Warren Pershall, New Mexico State Police, Investigations Bureau (NMSP IB), Albuquerque. Agent Pershall asked for my assistance in a triple death investigation in the El Rancho area. Agent Pershall told me that Agents Paul Chavez, NMSP IB, Albuquerque and Agent Richard Mathews, NMSP IB, Albuquerque were also responding to assist.

I went to the New Mexico State Police office and got the crime scene unit and traveled to the scene, which is located at # 3-B Coral Street in El Rancho.

The scene was secured with yellow barricade tape and marked New Mexico State Police units.

I met with Lieutenant Ted Collins, NMSP IB, Santa Fe, Sergeant Mitchell Maestas, NMSP IB, Santa FE and Agent Chavez and Agent Joey Gallegos, NMSP IB, Espanola.

I was told that on Sunday, June 19, 2011, at approximately 7:15 p.m. New Mexico State Police officers responded to # 3-B Coral Street in El Rancho for a call that three individuals had been shot in the head. I was told that Ms. Cherie Ortiz returned home to find her mother, father, and brother deceased inside the residence and on the property. Upon discovering the body she exited the residence and called 911. New Mexico State Police Officer Bert Lopez arrived at the scene and he cleared the residence for any possible suspects. While clearing the residence, Officer Lopez observed a female lying face down on a bed in the bedroom inside the residence. He observed a male lying fact down in the kitchen of the residence. Outside to the rear of the residence was another male lying near a tree. No weapons were visible around the subjects, and all subjects appeared to have suffered from head trauma. Officer Lopez and other officers that responded to the scene exited the property and secured it.

The woman that discovered the bodies is Ms. Cherie Ortiz-Rios, who lives at # 3-A Coral Street. Her parents Lloyd Ortiz, Dixie Ortiz, and her adopted handicapped brother Steven Ortiz were believed to be the three deceased at # 3-B Coral Street.

We were also told that a relative of the deceased had told the officers that there was a marijuana grow on the property.

I was told by Lieutenant Collins that Agent Brian Waller, NMSP IB, Santa Fe was the case agent and the case number was 11-23-1-0065. Lieutenant Collins told me that Assistant District Attorney Doug Colleur had told us that a search warrant was not necessary to process the residence, but that a search warrant was being obtained none-the-less.

We did a walk through of the residence and property at approximately midnight.

Agents Pershall and Mathews arrived and were briefed by Agent Paul Chavez, who was assigned as the crime scene manager. Agent Chavez assigned Agent Pershall the task of photographing the scene. Agent Mathews was assigned the task of diagramming the scene. I was assigned the task of evidence collection, packaging, and sealing, and custody of the evidence.

We were notified at approximately 01:00 a.m. on June 20, 2011, that the search warrant was approved and we began processing the scene.

House # 3-B Coral Street in El Rancho, New Mexico is a GPS location of 35 degrees 53.530

north and 106 degrees 04.720 west. The residence is a single story home rectangular in shape with a brown stucco exterior. The residence has a turquoise colored metal pitched roof. The front of the house faces east and has a covered porch. The front door to the residence is under this porch. The rear of the house faces west with a covered porch that runs the entire length of the rear of the residence. The exit door at the rear of the house consists of a standard sized sliding glass door, which exits onto the rear porch. This door was open upon our walkthrough of the residence. The entire property to the rear of the residence including all out buildings is surrounded by a brown wood plank fence. On the west area of the wooden fence there is an area where the fence is broken and one of the planks of the top portion of the fence is broken off. Lying in the driveway is a rolled up newspaper. There is also a motor-home parked in the yard to the east of the front door.

I saw no evidence of forced entry to the residence during our walkthrough except for the door to a small music studio on the northwest corner of the property. The door to this studio appeared to have been forced open or kicked open. I later learned the door to the studio was forced open by NMSP uniformed officers that were clearing the property after the 911 call.

As you enter the residence through the front door you are in the living room. To the left (south) is the master bedroom with an attached step-up office and bathroom. The deceased woman is in this bedroom. She is lying face down on the west side of the bed. She is wearing a white shirt or night gown. Her head is turned towards the west and she has a large injury to her head. There is a large pool of blood on the mattress under her head and on the rug under her head under the bed. There are several small reddish brown stains in the rug along the west side of bed as well.

As you step out of the living room to the west, you step up into the kitchen. The utility room is south of the kitchen. There is a small dog in the utility room.

To the north of the kitchen are the dining room and a bathroom.

To the north and east of the kitchen is a combination bedroom and office.

North of that room is a step down into another bedroom that we were told was Steven Ortiz' bedroom.

There is a deceased male in the kitchen. He is unclothed except for black and gray striped undershorts. He is lying on his left side with his head facing west and his feet facing east. There is a large amount of head trauma. There is a small hole in the ceiling.

The entire house is immaculate, orderly, and clean.

As you exit the dining room to the west through the open sliding glass door you are on the covered porch on the west side or the rear of the house. There is a hot tub at the north end of the porch. You step down into the backyard of the residence. The southern two thirds of the yard are fenced off with wire fencing and a gate.

In the southeast corner of this fenced off patio area there is a small area fenced off by a wooden fence and a locked wooden gate on this fence. Inside this wooden fenced off area are marijuana plants in several planters.

On the west side of this fenced in patio area is the previously mentioned wooden fence, including the broken wooden perimeter fence.

The third deceased is located at the bottom of the back steps. He is unclothed except for black and white striped underpants. He is lying on his left side. His head is against a bent wire fence and is covered by leaves and branches from a conifer type tree. He also appears to have suffered from head trauma. There are a pair of bloodstained eyeglasses and an earring back on the ground next to the deceased.

The deceased were tentatively identified as Dixie Ortiz in the bedroom, Steven Ortiz in the kitchen, and Lloyd Ortiz outside.

After the scene was photographed and evidence markers placed, I properly collected and packaged the following items of evidence.

Item 1 a gold colored metal earring back found next to the deceased in the backyard.
Item 2 bloodstained eyeglasses found next to the deceased in the backyard.
Item 3 are seventeen marijuana plants found in the fenced in area, in the southeast corner of the backyard.
BS-1 was a swab of a bloodstain on the bedroom headboard in the master bedroom.
BS-2 was a swab of a bloodstain on the bedroom floor in the master bedroom.
BS-3 swab of a bloodstain on the living room floor.
BS-4 was a swab of a bloodstain on the kitchen floor.
BS-5 was a swab of a bloodstain on the kitchen cabinet.
BS-6 was a swab of a bloodstain on the kitchen floor.
BS-7 was a swab of a bloodstain on the dining room floor.
BS-8 was a swab of a bloodstain on the dining room floor.
BS-9 was a swab of a bloodstain on the sliding door to the back porch near the handle on the interior side of the door.
BS-10 was a swab of a bloodstain on the back porch.
BS-11 was a swab of a bloodstain on the cement at the bottom of the back porch steps.
4-A was a Ruger single action .22 revolver and holster.
4-B was a Remington bolt action, single shot, sawed-off .22 caliber rifle with no serial number.
4-C was a Marlin bolt action .22 rifle and scope serial number 18656111.
Item 5A was a Western Field semi-automatic .22 rifle and scope serial number M23749.
Item 5B was a Western Field lever action .22 caliber rifle unknown serial number.
Item 6A was an FIE .22 revolver serial number 892465 and holster.
Item 6B was a Smith and Wesson .38 Special bearing no serial number and holster.
Item 6C were eight assorted boxes of ammunition including .38 special by Sandia, PMC, Parker, Amtec, and .22 ammunition by Remington, Winchester, CCI, and 25 auto ammunition by Winchester. 7A and 7B were dust footwear pattern lifts from an outside car door and LP were latent fingerprints lifted from the kitchen and front door.

The items marked as 4A, 4B, and 4C were collected from the gun cabinet in Steven's bedroom.

The item's marked 5A and 5B were collected from the upper portion of the gun cabinet in the master bedroom.

The items marked 6A, 6B, and 6C were collected from the bottom part of the gun cabinet in the master bedroom.

Agent Richard Mathews attempted to use lifters to lift footwear patterns from a car door that was located outside the residence by the south fence. These were items 7A and 7B.

Agent Chavez dusted for latent fingerprints and made three lifts from the kitchen table and outside front door.

I burned copies of Agent Pershall's memory cards to archival CD's which were labeled WP-1, WP-2A, WP-2B, WP-3, WP-4, and WP-5.

The collected evidence was signed over to Agent Paul Chavez on a two page chain of custody form that I prepared.

I departed the scene at 8:45 a.m. on June 20, 2011.

On June 21, 2011, at approximately 9:30 a.m. I was contacted by Agent Paul Chavez who was attending the autopsies of the three deceased. Agent Chavez told me that that autopsy on Steven Ortiz showed that he had not been shot but rather, that he had suffered blunt force injuries. Agent Chavez told me that the previous evening that he and Agent Lorenzo Aguirre had seen a pick on the grounds, west of the wooden fence at # 3B Coral Street. Agent Chavez asked me to go check the pick and to collect it if necessary. I contacted Agent Joey Gallegos because he was closer to the scene, and asked him to proceed to # 3B Coral Street and stand by for me.

When I arrived Agent Gallegos told me that Lieutenant Ted Collins and Sergeant Mitchell Maestas were obtaining consent from San Ildefonso Pueblo to search the field west of the Ortiz residence, which was tribal property. He also told me that the crime scene clean up company that had been hired had discovered what they thought was a bullet hole in the cement floor under the carpeting in the master bedroom. Agent Gallegos told me that Ms. Cherie Ortiz-Rios, the daughter and sister of the deceased thought that a photo was missing from the living room wall of house # 3B Coral Street and that she believed that there was a bloodstain on the window screen of her daughter's bedroom window at her house at # 3A Coral Street.

Agent Gallegos provided me with a signed consent form for house # 3B Coral Street, signed by Ms. Cherie Ortiz-Rios.

I first went to house # 3A Coral Street to the residence of Ms. Cherie Ortiz-Rios and looked at the window. The window was on the west end of the trailer. There was a broken area approximately thirteen inches long by five inches wide. It was five feet seven inches above the ground. The broken area was covered by screen that had been taped over the broken area with duct tape. There was a small reddish brown stain on the screen. I marked this reddish brown stain as Y-1 and photographed the broken pane. I collected the screen with the red stain. I did a presumptive test on that red stain and it was negative for blood.

I then went to the house at #3B Coral Street and looked at the hole in the cement floor of the master bedroom. It was in the cement in an area where the clean up crew had removed the carpet. It was a shallow hole about the size of a dime. No cement dust or powder was observed near the hole.

Lieutenant Collins and Sergeant Maestas then returned with the Chief of San Ildefonso Pueblo Tribal Police, and a signed consent form for the empty field where the pick lay.

Approximately eight feet west of the broken area of the back fence, at #3B Coral Street, was a mattock type pick. (This pick has a point on one end, and a hoe like (3 3/4 inch) blade on the other end.) The GPS location of this mattock was 35 degrees 89.164 north, 106 degrees 079.25 west. This mattock had a wooden handle with green paint on the end next to the metal head. There were reddish brown stains on the head and handle. There was a sticker on the handle that said "True Temper Landscaping." The mattock head was stamped five lbs., India, C04010. The mattock is lying with the head facing west and the handle facing east towards the wooden fence. Between the mattock and the fence is a Choya Cactus, brush and tumble weeds that have not been crushed or visibly disturbed.

I marked the mattock as Y-2 and photographed and collected it. I did a presumptive test on the reddish brown stains on the mattock and they were positive for blood. I collected the following swabs/samples from the mattock.

Y-2A was a swab of the bloodstain above the mattock head.
Y-2B was a swab of the bloodstain below the mattock head.
Y-2C was a swab of the wooden pick handle of the mattock.

After packaging and securing the Mattock I went into the residence of # 3B Coral Street where at the request of Sergeant Mitchell Maestas I collected four computer thumb drives and a copy of business bank account numbers from the desk in the office off the master bedroom. These were items Y-3.

I then photographed the sole pattern of the shoes in Steven Ortiz' bedroom. The orange and black shoes were on the floor alongside his bed and had a W or Herringbone type pattern.

Lieutenant Ted Collins asked me to dust for fingerprints on a section of the east wall in the living room where the family thought the photograph might be missing from and the gun cabinet in Steven's room. No usable latent fingerprints were found at either location.

After Steven Ortiz's body was removed from the kitchen and the area was getting cleaned by the clean up crew, two additional impact areas had been found, so I photographed and documented these two areas.

The first of these impacts was in the kitchen floor. This impact had been located in the large bloody area near Steven's body. I photographed this impact, which was labeled Y-4. I also measured it's location from the four kitchen walls and it was five feet five inches from the east wall, three feet eleven inches from the south wall, six feet ten inches from the north wall, and seven feet four inches from the west wall.

There was a shallow impact on the kitchen ceiling with a slightly reddish edge to it. I photographed this impact, which was labeled as Y-5. I also collected a swab of the reddish edge, which was labeled Y-5A. Y-5 was located at five feet four inches from the east wall, three feet four inches from the south wall, six feet six inches from the north wall, and seven feet from the west wall.

After the collection and documentation of these additional items I returned to Espanola where I secured them until the following date.

I burned the forty-two digital images from my compact flash card to an archival CD.

Additional copies were made of the CD.

On June 22, 2011, I traveled to Santa Fe, New Mexico to New Mexico State Police headquarters where I signed over the following items to Agent Paul Chavez, Y-1, Y-2, Y-2A, Y-2B, Y-2C, Y-3, Y-5A, and CD JS-1. Y-4 and Y-5 were photographed only.

On June 27, 2011, at 7:00 p.m. I was contacted by Sergeant Mitchell Maestas who told me that at the autopsies of Lloyd and Dixie Ortiz that the pathologist had not collected any samples from the fingernails of the deceased.

Sergeant Maestas said that Lloyd and Dixie Ortiz were scheduled for cremation the morning of June 28th, 2011, at the Devargas Funeral Home in Espanola.

Sergeant Maestas told me that Mr. Johnny Devargas, the mortician would collect the fingernail clippings for us.

I went to the Walgreen's Drug Store and purchased two individually packaged fingernail clippers.

I then went to the Devargas Funeral Home and met with Mr. Devargas.

Mr. Devargas took me to the preparation area where Lloyd and Dixie Ortiz were on gurneys in sealed in plastic body bags.

I photographed the intact seals of the bags. Mr. Devargas then broke the seal on Dixie Ortiz' bag. Mr. Devargas and his assistant collected fingernail clippings from the left and right hands of Dixie Ortiz.
DO-A was the envelope with the clippings from the left hand of Dixie Ortiz. DO-B was the clippings from the right hand of Dixie Ortiz.

The fingernail clipper was also packaged with Dixie Ortiz's nail clippings.

This process was then repeated on Lloyd Ortiz, with LO-A being the clippings from his left hand and LO-B being the clippings from his right hand.

The fingernail clipper was packaged with Lloyd Ortiz's fingernail clippings.

I prepared a chain of custody form which Mr. Devargas and I signed. I took custody of the fingernail clippings and sealed them in the four individual paper envelopes. I then secured the envelopes.

I burned the four digital images from my camera's memory card to an archival CD.

On June 28, 2011, Sergeant Mitchell Maestas took custody of the fingernail clippings of Lloyd and Dixie Ortiz at approximately 8:30 a.m.

I then prepared this report, which concluded my involvement in this investigation.

SYNOPSIS
This report documents my involvement in the investigation of a triple homicide in the El Rancho area.

NARRATIVE

On Sunday, June 19, 2011 at approximately 1940 hours, I overheard radio traffic by New Mexico State Police Officer Michael Mariscal indicating that he had located three individuals who were deceased inside a residence which he was checking on located at #3 B Coral St. in El Rancho, NM.

I immediately inquired as to Officer Mariscal's location and status through dispatch and hastened my approach to the scene from Santa Fe along with other New Mexico State Police Officers.

Upon arrival I noticed that the scene was secured with yellow barricade tape and with marked New Mexico State Police units and that a number of people were in distress.

I met with Officer Mariscal. Shortly thereafter, we decided that it would be best to enlarge the crime scene and push back the large group of friends and family who began to congregate at the scene.

I learned that three individuals, all of relation, appeared to have been shot in the head or otherwise caused to be deceased. I learned that the reporting person, Ms. Cherie Ortiz was on scene. I noticed that she and many others were highly emotional and shaken by the incident. I was asked by Leutenant Ted Collins to remove pets inside the residence and proceeded to do so with Officer Ernest Garcia, Officer Michael Mariscal and Officer Sam Sena. Upon further clearing the residence of suspects and the animals, I saw no evidence of forced entry upon entry into the residence. I noticed that a key was still lodged inside the dead bolt of a blue wooden door which was opened and that the screen door was closed. Upon entry, I observed a female lying face down on a bed in the bedroom immediately to the left upon entry of the front door. She had heavy trauma to her head and appeared to have been shot. Upon entering the kitchen, I observed a mostly unclothed male lying face down who had sustained heavy trauma to his head. He also appeared to have been shot and there was a heavy thick pool of blood underneath and around him. I noticed blood spatter around the body and leading into an adjacent living area.

I also noticed that a bedroom located off of the central living area appeared to be undisturbed and was, like the rest of the house, completely in order. An additional bedroom was connected to the undisturbed bedroom and it appeared that someone had exited the bed in a normal manner by thowing the covers over to one side. I proceeded to exit the residence through a sliding door to the west which led to a covered porch area. I noticed that the drapes were flapping in the wind and I noticed what appeared to be blood on the drapes. Outside, I noticed another mostly unclothed male deceased near a tree. it appeared that he had fallen into a small fence surrounding the tree. His face was partially obscured by branches which had fallen on it but I could tell that he too had heavy trauma to his face and head area. I noticed that a small workout/music room was in sight and that the door was wide open. I learned later that Officer Mariscal had forced entry to that structure upon clearing that area of suspects.

No weapons were visible around any of the subjects, nor were there any spent bullet casings anywhere. There did not appear to have been any type of struggle due to as earlier noted, the house was orderly. I, along with the other officers finally located two dogs who appeared traumatized in a laundry/linen room connected to the kitchen and we had difficulty removing them as requested by command, as they were fearful and hostile nearly biting another Officer and me. We decided the easiest way to contain the animals was to force them into another room connected to and west of the wash room which

appeared to be the place where they were typically kept. I, along with the Officers inside never disturbed the bodies or any other part of the residence. We exited the property and fortified its security.

I then turned my attention to identifying everyone on scene and relaying the information to dispatch. I also assisted in maintaining the entry/exit log of the scene. I later did my best to brief Investigations Personnel as each arrived and did a walk through of the residence and property at approximately midnight with the agents describing what I had earlier witnessed. Officer Mariscal and I later briefed Agent Bryan Waller upon his arrival because we were told that he would be the case agent.

I stayed throughout the night assisting the Investigations Personnel with perimeter security and whatever else possible including describing the scene via telephone to Agent Scott Mcfaul and Leutenant Ted Collins in preparation of the search warrant. I departed the scene the following morning at approximately 0800 hours on June 20, 2011.

This concluded my involvement.

This report documents my involvement with the triple homicide investigation that occurred in El Rancho, New Mexico.

NARRATIVE

On Tuesday, June 21, 2011, at approximately 1:00 p.m., New Mexico State Police, Investigations Bureau Lieutenant Ted Collins assigned me to assist with a triple homicide investigation in El Rancho, New Mexico. New Mexico State Police, Investigations Bureau, Santa Fe Agents had been called out to investigate the triple homicide on the evening of Sunday, June 19, 2011. New Mexico State Police, Investigations Bureau Agent Bryan Waller (Santa Fe) had been assigned as the case agent for the investigation. New Mexico State Police, Investigations Bureau Agent Mark Soriano (Albuquerque) briefed me on the incident. The following is a synopsis of the briefing.

BRIEFING: NEW MEXICO STATE POLICE, INVESTIGATIONS BUREAU AGENT MARK SORIANO

Agent Soriano said the scene of the triple homicide was located at #3 Corral St. in El Rancho. The victims of the triple homicide were Lloyd Ortiz, his wife Dixie Ortiz, and their adopted son Steven Ortiz. The Ortiz's daughter, Cherie Rios, who lives on the same property, went to her parent's house at approximately 7:00 p.m. on Sunday, June 19, 2011. The door knob to the house was unlocked but the dead bolt was locked. This was very peculiar to Mrs. Rios. She went back to her house and got a key to her parent's house from her son, Robert Rios. She then went back to her parent's house and opened the front door. She walked into the living room and saw feet lying on the kitchen floor. She thought it was her dad on the kitchen floor, with a gunshot wound to the face. She looked into her parent's bedroom and saw her mom lying on the bed with what appeared to be a gunshot wound to the head. Mrs. Rios left her parent's house hysterically and ran back to her house. Mrs. Rios called the police from her husband's telephone. She then told her husband, Jesse Rios, that her mom and dad had been shot and asked her husband to go find her brother Steven. Mr. Rios went into the Ortiz's house, saw the two bodies, and then exited the house. He went and looked into the Ortiz's backyard and saw another man, who he identified as Mr. Ortiz, dead. Mr. Rios told Mrs. Rios that it was her brother Steven's body lying on the kitchen floor.

This concluded the briefing by Agent Soriano. For more information, please refer to his and Agent Waller's reports.

At approximately 7:15 p.m., New Mexico State Police, Investigations Bureau Agent Scott McFaul (Santa Fe) and I interviewed Mrs. Rios at the New Mexico State Police, Investigations Bureau Office in Santa Fe, New Mexico. Agent McFaul documented the interview. For more information, please refer to his supplemental report.

On Wednesday, June 22, 2011, Agent McFaul and I were assigned to research the purchase of pick axes in the area. We went to numerous locations in the area, to include: Lowes at the intersection of Zephrano and Cerrillos in Santa Fe, New Mexico; Home Depot on Richards in Santa Fe; Big Jo Hardware on Siler in Santa Fe; Ace Hardware at the intersection of Cerrillos and St. Michaels in Santa Fe; Pojoaque True Value in Pojoaque, New Mexico; Hacienda Best Home Center in Espanola, New Mexico; Cook's True Value in Espanola, and Lowes in Espanola. All of the stores contacted did not currently sell that particular type/brand of pick axe.

At approximately 2:21 p.m., Agent McFaul and I interviewed Harold Lujan and Melissa Lujan at Mr. Lujan's residence in El Rancho. Mr. Lujan, his wife Bernadette, and Melissa's names had been mentioned by Cherie Rios in regards to Steven. The interview was recorded on an audio digital recorder. The following is a synopsis of the

COPY

interview.

INTERVIEW: HAROLD LUJAN AND MELISSA LUJAN

Melissa said Steven was with them on Saturday, June 25, 2011, during the daytime. Steven originally was at Mr. and Mrs. Lujan's house. She explained that Steven would be at their house regularly. Mrs. Lujan had been Steven's caregiver when he was young and the family was still very close to him.

Melissa said Steven had also been at her home on Camino de Fabian. Steven had driven to her home on his four wheeler at approximately 11:30 a.m. Melissa had been leaving the home to go to Walmart, so she told him to come back in an hour. Melissa said Steven returned to her house in an hour. He returned on his four wheeler and played with Melissa and her kids. He stayed at the house for approximately two hours and then told Melissa he was going to go home for awhile. When Steven was leaving, he stopped his four wheeler and turned it off. Melissa heard him say, "When are we going to have babies together." "Oh you miss me. I miss you too." Melissa said she could hear a young female talking to Steven on the telephone. Steven told the girl he would call her back because he was going to his house. The call was between 3:00 p.m. and 4:30 p.m.

Steven returned to Melissa's house when it was almost dark, at approximately 7:00 p.m. Melissa said this was a little weird, because Steven usually had to be home when it got dark. Steven was dressed very nice, in a Hawaiian shirt. Steven had a Walmart bag and told Melissa that he had got some toys for the children. Steven played with Melissa's son for awhile and then told Melissa that he would be right back because he was going to Mrs. Lujan's house to take Melissa's nephew his toy. Steven left Melissa's house, but was back within ten minutes. He told Melissa that her nephew was asleep, so he dropped the toy off and went back to her house. Steven stayed for a couple of minutes at Melissa's house and then told her that he needed to go home because it was late.

Melissa said that Steven had called Mrs. Lujan at 9:17 p.m., and asked her if he could spend the night at their house. Mrs. Lujan told him that his mom and dad were asleep already and it was best if they got together tomorrow. Mrs. Lujan also told Steven that Sunday was father's day and he needed to spend time with his dad. After he spent time with his dad, they were all going to get together and go to the casino. Mr. Lujan and Melissa both said they thought Steven was at home when he had called and asked to spend the night.

Mr. Lujan and Melissa said that they had heard a silver car might have been involved with the death of Lloyd, Dixie, and Steven. They explained they had seen a silver car on Friday morning by their house, which was concerning to them. They saw what they believed to be the car again on Sunday, which had scared the family. Melissa described the car as a four door silver Chevrolet Impala with tinted windows. Mr. Lujan explained the car as a General Motors brand car. Melissa made a report of the incident to the Santa Fe County Sheriff's Department.

Melissa gave us the following times that Steven had called Mrs. Lujan on Saturday. The times were: 9:42 p.m. (missed call); 9:37 p.m. (missed call); 9:17 p.m. (1 min. 18 sec.). Melissa clarified that the correct time, and the last time, Ms. Lujan had spoken to Steven was at 9:17 p.m. That was the time when Steven had asked to spend the night.

COPY

Mr. Lujan explained Lloyd was his first cousin and Dixie had grown up across the street from him. Lloyd and Dixie knew that Steven spent a lot of time at their house. Mr. Lujan said he had never heard of Steven hearing voices and had never known him to touch young children. Mr. Lujan said he did not believe that Steven had ever done anything inappropriate.

Mr. Lujan said the only person Steven "hung out" with was Chris Halverson. Mr. Lujan explained that Lloyd and Dixie did not want Steven with Chris, because Chris had issues also. Melissa said that recently, Steven had not been hanging around Chris.

This concluded the interview with Mr. Lujan and Melissa. For more information and exact wording, please refer to the audio recording.

At approximately 6:10 p.m., Agent McFaul and I interviewed Francis Sanchez at her residence at #10 Callejon Colibri in El Rancho. Ms. Sanchez's name had been mentioned by Cherie Rios in regards to Steven. The interview was recorded on an audio digital recorder.

INTERVIEW: FRANCIS SANCHEZ

Ms. Sanchez said between a year and a half ago and last summer, Steven would come to their house on his four wheeler. He would repeatedly show up a couple of times a day for a couple of months and want to play with Ms. Sanchez's youngest son. This was concerning to Ms. Sanchez because Steven did not want to play with her sixteen year old boy, just her six year old boy in the back bedrooms. Ms. Sanchez had known Steven from school, where she worked. Cherie had contacted Ms. Sanchez and told her that she needed to put a stop to Steven playing with her six year old son. So Ms. Sanchez told Steven that he could not come over to her house and play with her youngest boy anymore. Ms. Sanchez said Steven got very violent with her, threw rocks at her and her oldest boy, and would cuss at her. Ms. Sanchez then called Dixie about the situation, but Dixie was not happy about the situation. Dixie got upset and would no longer take her calls.

Ms. Sanchez said she never saw Steven touch her youngest son in any way. Also, her son never told her that Steven had touched him either.

This concluded the interview with Ms. Sanchez. For further information and exact wording, please refer to the audio recording.

On Thursday, June 23, 2011, Agent McFaul and I were assigned to research any court proceedings that might have been connected to the Ortiz's. Agent McFaul and I went to the First Judicial District Court in Santa Fe and located numerous civil court documents that the Ortiz's had filed throughout the years. We received copies of some of the documents. On Wednesday, June 29, 2011, I went to the Second Judicial District Court in Albuquerque, New Mexico, and researched one civil court proceeding that the Ortiz's had been involved in. I received copies of some of the documents. For more information and exact wording on the court documents, please refer to Attachment DW1 (Copy of Court Documents).

Throughout the case I was assigned to assist other Agents with other duties. The other duties were documented by the other Agents. This concluded my involvement in this investigation. For more information, please refer to the other Agent's reports. This report will be referred to the First Judicial District Attorney's Office for review.

FIRST AMENDED COMPLAINT FOR BREACHES OF CONTRACTS, NEGLIGENCE, FRAUDULENT MISREPRESENTATION AND INTENTIONAL INFLICTION OF EMOTIONAL DISTRESS

COMES NOW the Plaintiffs, Mr. Allan Swartzberg and Mrs. Mary Swartzberg, by and through their attorneys, The Bennett Firm, and for their first amended complaint against the Defendants, state as follows:

PARTIES

1. Plaintiffs, Allan Swartzberg and Mary Swartzberg, husband and wife (hereinafter collectively "Plaintiffs" and individually "Mr. Swartzberg" or "Mrs. Swartzberg," respectively) are, and have been at all relevant times herein, residents of Santa Fe, Santa Fe County, New Mexico.

2. Defendant Ortiz Tile Contracting (hereinafter "Ortiz Tile") is believed to be a sole proprietorship and/or partnership doing business at all times relevant herein in Santa Fe County, New Mexico.

IMAGED

MRN

3. Defendants Lloyd Ortiz (hereinafter "Mr. Ortiz") and Dixie Ortiz (hereinafter "Mrs. Ortiz") are believed to be husband and wife and, at all times herein, the owner(s) and/or operators of Ortiz Tile, both residing in Santa Fe County, New Mexico.

4. Defendant Denman & Associates, Inc. (hereinafter "Denman"), is, and was at all times relevant herein, a New Mexico domestic profit corporation doing business in Santa Fe County, New Mexico.

5. Defendant Bradley Gummersall (hereinafter "Mr. Gummersall") was, at all times relevant herein, the Partner/Project Manager of Denman, responsible for the supervisory oversight of the remodeling construction being performed by Denman at the Santa Fe home of Mr. and Mrs. Swartzberg.

6. Defendant Seron Houlberg (hereinafter "Mr. Houlberg") was, at all times relevant herein, the Project Foreman of Denman, responsible for the direct supervision of the remodeling construction being performed by Denman at the Santa Fe home of Mr. and Mrs. Swartzberg.

7. Defendants XYZ Business Entities or Individuals 1-10 are one or more business entities or individuals who may be liable for the damages claimed herein but whose identities are yet unknown to Plaintiffs.

ESSENTIAL FACTS

8. In or about 1998, Denman contracted with Plaintiffs for remodeling construction to be accomplished for Plaintiffs upon their home in Santa Fe, New Mexico, and Mr. Gummersall and Mr. Houlberg, acting on behalf of Denman, supervised said construction, including the remodeling of a downstairs bathroom which involved the laying of tiles secured and waterproofed by grout applied at the direction and under the supervision of Mr. Gummersall and Mr. Houlberg.

9. At no time during or after said remodeling construction did Mr. Gummersall, Mr. Houlberg nor any other representative or agent of Denman advise Plaintiffs that the subject grout must be reapplied periodically in order to assure that its waterproof seal be maintained.

10. As a specific condition of the remodeling or Plaintiffs' home accomplished by Denman in 1998, Denman agreed, at the specific request of Plaintiffs, that no toxic chemicals, including petroleum-based sealers and volatile organic compounds, be used during the remodeling, as Plaintiffs, especially Mrs. Swartzberg, had health conditions which made them, especially Mrs. Swartzberg, extremely sensitive to environmental pathogens, specifically toxic chemicals such as petroleum-based sealer and volatile organic compounds, which were likely to cause them, especially Mrs. Swartzberg, to become seriously ill.

11. In March of 2007, Plaintiffs discovered that a water leak into a hallway wall abutting the downstairs bathroom which had been remodeled and grouted at the direction and under the supervision of Denman, Mr. Gummersall and Mr. Houlberg, was occurring because the grout applied in the bathroom in 1998 had either been defectively applied, defectively sealed or had not been resealed in a timely fashion. (Mr. Swartzberg had contacted an architect who confirmed that the grout, in order to provide an effective waterproof barrier, must be resealed no less frequently than once every two years. The architect also recommended, in view of Plaintiffs' debilitating health conditions, especially that of Mrs. Swartzberg, that resealing be accomplished by a water-based, NON-PETROLEUM-BASED, sealer.)

12. Mr. Swartzberg then contacted Mr. Houlberg and informed him of the leak, that the grout, or lack thereof, was the culprit and that Mr. Swartzberg had been informed that an architect had indicated that the grout needed to be resealed at a frequency of no less than once every two years

after its initial application. Mr. Houlberg expressed surprise, indicating that he did not know that periodic resealing of grout was necessary to insure constant water containment.

13. To correct the problem, Mr. Houlberg indicated to Mr. Swartzberg that Denman would hire the "best" tile applicator available to reseal the grout, Defendant Mr. Ortiz, acting on behalf of his business Ortiz Tile. Mr. Houlberg assured Mr. Swartzberg that Mr. Houlberg, acting on behalf of Denman, would supervise Mr. Ortiz's work.

14. Mr. Houlberg, individually and on behalf of Denman, represented to Mr. Swartzberg that Mr. Ortiz knew about the health risks of using toxic sealing products and would use only a water-based sealer on the grout. Mr. Swartzberg, solely in reliance upon Mr. Houlberg's representations, agreed to permit Denman and Mr. Houlberg to retain the services of Mr. Ortiz and Ortiz Tile to reseal the grout in the leaking downstairs bathroom, assuming that Denman and its employees would closely supervise Mr. Ortiz's work.

15. Mr. Swartzberg was introduced by Mr. Houlberg to Mr. Ortiz on the morning of March 21, 2007, at Mr. Swartzberg's home. Mr. Swartzberg specifically instructed Mr. Ortiz to only apply sealant to the grout, and not to the tiles (which would have no effect), and to only seal the "splash area" in order to reduce the amount of material exposed to the atmosphere.

16. Contrary to and in breach of the agreements reached between Plaintiffs and Defendants and contrary to the affirmative representations of Defendants, Mr. Ortiz deliberately applied a toxic, petroleum-based sealant to the grout and tile surfaces in Plaintiffs' downstairs bathroom, causing the release of toxic gases into the atmosphere of their home which resulted in severe compromise of Plaintiffs' health, the necessity of evacuating from their home, significant health-care expenses and other consequential expenses and damage, to include, but not limited to,

pain and suffering, severe and extreme emotional distress, loss of consortium, economic loss and other damages.

FIRST CLAIM FOR RELIEF

BREACHES OF CONTRACTS
(All Defendants)

17. Plaintiffs hereby incorporate by reference all other allegations set forth above.

18. Defendants breached their respective contracts with Plaintiffs to apply only a water-based, non-toxic sealant to certain areas of the grout in Plaintiffs' bathroom by causing, undertaking and/or permitting the application of an excessive quantity of toxic, petroleum-based sealant.

19. Said breaches caused Plaintiffs to suffer harm, for which these Defendants are liable.

20. Defendants' acts and omissions and breaches of contracts were accomplished by Defendants deliberately and/or with reckless disregard for the health and well-being of Plaintiffs, entitling Plaintiffs to recover from all Defendants, jointly and severally, in addition to Plaintiffs' actual and consequential damages, punitive damages in an amount sufficient to punish Defendants for their respective misconduct and/or to send a message of deterrence to the community that similar misconduct is not to be tolerated by a civilized society.

SECOND CLAIM FOR RELIEF

NEGLIGENCE
(All Defendants)

21. Plaintiffs hereby incorporate by reference all other allegations set forth above.

22. Defendants breached their duties to Plaintiffs to apply only a water-based, non-toxic sealant to certain areas of the grout between the tile in Plaintiffs' bathroom by applying an excessive quantity of toxic, petroleum-based sealant.

23. Defendants Denton, Mr. Houlberg and Mr. Gummersall also breached their duties either to properly seal the grout when it was first applied in the downstairs bathroom in 1998 and/or to advise Plaintiffs of the necessity of reapplying sealant on a periodic basis thereafter, not less than once per every two years.

24. Defendants Denton, Mr. Houlberg and Mr. Gummersall also breached their duties to effectively and adequately supervise the other Defendants to insure that their application of sealant to the grout was in strict compliance with Plaintiffs' specific instructions and requirements and in accordance with the contracts between the parties with respect to said application.

25. Said negligent breaches of duty caused Plaintiffs to suffer harm, for which these Defendants are respectively liable.

26. Defendants' acts and omissions and breaches of duties were also accomplished by Defendants deliberately and/or with reckless disregard for the health and well-being of Plaintiffs, entitling Plaintiffs to recover from all Defendants, jointly and severally, in addition to Plaintiffs' actual and consequential damages, punitive damages in an amount sufficient to punish Defendants for their respective misconduct and/or to send a message of deterrence to the community that similar misconduct is not to be tolerated by a civilized society.

THIRD CLAIM FOR RELIEF

FRAUDULENT MISREPRESENTATION
(Against Defendants Ortiz Tile and Mr. Ortiz)

27. Plaintiffs hereby incorporate by reference all other allegations set forth above.

28. Defendants Ortiz Tile and Mr. Ortiz misrepresented material facts to Plaintiffs, upon which Plaintiffs relied to their ultimate detriment and damage, by deliberately representing to

Plaintiffs that only a minimum quantity of a non-petroleum-based, non-toxic, water-based sealant would be applied on the grout in Plaintiffs' downstairs bathroom. Despite these representations, these Defendants deliberately applied an excessive quantity of a toxic, petroleum-based sealant on the grout and tile in said bathroom, which directly resulted in serious bodily harm and other damage to Plaintiffs.

29. Said fraudulent misrepresentations caused Plaintiffs to suffer harm, for which these Defendants are liable.

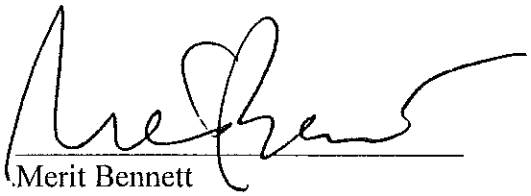
30. Defendants' acts and omissions and fraudulent misrepresentations were accomplished by these Defendants deliberately and/or with reckless disregard for the health and well-being of Plaintiffs, entitling Plaintiffs to recover from all Defendants, jointly and severally, in addition to Plaintiffs' actual and consequential damages, punitive damages in an amount sufficient to punish Defendants for their respective misconduct and/or to send a message of deterrence to the community that similar misconduct is not to be tolerated by a civilized society.

FOURTH CLAIM FOR RELIEF

INTENTIONAL INFLICTION OF EMOTIONAL DISTRESS
(Against Defendants Ortiz Tile and Mr. Ortiz)

31. Plaintiffs hereby incorporate by reference all other allegations set forth above.

32. Defendants Ortiz Tile and Mr. Ortiz intentionally and/or recklessly inflicted severe and extreme emotional distress upon the Plaintiffs by perpetrated the above-referenced misconduct, thus causing both Plaintiffs to suffer such distress.



33. Said misconduct caused Plaintiffs to suffer consequent harm, for which these Defendants are liable.

34. Defendants' acts and omissions and intentional and/or reckless misconduct were accomplished by Defendants deliberately and/or with reckless disregard for the health and well-being of Plaintiffs, entitling Plaintiffs to recover from all Defendants, jointly and severally, in addition to Plaintiffs' actual and consequential damages, punitive damages in an amount sufficient to punish Defendants for their respective misconduct and/or to send a message of deterrence to the community that similar misconduct is not to be tolerated by a civilized society.

WHEREFORE, Plaintiffs respectfully request that judgment be entered against all Defendants, jointly and severally and/or respectively for each applicable count, for Plaintiffs' actual, compensatory and consequential damages and for punitive damages and for Plaintiffs' costs and expenses and for such other and further relief as the Court shall deem to be just and proper.

Respectfully submitted,

USE NOTE

The Temporary Order of Protection and Order to Appear requires a proof of return of service. The Committee has been informed that each local law enforcement agency has its own return of service form which will be used for this purpose.

Personal service of the Temporary Order of Protection and Order to Appear will assure that the Temporary Order is fully enforceable. It is possible that actual notice to the respondent of the content of the Temporary Order will also suffice to bind the respondent to comply with the order. *Territory of New Mexico v. RE: ORTIZ, STEVEN
MR: 16396
DOB: [redacted]9

CLINICAL HISTORY: Steven is an almost 18-year-old who sustained a severe traumatic brain injury when he was an infant. He had a shaken baby syndrome. Initially the patient was totally devastated neurologically. They thought he was going to be in a vegetative state, he was legally blind, deaf, and most likely paralyzed. Over the following years the patient did remarkably better. His vision almost recovered. Patient is able now to drive a 4-wheeler. He is going to school. He has some developmental delay, but no major problems with seizures or any other disorders. Recently, however, he started presenting with some behavior in that he is hearing voices that are telling him to look at kids and to touch them. He has some sexual behavioral problems now. He was seen recently by Dr. Walsky, Neurologist, who prescribed Ambilify 10 mg. The mom states the patient was really lethargic so she cut it to 5 mg. The mom states that there is not too much changes in behavior, patient is more calm, but also with 5 mg the patient is still behaving pretty lethargic during the day. He does not have too much interest in doing anything. He still has these thoughts that he hears these voices telling him that he needs to see kids. Mom, on the previous visit, was advised also to talk to a psychologist and also to be seen by a behavioral psychologist, however she set up the appointment just with the counselor they had before and then with Dr. Walsky. She returns today because she is still concerned with the behavior. She wants to know if the patient needs to be seeing someone else.

PHYSICAL EXAMINATION: Vital signs are stable. Patient is in no distress. There are really no other medical concerns today besides his developmental problems. HEENT: negative. Chest is clear. Lungs are clear. CV: regular rhythm without murmur. Abdomen: benign. The rest of the exam is negative.

ASSESSMENT: Almost 18-year-old status post severe traumatic brain injury. The patient now with some sexual type of thoughts.

(Continued)

PLAN: Unfortunately his judgement is impaired secondary to this trauma, we are concerned that he can get into legal problems if he is going to start touching some of the kids. The mom was instructed to set up an appointment with Dr. John Phillips at Pediatric Neuropsychology at UNM. Also since he is having side effects from ~~Ambilify~~ Abilify to cut it to 2 mg for 7-10 days and then increase to 4 mg, then will increase the medication 2 mg every two weeks to see if we can get a better response. Also the mom was encouraged to continue seeing the counselor and see if that help also to control his behavior.

RE: ORTIZ, STEVEN
MR: 16396
DOB: [redacted]89

CLINICAL HISTORY: This is a consultation with Steven's mom who comes in today with multiple concerns regarding Steven. Steven is now a 17-1/2-year-old who had a traumatic brain injury after shaken baby syndrome. He had severe brain damage which at that time he was an infant. We thought the patient was going to be in a vegetative state, unable to walk. He was legally blind, deaf. Over the years Steven, with the help of his mom, started really recovering. He is now finishing school, he definitely has developmental delay, but he really recovered remarkably. The problem that we have now is that the patient was sexually abused a couple of years ago. He has been getting counseling with a psychologist. The mom is now concerned that maybe he is getting to curious about other kids and also regarding getting sexually developed, he is getting pretty curious also and anxious regarding sexual activity.

The other problem is that the mom states the patient is complaining that he has been hearing voices, he has been hearing someone telling him in his brain that he has to do certain things. The mom describes now that Steven is pretty angry with this type of behavioral problems. He has been seen by one of the psychologist who recommended for the mom to talk to me, for me to do a referral for Steven to have more psychological or psychiatric evaluation. Steven at one point used seizure medications for seizure control but then this was discontinued since the patient did not have anymore problems. There is no other health issues right now. Steven has been pretty healthy in general, but now the main concern is all these psychological/psychiatric problems. The mom is concerned that maybe he could abuse other kids or maybe he will injure someone because of the voices he has been hearing. He just hears a voice that says that he needs to stab someone, no one in particular.

(Continued)

In talking to the mom we decided to refer Steven back to see one of the neurologists, to see a psychiatrist, and most likely will do an EEG and a PET scan, CAT scan or an MRI. I think the patient will be a candidate depending on what the main problem is, to be started on anticonvulsive medication for behavioral modification or maybe the patient will try one of the neurobehavioral modifiers. The patient will be seen at the end of this week with neurology and next week by psychiatry and then will go from there, and if we need to do any further testing and to see if the patient is a candidate for some of medication.

Besides all this, I talked to the family that I think it is worth it to get in touch with some of the social workers regarding trying to address Stevens sexual needs, to see what is available or what we can do for this to be helping him to relieve some of the tension that he has been having with this new situation for his age.

PHYSICAL EXAMINATION: Temp: 97.2°. Respiratory rate: 22. Weight: 20 kilos. Patient is in no distress. TMs are clear with normal mobility. Eyes are clear. Nares with mild clear rhinorrhea. Throat is clear, no exudates or erythema. Neck is supple. Chest with normal respiratory rate. Lungs with good air exchange, no wheezes, rales or rhonchi. CV: regular rhythm without murmur. Abdomen: no HSM, masses or tenderness. Skin: no rashes.

PETITION FOR DISSOLUTION OF MARRIAGE

COMES NOW the Petitioner, DIXIE E. ORTIZ, by and through her attorney, Sylvia F. LaMar, and states:

1. Petitioner and Respondent have been residents of the State of New Mexico for a period in excess of six (6) months prior to the filing of this Petition;

2. Petitioner and Respondent were married in January, 1977 in Santa Fe, New Mexico, and have ever since their marriage remained husband and wife but have separated, and such separation is permanent;

3. There are two children of this marriage: CHERIE E. ORTIZ, age twelve (12), born April 5, 1976, and ANGELA M. ORTIZ, age seven (7) years, born August 5, 1981 and no other children are expected. The children have resided with the parties in Santa Fe, New Mexico;

4. There is no other litigation known to the Petitioner concerning custody of or visitation with the minor children of the parties in New Mexico or in any other state, in which the Petitioner has participated as a party, as a witness, or in any other capacity;

5. Petitioner has no information of any proceeding that is pending in a court in New Mexico or in any other state involving

visitation or custody with the parties' minor children;

6. Petitioner knows no other persons who have physical custody of the minor children or who claim to have custody or visitation rights to the minor children;

7. The Court has jurisdiction over the custody issues and should exercise its jurisdiction;

8. The parties have accumulated community property and community debts during the time of the marriage which the Petitioner asks this Court to equitably divide between the parties;

9. The Petitioner is the fit and proper person to have the care, custody, and control of the parties' minor children. It is in the best interest of the children for the Petitioner to have legal and physical custody of the children, and for the Respondent to have no visitation at this time;

10. Respondent should contribute child support to the Petitioner;

11. Both parties receive income and/or compensation and social security and therefore neither should receive spousal support from the other;

12. Due to differences in temperament and outlook, the parties have been unable to live together harmoniously. There is discord and conflict of personalities that have destroyed the marital relationship. A state of incompatibility exists between the parties, and there is no possibility of reconciliation;

WHEREFORE, the Petitioner asks the Court as follows:

1. For a final decree of divorce, dissolving forever the bonds of matrimony heretofore and now existing between the parties.

2. For the Court to equitably divide the parties' personal property, community property, and community debts between the parties.

3. For the legal and physical custody to be awarded to Petitioner and for the Respondent to be ordered to pay child support in accordance with the Santa Fe County child support guidelines.

4. For no award of spousal support.

5. For such other relief as the Court deems just and proper.

SYNOPSIS
Crime Scene investigation at El Ranacho, New Mexico.

NARRATIVE

ASSIGNMENT

On June 19, 2011, at approximately 08:30 pm, I, Agent Warren Pershall, New Mexico State Police Investigations Bureau (NMSP IB) Albuquerque, was assigned by Lieutenant Ted Collins, NMSP IB Santa Fe, to assist with a triple death investigation at El Rancho, New Mexico. Lieutenant Collins advised me that Agent Paul Chavez, NMSP IB Santa Fe, would be assisting, and assigned me to contact Agent Richard Mathews, NMSP IB Albuquerque, and Agent Joe Schiel, NMSP IB Espanola.

BRIEFING

I arrived at the scene and met with Agent Chavez who provided me with the following information:

On Sunday, June 19, 2011, at approximately 7:15 pm, New Mexico State Police Officers were dispatched to # 3-B Coral Street in El Rancho regarding a call that three individuals at this residence had been shot in the head.

Ms. Cherie Ortiz-Rios apparently returned home to find her mother, father, and brother deceased inside this residence. Upon discovering the bodies, she exited the residence and called 911.

Ms. Cherie Ortiz-Rios lives next door at # 3-A Coral Street, and is the daughter and sister of the victims.

SCENE

Upon arrival at the scene, I observed the scene was secured with yellow barricade tape and marked New Mexico State Police units.

The scene appeared to be a residence located at # 3-B Coral Street in El Rancho, New Mexico. It was a single story structure with a brown stucco exterior and a turquoise colored metal pitched roof. The front of the house faced approximately east. There was a rolled-up newspaper lying in the driveway.

INVESTIGATION

Agent Brian Waller, NMSP IB Santa Fe, was assigned as Case Agent.

Agent Chavez was assigned as Crime Scene Manager.

Agent Schiel was assigned as Evidence Custodian.

Agent Mathews was assigned to document the scene with a diagram.

Refer to their reports for details of their involvement with this investigation.

I was assigned to document the investigation with still photography.

I began my investigation by conducting a walk-through of the residence. This scene was investigated in accordance with a First Judicial District Court approved Search Warrant.

	NMNSP2113	2011-11549	N	3	3

Following my walk-through I began to take overview photographs. During my investigation, I took five hundred seventeen photographs using my department-issued Nikon D-90 camera. This camera was designed to store digital images onto a compact flash card.

Periodically during the investigation, I relinquished my flash cards to Agent Schiel, who created original archives of the photographs by downloading the flash cards onto archival CD's. The archival CD's were labeled WP-1, WP-2A, WP-2B, WP-3, WP-4, and WP-5. Agent Schiel created working copies of the archival CD's and retained the originals as evidence.

WP-1 contained one hundred twenty (120) photographs.
WP-2A contained one hundred twenty-three (123) photographs.
WP-2B contained thirty (30) photographs.
WP-3 contained eighty-seven (87) photographs.
WP-4 contained ninety-four (94) photographs.
WP-5 contained sixty-three (63) photographs.

Once I had completed my photography assignment, Agent Chavez assigned me to search the residence for latent fingerprints. I applied fingerprint powder to areas inside and outside the residence, but did not develop any fingerprints.

I completed my investigation at approximately 8:00 am on June 20, 2011 and left the scene at that time.

and the facts tending to establish the foregoing grounds for issuance of a Search Warrant are as follows:

Affiant, Kraig Bobnock, is a full time salaried law enforcement officer who has been employed by the New Mexico State Police for a period of approximately three years. Affiant has received specialized training in criminal investigations through the New Mexico Law Enforcement Academy, the New Mexico State Police Academy. Affiant has received training in the investigation of violent crimes including but not limited to homicide investigations. Affiant has received both classroom and on the job training concerning the investigation of the above offense(s). Affiant has conducted numerous criminal investigations that led to the arrest and conviction of persons in violation of New Mexico State Statutes.

On Sunday, June 19, 2011 at approximately 7:15 p.m., New Mexico State Police Uniform Bureau officers (Santa Fe) responded to a call at number 3 Coral Street in Santa Fe County New Mexico, for three individuals that had been shot in the head. New Mexico State Police Uniform Bureau officer Bert Lopez (Santa Fe) stated that Ms. Cherie Ortiz returned home to find her mother, father and brother deceased inside the residence and on the property. Upon discovering the bodies, she exited the residence and called 911. Officer Lopez stated that upon arrival at the scene, the residence was cleared for any possible suspects. While clearing the residence, Officer Lopez observed a female lying face down next to the right side of a bed inside a bedroom. He observed a male subject lying face down inside the main room of the residence. Outside to the rear of the residence was another male lying face down located near a tree. No weapons were visible around the subjects. All subjects appeared to suffer from head trauma. Officer Lopez stated upon clearing the residence the crime scene was and is currently secured with crime scene tape. Officer Lopez and the other officers that responded to the scene exited the property and secured it. The scene is still currently being secured. Through preliminary investigation it appeared that the residence, all vehicles and buildings on the property belong to the deceased. Dixie's brother, Richard Watson, provided information that there is a marijuana grow somewhere inside the residence but did not provide a

specific location.

Documentation of the herein-described premises, vehicle(s) and/or person(s) is important to the investigation. It is important to document the condition and/or location of items found at the scene and/or their context within the scene.

Affiant is aware through training and experience that before, during and/or after the commission crime(s) there is often transfer of evidence between suspect(s), victim(s), witness(es) and/or their environment. This evidence may not be visible to the naked eye. The evidence, if it exists, may assist in determining the identity of any person who may have been present at the time of the incident.

Affiant is aware through training and experience that people involved in the commission of crime(s) often attempt to conceal, tamper with and/or dispose of evidence, including but not limited to the herein-described item(s), to be seized. They may attempt to give aid or assistance to victim(s) after an act of violence. The materials used to render aid may assist investigators in identifying people with knowledge of the crime(s).

Affiant is also aware that suspect(s), victim(s) and/or witness(es) may document information relating to the crime(s) on paper, on computers and/or on other forms of media. They often make and/or receive telephone calls before, during and/or after the commission crime(s). Such information, if it exists, may be material and relevant to this investigation. This warrant shall include the viewing, listening to, copying, transcribing, transferring and/or recording of data on the herein-described item(s), to be seized.

Affiant is aware through training and experience that people who have apparent knowledge of the incident often make telephone calls to the scene and/or attempt to communicate with each other during the time that law enforcement personnel are executing the search warrant. These people often utilize a variety of communications equipment, including, but not limited to pagers and/or cellular telephones to communicate before, during and after the incident. Answering incoming telephone calls while at the scene and speaking with these people often provides law enforcement with information that is material and relevant to this investigation. It is often necessary to answer communications devices including, but not limited to cellular telephones after seizing the devices, pursuant to the warrant.

Affiant is also aware that item(s) which establish or tend to establish possession, use, residence, presence and/or occupancy of the herein-described premises and/or vehicle(s), to be searched, often demonstrate who had access to the premises and/or vehicle(s). Such information may be material and relevant to this investigation.

Therefore, in order to ensure that a complete and thorough investigation, investigators may be required to examine the entire, above-mentioned premises, vehicle(s) and/or person(s), including, but not limited to, the examination of furniture, walls, crawl-spaces and/or attics. It may be necessary for investigators to remove and/or damage entire portions of the premises and/or vehicle(s) including but not limited to doors, windows, carpets, upholstery, clothing, mechanical equipment, plumbing and/or other items.

Therefore, Affiant respectfully requests that the Court issue a Warrant commanding the search the above-described premises, vehicle(s) and/or person(s).

SYNOPSIS
This report documents my involvement in the triple homicide investigation in El Rancho.

NARRATIVE

On Sunday, June 19, 2011, at approximately 2015 hours, I was assigned to assist with the scene investigation for a triple homicide that occurred in El Rancho, NM. The NMSP IB Section was handling the investigation. Agent Bryan Waller (NMSP IB, Santa Fe) was the case agent. Agent Paul Chavez (NMSP CST, Santa Fe) was the crime scene manager.

I arrived at the residence at approximately 0020 hours, where Agent Joe Schiel (NMSP CST, Espanola) briefed me on the scene investigation. Agent Schiel told me that one decedent (Dixie Ortiz) was in the master bedroom bed, with trauma to her head. Another decedent (Steven Ortiz) was on the kitchen floor, with trauma to his head and hand. The third decedent (Lloyd Ortiz) was on the sidewalk in the back yard, with trauma to his head.

Agent Chavez assigned me to complete a diagram of the scene. Refer to Attachment 1 for the diagram. This attachment contains my diagram of the property, along with the measurements that I took at the scene; and it contains a blow-up of the residence from the property diagram.

In addition to completing the diagram, Agent Chavez assigned me to search a defect over the bloodstain pattern BS-4, on the floor of the kitchen. This defect was in the approximate shape of a rectangle or oval. The hole extended through the dry wall of the ceiling, and through the insulation. We did not see any corresponding defects on the metal plate that was above the insulation in the ceiling. I searched for a missile in the insulation but I did not find one.

I assisted with a systematic search of the residence for any firearms or other evidence of the homicide.

The closet in the office, next to the master bedroom, had a locked cabinet on the south side of the closet. I broke the lock on the cabinet, but I did not find any firearms or other evidence inside the cabinet.

I assisted Agent Warren Pershall (NMSP CST, Albuquerque) with documenting and collecting a dust print from a shoe on a large propane tank that was south of the patio. This propane tank was separated from the patio by a wooden fence. Agent Pershall documented this footwear pattern, and I attempted to make two lifts of the print. I labeled these lifts as 7a and 7b, and I gave them to Agent Schiel so that he could include them on the evidence form.

I completed my roll in the scene investigation on June 20, at approximately 0755 hours. On June 27, at approximately 1410 hours, I obtained the items removed from the bodies during autopsy. I met with OMI Evidence Custodian Laura Garcia, who signed over these items to me. I transported these items to Agent Chavez, who took custody of the items. Refer to Attachment 2 for the OMI Chain of Custody Forms that listed the evidence that I transferred from OMI to Agent Chavez.

I concluded my involvement in this case at this point. I will document any further work in this case in future supplemental reports.

SYNOPSIS

This is to document my involvement in this case. Refer to the narrative portion of this report for details.

NARRATIVE

On Sunday June 19, 2011 I was notified by Lieutenant John Collins of the New Mexico State Police Investigatons Bureau reference a Homicide located at #3 Coral Street, El Rancho, NM.

I arrived on scene as the supervisor to support my Agents in the investigation of the Homicide.
Refer to the reports in this case for any details reference the Homicide Investigation.

On June 26, 2011, I went to Jessie and Cherie Rios' residence becuase Jessie had called that a tooth belonging to Steven Ortiz was located in the kitchen while they were in the process of the clean up. I met with Jessie and collected the tooth which was placed into evidence. (See attachment #1 for a copy of the evidence form.) I also returned two cell phones back to them as well due to Jessie and Cherie not having any way to communicate and no money. (See attachment #2 for a copy of the receipt and release form.)

On August 5, 2011 I traveled to the Los Alamos Police Department and picked up a copy of the 911 call that was made by Cherie Rios on the day the deceased bodies were found. I returned to the New Mexico State Police Investigations Office where I generated an evidence form (SP-205) and turned over the 911 recording to our evidence custodian Janelle Griego to be placed into the New Mexico State Police evidence vault located at Head Quarters. (See attachment #3 for a copy of the evidence form.)

As of this report this concludes my involvement in this case pending any furhter information at which point a supplemental report will follow.

SYNOPSIS

This supplemental report documents the interviews of Derek Villrial, Chris Duran and Julian Atencio. Please refer to my report narrative for complete details.

NARRATIVE

On June 22, 2011 I Agent William Terrazas of the New Mexico State Police Investigations Bureau was assigned by Agent Bryan Waller to interview several subjects in reference to a triple homicide which had taken place in the Community of El Rancho on June 19, 2011.

I made contact with Derek Villareal on June 22, 2011 at his residence in Pojoaque, N.M. at approximately 4 p.m. I advised Derek his name was brought up in an investigation of a triple homicide of Lloyd, Dixie and Steven Ortiz. Derek stated he had nothing to do with the incident. Derek stated he had heard through gossip, that two male subjects by the names of Lucas Baca and Nick Ortiz could possibly be involved. Derek advised that both subjects were from the El Rancho area. Derek also stated he considered Steven a friend and would assist the investigation in any possible way.

I asked Derek to go over what he had done beginning on the morning of June 18, 2011 thru the evening of June 19, 2011. Derek stated he was at his residence on the morning of June 18, 2011 and prepared to go on a trip to Albuquerque with his family. Derek advised he along with his family left their residence to Albuquerque at approximately 1 p.m. Derek advised his mother, father, sister, girl friend, brother Jake, cousin and Uncle Ralph traveled to Albuquerque together. Derek also advised they traveled in two separate vehicles. Derek stated he and his family arrived in Albuquerque where they stayed the night at the Western Star Inn. Derek stated he did not leave the Western Star Inn until the following day.

Derek advised on Sunday June 19, 2011 he along with his family checked out of the Western Star Inn and went to the mall, Sportsmen's Warehouse and to Hooters Restaurant. Derek along with his family he drove back to their residence in Pojoaque, arriving at approximately 7-8 p.m. Derek stated he stayed at his residence the rest of the night.

This concludes the interview of Derek Villareal.

I made contact with Chris Duran at his residence in El Rancho on June 22, 2011 at approximately 5:30 p.m. I asked Chris how he knew the victims of this incident. Chris stated he knew Steven but did not know his parents. Chris advised he knew Steven from school and on occasion Steven would go by to Chris's grandmother's residence on a ATV to say hello and quickly leave. Chris stated he did not know Steven very well but considered him a friend. Chris stated he did not have any knowledge of the murders other than what he had heard on the local news.

I asked Chris to go over what he had done from the morning of June 18, 2011 through the evening of June 19, 2011. Chris advised he was at his residence along with his girl friend Roxy Pacheco and sister Cassandra Duran until approximately 7-7:30 p.m. Chris stated at approximately this time, he and Roxy traveled to Roxy's friend's home in Pojoaque where they stayed until leaving back to Chris's residence at approximately 9:30 ? 10:30 p.m. Chris advised he and Roxy went to bed until the morning of June 19, 2011.

Chris said he and Roxy woke at approximately 12 noon and gave Daniel Roybal a ride to Santa Fe to pick up his son. Daniel advised they arrived back to his residence from Santa Fe at 4 p.m. Chris stated he introduced Roxy to his mother and father and quickly drove Roxy to her home in La Puebla. Chris advised he returned home and ate supper with his parents and again returned to Roxy's residence.

Chris stated while at Roxy's residence, he received a call from his father. Chris stated his father told him of a couple and their handicapped son who had been killed in

El Rancho. Chris stated he did not know of the victim's identity unit the following morning where he heard it on the news. Chris stated he knew nothing else of the incident.

This concluded my interview of Chris Duran.

On June 23, 2011 at approximately 3 p.m., I made contact with Julian Atencio at his mother's residence on New Mexico State Road 503 House 163 in Nambe, N.M. I advised Julian I was assisting in the investigation of a triple homicide case involving Lloyd, Dixie and Steven Ortiz. I also advised Julian his name had been brought up in the investigation and asked him if he knew the victims.

Julian stated he did not know the victims, that he lives in Santa Fe and was only in the Nambe area to help with the clean up of his mother's yard. Julian advised he heard of the incident on the news but has not heard or knows of anything else pertaining to the incident.

I asked Julian to go over his whereabouts from the morning of June 18, 2011 thru the evening of June 19, 2011. Julian stated he woke up at approximately noon on the morning of June 18, 2011 along with his girl friend at there residence in Santa Fe. SYNOPSIS

On June 27, 2011, New Mexico State Police, Investigations Bureau Sergeant Dale Wagoner assigned me to assist New Mexico State Police, Investigations Bureau Agent Bryan Waller with his investigation concerning the homicides of Mr. Lloyd Ortiz, Mrs. Dixie Ortiz, and Mr. Steven Ortiz at their residence in El Rancho, New Mexico. This supplemental report documents my review of the cell phone records which had been acquired during Agent Waller's investigation and interviews with Ms. Audrey Rodriquez and Ms. Paula Collins.

NARRATIVE

On June 27, 2011, New Mexico State Police, Investigations Bureau Sergeant Dale Wagoner (Las Vegas) assigned me to assist New Mexico State Police, Investigations Bureau Agent Bryan Waller (Santa Fe) with his investigation concerning the homicides of Mr. Lloyd Ortiz, Mrs. Dixie Ortiz, and Mr. Steven Ortiz at their residence in El Rancho, New Mexico. I was assigned to review the cell phone records which had been acquired during Agent Waller's investigation.

At approximately 1:30 p.m., Agent Waller briefed me concerning his investigation. The following is a brief summary of Agent Waller's briefing.

BRIEFING: AGENT BRYAN WALLER

Agent Waller stated on June 19, 2011, at approximately 7:00 p.m., Ms. Cherie Ortiz Rios called 911 to report that her father, Mr. Lloyd Ortiz, her mother, Mrs. Dixie Ortiz, and their adopted son, Mr. Steven Ortiz had been found deceased at their residence, located in El Rancho, New Mexico. Cherie reported they had been shot in the head.

During interviews, it was determined the Ortiz's were last seen alive on June 18, 2011 at approximately 7:30 to 8:30 p.m. Steven had last communicated by telephone with family friends at approximately 9:41 p.m. During an interview with Cherie's husband, Mr. Jesse Rios, Mr. Rios stated on June 19, 2011, at approximately 1:00 a.m., he heard dogs barking and voices, and observed a suspicious vehicle parked nearby. Mr. Rios left his residence and followed the suspicious vehicle for a short distance before returning to his residence. At approximately 6:00 p.m., Mr. Robert Rios, attempted to contact Lloyd at the Ortiz residence and found the front door was locked with the deadbolt only. At approximately 7:00 p.m., Cherie attempted to take a meal to the Ortiz residence. After being unable to contact anyone at the residence, Cherie retrieved a key for the residence from Robert and returned to the residence, where she located the victims. Cherie placed a 911 call from Jesse's cell phone, 505-31-1296.

During the investigation, Mrs. Paula Collins, the mother of Ms. Audrey Rodriquez, reported that Audrey told her that during a conversation with Steven, he stated if anything happened to me, Chris would know who did it. Paula stated Audrey had received information from Mr. Chris Halvorson, who told her that Matt and Michael Leon were involved in the homicides, and Chris was happy about the death of Steven. Paula stated the information had been texted to Audrey by Chris, but the text messages had been deleted. This concluded Agent Waller's briefing. For more information, please refer to Agent Waller's report.

On July 7, 2011, Agent Waller provided a CD containing the cell phone records he had received from Verizon Wireless after executing three search warrants. The CD contained the cell phone records, including subscriber information, call detail records, text messages, and cell phone tower locations for 505-577-2511 which was identified as the cell phone of Ms. Dixie Ortiz, 505-795-2375 which was identified as the cell phone of Mr. Steven Ortiz, 505-690-2468 which was identified as the cell phone of Mr. Lloyd Ortiz, 505-699-3031 which was identified as the cell phone of Mr. Robert Rios, 505-690-0291 which was identified as the cell phone of Ms. Catalina Rios, and 580-817-0655 which was identified as the cell phone of Ms. Audrey Rodriquez. Please refer to Attachment CG1 for a copy of the relevant search warrants.

The subscriber information for the cell phones revealed the subscriber for 505-577-2511, 505-795-2375, 505-690-2468, and 505-699-3031 was Mr. Lloyd Ortiz. No subscriber

information was provided for 505-690-0291 and 580-817-0655 because these cell phones were re-sold by TracFone Wireless, Inc.

I formatted the raw cell phone call detail records and text message records for each phone number into a readable format. I attempted to identify every phone number contained within the records using information collected during the investigation and public and law enforcement databases. After formatting the cell phone records, I attempted to identify any significant phone calls or text messages placed on or about the time period of the homicides.

Based on the information available to me at the time of this report, I did not identify any significant telephone calls or text messages in the victim's cell phone records. The phone calls placed to and from these phones, and locations of the cell phones based on the cell phone towers that were utilized, appeared to be consistent with information provided to me at the time of this report. The last apparent phone call made to or from the victim's cell phones was from the Ortiz family residence phone, 505-445-7442, to Steven's phone on June 18, 2011 at 9:43 p.m. Subsequent calls appear to have been answered by voice mail or were unanswered. There were no significant text messages in the victim's phone records. Please refer to Attachment CG2 for a copy of the formatted cell phone records for 505-690-2468 (Lloyd Ortiz). Please refer to Attachment CG3 for a copy of the formatted cell phone records for 505-577-2511 (Dixie Ortiz). Please refer to Attachment CG4 for a copy of the formatted cell phone records for 505-795-2375 (Steven Ortiz).

Based on the information available to me at the time of this report, I did not identify any significant telephone calls or text messages in Robert's cell phone records. The phone calls placed to and from this phone, and locations of the cell phone based on the cell phone towers that were utilized, appeared to be consistent with information provided to me at the time of this report. There were no phone calls placed to the victim's cell phones or residence phone on June 19, 2011. There were no phone calls to 911, or any law enforcement agency, placed from this cell phone on or about the time the victim's bodies were discovered. Please refer to Attachment CG5 for a copy of the formatted cell phone records for 505-699-3031 (Robert Rios).

Based on the information available to me at the time of this report, I did not identify any significant telephone calls or text messages in Catalina's cell phone records. The phone calls placed to and from this phone, and locations of the cell phone based on the cell phone towers that were utilized, appeared to be consistent with information provided to me at the time of this report. There were no phone calls to 911, or any law enforcement agency, placed from this cell phone on or about the time the victim's bodies were discovered. Please refer to Attachment CG6 for a copy of the formatted cell phone records for 505-690-0291 (Catalina Rios).

I did identify what appeared to be relevant telephone calls and text messages in the cell phone records of Audrey Rodriquez. On June 20, 2011, at approximately 10:31 p.m., Audrey received a telephone call from a cell phone associated with Chris Halvorson. At approximately 10:33 p.m., Audrey received a text message from the cell phone associated with Chris Halvorson requesting her to call 505-455-0060, Chris's residence phone. Audrey placed two short telephone calls to the cell phone and the residence phone. At approximately 10:37 p.m., Audrey called the residence phone and conducted an approximately eleven minute telephone conversation. After this conversation ended, Audrey called Steven's cell phone number, the Ortiz residence phone number, and Dixie's

cell phone number. Audrey then used the Verizon 411 directory assistance service to search for and call phone numbers for the Santa Fe, New Mexico, Police Department and Saint Vincent's Regional Medical Center in Santa Fe, New Mexico. At approximately 11:08 p.m., Audrey sent a text message to the cell phone associated with Chris Halvorson which stated "DID STEVEN DIE". On June 21, 2011, Audrey made numerous phone calls to New Mexico law enforcement agencies, Crime Stoppers, the KOB television station, and Mr. Chris Halvorson. At approximately 16:39 p.m., Audrey sent a text message to the cell phone associated with Chris Halvorson which stated "HOW DID STEVEN DIE". These phone calls are consistent with Audrey learning from Chris that Steven was deceased, and appear to corroborate that Audrey received information from Chris concerning the homicides. The text messages are not consistent with Audrey having received any relevant information by text messaging. Please refer to Attachment CG7 for a copy of the formatted cell phone records for 580-817-0655 (Audrey Rodriquez).

On August 2, 2011, at approximately 1:34 p.m., I interviewed Ms. Audrey Marie Rodriquez at her residence, located at 108 South Sewell Street, in Texhoma, Oklahoma. Ms. Rodriquez's mother, Ms. Paula Collins, was also present during the interview. The interview was documented by audio recording. The following is a brief synopsis of the interview.

INTERVIEW: AUDREY MARIE RODRIQUEZ

Audrey stated she met Mr. Steven Ortiz, and his friend, Mr. Chris Halvorson, at a casino sometime after January, 2011. During a phone call several days before Steven's death, she had a telephone conversation with Steven. Audrey stated during this conversation, Steven told her he was in trouble because he had bought drugs from the Mafia, he owed them money, and did not have money to pay them. On June 18, 2011, Audrey spoke to Steven by telephone. Audrey had a short conversation with Steven about how much she liked him and when she was going to visit him.

Audrey stated several days after Steven was murdered, she received a telephone call from Chris Halvorson, who was using his home phone, 505-455-0660, to call. Audrey learned from Chris that Steven had been killed. Chris told Audrey that he had been at the residence, using drugs with Steven when Steven and his parents were killed. Chris stated Steven had been killed by the Mafia because of money and drugs. Lloyd and Dixie were killed because they had money and did not help Steven with his drug debt. Chris told Audrey that after they were killed, he returned to his residence. Chris stated he was happy Steven had been killed because he was jealous of Audrey talking to Steven. Audrey asked Chris how Steven died, and Chris stated he couldn't tell her. Audrey told Chris he had to tell someone, and Chris said no because he did not want to help find the people that killed them. During subsequent conversations, Chris asked Audrey when she was going to going to visit him, and told her to remove her Facebook page because the person or persons involved in the homicides were looking for her.

Audrey stated Matt and Michael Leon, who she initially identified as being involved with the homicides, were Steven's friends and not involved with the homicide. Audrey stated she learned from the news coverage of the deaths that the victims had been shot, and that Chris did not tell her that they had been shot. This concluded the interview with Ms. Rodriquez. For more information, and exact wording, please refer to the audio recording.

At approximately 2:24 p.m., I interviewed Ms. Paula Marie Collins at her residence,

NEW MEXICO SUPPLEMENTAL REPORT	ORI NO. NMNSP2300	INCIDENT NO. 2011-11549	PRIMARY N	PAGE 6	OF 6

located at 108 South Sewell Street, in Texhoma, Oklahoma. The interview was documented by audio recording. The following is a brief synopsis of the interview.

INTERVIEW: PAULA MARIE COLLINS

Paula stated Audrey met Steven on or about April 16, 2011, at the Buffalo Thunder Casino. Paula stated to her knowledge it was the only time they met face to face. Audrey had sexual intercourse with Steven, and later thought she might have become pregnant. Audrey told Paula that Steven told Audrey not to talk to Chris because he was not a good person. Paula stated after Audrey learned Steven had been killed, she became concerned about her Facebook page, and asked her mother to delete it. Paula stated she changed the name used for the Facebook page from audreyrodriquez35@yahoo.com to leola35@yahoo.com, because New Mexico State Police, Investigations Bureau Agent Raphael Gomez (Santa Fe) had told her not to delete it. This concluded the interview with Ms. Rodriquez. For more information, and exact wording, please refer to the audio recording.

This concluded my involvement with this investigation. This case is active. Any further information will be added by supplemental report.

Lieutenant Collins requested affiant to proceed to #3 Coral Road in El Rancho, New Mexico, to investigate a triple homicide. The decedents were identified as Dixie Ortiz, Lloyd Ortiz, and Steven Ortiz.

Affiant arrived at #3 Coral Street in El Rancho at 10:19 p.m. Shortly after my arrival, affiant was briefed by New Mexico State Police, Uniform Bureau Officer Michael Mariscal. Officer Mariscal advised affiant that he was dispatched to #3 Coral Street in El Rancho in reference to three individuals that were shot in the head. Officer Mariscal arrived on scene at approximately 7:26 p.m., and met with the reporting party, Cherie Ortiz. Ms. Ortiz is the daughter of Lloyd and Dixie Ortiz. Ms. Ortiz advised Officer Mariscal that she went to her mother's residence and found her mother and father deceased. She then exited the residence and used her husband's cell phone to immediately contact law enforcement. Officer Mariscal advised affiant that he then conducted a security sweep of the residence. While conducting the security sweep, Officer Mariscal observed a deceased female lying face down on the right side of the bed in the master bedroom. He also located a deceased male subject lying face down in the kitchen. When Officer Mariscal exited the backdoor of the residence, he located another deceased male subject lying face down near a tree. Officer Mariscal did not locate any weapons and indicated that all three deceased subjects appeared to have suffered from head trauma.

During this investigation, numerous interviews were conducted with numerous people. New Mexico State Police, Investigations Bureau Agent Rafael Gomez told affiant that during a telephone interview with Ms. Audrey Rodriguez, she had information in reference to the ongoing homicide investigation. Affiant learned that prior to Steven Ortiz's death, Ms. Rodriguez had contact with Steven Ortiz over their cellular telephones. Ms. Rodriguez's cellular telephone number is (580) 817-0655. The nature of the conversations, according to Audrey, was that Steven told her that he owed money regarding prior drug transactions and that if anything was to happen to him, Michael and Matt Lyon "Leon" were the ones who did it.

On or about June 21, 2011, Audrey also had a conversation over the cellular phone with Chris Halvorson. Chris' cellular telephone number is (505) 455-0060. Chris stated that Michael and Matt Lyon "Leon" had killed Steven Ortiz and he had been present during the murders. Chris also made the comment to Audrey that he was happy that Michael and Matt had done it.

Documents maintained by Verizon Wireless may be material and relevant to this investigation based on numerous interviews that have been conducted in this case

Affiant is also aware that suspect(s), victim(s) and/or witness(s) often make and/or receive telephone calls before, during and/or after the commission of crime(s). Such information, if it exists, may be material and relevant to this investigation.

Affiant is aware through training and experience that people who have apparent

knowledge of the incident often make telephone calls to the scene and/or attempt to communicate with each other during the time that law enforcement personnel are executing the search warrant. These people often utilize a variety of communications equipment, including, but not limited to pagers and/or cellular telephones to communicate before, during, and after the incident.

Therefore, Affiant respectfully requests that the Court issue a Warrant commanding the search of the above-described cellular telephones.

IN THE MATTER OF THE ISSUING A SEARCH WARRANT ON THE 24th DAY OF JUNE, 2011.

AFFIDAVIT FOR SEARCH WARRANT

Affiant, being duly sworn, upon his oath, states and I have reason to believe that on the following described cellular telephones of:

1. Cellco Partnership DBA Verizon Wireless
   Attention Custodian of Records
   180 Washington Valley Road Bedminster, NJ 07921

2. Cellular phone number of investigation (505) 577-2511, (505) 795-2375, (505) 690-2468, (505) 690-0291, (505)-699-3031

In the city or county designated above there is now being concealed:

1. Document(s) that establish or tend to establish ownership, possession, use, transfer and/or the right to ownership, possession, use and/or transfer of the herein-described item(s), to be seized.
2. Records for June 15, 2011 to present, to include but not limited to subscriber information, incoming, outgoing, and missed calls. Times and date of these completed phone calls. Paper documentation showing text messages, voice messages, and data transfer usage of the above listed phone numbers. Account numbers, subscriber information, and billing information for the phone numbers listed as incoming, outgoing, and missed phone calls.
3. Records for the call detail of any and all cellular repeater sites which incoming, outgoing, and missed phone calls were documented for these numbers for the period encompassing June 15, 2011 to present.
4. Voicemail password reset to make available to Affiant any and all voicemail audio recordings saved and/or maintained by this account.

The facts tending to establish the foregoing grounds for issuance of a Search Warrant are as follows:

Affiant, Bryan Waller, is a full time salaried law enforcement officer who has been employed by the New Mexico State Police for a period of approximately three years. Affiant has received specialized training in criminal investigations through the New Mexico Law Enforcement Academy and the New Mexico State Police Academy. Affiant has received training in the investigation of violent crimes including but not limited to homicide investigations. Affiant has received both classroom and on the job training concerning the investigation of the above offense(s). Affiant has conducted numerous

criminal investigations that led to the arrest and conviction of persons in violation of New Mexico State Statutes.

On Sunday, June 19, 2011, at approximately 7:50 p.m., Affiant was contacted by New Mexico State Police, Investigations Bureau Lieutenant Ted Collins. Lieutenant Collins requested affiant to proceed to #3 Coral Road in El Rancho, New Mexico, to investigate a triple homicide. When Officer Mariscal exited the backdoor of the residence, he located another deceased male subject lying face down near a tree. Officer Mariscal did not locate any weapons and indicated that all three deceased subjects appeared to have suffered from head trauma.

During the crime scene investigation process, three cell phones were located inside the decedent's residence inside their perspective bedrooms. Affiant believes these three cell phones were the property of the decedents. Affiant also learned during the investigation that the decedent's granddaughter, Catalina Rios, called her grandparents to her grandfather's cell phone, on the morning of June 19, 2011, but was unable to reach him. The cell phones that were retrieved from the residence are Dixie Ortiz (505) 577-2511, Steven Ortiz (505) 795-2375, Lloyd Ortiz (605) 690-2468, Catalina Rios (505) 690-0291, and Robert Rios (505) 699-3081. are the phone numbers used by Cherie Ortiz-Rios to call 911.

Documents maintained by Verizon Wireless may be material and relevant to this investigation based on numerous interviews that have been conducted in this case

SUPPLEMENTAL REPORT #10 FOR IB CASE 11-23-1-0065 BY AGENT KRAIG BOBNOCK

SYNOPSIS

This report documents my involvement in IB case 11-23-1-0065, death investigation in El Rancho, New Mexico. Refer to the narrative portion of this report for details.

NARRATIVE

On Sunday, June 19, 2011, at around 7:45 p.m., I Agent Kraig Bobnock, New Mexico State Police Investigations Bureau, (Santa Fe) was contacted by Lieutenant Ted Collins, New Mexico State Police Investigations Bureau, (Santa Fe) to assist in conducting a death investigation, which occurred in Santa Fe County, NM. Lieutenant Collins briefed me on the incident and advised me that Agent Bryan Waller, New Mexico State Police Investigations Bureau, (Santa Fe) would be assigned to the case as the lead case agent.

Lieutenant Collins briefed me that there were three dead individuals at 3B Coral Street in El Rancho, New Mexico, and a search warrant was necessary to enter the residence to conduct a criminal investigation by the New Mexico State Police Crime Scene Investigators. I went to the State Police Investigations Bureau office (Santa Fe) and generated a search warrant.

Officer Bert Lopez, New Mexico State Police Uniform Bureau, (Santa Fe) was present at 3B Coral Street providing Agent Scott McFaul the physical description of the residence via telephone.

For details of search warrant, see attached (Attachment KB1).

On Monday, June 20, 2011 at around 1:00 a.m., via landline telephone, I contacted Jenna Stewart, Assistant District Attorney for the First Judicial District Attorney's Office (Santa Fe) for approval of the search warrant. Jenna contacted Douglas Couleur, Chief Deputy District Attorney First Judicial District Attorney's Office (Santa Fe) for approval. The search warrant was telephonically approved by Jenna Stewart and Douglas Couleur.

On Monday June 20, 2011 at around 2:45 a.m. I went to Judge Sheri Raphaelson's residence, First Judicial District Court Division V, to have the search warrant signed, approved and filed in open court. I was sworn in by Judge Raphaelson and she signed the search warrant and the authorization for a nighttime search since the search warrant would be executed between the hours of 10:00 p.m. and 6:00 a.m.

I arrived at 3B Coral Street at around 3:05 a.m. (logged into crime scene at 3:07 a.m.) and executed the search warrant on the residence. I provided Agent Joseph Schiel, New Mexico State Police Criminal Investigation Team, with a copy of the search warrant, itemizing locations and evidence to be processed. While at the residence, I obtained phone number logs (house phone) from the calls that were placed both to and from the residence from June 18th to June 19th. These call logs are pertinent to the investigation because all occupants of the residence were dead.

On Monday June 20, 2011 at 6:50 a.m. I exited and signed out of the crime scene. Agent Joseph Schiel was advised to leave a copy of the search warrant containing a list of the evidence which was collected at the residence during the search warrant execution.

On Monday, June 20, 2011 I met with the New Mexico State Police Investigations Bureau Analyst and provided her with the phone numbers that were recovered from the residence. I advised her that we needed to be informed who placed calls to the residence on those dates and also who the victims may have placed telephone calls to surrounding the time of death. Listed below are the telephone numbers that were displayed on the house landline caller ID system, as incoming telephone calls. The names next to the numbers are listed as the registered person associated with that number. (Attachment KB2)

On Tuesday, June 21, 2011, I gained knowledge that a person of interest in this case was Lucas Baca, who was incarcerated at the Santa Fe Adult Detention Center in Santa Fe. Lucas was the boyfriend of Catalina Roybal, granddaughter to Lloyd and Dixie Ortiz, victims. I contacted the booking officer at the jail, via landline telephone, and he advised me that Lucas was at the First Judicial District Court (Santa Fe) for arraignment. Agent Rafael Gomez, New Mexico State Police Investigations Bureau (Santa Fe), conducted a voluntary interview at a conference room at the district courthouse in which I was present.

This interview was recorded. Refer to audio recording.

On Tuesday, June 21, 2011 I was assigned by Agent Waller to go to the Buffalo Thunder Resort and Casino to obtain video surveillance to verify that Cherie Ortiz-Rios and Jesse Rios were at the Cities of Gold Casino on Saturday June 18, 2011 (as they stated). I spoke with Stan Moya, Director of Security Buffalo Thunder Resort and Casino (Santa Fe), and he advised that the Buffalo Thunder is the master control for all security surveillance at the Cities of Gold Casino. The casino provided a copy of the paperwork that verified that Jesse and Cherie's player club cards were actively being used on June 18, 2011. The Player's Club records indicated that Cherie Ortiz-Rios's Player's Club card was actively being used on Saturday June 18, 2011 between the hours of 10:54 p.m. and 11:43 p.m. On Sunday, June 19, 2011, Cherie's club card was being used between the hours of 10:42 a.m. and 10:46 a.m. Jesse's Player's Club card was actively being used between the hours of 10:54 p.m. and 11:43 p.m. on Saturday, June 18, 2011. On Sunday, June 19, 2011, Cherie's Player's Club card was actively being used between the hours of 10:42 a.m. and 10:46 a.m. Through investigation, video surveillance was obtained to verify that Jesse and Cherie were at the Cities of Gold Casino on Saturday June 18, 2011. On Tuesday June 21, 2011, I was assigned by Agent Waller to assist with conducting an interview at the New Mexico State Police Investigations Bureau interview room (Santa Fe) with Agent Larry Aguirre, New Mexico State Police Investigations Bureau (Espanola). Agent Aguirre would be conducting an interview with Christopher Halvorson.

INTERVIEW: CHRISTOPHER HALVORSON:

At around 6:30 p.m. I was present with Agent Aguirre at the New Mexico State Police

office as he conducted an interview with Christopher Halvorson. Refer to Agent Aguirre's report for interview details.

This interview was audio and video recorded. Refer to recording for details.

On Tuesday June 21, 2011 at around 10:53 p.m. I was assigned by Agent Waller to conduct an interview with Michael Duran, D.O.B. [redacted]1967. The following is a synopsis of the interview.

INTERVIEW: MICHAEL DURAN:

Agent Scott McFaul, New Mexico State Police Investigations Bureau (Santa Fe), was present during the interview. Prior to the interview, Michael was read his Miranda Rights by the New Mexico State Police Criminal Investigation Agents that arrested him for a warrant at his residence. I advised him that he was still under his Miranda rights prior to the interview and he acknowledged. During the interview, he was not handcuffed.

Michael advised that he resided with his girlfriend, ex-wife, Jackie Roybal. Together they had three daughters, Madeline Roybal, 18 y/o, Alyssa Roybal, 17 y/o and Bryanna Roybal, 15 y/o. Michael worked for his cousin, Robert Lee Duran, Duran enterprises performing lathing and plastering. Michael worked for Lloyd approximately five years ago.

Michael stated that he was Jesse Rios's cousin. According to Michael, Marvin Vigil, native from Nambe pueblo, did not like Jesse Rios approximately fifteen years ago.

When asked about the homicide, he advised that he first gained knowledge about it on Sunday at around 10:00 p.m. via the internet. Prior to the homicides, he heard that Jesse got into an altercation at the basketball game with a male that had a playboy bunny tattoo under his eye. The male was in a gang that was supposed to be from the Nambe Pueblo. According to Michael, the male threatened to kill Jesse's family during the confrontation.

We asked Michael if he had any problems with Steven Ortiz and he stated that he never had.

We asked Michael where he was the weekend of the homicides. He stated he worked Thursday and was in bed sick on Friday, Saturday and Sunday. Present at the house with him were his daughters, while his girlfriend was working. Monday morning, Michael returned to work for Robert Duran. Michael then stated that he went to work Friday. Later in the evening on Friday he got sick and went to bed around 5:00 p.m. Sunday he went to True Value, where he saw Jesse Rios. Jesse told him that he was working on a tile job for Danny. Michael also took his father a pie during the day on Sunday, (Father's Day).

Michael stated that on Saturday he took Jackie to work at 6:00 a.m. in Los Alamos. After he returned home at about 6:10 a.m. he raked the yard until around 11:00 a.m. We asked him if he saw anybody in the morning on Sunday after he dropped Jackie off and he replied that he had not.

We asked him if he helped anybody out on Sunday and he remembered that he had. He said

there was a boy in the river, behind his house, that was stuck. The boy was later identified by Michael as Chris Halvorson. Michael stated that he was raking his yard and could hear something in the river that sounded like a chainsaw, which was later determined by Michael, to be Chris spinning the tires on the vehicle.

INTERVIEW BREAK

NOTE: At this point in the interview, Michael requested to use the restroom, which he was afforded the opportunity.

RESUMED INTERVIEW:

Michael stated that he walked down to the river in the direction of the sound similar to a chainsaw and observed a boy shoveling. He described the vehicle that the boy, Chris, was in to be a newer model charcoal gray Honda passenger vehicle. Michael was able to describe the location of Chris in conjunction with the Ortiz residence to us.

Michael recognized Chris as he walked closer towards the vehicle that was stuck in the arroyo. Michael asked Chris what happened. Chris told Michael that he got drunk and attempted to drive across the river and got stuck. He then asked Michael to pull his vehicle out of the arroyo. Michael went to his residence and got his Nissan pickup truck around 7:30 a.m. and hooked the truck up to the Honda to pull it out for him. After Michael pulled the vehicle out that Chris was driving, he had not seen him since.

He described Chris as a person that was always in trouble robbing houses and stealing from the community. Michael stated to us that Chris "looked like a mess" on the morning that he helped pull Chris out. According to Michael, Chris's appearance looked as if he had slept in the car. He doesn?t believe Chris would be a person of interest in this case.

Michael stated that his two youngest daughters, Alyssa and Bryanna still live with him and his girlfriend. Madeline, his oldest daughter, moved out of the residence prior to the homicide taking place. Bryanna got dropped off at her house by her cousin on Sunday morning at around 2:00 a.m.

He stated that his daughter, Alyssa got molested by Joaquin Garcia, security guard in Espanola County, when she was fourteen years old. According to Michael, Joaquin was never charged during the incident and was disgruntled with law enforcement. I asked Michael if he would call law enforcement if something ever happened to him or his family. He stated that he doesn?t have faith in the law anymore. Michael was asked if Steven had ever done anything to his daughters. He replied that there was one time that Steven came to their house on his ?three-wheeler? and approached his daughters and told them to go to his house because he has a hot tub. His daughters at this time were fourteen or fifteen. Michael advised his daughters at that time to stay away from Steven.

This concluded the interview with Michael Duran. After the interview, Michael was transported to the Santa Fe Adult Detention Center by Officer Michael Mariscal, New Mexico State Police Uniform Bureau, (Santa Fe) where he was processed for incarceration on an arrest warrant.

This interview was audio recorded. Refer to recording for details.

On Wednesday, June 22, 2011 at around 3:30 p.m. Catalina Rios telephoned me advising me that she needed to relay some information to me regarding the homicide. I met with Catalina at the DeVargas Funeral home in Espanola, New Mexico.

INTERVIEW: CATALINA RIOS:

She started the interview by stating that a friend, Justin Lineberry, called her at around 2:50 p.m. and told her that Adrian Morales "A-Dog" and Andrew Chavez "Little Snoopy" went over to his, Justin's, house and told him that Derrick Viarrial "did it." According to Catalina, during the time that Adrian and Andrew were at his house, they appeared to be "shaky, sweating, scared and played dumb." Adrian and Andrew asked him if he knew anybody that lived far away, so they could go stay with them. Justin told them that he did not know any place they could go to. Andrew and Adrian left his residence shortly after the conversation took place.

Catalina advised that Derrick Viarrial drives a four-door white Honda passenger car with loud exhaust, stock rims and tinted windows. Derrick lives in the Nambe Pueblo, across from the cemetery, behind the Cities of Gold Casino.

Catalina advised me that she doesn't think that Derrick killed the family, but that the Sureno's could have done it or been involved. The Sureno's would get a lot of respect from the gang by committing the crime, or one similar to the homicide. She advised that they have to hurt people, do drive-by's and do time in prison to gain respect from the gang.

Catalina provided me with Justin's telephone number so I could meet with him to obtain a statement from him regarding his phone call to Catalina. I called Justin and set up a voluntary interview at the New Mexico State Police office in Espanola.

This interview was audio recorded. Refer to recording for details.

INTERVIEW: JUSTIN LINEBERRY:

At around 7:10 p.m. on Wednesday June 22, 2011 I meet with Justin at the Espanola State Police office. Justin advised that the only thing he heard about the incident is the name of Aaron or Derrick. He just heard that Aaron and Derrick were just a name and that's it and didn't know any further information about it. Justin was unable to provide any further information regarding Aaron or Derrick. He advised that he heard this information from Andrew Ortiz, his friend.

Justin also heard from his brother, John Paul (JP) that lived across the river from the Ortiz's. JP told Justin that either the dad flipped out and killed them or the son got a gun and killed them. He was not sure of the information he heard from his brother. Justin advised that the only person that would know any information was Adrian Morales.

Justin advised that he first heard about the homicides while he was at his house. He stated that his mother saw it on the news and told him about it.

I asked Justin if he had a conversation with Andrew Chavez and Adrian Morales at his residence and the conversation never took place. He stated to me that he never had a conversation with Adrian and Andrew that involved them asking Justin for a place to stay that is far away. Justin also denied hearing any information that Derrick "did it."

This interview was audio recorded. Refer to recording for details.

On Friday, June 24, 2011, at around 9:50 a.m., I was assigned by Agent Waller to assist with conducting an interview with Joshua Rios, family member to Jesse Rios, at the Pojoaque Tribal Police Department (Pojoaque) with Agent Rafael Gomez, New Mexico State Police Investigations Bureau. Agent Gomez conducted the interview with Joshua Rios.

During the interview, Joshua advised that there was a suspicious light grey or light blue Ford Expedition that was driving around the night of the homicide with the windows rolled down staring at the crime scene. Joshua advised that this vehicle has been driving around the area more than usual lately. According to Joshua, the vehicle had at least three Mexican occupants.

This interview was audio recorded. Refer to recording for details.

On Friday, June 24, 2011, while performing a canvas of the area, I, Agent Gomez and Sergeant Maestas observed a grey Ford Expedition that matched the description that Joshua provided. The vehicle stopped in a driveway and we conducted a consensual encounter, no emergency equipment activated, and made contact with the occupants inside of the vehicle. I spoke with the passenger, Mario Zubia, in reference to the homicide and he advised that he did not have any information regarding the incident. No further action was taken on Mario.

On Monday, June 27, 2011, I was assigned by Agent Waller to conduct an interview with Daniel Roybal, El Rancho resident, at the New Mexico State Police office in Santa Fe. Present during the interview was Agent Mark Soriano, New Mexico State Police Investigations Bureau (Albuquerque).

INTERVIEW: DANIEL ROYBAL:

I began the interview by asking Daniel if he knew why he was being interviewed. He advised that he had a pretty good idea that he was being interviewed was about the murder in El Rancho, which I confirmed that it was. I told Daniel that I wanted to know what he knew about the homicide. Daniel stated to me that he is Jesse Rios's cousin. Daniel stated that on the night of the murder, he saw the cops pass by his house, so he went for a ride in his Razor, with his son to see what the cops were doing.

Daniel stated that his friend, Elier, neighbor to Jesse Rios, called him on Sunday, June 19, 2011 and said that there were a bunch of cops at Jesse's house. At his point, Daniel did not know why the cops were at Jesse's house. Later on that evening, at around 7:00 p.m. Elier drove over to Daniel's house to pick him up and bring him back to Elier's house to see his cousin Jesse. When Daniel was at Jesse's house, Lucy Rios, Daniel's aunt, explained to him why the cops were at Jesse's residence. Lucy stated to Daniel that all three members of the Ortiz residence had been shot dead.

Daniel stated that when he first saw Jesse, he appeared to be in shock, acting quiet. Daniel stated that he was at Jesse's residence for approximately twenty minutes and then went back to Elier's house. Shortly after, he went home for the night because his son was calling him to go back to his house.

A few days later, at an undisclosed date, Daniel heard from his mother that the Ortiz's were all killed with a pick-axe and that the cops found it. Daniel also stated that he

heard a few other things pertaining to the murder. The first was that it could have been drug related or that they may have owed the Mafia money. He stated that he knew that Steven had a prescription for medical Marijuana.

Daniel also heard that Jesse told Daniel's brother, Phillip Roybal, that there was a silver car with black tinted windows near the scene on the day of the murders, on Saturday. Another one of Daniel's friend stated that they saw that silver car around by the Ortiz residence that day.

When asked what Daniel was doing on the night of Saturday, June 18, 2011, he advised that he was with his friend Elier and his girlfriend Alicia, at their neighbor's house, Elise, playing pool. Daniel left their residence around 9:00 p.m. and went back home directly after.

Daniel stated that he heard that about a week before it happened, he saw Chris Halvorson walking towards Steven's house. He thinks that Chris could have been involved because Chris and Steven had problems in the past. According to Daniel, Chris was talking to a girl that Steven liked, talking bad about Steven.

Daniel also stated that Jesse was having problems with his daughter, Catalina's, boyfriend. Jesse was telling Daniel that around the day before the murder, Jesse threw him out of his house and during that time, her boyfriend stated to Jesse that he will come back and kill him and his whole fucking family.

The reason Daniel was interviewed was because we received information that Daniel told Matthew Gomez that Jesse committed the murders. Daniel denied ever having that conversation with Matthew.

Daniel heard from an unknown source that Jesse and Cherie were out of town during the murders.

This interview was audio recorded. Refer to recording for details.

On Tuesday, June 28, 2011, Agent Paul Chavez, Investigations Bureau Crime Scene Team (Santa Fe) went to the Santa Fe First Judicial District Court to file the search warrant for 3B Coral Street. The court system assigned the search warrant with a docket number of D-101-SW-2011-00001.

On July 11, 2011 at around 11:00 a.m. I was assigned by Agent Waller to assist him with conducting an interview with Cherie Ortiz-Rios and her sister, Angela Spinks. Angela and Cherie advised that they wanted to relay some information to me and Agent Waller in reference to the homicide. During the interview, Cherie offered to provide us with the phone numbers listed in her cellular phone that her daughter Catalina associate with. The numbers are necessary for us to identify names with phone numbers according to the cellular phone records submitted to us by Verizon Wireless. I advised Cherie that I would need her to sign a New Mexico Department of Public Safety Consent to Search form in order to obtain any information from her cellular phone. She complied and signed the consent form. (Attachment KB4)

No weapons were visible around the subjects. All subjects appeared to suffer from head trauma. Officer Lopez stated upon clearing the residence the crime scene was and is currently secured with crime scene tape. Officer Lopez and the other officers that responded to the scene exited the property and secured it. The scene is still currently being secured. Through preliminary investigation it appeared that the residence, all vehicles and buildings on the property belong to the deceased. Dixie's brother, Richard Watson, provided information that there is a marijuana grow somewhere inside the residence but did not provide a

specific location.

Documentation of the herein-described premises, vehicle(s) and/or person(s) is important to the investigation. It is important to document the condition and/or location of items found at the scene and/or their context within the scene.

Affiant is aware through training and experience that before, during and/or after the commission crime(s) there is often transfer of evidence between suspect(s), victim(s), witness(es) and/or their environment. This evidence may not be visible to the naked eye. The evidence, if it exists, may assist in determining the identity of any person who may have been present at the time of the incident.

Affiant is aware through training and experience that people involved in the commission of crime(s) often attempt to conceal, tamper with and/or dispose of evidence, including but not limited to the herein-described item(s), to be seized. They may attempt to give aid or assistance to victim(s) after an act of violence. The materials used to render aid may assist investigators in identifying people with knowledge of the crime(s).

Affiant is also aware that suspect(s), victim(s) and/or witness(es) may document information relating to the crime(s) on paper, on computers and/or on other forms of media. They often make and/or receive telephone calls before, during and/or after the commission crime(s). Such information, if it exists, may be material and relevant to this investigation. This warrant shall include the viewing, listening to, copying, transcribing, transferring and/or recording of data on the herein-described item(s), to be seized.

Affiant is aware through training and experience that people who have apparent knowledge of the incident often make telephone calls to the scene and/or attempt to communicate with each other during the time that law enforcement personnel are executing the search warrant. These people often utilize a variety of communications equipment, including, but not limited to pagers and/or cellular telephones to communicate before, during and after the incident. Answering incoming telephone calls while at the scene and speaking with these people often provides law enforcement with information that is material and relevant to this investigation. It is often necessary to answer communications devices including, but not limited to cellular telephones after seizing the devices, pursuant to the warrant.

Affiant is also aware that item(s) which establish or tend to establish possession, use, residence, presence and/or occupancy of the herein-described premises and/or vehicle(s), to be searched, often demonstrate who had access to the premises and/or vehicle(s). Such information may be material and relevant to this investigation.

Therefore, in order to ensure that a complete and thorough investigation, investigators may be required to examine the entire, above-mentioned premises, vehicle(s) and/or person(s), including, but not limited to, the examination of furniture, walls, crawl-spaces and/or attics. It may be necessary for investigators to remove and/or damage entire portions of the premises and/or vehicle(s) including but not limited to doors, windows, carpets, upholstery, clothing, mechanical equipment, plumbing and/or other items.

Therefore, Affiant respectfully requests that the Court issue a Warrant commanding the search the above-described premises, vehicle(s) and/or person(s).

NARRATIVE

This supplemental report documents the follow up information in reference to the ongoing triple homicide investigation.

SCENE:

On June 19, 2011, at approximately 11:00p.m., New Mexico State Police Criminal Investigation Crime Scene Manager (Santa Fe) Agent Paul Chavez arrived at 3B Coral Street located in El Rancho, New Mexico. The residence was a stucco brown house with the front door facing east. There were multiple vehicles parked under a carport that was located just south of the residence. The outside of the residence appeared to be very clean and orderly.

Upon entering the residence through the front door and into the living room, the master bedroom to the residence was located just to the left. Inside the master bedroom a deceased female identified as Dixie Ortiz was lying face down on the right side of the bed with a large amount of blood around the region of her head. Exiting the master bedroom and walking through the living room, a deceased male identified as Steven Ortiz, was lying face down in the middle of the kitchen with a large amount of blood on the floor near the region of his head. Upon exiting the kitchen and walking through a small dining room, the back sliding glass door was open and just beyond the porch and to the left was another deceased male identified as Lloyd Ortiz. Mr. Ortiz was lying on his right side, facing in a northerly direction with a large amount of blood in the region of his head. Mr. Ortiz? head region was covered by some small limbs from an evergreen plant. (Refer to Agent Paul chavez? report for details.)

New Mexico State Police Criminal Investigations Bureau (Santa Fe), Agent Kraig Bobnock, drafted and provided Agent Chavez the search warrant signed by First Judicial District Court Judge, Sheri Raphaelson, for the residence. Agent Chavez and the New Mexico State Police Crime Scene Unit documented the scene of the homicide. Refer to their supplemental reports for the details regarding the processing of the scene. For items retrieved from the residence refer to return and inventory document that will be attached to this report.

SEARCH WARRANT:

New Mexico State Police Criminal Investigations Bureau Agent Kraig Bobnock (Santa Fe) was assigned to draft the search warrant for the residence of the Ortiz Family located at 3B Coral Street El Rancho, New Mexico (Attachment # KB-1).

BRIEFING:

During the initial briefing I was notified by Officer Mariscal that Cherie Ortiz-Rios was the individual that found the deceased victims and that she was still at the scene with the rest of her family members. Officer Mariscal also informed me that Cherie placed the 911 call to Santa Fe Regional Dispatch Center. Upon being properly briefed and initial walk through of the crime scene a neighborhood canvas was conducted.

NEIGHBORHOOD CANVAS:

Mexico State Police Investigations Agent Billy Terrazas and Agent Joey Gallegos were assigned to conduct the neighborhood canvas. Please refer to their supplemental reports for details of the neighborhood canvas.

INTERVIEWS:

On Sunday June 19, 2011, at approximately 11:13p.m., I met with Cherie Ortiz-Rios in my assigned New Mexico State Police Unit to conduct a recorded interview with her. The interview was recorded by an audio digital recorder and the following is a synopsis of the interview.

INTERVIEW: CHERIE ORTIZ-RIOS

Cherie identified the deceased victims as her Mother Dixie, Father as Lloyd, and Brother Steven. Cherie started the interview with the last time she physically saw her parents. On the Saturday June 18, 2011 Cherie had a mixed drink and smoked a bowl of Marijuana with her mother around 7:00 p.m. and Lloyd was in and out wondering about the fire in Nambe. Steven had just got home from riding his ATV four wheeler and had locked the gate behind him. Cherie stated that she lives in a mobile home on the same property as the victims along with her husband, Jesse Rios, son Robert Rios, and daughter Catalina Rios.

Cherie said that around 8:30 p.m. she started washing the dogs in the front yard. After washing the dogs Steven yelled out to Cherie about washing the dogs. She took a shower after 8:30 p.m. and a friend came down from Grants and he invited her and Jesse over and on the way to Nambe they bought a 12 pack of beer, but she did not drink because something did not feel right. Cherie did not want to go to the friend?s house in Nambe so they went to the Cities of Gold Casino in Pojoaque. . They left the casino and arrived home at approximately 12:30am. (Refer to Agent Rafael Gomez? report for details.)

Upon getting home, Cherie and Jesse watched a movie and put on a pot of coffee. While watching the movie the dogs started barking like crazy. Jesse put on some clothes, went outside, and got into his truck and drove towards a car that was driving in front of their house. At this point the car had traveled from west to east and parked on the eastside of the house. Supposedly there were some kids driving in the area that had made previous threats to the family because of Cherie?s daughter, Catalina. After Jesse got back home he told Cherie that the car had left the area. They came to an agreement that they would switch sleeping for an hour at a time. A loaded shot gun was kept on the couch and Cherie was not sure where the loaded .38 pistol was kept, but thought it was on the television or next to the couch.

At approximately 7:00 a.m. on June 19, 2011 Cherie and Jesse got out of bed, but she wanted to sleep a little longer. Once they got up, they both had a couple of jobs to do before she started cooking her father?s day gift for her father. Robert had got home from camping in El Rito with his friend. After Robert got home, he walked over to the victim?s house and thought they were sleeping, but thought it was weird because the cars were there and the newspaper had not been picked up.

Cherie decided to finish cooking the enchiladas before she went over there. Cherie finished cooking and she went next door to her parents and noticed that the door handle was not locked, but the dead bolt was locked in which she felt was very strange and that

COPY

something was wrong because her parents always lock both locks on the front door. Cherie noticed that all their cars were there, the paper had not been picked up, and the gate was closed. Cherie walked back over to her house to get the house key from Robert and then walked back over to her parents. Cherie used the key to open the front door, walked in the house and the dogs were running loose which was very unusual because her parents never let the dogs run around while they were home.

Cherie then looked into the bedroom to the left and saw her mother lying in the bed and the first thing she thought of was gas, she walked over to shake her mother, but her whole ?fucking? head was blown. After seeing her mother, Cherie saw what she thought at the time was her dad in the kitchen.

Cherie then ran out of the house yelling for help in which Cherie?s husband, Jesse, ran into her parent?s house and observed Steven deceased in the kitchen and Lloyd was deceased in the backyard. While Jesse was searching the house, Cherie placed the call to 911 using Jesse?s phone.

Cherie went on to describe what Jesse had told her about seeing a silver car that had driven in front of their house earlier in the morning.

Cherie began to explain a previous confrontation that Catalina had with an old friend. The old friend was identified as Mikela. Mikela used to stay the night with Catalina, but she was not following the rules at the house by sneaking out at night. For some reason Mikela was not friends with Catalina anymore even though she was related to Tristen, who used to play softball with Catalina. Somehow Tristen was related or knew some older guys that were making threats towards Catalina. Cherie stated that they drove a brown or purple Impala and Tristen?s brother Zach Atencio drives the Impala and a guy that has a playboy tattoo by his eye. Cherie went on to mentioned Catalina?s boyfriend who was Lucas Baca. Lucas supposedly did not get along with Zach.

Cherie began to disclose information about her mother, Dixie. Dixie was employed at Sombrillo Nursing Home in Los Alamos and works approximately seven days a week. Dixie was loved at the Nursing Home because she took very good care of the patients at Sombrillo. Cherie referred her relationship with her mother as if they were best friends. Her father, Lloyd, was a tile setter who was known as a hard work, loved, and very compulsive with cleanliness. They were known to wake up super early and smoke electric cigarettes so they don?t have to go outside and smoke. Her parents collectively kept a very clean house and everything was kept immaculate.

Cherie referred to her brother Steven as a special person that required special needs do to his condition as a shaken baby syndrome. Steven was known to ride his ATV four wheeler on a daily basis around the community of El Rancho.

The interview continued with Cherie going back to the evening of Saturday. A friend from Grants, Moises Martinez, came by the house around 5:30 p.m. Moises and his brother, Henry Martinez, had just stopped by the house to see Jesse. Supposedly they were only at the Cherie?s house for a few moments after coming from a pool party at Buffalo Thunder Resort.

Cherie went on to describe an incident with Nick Ortiz and Lloyd. Nick Ortiz used to live at Cherie?s house for a couple of months and was friends with her son Robert. A few weeks prior to this interview, Nick had jumped over Lloyd?s back fence and Lloyd

COPY

found him in the back yard hiding behind a planter. According to Cherie, the entire family was very angry with Nick and was told not to come over to the house anymore because the family thought Nick was trying to steal Marijuana from Steven.

In conclusion, Cherie stated that she suffers from depression in which she takes a lot of medication such as Zybalta and Hydocodone. Her dad was also known to suffer from depression especially around Holidays. Cherie reiterated that the doors are always locked the same way and when she went over after making enchiladas, the bottom (door knob) was unlocked which was very unusual with the newspaper still being in the driveway and the gate closed.

This concluded the initial interview with Cherie Ortiz-Rios. This interview was audio recorded. Refer to audio recording for details.

On Monday June 20, 2011, at approximately 12:28 a.m., I met with Jesse Rios in my assigned New Mexico State Police Unit to conduct a recorded interview with him. Jesse is Cherie?s husband and son-in-law to the victims. The interview was recorded by an audio digital recorder and the following is a synopsis of the interview.

INTERVIEW: JESSE RIOS

The interview began with Jesse waking up on the morning of Sunday June 19, 2011 at approximately 7:30 a.m. Upon waking up, Jesse and Cherie left the house around 9:30 a.m. to go finish up some jobs that were previously started on Saturday. The jobs consisted of some tile and stucco work in the Santa Fe area for Jesse and Cherie was cleaning some business offices. After completing the jobs, they arrived back home around 6:00 p.m. Cherie was cooking dinner for everyone to eat and most likely Jesse and Cherie were going to go to Lloyd and Dixie?s house to eat, but he was unclear as what the plan was for dinner.
Jesse stated that Cherie told him that she thought it was weird that the door was locked and did not seem that any of the vehicle?s had been moved. Jesse told Cherie to get the key to their house and come over and check on them. Cherie then told Jesse that she did not have a key and that only Robert has a key. Cherie got the key from Robert and went over without taking any food with her. Jesse then heard Cherie yelling from the direction of her parents? house so he got up and went outside to see what was going on. Cherie told Jesse that she saw her dad lying in the kitchen and was shot in the head, but could not find Steven. Jesse then ran into Lloyd and Dixie?s house and saw ?them? and then ran out of the house and towards the back yard. After running out of the house and looking for Steven, he then looked over the fence, and could then identify Lloyd in the back yard by seeing the gray hair on his chest as he was lying on his side. At this time, Jesse then told Cherie that it was Steven in the kitchen and her dad was in the back yard.

While this commotion was going on, Jesse stated that Cherie had used his cell phone to call 911 which was around 7:00 p.m. and he waited out by the road for the police.

The interview continued with Jesse describing what went on during the previous day on Saturday. Jesse and Cherie got home from the Cities of Gold Casino around 11:30 p.m. and once they got home Cherie was using the computer doing her homework while he was watching a movie. During the movie at around 1:30 a.m. his dogs started barking a lot in the direction of the open field that is directly west of their house. Jesse then got up and walked outside in the backyard and did not hear or see anything unusual so he

COPY

went back into the house. A few moments later the dogs began barking again, now towards the front of his house. Jesse then began looking out of the front kitchen window and saw a car, unsure if it was silver or gray, parked on the road in front of his house and to the west. The car then traveled in front of his house to the east and parked at the end of the road. Jesse specifically stated that he never left the house and did not take a gun out of the house.

At approximately 2:00 a.m. is when Jesse went to bed for the night after he finished watching a movie. He thought Cherie was lying on the couch when he fell asleep but when he woke up the next morning she was in bed with him and he never heard anything unusual for the rest of the night. Jesse described himself as a very light sleeper and would here the dogs barking or any other unusual noises.

Jesse described Dixie, Lloyd, and Steven as very simple people who kept to themselves. According to Jesse, they never really left the house and did not associate too much with other people. Jesse last saw his in-laws on Saturday evening after work while he was cutting a tree down between his house and his in-laws house.

Jesse went on to describe an incident between his daughter Catalina and some unknown gang members. These unknown people were supposedly sending threatening text messages to Catalina and this incident was somehow related to Catalina?s friends that played softball. Jesse confronted these people, one specifically, with a tattooed playboy bunny by his eye at the gas station in Pojoaque. Jesse advised him to leave his daughter alone and stop bothering her. Nothing else happened during that incident. Jesse described these unknown people driving a green or gray Honda with tinted windows.

This concluded the initial interview with Jesse Rios at 1:09 a.m. This interview was audio recorded. Refer to audio recording for details.

On Monday June 20, 2011, at approximately 2:24 a.m., I met with Robert Rios in my assigned New Mexico State Police Unit to conduct a recorded interview with him. Robert is Cherie and Jesse?s son and grandson to the victims. The interview was recorded by an audio digital recorder and the following is a synopsis of the interview.

INTERVIEW: ROBERT RIOS

The interview began with Robert describing the day of Sunday June 20, 2011. Robert was camping with his friend, Eli Romero, in El Rito on Sunday and got back around lunch time and went directly to his friend?s house. He stayed at his friend?s house for a few hours and got back to his house around 5:30 p.m.

Once he got home he took a shower and talked with his mom about his camping trip. After talking with his mom he went next door to see his grandpa because it was father?s day. Robert walked over and noticed that the door knob was unlocked, but the deadbolt was locked which was unusual. While he was over there, he also noticed that all their cars were there, the newspaper had not been picked up, and the gate was closed. Robert walked back over to his house and told his mom what he noticed when he went to see his grandparent?s. Cherie asked Robert for his house key to his grandparent?s house and so he gave it to her so she could see what was going on. Robert said that his mom went next door around 6:30 p.m. and the next thing he knew that his mom was very hysterical and stated that they were all dead and that someone had shot them. Robert then began to freak out and his parents would not let him go next door because it was too bad.

COPY

According to Robert, his dad was the only one that went next door after his mom started freaking out and then she called 911.

Robert was the only family member that had a key that he knew of. His grandparent?s gave him a key so he could go over to eat snacks and watch the television.

Robert went on to describe an incident where he heard that some people were messing with his sister and they had threatened her with a gun. When asked what he thought happened, Robert thought that his grandpa went to check on a noise and they got him out there. The reason for this thought was an incident where his grandpa noticed some window screens that were out of place and a few weeks ago his grandpa told him that he heard some noises outside and so he walked around the yard with a baseball bat, but did not confront anyone.

Robert stated that his grandparent?s always locked both locks on the front door and left the porch light. When his grandpa would here noises or the dogs barking he always went out back to check and Steven would wait in the kitchen. Steven usually got up on his own. Grandma would always stay in bed when this would happen. Robert knew they always went to bed around 9:30 p.m. or 10:00 p.m. at the latest. The dogs would bark approximately once a night and they would always check to see what was going on but usually would not see anything suspicious. Robert knew that his grandpa got up around 4:30 a.m., grandma was a little later, and Steven would get up around 8:00 a.m. Their routine was to get up and drink coffee while they watched the news.

According to Robert, his grandparent?s had a lot of guns in the house as well as other expensive items and his grandpa always kept a lot of money in his wallet money was also kept in a kitchen cabinet.

This concluded the initial interview with Robert Rios at 2:42 a.m. This interview was audio recorded. Refer to audio recording for details.

NARRATIVE

On Sunday, June 19, 2011 at approximately 8:00 pm, I was contacted by New Mexico State Police Investigations Bureau Sergeant Chris Valdez and was informed of a possible triple homicide that occurred in El Rancho, NM. New Mexico State Police Investigations Bureau out of Santa Fe, NM was handling the investigation and Agent Bryan Waller was assigned as the lead case agent.

At approximately 8:45 pm, I arrived on scene, which was secured by yellow tape and being maintained by New Mexico State Police Uniform Section. I was signed into the Crime Scene Log accordingly.

I was provided a briefing on the investigation. I was informed that three deceased individuals were located by a family member. Two were deceased inside of the residence and one was deceased in the back yard. They were initially identified by family members that located them as Lloyd, Dixie and Steven Ortiz. The incident would be investigated as a homicide.

At approximately 1:00 am the following date, I cleared the scene.

On Tuesday, June 21, 2011 at approximately 10:00 am, I was contacted by New Mexico State Police Investigations Bureau Sergeant Mitchell Maestas and was advised to proceed back to 3B Coral Street and secure the residence. New Mexico State Police Crime Scene Technician Agent Joseph Schiels would also be meeting me there. It was determined that Lloyd, Dixie and Steven Ortiz were killed with a blunt instrument and a Pic Axe was located behind the residence.

I proceeded to the scene to secure the residence. As I arrived, Aftermath cleaning company out of Denver, Colorado was present at the residence and in their initial stages of cleaning the residence at the request of the family. I advised them that the residence needed to be secured and they would have to come back to complete their job. All of the items they began to clean up were still on scene in a biohazard bag.

I walked behind the residence through the yard and located a wooden handled with green stickers Pic Axe that appeared to have been thrown from inside of the yard outside to the adjacent field. The field was determined to have been owne by San Idelfonso Pueblo. The Pic Axe had what appeared to be blood on the handle and metal part. I secured the scene until Agent Joseph Schiel arrived.

Agent Joseph Schiel arrived shortly after I did and consent to process the scene was obtained from San Idelfonso Pueblo. The son in law to Lloyd and Dixie Ortiz. whom lived next door, identified as Jesse Rios was present at his residence as well. I photographed the Pic Axe prior to removal and presented a picture of the Pic Axe to Jesse Rios for identification purposes. I wanted to see if he had recognized the Pic Axe. Jesse Rios was shown a photograph of the Pic Axe and stated he did not recognize it, and that if the Pic Axe belonged to Lloyd Ortiz it would have Lloyd Ortiz's name or initials on it. The picture was also shown to Jesse Rios's son and he didn't identify the Pic Axe as well.

Agent Joseph Schiel completed processing the scene and the scene was released back to the family.

The end of this report concludes my involvement in this investigation.

SYNOPSIS
This supplemental report documents my involvement with this homicide investigation, refer to narrative for details.

NARRATIVE

On Sunday, June 19, 2011, at approximately 08:09 p.m. I was contacted (via telephone) by Lieutenant John T. Collins New Mexico State Police Investigations Bureau (NMSP-IB) in reference to a possible homicide in El Rancho, New Mexico, involving three subjects who had been found dead at a residence, with apparent trauma.

NMSP-IB Zone One Agents were conducting the investigation and requesting assistance from the State Police Crime Scene Team. Agent Joe Schiel (NMSP-IB), Agent Richard Mathews NMSP-IB Albuquerque, Agent Warren Pershall (NMSP-IB) Albuquerque, and I were all assigned to respond and assist with the crime scene investigation.

I responded from the Albuquerque area and arrived at the scene (3B Coral Road, El Rancho N.M.) at approximately 11:00 p.m. At this point NMSP-IB Zone One investigators were still in the process of obtaining a search warrant for the scene.

I met with Sergeant Mitchell Maestas NMSP-IB Santa Fe, Sergeant Chris Valdez NMSPIB Espanola, Agent Bryan Waller NMSP-IB Santa Fe (assigned case agent), Agent Joey Gallegos NMSPIB Espanola, Agent Gilbert Tafoya NMSP-IB Espanola, Agent Larry Aguirre NMSPIB Espanola, and Agent William Terrazas NMSP-IB Espanola. There were also several uniformed NMSP district one officers on scene maintaining security of the scene. The scene had been taped with yellow crime scene barrier tape.

I was briefed by Sergeant Maestas upon arrival:

On June 19, 2011, at approximately 07:15 p.m. NMSP District One officers responded to the scene. The call was in reference to the three individuals being shot in the head. The first responding officer was Officer Bert Lopez NMSP Uniform. Officer Lopez confirmed three individuals were dead at the residence. There was reportedly a marijuana grow within the premises.

At approximately 6:30 p.m. Ms. Cherie Ortiz-Rios discovered the three decedent's bodies at # 3-B Coral Road in El Rancho, New Mexico. The three decedents had been identified as Lloyd Ortiz, Dixie Ortiz, and Steven Ortiz. Lloyd and Dixie are Cherie's parents; Steven is her adopted step brother. Mrs. Ortiz-Rios resides next door.

Lloyd Ortiz was located in the back yard, Steven was in the kitchen, and Dixie was found in the master bedroom in bed. Both Steven and Lloyd were found to be wearing only their underwear. At this point the decedents were believed to have been shot.

There was an attempted breaking and entering several weeks prior.

Shortly thereafter Agent Mathews and Agent Pershall arrived on scene. I was the assigned Crime Scene Manager for this investigation. The scene is described as follows.

Coral Road extends off the south side of Santa Fe County Road 84/A, 84/A runs easterly and westerly and runs parallel to the Pojoaque arroyo. Coral road is an easement that runs south to approximately seven residences. At the intersection of Coral and CR 84/A is an open lot area which extends to the south where the residence's begin. The first

residence to the right is that of Mr. Jesse and Mrs. Cherie Ortiz-Rios which adjoins to the actual scene of the Ortiz residence, the second residence on the right. The Rios residence consists of a single wide mobile home facing north, on the northeast corner of the property. The driveway proceeds into the property in a south west direction. A wood panel type fence separates the Rios residence and the Ortiz residence. A chain link fence extends along Coral road (east of the Ortiz residence visible from the road.)

There is a red coral type gate with a news paper (Santa Fe New Mexican dated: 06/19/2011) at the entrance. The driveway is graveled that leads to an asphalt surface in front of the Ortiz residence. The residence is a single story brown stucco structure. The entire property is fenced and is on approximately one acre. The entry way is marked with Ortiz on the wood paneled fence. The front of the residence has a small covered porch with wooden pillars. There is a screen door on the front door.

The south side of the property occupies several car ports and storage sheds. There is a two car carport on the south east corner of the property which is open to the north and the driveway area. There are two vehicles in this carport one is a Chevrolet Silverado pickup extended cab with a camper shell displaying New Mexico license plate 915-MZG. The second vehicle is a red Chevrolet pickup with no visible license plate he VIN is 2GCEK19K3P1130475.

The second carport is adjoined to the west side of the first carport. There are two vehicles in the carport the first vehicle has a yellow and black Chevrolet Camero bearing New Mexico license plate "69 RULES". The second vehicle is a red and white Ford F-250 pickup with a red camper shell bearing decals for Ortiz Tile Commercial and Residential, displaying New Mexico license plate 836-LGN. Parked along the premises east fence is a Granite Ridge RV Ford F-450 displaying New Mexico registration 40781-RVA.

The area around the residence is open excluding the backyard, which is fenced with wood paneling. The backyard is isolated from the rest of the property with wood paneling fence running from the northwest corner and the southwest corner out to the east. The fence intersects with an additional fence extending along the west side of the property. There are gates on each side of the yard north and south, which are pad locked, from the inside.

At approximately 11:55 p.m. the other investigators and I received notification from Lieutenant Collins, who had been in touch with the First Judicial Deputy District Attorney Doug Couleur regarding a search warrant for the residence. The Deputy District Attorney stated that a warrant was not necessary as all three victims were the only ones who had expectation of privacy to the residence.

Agent Bobnock continued with drafting an affidavit and a search warrant regardless, later approved by the First Judicial District Judge Sheri Raphaelson. A copy of the search warrant documents will be attached to and made part of this report (Refer to Attachment PC-1).

Upon making entry and a walkthrough of the residence through the front door I made the following observations:

The front door was open, there was a key in the deadbolt with a lanyard. Entry was made into the living room. The residence appears to be orderly and well kept. The residence

appears to be a single-wide mobile home with an addition to the east and west. The living room is a portion of the addition, which is lower than the west side of the reidence. There is a big screen television in the northeast corner of the room. There is a sofa against the west wall. There is a circular floor rug in the middle of the room, there is coffee table on the rug that is not centered on the table is pushed against the sofa. There are three steps extending up the west wall, in the northwest area of the room, which extend to the kitchen. There is at least one visible suspected blood droplet stain on the living room near the bottom of the stairs. There is a doorway on the south side of the living room, which leads to the master bedroom.

Upon entering the master bedroom the decedent, Dixie Ortiz is visible from the living room area lying in bed. The right arm is protruding out of a blanket. The beds headboard is against the south wall, she is lying in a diagonal manner with the head facing southwesterly and feet northeasterly. There is a dresser at the foot of the bed with several pillows; there are visible suspected blood droplets extending from the doorway to the side of the bed where the decedent is located on. On the west side of the bed is a stairway that extends to the master bathroom. There are several blood droplets that extend to the west side of the bed on the stairway. The northwest corner occupies a gun safe where there are several rifles visible. There is an entertainment center on the left in the master bedroom, a television set, and bookshelf.

The decedent, Ms. Ortiz has a blanket pulled up to her armpit; she is partially faced down on her left side. She is wearing a white T-shirt. There is a large volume of blood flowing from right side of her head down her face. There is a large volume of blood that flows down the west side of the bed leaving a blood drip pattern leading to the end of the bed. There are projected blood stains consistent with impact spatter or cast off, which extend to a pillow, the headboard, and wall. The wall is visible within the spaces and partially obscured by the wood panels. Within the space on the south wall are visible projected blood stains also consistent with impact spatter or cast off. The stains appear consistent with where the head of the decedent is. There are two shelves on the south east and south west corners of the room. There is a small shelf mounted directly west of the bed where a cell phone is located. There is no indication of this room being rummaged through.

From the stairway in the master bedroom, which extends up to the master bathroom and office area, which does not appear to be disturbed or rummaged through.

Up the stairs from the living room into the kitchen the body of Steven Ortiz is lying on the floor. The lower extremities are visible and are within the path of the doorway as you go into the kitchen area. Steven is only wearing only boxer shorts. He is lying on his left side faced down with both knees slightly bent. There is a large volume of projected blood stains radiating away from his head, onto the floor, the sink cabinet, several vertical surfaces such as a cabinet, refrigerator, and a stove positioned diagonally on the south west corner. An island is in the center of the kitchen. The decedent is located between the island and the refrigerator. There is a large pool of blood around the decedents head, several droplets east of the body and several feet southwest of the doorway that separates the living room and kitchen. On the ceiling in the kitchen approximately one foot west of the doorway that separates the living room and the kitchen is a defect approximately 1/2"x1/2" inch in diameter. There is a piece of hair and tissue on the south side of that defect. There is a utility room directly south of the kitchen and a small porch, which acts as a laundry room; this is where two dogs are secured inside. Adjoining the north side of the kitchen it is an open concept.

There is a dining room and small hallway extending to a bathroom on the north end of the original mobile home portion residence. In the dining room on the east wall is a doorway extending to two additional bedrooms. There is a sliding glass door located off the west side of the dining room, which is open. There is an adjoining covered porch where there is a Jacuzzi that is open to the back yard.

At the bottom of he stairway on the left or south as you proceed down the steps is where the body of Lloyd Ortiz is located. The body is on top of a path of pavers. He is lying on his left side wearing only his underwear. There are numerous branches and twigs on the upper extremities of his body from an evergreen shrub east of the body. The branches and twigs are primarily over the head and upper extremities and the surface around him. There is a pair of eyeglasses north of the body. Around the evergreen shrub is a wire mesh fence which appears to be bent down from the upper edge. There are visible bloodstains on the upper right thigh, abdomen area, and hands. He is lying on his left, partially faced down; the right arm is extended away from his body towards the north with the palm up. The left arm is twisted and dangling over the right arm with the palm up.

The wire mesh fencing divides the back yard. The northwest corner of the back yard occupies a small building which acts as a recreational room. The south side of the yard occupies a flagstone patio. On the west perimeter of the yard there is a break in the fence, which is open. In the southeast corner of the yard is an additional area fenced off with wood paneling approximately seven feet high, locked with a padlock.

In the fenced area of the backyard are several water troughs with what appear to be marijuana plants are growing within them and several pots that appear to have marijuana plants growing in them as well.

On the west side of the property on the other side of the break in the fence is a large open field/pasture. There is a barbed wire fence running parallel to the yard fence approximately 18" inches apart. There are large cactus and bushes. The area opposite side of the break in the fence is undisturbed. There are no foot wear impressions, in this area, nor are the weeds or brush disturbed, or trampled.

Approximately ten feet west is a wooden handled pick axe, near a bucket with what appears to have soil inside. (Upon later further exam the pick axe was bloodstained.)

I assigned Richard Mathews to sketch and diagram the interior and exterior portion of the scene. I assigned Warren Pershall to take still photographs. I assigned Agent Schiel as the evidence custodian.

We commenced processing the scene with overview photographs.

We then conducted a detailed search of the scene to attempt to locate and identify items of evidentiary value. The following items were documented as evidence.

R-1 An earring clasp located near approximately two feet from Lloyd Ortiz' body, on the paver floor surface.

R-2 Eyeglasses north of Lloyd Ortiz' body, which are bloodstained.

R-3 Seventeen (17) marijuana plants, collected from a fenced isolated are in southeast corner of the backyard.

R-4-A A Ruger single action .22 revolver and holster
R-4B A Remington bolt action single shot sawed off barrel .22 caliber rifle no serial #.
R-4C A Marlin bolt action .22 rifle with scope.
These items were all collected from a gun safe in the northeast bedroom, believed to be Steven's room.

5 Items collected from the upper portion of the gun cabinet in the master bedroom.
5A A semi-automatic .22 rifle with scope.
5B A Western Field lever action .22 caliber rifle unknown serial number.

6 Items collected from the lower portion of the gun cabinet in the master bedroom.
6A FIE .22 revolver serial # 892465 with a holster.
6B A Smith & Wesson .38 special no serial number.
6C Eight boxes of assorted ammunition: 38 special by Sandia, PMC Parker, Amtec, .22 ammunition by Remington, Winchester CCI and .25 auto ammunition,
7 A dust deposit footwear pattern located on a vehicle door located on the south side of the backyard fence against a stack of pavers. The door was upright and there were two dust deposit patterns collected by lifts and by photography with scale. The pattern is described as two separate "running W patterns" within the same footwear. A larger and more fine divided by a double linear border extends across the shoe from front to back.

At approximately 2:00 a.m. Field Investigator Berry Hazen with OMI arrived at the scene. The decedents were pronounced dead.

The first body that was examined was Steven Ortiz. There were visible defects on both sides of the head. The upper left was severely cut on both sides of the mouth. The blood underneath the head, face, arms, and upper extremities was coagulated, leaving capillary action type patterns when he was rolled onto his back. There was a laceration on the right thumb. The face and back of the head were saturated in blood. The fine details of the wounds could not be seen, though they appeared to be puncture type wounds.

The second body examined was Dixie Ortiz. There was a defect in front of her right ear, when the body was rolled onto her back; there was a large pool of blood on the upper extremities flowing off the west side of the bed. There was a large volume of coagulated blood around the upper left arm. Underneath the left side of the face near the mouth there appeared to be a piece of twig embedded to her skin, which appear to be similar to twigs and the tree near Lloyd, there was additional twigs in her hair on the left side of her head. There were small fragments of twigs in the blood pool as well.

The following bloodstains from the scene were documented as follows:

BS-1 A group projected bloodstains yielding characteristics of either impact spatter or cast-off in the master bedroom around the area of Dixie's head, headboard, and wall. The group of impact spatter could also co-mingle with cast off. The overall area encumbers an area of approximately 6"x7" inches. The pool directly underneath Dixie's upper extremities encumbers an area of approximately 28"x33" inches.

BS-2 A trail of passive blood droplets on the carpet that extend from the west side of the bed, on the stairs up to the office and bathroom, out the bedroom door encumbering an area of approximately six feet eleven inches by three feet eight inches (6'-11"x3'-8") in overall area.

BS-3 A single droplet on the living room floor near the bottom of the stairway.

BS-4 A group of blood droplets in the kitchen, on the southwest of the doorway that separates the living room and kitchen and southeast of Steven's body a group of droplets have several wipe patterns through the droplets. The area encumbers an area of approximately two feet eight inches by one foot one inch (2'-8"x1'-1").

BS-5 A group of impact spatter located on lower pantry doors, south of Steven's body encumbering an area of approximately two feet eight inches by one foot eleven inches (2'-8"x1'-11").

BS-6 A group of impact spatter type bloodstains on the floor around and underneath Steven's body. The origin is from the upper extremities. Directly underneath the body is a large amount of pooling along with capillary action visible after the decedent was moved. The area is approximately eight feet four inches by ten foot three inches (8'-4"x10'-3"). The projected blood stains extend into the dining room area where there are additional similar stains, which appear to be from a different event.

BS-7 A group of projected bloodstains on the floor of the dining room in the south east corner of the room. Overlapping bloodstains in the same area are similar stains which yield directionality to the northeast, likely from a separate event than BS-7. The two groups of stains of stains were documented individually, and yield characteristics of impact spatter type bloodstainsstains. BS-7 ecncumbers an area of approximately 8"x8" inches.

BS-8 Are the stains which yield directionality which overlap the stains doumented in BS-7. BS-8 encumbers an area of approximately one four by one three (1'-4"x1'-3").

BS-9 A transfer stain which appears to have characteristics of a swipe type pattern located on the interior door handle of the sliding door that proceeds to the back porch. The stain encumbers an area of approximately one and a quarter inch by half an inch.

BS-10 A trail of blood droplets which continue onto the back porch floor surface, which extends to the bottom of the steps. Bs-10 documents a single droplet on the deck surface, BS-11 continues at the bottom of the steps.

BS-11 A group of droplets at the bottom of the stairway to the back porch on the west side of the residence north of Lloyds body encumbering an area of approximately three feet seven inches by two feet eight inches (3'-7x2'-8").

I attempted to process the scene for latent prints and developed three prints by applying fingerprint powder.

LP-1 Latent prints developed from the kitchen island surface.
LP-2 A group of latent prints on the kitchen island surface.
LP-3 A latent print from the exterior side of the front door.

There were other smudges developed which yielded a no ridge detail, those were not lifted. LP-1 through LP-3 were lifted and collected as evidence.

All the above listed evidence was collected, packaged, and sealed in the approved manner by Agent Schiel.

We departed the scene at approximately 8:45 a.m.

At apprxomately noon on the same date (6/20/2011) Agent Mark Soriano and I returned to the residence and additionally collected two cellular phones and a lap-top computer from the residence, Agent Waller obtained further consent from the family to do so.

On June 21, 2011, I attended the autopsy at the Office of the Medical Investigator in Albuquerque with Agent Brian Waller and Agent Mark Soriano. The autopsies for all three decedents were conducted by Dr. Ross E. Zumwalt MD Chief Medical investigator.

Upon completion of the autopsies the doctor briefed us of the following. Steven Ortiz sustained approximately seventeen lacerations to the head, two of which were to the mouth knocking out two teeth. Steven sustained three decompressed skull fractures along with what appeared to be a defensive wound on the right thumb.

Lloyd sustained up to seven lacerations, a broken jaw on both sides, "subdural hemorrhage", along with a laceration to the left upper arm.

Dixie sustained two impacts to the right side of the head, one of which penetrated deep into the head.

At this point I contacted Agent Schiel to proceed back to the residence and further examine the pick axe which was on the west side of the premises. Upon closer examination of the pick axe, Agent Schiel informed me that there were indeed suspected blood stains visible. The pick axe was collected as evidence.

I later submitted multiple items to the Department of Public Safety Crime Laboratory. A copy of the evidence receipt will be attached and made a part of this report.

On Friday June 24, 2011 I took aerial photographs with the New Mexico State Police Aircraft Section via helicopter. Officer Mitch Bengston recorded video footage of the scene in El Rancho. Images were taken exclusively of (3-B Coral Road, El Rancho N.M.), along with surrounding area of the El Rancho community, during the course aerial photography I took a total of forty-eight (48) digital images. A copy of those images will be attached to and made part of this report (Refer to Attachment PC-2).

On Thursday July 24, 2011 I assisted Agent Waller with obtaining buccal swabs (DNA standard) from victims' family members, at the Jesse Rios residence (3-A Coral Road, El Rancho N.M.). Agent Waller received written consent, for both buccal swab and fingerprint standards. Standards were received from: Mrs. Angela Spinks, Mr. Kristopher Spinks, Jesse Ortiz, Cherie Ortiz-Rios, Catalina Rios and Robert Rios. Which were later additionally submitted to the Department of Public Safety Crime Laboratory for comparison to other evidence previously submitted.

Copies of the DPS Forensic Laboratory Evidence Receipt, which document evidence which I

submitted for analysis, will be attached to and made part of this report refer to Attachment PC-3).

Further information concerning the scene analysis/ reconstruction pending DNA results will follow on a supplemental report.

A complete mechanical inspection of the herein-described vehicle(s), to be searched. and the facts tending to establish the foregoing grounds for issuance of a Search Warrant are as follows:

Affiant, Paula Archuleta is a full time salaried law enforcement officer who has been employed by the Rio Arriba Sheriff's Office for a period of approximately 3 years and approximately 12 years of law enforcement experience. Affiant has received specialized training in criminal investigations through the New Mexico Law Enforcement Academy,

Affiant has received training in the investigation of violent crimes, driving while under the influence of alcohol, Motor vehicle accidents, domestic violence, including but not limited to other investigations. Affiant has received both classroom and on the job training concerning the investigation of the above offense(s). Affiant has conducted investigations that led to the arrest and conviction of persons in violation of New Mexico State Statutes.

On May 28, 2011 at approximately 1804 I was advised by Central Dispatch of a Moto vehicle crash with injuries on State Road 76, and while in full dress uniform displaying badge of office in a fully marked unit #625. I responded to State Road 76 near Mile Marker 10, near the community of Rio Chiquito, NM.

Upon arrival I made contact with the reporting party who was identified as Mr. Mitchal Woodall. Mr. Woodall stated that the vehicle that caused the accident was up the roadway and described it as being orange in color older model truck. At this point I, Deputy Paula Archuleta, drove up the road to find the orange Dodge pickup unoccupied in the east lane on State Road 76.

I was then approached by Albert Rael who advised me that he had seen possible three male subjects exit the orange pickup and begin running up the Rio Chiquito River.

I then returned to the accident scene to attend to four injured individuals who had been operation motor cycles which were struck by the orange pickup. I made contact with Mitch Woodall who advised that he was okay and to please check on his friends. I located Debbie and Mark Wolf and both had severe injuries and were covered up with blankets by other friends that were with the Wolfs as a part of a motorcycle group. Mark had severe injuries to the front portion of his pelvic/ groin area.

I was then approached again by Mr. Rael who advised me that he had seen three males running up the river. I then called Deputy Isacc Martinez who was off duty but lived nearby and asked him to come out to assist me. Deputy Martinez responded and we began searching the area for the three male subjects.

While at the accident scene I observed a older model, orange in color Dodge pickup. The pickup was bearing New Mexico license plate LSP184. I observed damage to the front bumper, hood, front left fender. I also observed the left front driver side tire was flat.

A return of the License Plate LSP-184 came back to a 1972 Dodge pickup. The inquiry revealed the registered owner was Juan D. Cordova, with an address of State Road 76 house #176 in Cordova, New Mexico. After not locating any individuals in the immediate area Deputy Martinez and I went to Mr. Cordova's residence which was located in Cordova, New Mexico.

Prior to us locating Mr. Cordova's residence, we were advised by Amanda Romero that she had seen Mr. Cordova driving his orange pickup, leaving the bar in Chimayo, New Mexico, just prior to the accident. Amanda Romero also identified a male passenger named Alex Ortiz. Amanda Romero advised there was a third male subject, name unknown.

Upon my arrival at Mr. Cordova's, while standing in the front yard I observed that the front door of the residence was ajar (open approximately two feet). From the front door and we announced ourselves as Sheriff's Deputies. From the front door we could hear noise coming from one of the back rooms. For officer safety reasons and to determine the well being/condition of Mr. Cordova we entered the residence. The house was dark, we used our flashlights to clear the first two rooms until we located Mr. Cordova lying in a bed in a bedroom. Before asking any questions to Mr. Cordova, Mr. Cordova was awake and immediately stated that his truck was stolen. Mr. Cordova also mentioned that he was not in an accident and had not hit any motorcycles. Upon completing a pat search, Mr. Cordova had keys to the orange Dodge pickup in his front right pocket. I observed that Mr. Cordova had an injury, large fresh gash on his forehead.

Mr. Cordova was asked if he was ok and if he had any possible injuries. Mr. Cordova told me he had not been drinking and had taken his medication, which was used for his related, disability injury.

While speaking with Mr. Cordova I detected a very strong odor of an alcoholic beverage coming from his breath/ person. Mr. Cordova had blood shot watery eyes. Mr. Cordova also had very slurred speech. Mr. Cordova was not cooperating by following simple directions. For the safety of Mr. Cordova and myself I placed Mr. Cordova in handcuffs. Mr. Cordova had a hard time walking, keeping his balance.

We then transported Mr. Cordova back to the accident scene. Mr. Cordova stated that his truck had been stolen but did not provide any other details. Mr. Cordova's appeared to be heavily intoxicated, his speech was slurred and his balance was weak. While at the accident scene I read Mr. Cordova his Miranda rights. Mr. Cordova was asked if he needed medical attention. Mr. Cordova refused medical attention at the accident scene.

Mr. Cordova was then arrested and charged with vehicular homicide, leaving the scene of an accident, and great bodily injury. Mr. Cordova was transported to the Sheriff's Office in Espanola where again he was reminded of his Miranda Rights at 9:08pm. Mr. Cordova denies being involved in this accident and claims that his truck was stolen yesterday May 27, 2011.

Documentation of the herein-described premises, vehicle(s) and/or person(s) is important to the investigation. It is important to document the condition and/or location of items found at the scene and/or their context within the scene.

Affiant is aware through training and experience that before, during and/or after the commission crime(s) there is often transfer of evidence between suspect(s), victim(s), witness(es) and/or their environment. This evidence may not be visible to the naked eye. The evidence, if it exists, may assist in determining the identity of any person who may have been present at the time of the incident.

Affiant is aware through training and experience that people involved in the commission of crime(s) often attempt to conceal, tamper with and/or dispose of evidence, including but not limited to the herein-described item(s), to be seized. They may attempt to give aid or assistance to victim(s) after an act of violence, or the suspects may themselves have sustained injuries during the commission of the crime. The materials

used to render aid may assist investigators in identifying people with knowledge of the crime(s). . The materials used to render aid may assist investigators in identifying people with knowledge of the crime(s).

Affiant is also aware that suspect(s), victim(s) and/or witness(s) may document information relating to the crime(s) on paper, on computers and/or on other forms of media. They often make and/or receive telephone calls before, during and/or after the commission crime(s). Such information, if it exists, may be material and relevant to this investigation. This warrant shall include the viewing, listening to, copying, transcribing, transferring and/or recording of data on the herein-described item(s), to be seized.

Affiant is aware through training and experience that people who have apparent knowledge of the incident often make telephone calls to the scene and/or attempt to communicate with each other during the time that law enforcement personnel are executing the search warrant. These people often utilize a variety of communications equipment, including, but not limited to pagers and/or cellular telephones to communicate before, during and after the incident. Answering incoming telephone calls while at the scene and speaking with these people often provides law enforcement with information that is material and relevant to this investigation. It is often necessary to answer communications devices including, but not limited to cellular telephones after seizing the devices, pursuant to the warrant.

Affiant is also aware that item(s) which establish or tend to establish possession, use, residence, presence and/or occupancy of the herein-described premises and/or vehicle(s), to be searched, often demonstrate who had access to the premises and/or vehicle(s); as well as any negotiable items, such as checks, credit cards, and may attempt to alter forms of identification in order to use such items. Such information may be material and relevant to this investigation.

Therefore, in order to ensure that a complete and thorough investigation, investigators may be required to examine the entire, above-mentioned premises, vehicle(s) and/or person(s), including, but not limited to, the examination of furniture, walls, crawl-spaces and/or attics. It may be necessary for investigators to remove and/or damage entire portions of the premises and/or vehicle(s) including but not limited to doors, windows, carpets, upholstery, clothing, mechanical equipment, plumbing and/or other items.

Therefore, Affiant respectfully requests that the Court issue a Warrant commanding the search the above-described premises, vehicle(s) and/or person(s).

CIB CASE # 11-23-1-0065 SUPPLAMENTAL # 15 BY AGENT GOMEZ		

SYNOPSIS

This report documents my involvement in the investigation reference a triple homicide that was reported on June 19, 2011. Refer to the supplemental narrative for complete details.

NARRATIVE

1 June 19, 2011, at approximately 8:00 P.M I received a call from New Mexico State Police Criminal Investigations Bureau Lieutenant Ted Collins who advised me about a triple homicide that occurred at El Rancho, New Mexico. Lieutenant Collins advised me to meet him at the New Mexico State Police Office in Santa Fe, NM.

Upon arriving Lieutenant Collins advised me to start making my way to the scene. I arrived at Coral St, house number 3B. I noticed New Mexico State Police marked units were on scene. I made contact with New Mexico State Police Officer Michael Mariscal, who advised me other criminal agents were on scene.

I made contact with New Mexico State Police Criminal Investigations Bureau Sergeant Mitchell Maestas, Sergeant Chris Valdez, Agent Joey Gallegos, Agent William Terrazas, Agent Gilbert Tafoya, and Agent Bryan Waller.

I did a walkthrough of the residence with Sergeant Maestas and Agent Bryan Waller who was assigned as the case Agent. During the walkthrough we walked to a bedroom, I saw a female lying on her stomach in bed with some blood on her face.

We continued to the kitchen where a male was lying face down on the floor, the male was only wearing under pants.

We continued to the back yard where another male was found lying on his side, the male was only wearing under pants and had his face covered with evergreen branches.

The female was identified as Dixie Ortiz, the older male was identified as Lloyd Ortiz and the younger male identified as Steven Ortiz. After walking through the residence we went outside and waited for the New Mexico State Police Crime Scene Techs to process the scene.

I was asked by Agent Waller to talk to Cherie Rios, daughter of Lloyd and Dixie Ortiz, and asked if her father was right or left handed. I made contact with Cherie Ortiz Rios. When asked if her dad was left or right handed, she said he was right handed.

While talking to Cherie a male who was identified as Richard Watson brother of Dixie Ortiz stated he needed to know who the investigating officer was and he needed to speak to him reference the investigation. Cherie at that time stated "we are not in the hurry to get that." After talking to Cherie, Richard approached me again and stated his sister Dixie was the victim and needed to talk to me.

On June 19, 2011 at approximately 11:15 P.M I made contact with Richard Watson and conducted an interview. The interview was digitally recorded using my departmental issued recorder. The following is a synopsis of the interview which was conducted inside my unit.

INTERIVEW OF RICHARD WATSON:

Richard stated he talked to Dixie three days ago about a meeting that was going to take place the following Saturday. The meeting was going to be about how to get involved in Steven's life and daily activities. He did not know of any physical violence in the family. He stated there were arguments just like in any family. Richard also knew about a medical marijuana license Lloyd had and was growing marijuana in the back yard. Richard knew that Lloyd, Dixie and Steven smoked marijuana. Richard also mentioned that

Cherie told him that Lloyd was in the back yard and she thought someone tried to steal the marijuana. Richard did not know if Cherie was also using marijuana. He was not close to Cherie and it's been a few years since he talked to her and her family.

Richard stated about three weeks ago he talked to Dixie. Dixie told Richard that someone had broken in to her house and took about a pound of marijuana. Dixie suspected of Kristopher Spinks, Angela's husband (Dixie's daughter), and he was accused of it. The family got into an argument over the stolen marijuana, but later the incident was forgotten. Dixie also mentioned to Richard she talked to Angela about the incident. Angela told her that it was not Kristopher who took the marijuana.

Richard also mentioned that Dixie and Lloyd owed allot of money to the Internal Revenue Service (IRS.) Richard knew about this because Dixie would tell him everything. Richard arrived on scene after being notified by his mother Jene Watson, who was notified by Catalina Rios. I advised Richard if he remembered anything later on to notify me of it.

This concluded the interview with Richard Watson. Refer to audio recording for complete details on interview.

I was advised by Agent Waller to conduct field interviews on Catalina Rios, Angela Spinks and Kristopher Spinks.

On June 20, 2011 at approximately 2:28 a.m. I contacted Catalina Rios there at the scene. I was advised she was 14 years old. I made contact with her parents Cherie and Jesse Rios advised them I had to interview Catalina and they allowed me to speak to her. The interview was conducted in my unit, Cherie and Jesse waited outside. I advised Catalina she could step out at any time she wanted and stop talking to me at any time. I confirmed with Catalina if she understood what I said and Catalina agreed to speak to me. The interview was digitally recorded using my departmental issued recorder. The following is a synopsis of the interview which was conducted inside my unit.

INTERVIEW OF CATALINA RIOS:

Catalina stated she called Lloyd and Dixie (grandparents) at about 12:00 p.m. on Saturday, June 18, 2011. She called the house telephone and the cellphone but no one answered. She never received a call back from neither Lloyd nor Dixie and she usually does. She did not think much of it because Lloyd and Dixie were going to eat dinner at Cherie's house and she was going to be present to tell Lloyd happy father's day.

At approximately 7:30 p.m. on the same day she received a call from Robert Rios her brother. Robert told her that she had to come home because there was an emergency. When she arrived she talked to her father Jesse Rios. Jesse told her that someone had got in Lloyds house, shot them and they had pasted a way. Catalina saw Cherie sitting in a Santa Fe Deputy Sheriff's police unit.

Catalina further stated that her brother Robert Rios had his friend Nick Ortiz lived with the Rios family. About three weeks ago Nick was caught by Lloyd wandering in Lloyd's back yard. It was about 2:30 A.M when the incident occurred. Lloyd heard the dogs barking went outside and Nick jumped out from where he was hiding. When Lloyd asked Nick what he was doing there Nick said he heard Steven playing the drums and he wanted to hang out with him. Catalina also remembered that one time she heard Dixie

aying that the window screens in a drum room were tampered with.

Catalina stated Nick had a good relation with the Ortiz family and very close to Steven. Nick also helped take care of Steven when no one was available to watch him. After Nick was caught in the back yard he was not allowed back in the residence. Also the Rios family told Nick he was no longer allowed in their property either. Catalina also mentioned some of Steven's closest friends Nick Ortiz, Chris Halverson.

Catalina said Nick Ortiz, Chris Halverson and Jason Halverson have stolen marijuana from Steven in the past. She caught them smoking marijuana in Steven's drum room even though they were not allowed on the property.

Catalina stated she used to date Lucas Baca. She broke up with Lucas because she was getting threats, because Lucas had left Gerald Villarreal to die. After she broke up with Lucas the threats stopped. One day after a softball game Catalina got into an argument with Trysten Atencio. On the same day after the game Trysten's brother Zack approached her, lifted his shirt and showed her what appeared to be a gun. Zack told her if she was going to "fuck around with his little sister" he swore he would shoot her house. Catalina further stated she knew that Zack, Julian and Nick are related to the Surenos gang and it's the same gang that shot Gerald in Santa Fe. She also stated she called Trysten, Zack's sister. Catalina asked for Zack and Julian and Trysten sounded freaked out and hung up the phone.

talina did not know of anybody that would want to hurt her grandparents. She also stated she would like it if we did not talk to Lucas because of all the problems he has had in his life. We should talk to Zack and Julian because she could remember they talked about pulling out an AK (rifle.) Catalina advised me, Zack drove a newer dark grey Impala with tinted windows and Julian an old black beat up car with tinted windows.

This concluded the interview with Catalina Rios. Refer to audio recording for details of the interview.

I was asked by Criminal Investigations Bureau Agent Waller to get consent to search Cherie and Jesse Rios property. Cherie and Jesse Rios did give consent to search their property. A search and seizure consent to search premises form was filled in their presence, signed and dated by Cherie and Jesse Rios. (See attachment number one for copy of the consent to search.)

They arrived on Saturday, June 18, 2011 about 10:00 a.m. to take a box of candy and a card as a gift to Lloyd for father's day. They left Lloyds house around 12:00 P.M that same day and went to Kristopher's parents who live close to Lloyd's house. After they went grocery shopping in Espanola.

Around 7:30 P.M she received a call from her nephew Robert Rios. Robert told her that she needed to go to their house. Angela thought something had happened to her sister Cherie. On her way up to the residence Angela called Robert back asking him what was wrong. Robert told Angela that nana, grandpa and Steven were dead. Robert sounded hysterical.

When Angela arrived Cherie told her that mom, dad and Steven were gone. Cherie told Angela she was taking lunch to dad, found the dead bolt locked which was very strange. Cherie got a house key went inside and found them inside dead. Angela stated Cherie was very upset and continuously walking away from Angela.

About three weeks ago Dixie told Angela that Nick was caught by Lloyd in the back yard. Lloyd and Steven confronted him and nothing else was done about it. Nick was not allowed in the property after the incident.

Angela also stated Steven had mental problems and he was going to counseling. Steven would say his brain told him to do things and was taking medication for it. Cherie would know about the medication. The relationship between Cherie, Jesse Rios, Dixie and Lloyd was good. There were arguments just like in any family. Cherie was very close to .xie. Steven was a disable twenty one year old (21 years), and had the mentality of a sixteen year old (16 years) with issues of a teenager. Angela also said that Lloyd was depressed and stopped taking his medication. Lloyd will get more upset if he did not have a job. Money wise they had money to back them up if needed because they always were saving money.

About three months ago Kristopher was contracted by his employer to help take care of Steven with community access. Kristopher later stopped working for Dixie and Lloyd because he was accused of stealing (pot) marijuana from them. After Angela found out she advised Dixie, it be best if Kristopher stopped working for them before a feud started between the families. Angela suspected Catalina's friends or maybe Nick who were stealing the marijuana. Angela also remembered a boy by the name Chris was not allowed in Lloyd's house because items went missing.

Angela remembered Jesse telling her about a grey vehicle that was parked by the scene after Cherie and Jesse arrived from the casino.

When asked if it was common for Lloyd and Dixie to leave the door unlocked Angela stated she did not know, but she knew there were times they slept with the windows open. Angela never wanted to talk to Dixie or Lloyd about life insurance because they were more important. Angela knew that her parents had spare cash kept in the house in a safe. She did not know how much cash they had in the safe.

SYNOPSIS

On Sunday June 19, 2011 I was assigned to assist New Mexico State Police Investigation's Agent Bryan Waller in a triple homicide. For full details of my involvement in this case, refer to the attached narrative noted below.

NARRATIVE

On Sunday June 19, 2011 while assigned to the New Mexico State Police Investigation?s Bureau, North Zone-Espanola, I was called out by New Mexico State Police Investigation?s Bureau Sergeant Chris Valdez to assist New Mexico State Police Investigation?s Agent Eric Moya on a Criminal Sexual Penetration case that occurred in Cordova, New Mexico. After assisting Agent Moya, I was asked to proceed to number 3, Coral Street, in the Community of El Rancho, New Mexico to assist New Mexico State Police Investigation Bureau Agents? stationed out of Santa Fe, New Mexico.

As I arrived on scene, I observed several unmarked New Mexico State Police units parked outside house number 3 of Coral Street. As I pulled into the parking space, I was advised by New Mexico State Police Uniform Officer Mariscal that the rest of the Agents? where inside the Crime Scene truck briefing of the incident in hand. I entered the Crime Scene truck and observed several New Mexico State Police Agents? discussing what they observed through the initial walk through. I was further advised by New Mexico State Police Investigation?s Bureau Sergeant Mitchell Maestas that New Mexico State Police Investigation?s Agent Bryan Waller was assigned lead case Agent.

On Tuesday June 21 2011, I was assigned by Agent Waller to interview Christopher Halverson reference the incident that occurred back on June 19, 2011. I met with Christopher Halverson at the New Mexico State Police office located in Santa Fe, New Mexico. Christopher was walked over to the interview room, so that the interview could be video and audio recorded. A brief Summary of Christopher Halverson?s interview in noted below. (For full details of Christopher Halverson?s interview, refer to the attached audio recording that is attached to and made part of this report). Christopher?s interview started at approximately 6:30 pm.

CHRISTOPHER HALVERSON INTERVIEW:

Through Christopher?s interview, I learned that he was friends with Steven Ortiz. They were friends since high school and had the same mutual friends. Several names mentioned were Adrian Chavez (A-dog), Andrew Chavez, Mike Roybal and or Isaac Roybal. Christopher further advised he and Steven where into smoking Marijuana. Christopher advised he hadn?t talk to Steven in about a year or so because Stevens? parents thought he had stolen Marijuana from them. Christopher advised he last heard Steven pass through his house at approximately 10:00am on Saturday morning and minutes later he heard him pass again. Christopher advised he never saw Steven visually but knew it was Steven because his motorcycle had a distinct noise to it. After waking up that morning, he worked on his mother?s yard and then met Jorge Ortiz at approximately 3:00 pm. After meeting with Jorge he went back home and stayed home with his parents.

After further speaking with Christopher, he changed his story and advised that Saturday night he partied with Andrew Chavez (A-Dog) and Andrew. Christopher, again, changed his story. Christopher was asked once again to give us an accurate statement.

Christopher advised on Saturday June 18, 2011 he stole his mother?s car and decided to go party. He decided to go to Adrian?s house (A-Dog)b ut Adrian kicked him out. After he got kicked out from Adrian?s house, he decided to keep on partying. At approximately 6:55 am Sunday morning Christopher advised his vehicle got hi-centered in the arroyo. While he was attempting to get the vehicle out, he observed Michael Roybal-Duran coming towards his direction in his pick-up. He asked Michael for help. While Michael was helping him out, Christopher advised Michael told him that he was going to beat up Steven Ortiz because Steven had taken a car handle from him. Christopher advised he

told Michael he did not want anything to do with it. Moreover, Christopher advised Michael told him that his wife Jackie Duran was going to go with him because Jackie was furious that Steven had been molesting a young boy who lived down the road. (Christopher advised that Michael and Jackie went to Steven?s house at approximately 12:00 pm on Sunday afternoon and killed them).

On Sunday Morning, after being assisted by Michael, Christopher advised he went back home. When he got home, he placed his mother?s car keys on top of the table and went to sleep. He woke up at approximately 12:00 pm and told his father; Happy Father?s Day. After telling his father Happy Father?s day, he and his mother went to the Pueblo of Pojoaque where he bought some liquor. After that, they drove back home and that?s when he received a phone call from his friend Joseph Arietta. Joseph told him that they had found Steven and his parents? dead. Christopher advised he told his parents about Steven and his family and minutes later he received a secondary call. The call was from Alex. Christopher advised Alex told him the same thing that Joseph did.

After interviewing Christopher Halverson for approximately three and a half hours, I made the determination to terminate the interview as Christopher was repeating and changing his story recurrently.

After the termination of the interview, Sgt. Valdez and I gave Christopher a ride back to his residence.
This concluded my involvement in this interview. Any additional information received in regards to this will be forwarded to lead case Agent Bryan Waller.

SYNOPSIS

On June 19, 2011 at approximately 8:00 p.m., I was contacted by New Mexico State Police, Investigations Bureau Lieutenant Ted Collins (Santa Fe) in reference to responding to a possible homicide investigation where three people were found deceased inside a residence located in El Rancho New Mexico. This report documents my involvement with the investigation

NARRATIVE

On June 19, 2011 at approximately 8:00 p.m., I was contacted by New Mexico State Police, Investigations Bureau Lieutenant Ted Collins (Santa Fe) in reference to responding to a possible homicide investigation where three people were found deceased inside a residence located in El Rancho New Mexico. I responded to the New Mexico State Police District One office in Santa Fe and was provided a briefing from Lieutenant Collins.

BREIFING FROM LIEUTENANT COLLINS:

Lieutenant Collins stated he received a call from the New Mexico State Police Uniform Bureau (Santa Fe) in reference to them responding to #3 Coral St. in El Rancho New Mexico for a 911 call from a family member, later identified as Mrs. Cherie Rios, who stated she found three other family members deceased inside a residence with what appeared to be gunshot wounds to the head.

The three deceased subjects were identified by Mrs. Rios and their names were provided to the Officers, they were Dixie Ortiz, Lloyd Ortiz, and Steven Ortiz. The subjects resided in a residence located behind the Rios residence. Officers had checked the residence for any suspects and had secured the crime scene. This concluded the initial briefing from Lieutenant Collins.

INVESTIGATION:

I was assigned to assist New Mexico State Police, Investigations Bureau Agent Kraig Bobnock (Santa Fe) with drafting a search warrant for the Ortiz residence and property.

I spoke to New Mexico State Police, Uniform Bureau Officer Burt Lopez (Santa Fe) by telephone. He provided me the following details and descriptors of the crime scene.

Officer Lopez described the residence as a single story modular type home that was rectangular in shape and had a brown stucco exterior. The residence had a turquoise colored metal pro panel type roof.

The front of the home faced to the east. The front door was accessible through a small covered porch area. The rear door consisted of a standard size glass sliding arcadia door that lead out onto a partially enclosed covered porch. The covered back porch ran approximately three quarters of the length of the rear of the residence.

The property was described as approximately three quarters of an acre surrounded by miscellaneous fencing. There was a covered carport attached to a building that was detached from the main residence that resembled a shop. There were several other outbuildings and sheds surrounding that larger building.

Officer Lopez described several vehicles and a recreational vehicle that were parked on the property. He stated there was a gray Chevrolet 4X4 truck, a red Chevrolet truck, a red and white Ford truck with a camper shell, and a yellow older model Chevy camaro all parked under and near the covered carport and shop area. Parked in front of the residence was a white self contained motor home. I checked the registration plates provided on all vehicles and confirmed that all vehicles were registered to the Ortiz family.

Officer Lopez told me about a second stucco building that was free standing and was

located to the rear of the main residence. The building was one large room with one access door. There was a drum set, a couch, and personal workout/weight machine inside the building.

Officer Lopez stated while inside the residence for a security sweep he observed female subject lying in a bedroom on the right side of the bed, a male subject lying face down in a main room inside the home, and another male subject on the ground outside the residence to the rear of the home near a tree. All three subjects appeared to have head trauma.

I relayed all the above listed information and details describing what the officers observed inside the residence to Agent Bobnock. I assisted him with the search warrant and passed on further necessary information as it was provided from the agents who were arriving on scene. During this time the address was confirmed to be #3B Coral St. For further details and exact wording refer to Agent Bobnock's report and to the affidavit for search warrant, and the search warrant.

On June 20, 2011 at approximately 2:00 a.m., Agent Bobnock and I proceeded to Espanola New Mexico and met with First Judicial District Court Judge Sheri Raphaelson at her residence near Espanola, New Mexico. Judge Raphaelson approved the affidavit for search warrant and signed the search warrant at 2:45 a.m.

I arrived at the scene located at #3B Coral St at approximately 3:10 a.m. I entered the home, and observed other agents and a New Mexico Office of the Medical Investigator (OMI) Field Agent inside the residence. The residence appeared very clean and orderly. I entered the front door of the home into a living area. To my left was a door that led into a bedroom. I entered the bedroom and observed a female lying at an angle on the right side of a bed with her head towards the top of the bed. She was lying on her stomach with her head turned so the left side of her face was on the bed. I observed trauma to her head and blood stained sheets surrounding her head.

I entered into the kitchen area and observed a male subject on the floor with blood surrounding the upper torso and head area of his body. I observed trauma to the subjects head.
I looked in other rooms inside the residence and continued to note how clean and orderly the residence appeared. I exited the residence through the rear glass sliding door and walked onto the covered porch.

I exited the porch into the back yard. On my left I observed a male subject lying on the ground. The subject was partially under an evergreen shrub. There was blood around the areas of the subjects head. The subjects head was covered with small branches from the evergreen shrub.

I remained at the crime scene and assisted other agents from the New Mexico State Police, Investigation Bureau and Agents from the Crime Scene Team while the scene was processed.

At day break a grid search of the property and surrounding areas to look for further evidence and a possible weapon was conducted. At approximately 07:30 a.m. I left the crime scene.

On June 21, 2011, at approximately 7:15 p.m., I conducted an interview with Mrs. Cherie

Ortiz-Rios in my office located in Santa Fe New Mexico. Mrs. Rios was a daughter of the deceased and the family member who found the bodies and called 911. The following is a summary of the interview.

INTERVIEW WITH CHERIE ORTIZ- RIOS:

I spoke to Mrs. Cherie Rios-Ortiz and asked her to tell me what had happened over the past few days. Cherie began to tell me events starting on Saturday afternoon. She went to her parents on Saturday evening at approximately 6:30 p.m. after a stressful day. Cherie stated she smoked some marijuana and drank a small amount of rum with her mother. Her Father arrived and they all talked for a little while. She stated she was there for approximately an hour.

When Cherie was leaving her brother Steven arrived home on his 4wheeler, he closed and locked the gate to her parent's property behind him. Cherie stated she gave her dogs a bath and when she was finished she had a brief conversation with Steven before she went inside her house and took a shower. She said her husband Jessie had helped her with the dogs and he took a shower after her.

Cherie said they had been invited to a friend's house in Nambe to have a beer. They left the house around 9:15. Cherie said she knew the time because she had needed to go to the store to get Feminine hygiene products and the store had already closed at 9:00 p.m. She and her husband Jesse went to a gas station where she purchased tampons and Jesse bought a twelve pack of bud light.

While they were driving they were discussing not wanting to go to the friend's house. Cherie said as they passed by the church in Nambe they saw four Sherriff's cars parked. Cherie said she told Jesse that earlier in the day when he had talked about having a beer she had "gotten this flash of us getting a DWI". Cherie told Jesse that she didn't want to go to the friend's house. She said she would rather leave the friend hanging than get a DWI. They turned at the next stop sign and were heading home. They talked about going to the Cities of Gold Casino to try to win some money for father's day. They went to the Casino for a little while and left to head home around 11:30 p.m.

Cherie said when they got home she asked Jesse if he wanted a beer and he said "no", Cherie made a pot of coffee for both of them to drink. They drank coffee and watched the movie "Michael." After the movie the dogs started barking towards the area where the device is to change the direction of the water in the ditch. Jessie got up and looked outside and saw a car parked on the road. He came back put on shoes, loaded a gun and went to look outside again.

The car had moved to the other side of the Ortiz residence and was parked in front of the neighbor's house (Bobby Garcia) still along county road 84A. I asked what type of weapon Jesse had. Cherie said she believed it was the 38 caliber pistol. Cherie said she remembered Jesse telling her he got in the truck and drove by the car that was parked in a small turn around area in from of the neighbor's house along the road. Jesse passed by the car and it left heading towards the bridge. Jesse went up to Steve Carson's property and turned around and came back. He watched the car go across the bridge and then turn left on 84D. Jesse went the other way towards the community Center in El Rancho and turned around and came towards home to see if the vehicle was going to come back. Cherie said Jesse described the car a small silver car possibly a Honda or something similar. Cherie was not sure about all the details Jesse had told her about the car.

Jesse returned home and said they were gone. Cherie said she goes to school online and between 12:30 am and 2:30 a.m. she logged into her classes and did her work. At 2:36 she shut off the computer and went to lie down. Jesse came in and she told him they can take turns sleeping for an hour each while the other watches the property. Jesse told her that he was going to lie down but would stay awake and told her to go to sleep. Cherie said she fell right to sleep.

I asked why they needed to watch the property. Cherie said because of the car, and that her daughter had been threatened at the softball fields a week ago. The threats were that someone was going to shoot up their house. Cherie explained that for the last week they hadn't been sleeping, and had the guns out. They were watching the windows and watching cars driving by, being very aware.

Cherie stated "I guess we fell asleep" they were supposed to get up at 7:00 a.m. and she did, but Jesse said he was tired and needed another hour. Cherie said she got up and made coffee.

At approximately 8:00 a.m., she woke Jesse up. Cherie explained that they had things to do. She explained they had jobs around the community that needed to be completed and told me what they did for the day. They painted a bathroom, and grouted the tile in the same bathroom. They cleaned an office duplex that she cleans once a week and then they had to spray a wall that Jesse was preparing to stucco. They did them all in the order she listed.

They returned home at approximately 3:30 p.m. Cherie has to make dinner for some Friends Mark and Amy Roybal that were coming to visit. She did not have any propane so she had to make dinner in stages on an electric skillet. While she was making dinner Amy asked her if she had talked to her dad, Cherie said no she was waiting till she had a good present to take over. She made smaller a portion of enchiladas and beans to take over to her parent's house. She went over with the food at approximately 7:30 p.m.

Cherie said she walked over and when she went to open the door the deadbolt was locked, but not the door handle. She checked to see if all the vehicle were there and they were. Cherie said she had a bad feeling and her first thought was "a gas leak."
I asked if it was normal to have the door locked that way. Cherie explained that the door locked with only the dead bolt was not normal, when they were home, the doors are not locked. The only time the doors are locked is when they are not home, or a night.

Cherie went home put the food on the counter and told Jesse the door was locked, the paper is still out front, and something doesn't feel right. Cherie asked her son Robert for his key to the house. She explained to me why she didn?t have a key and Robert did.

Cherie went back over with the key and opened the door. She was met by the dogs that were loose in the house. She explained that it was not normal for the dogs to be loose till later at night. She said the dogs are let out in the house at almost the same time every night for approximately an hour usually around 8:00 p.m. All the other time they are locked in the pantry and the back yard.

Cherie went into the house and started yelling their names. She looked into the bedroom and saw her mom lying on the bed with her arms on the pillow. She described her mom as "extra white" Cheri stated she was yelling "Mom, Mom, Mom," ran over to her, and shook her. Cherie said that was when she saw all the blood. I asked if the room was lit by a

light. Cherie said she did not know if any lights were on but the room was lit by daylight.

Cherie ran to the Kitchen saying "Daddy daddy" when she got to the kitchen she thought that her dad was laying on the floor. She ran out of the house and ran home screaming for Jesse to come help, saying my mom and dad are dead and I can't find Steven. Cherie said she did not go look for Steven, because she was "terrified."

Jesse came running "with disbelief and an awful look on his face," to what Cherie was telling him. Cherie said Jesse told her he went and looked over the back fence first and saw her dad. Then he went inside and saw her mom and Steven. Cherie stated that he might have just looked in the window. Cherie then said "I don't know if he went in the house or not, I don't remember that part." Jesse ran home to get his phone then gave it to Cherie to call 911. Jesse then went to the driveway to wait and flag down the police.

During this time Cherie said she was screaming my mom and dad are dead. Mark and Amy Roybal took their little daughter Laura and left. Cherie said Mark took Amy and his daughter to his mother's house. He did not return to the scene. A Santa Fe County Sheriff's Deputy and BIA Police Officer arrived they made everyone back up, and put up the yellow tape around the scene. I asked Cherie if any family members or anyone else came and talked to her and told her anything significant. Cherie said everyone came and talked to her but she doesn't remember what they were saying, because she was "in a daze."

I asked Cherie to tell me about Steven, his lifestyle and background information. Cherie described Steven as a loaner. He liked to hang out with Jesse, Robert, and his father Lloyd. He would ride his 4wheeler obsessively around the El Rancho community. I asked about any family problems that had occurred. Cherie did know of any serious issues. Steven was a good guy and usually easy to get along with. He was a shaken baby with traumatic brain injury. Dixie had been raising Steven since he was a baby and had legally adopted Steven when he was approximately four years old. Cherie described Stevens's mental ability as that of a ten to twelve year old. He acted like a typical early teenager most of the time.

Steven did not have any girlfriends that she knew of. He would talk to girls on the phone and call them girlfriends, but none of them ever came to the house. I asked about other friends that Steven would hang around with. Cherie said he was friends with Chris Halverson, but Chris was not allowed on the families' property, because he had stolen from them. Steven would still hang out with Chris when he was out riding his 4wheeler.

Cherie told me about a house guest they had staying with them, Nic Ortiz; he was having problems at home and had been staying at Cherie's house. She explained a time a few weeks ago when Nic had apparently worked out the issues with his family and had gone back home. A few days after he returned home Nic was found hiding in Lloyd's backyard at night. He gave an excuse about wanting to play the drums with Steven. The night he was caught he was described as overly nervous. He was told by family to not return to the property again. They have not seen him since, but he was currently living at a mobile home behind the Ponce's gas station off of State Road 502. Nic apparently entered the back yard by pushing a table over against the fence and jumping into a raised flower bed. He was found hiding behind the flower bed after the family had gone outside to see why the dogs were barking. Cherie said Nic had put his foot through the table when he was climbing over the fence.

I asked further questions about Steven. Cherie told me that Steven had gone through a phase of being attracted to young boys, this phase had occurred up to a few months ago. Cherie explained a time when she was running a day care and heard Steven tell another little boy at the day care facility " Show me yours I'll show you mine if you." Steven was not allowed at Cherie's house during the hours she was running the day care. I asked Cherie if anyone had reported any allegations against Steven. Cherie stated she had told the parents of the little boy, Ms. Julie Barros. Cherie talked with her mother about what Steven was doing, and Dixie defended Steven by saying they were changing his medications. Cherie said at this time is when she told her mom Steven was not allowed back at her house during day care hours.

Cherie told me about other boys in the community that Steven liked to visit. She explained a situation with Frances Sanchez and her young son, Frances had confronted Cherie and told her Steven was not allowed to be at her house, but did not make any specific allegations. Steven had been told to not go over again.

Cherie expressed her concerns with the small children belonging to Melissa Lujan, stating that Steven was always wanting to play with the young boy Melissa had. There were no known reported allegations that Steven had done anything inappropriate with any young boys in the El Rancho community.

I asked Cherie about any other concerns with her parents involving their business, financial issues or any significant issues they may be related to this incident. Cherie said "Total financial issues," she explained that her dad has had very little work since last summer. Cherie said her mother told her a few weeks ago that her parents had cashed in their life insurance policies to pay bills. She believed the money was to just get the bills caught up, she stated her dad had ten more years of work to get everything paid off. Cherie explained other financial expenses that her parents had occurred when they took over the tile business approximately ten years ago.

We discussed how the family was handling the financial issues and legal issues, surrounding the business and personal finances. Cherie stated her dad had been very depressed because of the lack of work. I asked if she knew of any other issues if her parents owed anyone money. Cherie said they had not had to borrow money, and she believed they had left $50,000 in each life insurance policy.

Cherie said her parents have been in good moods recently, she described her parent's marriage as having "its ups and downs" but the marriage was good.

I asked some clarifying questions about what occurred Saturday night. I asked if she heard her parent's dogs barking when her dogs were barking. She said yes all the dogs were barking, and Jesse said he heard voices also. She said that her parent's dogs bark all the time, but you can tell when the dogs are just barking or barking at something. Cherie explained to me that Jesse suffers from insomnia and he is always up. She said since the family was threatened, whenever they hear things out side Jesse usually gets a firearm and goes out and checks all around the property.

I asked further questions about the dogs being loose in the house. Cherie said she did not know how the dogs were loose because she did not go into the pantry. She did not know if whoever did this; let the dogs in the house when they entered through the sliding glass back door. She stated that when they came running up to her it was another thing that made her stomach feel like there was something wrong.

Cherie told me approximately three weeks ago they had found the screens at her parents' house had been tampered with. She believed someone had gone with a knife and bent them. The screen on Stevens's room was damaged and the screen on the kitchen window had been removed and was lying against the wall below the window. Cherie said that because of the screen incident her dad had just recently put in the red gate dividing the back yard.

I asked Cherie if she was aware of the backyard fence being damaged and she stated "No," but they had a big windstorm a few days before. Cherie then stated that if the fence was broken her dad would have fixed it right away. He would have never let anything that needed to be repaired not be repaired.

Cherie was asked about the threats that occurred at the softball field to her daughter and the family. Cherie said approximately a year ago that a friend of her daughter named Miquela had stayed over and she planned to sneak out with Cherie's daughter Catalina to meet some boys. Cherie had called Miquela's mother and told her what was happening and told her to come get Miquela. After this incident Miquela began to hate Catalina. During the softball games Miquela began to make threats and comments towards Catalina. There had been other issues involving Catalina's boyfriend and the group that Miquela was hanging around. Cherie said one of the boys was named Zach Atencio and the other boy was called "playboy." Playboy had allegedly displayed a pistol to Catalina threatening to kill her family.

After a recent softball game Jesse and Cherie were taking Catalina home and had stopped at a gas station where the two boys were. Jesse had confronted the boys asking them why they were harassing Catalina and the boys denied doing anything.

Other verbal conversations had occurred at the next few softball games but no other significant statements were made.

Cherie did not provide anything else significant at this time. I concluded the interview at approximately 8:40 p.m. For further details and exact wording refer to the digital audio recording.

INVESTIGATION:

On June 22, 2011 I contacted Ames True Temper the manufacture and distributor of the "Five Pound Pick Mattock" located at the crime scene. I was connected to Mr. Michael Weik (1-800-833-3068 ext 5709). I provided Mr. Weik the numbers found on the pick to help him identify the model of pick I was looking for information on. Mr. Weik assisted me in determining when the pick mattock was manufactured using the stamped # of CO4010 that was found on the steel head.

He stated that number was a manufacturing date of April 2010. He went on to explain that the picks are manufactured overseas and it takes a minimum of six weeks for them to arrive to the Ames True Temper warehouse in the United States. He said that pick would not have been sold anywhere in the United States until at least June of 2010. Mr. Weik also stated that they can sit in the Ames warehouse for several months before they are purchased and shipped.

Mr. Weik contacted his sales department and then provided me a thirty eight page list of nationwide distributors and sellers that purchased that style pick mattock starting in

April of 2010. (See attachment SM1). I reviewed the list and contacted Mr. Weik and asked if the list could be narrowed down by geographic area or by state. Mr. Weik provided me a list of New Mexico companies that were distributors and purchased the pick in 2010 and 2011. The New Mexico list consisted of three companies two in Albuquerque, New Mexico and one in Carlsbad, New Mexico (See attachment SM2).

I reviewed the list and went to Albuquerque to inquire with the businesses that purchased the picks in an attempt to locate further purchaser information. The first business contacted was A2Z construction tools and equipment sales located at 3330 Candelaria NE in Albuquerque, New Mexico. I spoke with the store owner and was provided transaction records for all pick mattocks sold after A2Z's last order from Ames True Temper that occurred on June 2, 2011. The previous order A2Z made from True Temper was months before the manufactured date of the pick.

I contacted all the companies that purchased pick mattocks from A2Z and verified that all the ordered picks were either still in those companies supply houses or still in possession of their workers in the field. The companies contacted were AUI Inc. and Klinger Construction. Based on the known information and accountability of all ordered pick mattock's no further investigation was done with these companies. (See attachment SM3 for A2Z transaction records)

The second business contacted was Plantworld located at 250 El Pueblo NE Albuquerque, New Mexico. I reviewed their purchaser history and order history from Ames True Temper and determined that the last order Plantworld made with Ames True Temper was in February of 2010. They had not purchased any pick mattocks from Ames True Temper after the manufactured date found on the pick mattock at the scene. Based on the order history Plantworld and its private purchasers were not investigated further. (See attachment SM4 for Plantworld transaction records)

INTERVIEW WITH "RC"

On June 23, 2011 at approximately 3:00 p.m., I was contacted by a subject by telephone that wished to remain anonymous who will be referred to as "LM." LM stated they knew a person that wanted to speak with Police and provide information on the death investigations in El Rancho. LM stated they would bring the person with them and meet with me. I set up a time to meet with the individuals in the parking lot of the Camel Rock Casino parking lot.

At approximately 3:55 p.m., I met LM and the second subject who also requested to remain anonymous, who will be referred to as "RC." I had both subjects enter my vehicle and speak with me. RC stated they had an acquaintance that had told him he knew information about the deaths. RC stated the acquaintance name was Jesus Roybal. RC stated that Jesus told him that an older Sureno gang member had committed the murders, and had beaten the victims with a seven iron or something similar. The unknown Sureno gang member lived nearby the Ortiz residence. RC did not know who the alleged gang member was, and was unable to provide further information. RC believed the information to be credible based on personal knowledge that Jesus was a self proclaimed Sureno gang member.

RC also stated he believed the deaths were related to illegal narcotics, RC explained that they are a drug user. RC said that Jesse and Cherie Rios were drug dealers and sell cocaine, marijuana and pills out of their residence to other drug users within the

community. RC stated they purchased drugs from Jesse and Cherrie Rios within the last two weeks.

RC provided further information on several subjects that were allegedly know gang members and all hung around together, RC provided the names of Mario, Nicolas, Christopher Halvorson, and subjects with the last name of Chavez, and Roybal. RC explained that the names provided were all involved in various types of criminal activity within the El Rancho Community. While gathering the information I drove around the El Rancho community and had RC point out where the subjects lived.

RC was not able to provide any factual evidence to prove the statements he provided. All the information gathered was referred to other New Mexico State Police agents for further follow up and interviews. (See other agent reports for more details)

I concluded the interview with RC and LM at approximately 5:08 p.m. for further details and exact wording refer to the digital audio recording.

INVESTIGATION:

I assisted other New Mexico State Police Investigation Bureau Agents with miscellaneous interviews and follow ups around the community. Refer to other agents reports for further details and documentation of the contacts. This concluded my involvement with the investigation.

SYNOPSIS

On Tuesday 07/26/2011, I Inv. Jeffrey Hernandez proceeded to the Brininstool Equipment Rental and Sales in reference to obtaining sales receipts.

NARRATIVE

On Tuesday 07/26/2011, I Inv. Jeffrey Hernandez proceeded to the Brininstool Equipment Rental and Sales in reference to obtaining sales receipts. Capt. Zuniga requested I talk with the employees at Brininstool Equipment and Sales and request copies of sales receipts for any sales of a 5 pound pick Mattock with handle and guard. I met with Jill Brininstool and asked her if I could obtain copies of sales receipts from April of 2010 up until April of 2011, regarding the sale of a 5 pound Pick Mattock w/Handle and Guard. Jill said she would look and call me back when she has them.

At about 1208 hours I received a phone call from Jill saying she had the receipts I was inquiring about. I met with her and she said she actually went back to purchases made in 2008.

This report is closed.

SYNOPSIS

This supplemental report documents my continued follow up and involvement regarding the triple homicide investigation of Lloyd Ortiz, Dixie Ortiz, and Steven Ortiz.

NARRATIVE

TUESDAY JUNE 20, 2011

On this date, I received the original copy of the Coban Video from the New Mexico Department of Public Safety Information Technology Division. The Coban Video is a recording of New Mexico State Police Officer Michael Mariscal's initial response from his in car recording camera. Officer Mariscal is responding to a homicide at # 3B Coral Street in El Rancho, New Mexico.

The recording begins on Sunday June 19, 2011 at approximately 7:16 p.m. Officer Mariscal is sitting in the median on State Road 84/285 near Pojoaque. Upon hearing the initial dispatch call, Officer Mariscal proceeds northbound on 84/285 and gets off at State Road 502 now heading west toward the El Rancho turn off. Officer Mariscal turns right onto Santa Fe County Road 101 D and is now heading into the community of El Rancho. At approximately 7:23 p.m. Officer Mariscal arrives on scene at #3B Coral Street and is met by multiple individuals later identified as relatives to the victims. Officer Mariscal proceeds into the victim's residence and conducts a security sweep. During the security sweep Officer Mariscal observed three deceased individuals later identified as Steven Ortiz, Dixie Ortiz, and Lloyd Ortiz. At 7:28 p.m. Officer Mariscal contacts State Police dispatch and request that the paramedics come into the scene. At 7:34 p.m. Officer Mariscal began the documentation log for an official crime scene.

A working copy of the Coban Video was made and the original was entered into the New Mexico State Police Evidence Vault in Santa Fe (BW-2 Evidence Property Control Form). Refer to the recording for details.

On this same date at approximately 5:00 p.m., I received the original copy of the 911 recording from Santa Fe County Regional Dispatch Center in Santa Fe. A working copy of the Maxell CD-R was made and the original was entered into the New Mexico State Police Evidence Vault in Santa Fe (BW-1 Evidence Property Control Form). For details and exact wording refer to the transcribed copies that were transcribed by the Department of Public Safety transcriptionist unit. Those documents will be attached to this report.

TUESDAY JUNE 21, 2011

At approximately 7:00 p.m., I met with Sergeant Maestas, Agent Rafael Gomez, Agent Kraig Bobnock, Agent Scott McFaul, Agent Eric Moya, Agent Larry Aguirre, and Agent Gilbert Tafoya for a brief at the New Mexico State Police Criminal Investigations Office in Santa Fe.

During the brief, I learned from Agent Gomez that he was contacted over the telephone by Ms. Audrey Rodriguez. Ms. Rodriguez lived out of state but at one time she was friends with Steven Ortiz. Ms. Rodriguez had called the New Mexico State Police Investigations Bureau Office in Santa Fe and spoke with Agent Gomez to notify him that she had a conversation with Chris Halvorson the previous night and their conversation was in relation to the ongoing New Mexico State Police homicide investigation involving Steven Ortiz. Agent Gomez was assigned to follow up with Ms. Rodriguez. For details of Agent Gomez involvement in this investigation, refer to his supplemental report.

Agent Aguirre was assigned to locate and interview Chris Halvorson. Mr. Halvorson was located at his residence and voluntarily came to the State Police Investigations Bureau Office in Santa Fe for an interview. For details regarding Agent Aguirre's interview

with Mr. Halvorson refer to his supplemental report.

It was learned through Agent Aguirre's interview with Chris Halvorson that Mr. Halvorson had mentioned Mr. Michael Duran. According to Mr. Halvorson, Mr. Duran was helping him pull his mother's car out of the arroyo after he had stole it from his mother and got it stuck in the early morning of June 19, 2011.

Based on this information from Mr. Halvorson and in relation to the homicide investigation, Agent Kraig Bobnock was assigned to interview Mr. Duran. For details of this interview refer to Agent Bobnock's supplemental report.

In conclusion of the brief, I was informed by Agent Moya that there were many conversations that took place between Ms. Rodriguez and Mr. Halvorson, as well as the victims in this case. Based on knowledge that suspects, victims, and witness' often make and receive telephone calls before, during and after the commission of crimes this information may be material and relevant to this investigation. Therefore, a request for the preservation of records was sent to Verizon Wireless pertaining to the following cellular phone numbers. 505-577-2511, 505-795-2375, 505-690-2468, 505-310-1296, 505-699-3031, 505-690-0291, 580-817-0655, 505-927-4668, 619-861-2996, 505-231-3494.

CELLULAR PHONE SEARCH WARRANTS

During the crime scene investigation process, three cell phones were located inside the decedent's residence inside their respective bedrooms. It is reasonable to believe these three cell phones were the property of the decedents. It was also learned during the investigation that the decedent's granddaughter, Catalina Rios, called her grandfather's cell phone, on the morning of June 19, 2011, but was unable to reach him. The cell phones that were reviewed from the residence are Dixie Ortiz (505)577-2511, Steven Ortiz (505)795-2375, Lloyd Ortiz (505)690-2468, Catalina Rios (505)690-0291, and Robert Rios (505)699-3031.

Documents maintained by Verizon Wireless may be material and relevant to this investigation based on numerous interviews that have been conducted in this case.

On Friday June 24, 2011 three different search warrants were drafted and all signed by First Judicial District Court Judge Michael Vigil. The first search warrant was for all cellular phone records kept by Verizon Wireless for customers of the following numbers 505-577-2511, 505-795-2375, 505-690-2468, 505-690-0291, and 505-699-3031.

The second search warrant was for all cellular phone records kept by Verizon Wireless for the customer of 580-817-0655. This warrant was sealed and approved by First Judicial District Attorney Angela Pacheco.

The third search warrant was for all cellular phone records kept by Verizon Wireless for the customer of 505-455-0006. This warrant was also sealed and approved by First Judicial District Attorney Angela Pacheco.

The three search warrants were executed through fax line to the Custodian of Records at Verizon Wireless on Tuesday June 28, 2011 at approximately 11:00 a.m. All three warrants were filed at the First Judicial District Court in Santa Fe, New Mexico on July 6, 2011.

On Tuesday June 21, 2011 at approximately 9:45 p.m., I met with Catalina Rios at the New Mexico State Police Office in Santa Fe for an interview. Catalina is the granddaughter to Lloyd and Dixie Ortiz. The interview was conducted in an interview room at the District One State Police Office in Santa Fe and her parents Jesse Rios and Cherie Ortiz-Rios were present during the interview. Agent Scott McFaul of the New Mexico State Police Investigations Bureau was also present during the interview. The following is a synopsis of the interview.

INTERVIEW WITH CATALINA RIOS

Catalina began the interview by describing the events of her day on Saturday June 18, 2011. She had spent the previous night at her Aunt Elean's house. Saturday she had a Softball game in Los Alamos at 1:00 p.m. and spent all day with her cousin Nina. After the game she went to see her Uncle at the Hospital in Espanola. Catalina went to bed around 1:00 a.m. on Sunday morning. Catalina stayed at her Aunt's house for most of Sunday until her brother Robert, had called her to tell her that she needed to get home immediately. Catalina got back to her house around 7:00 p.m. and that is when she learned that her grandparents were deceased.

During the interview with Catalina she brought up many names of individuals that she has had problems with in the past. Her boyfriend, Lucas Baca, had some previous issues with Zach Atencio and Julian Atencio. Catalina was unsure how Zach and Julian are related. Zach and Julian's little sister, Tristen, played softball with Catalina. They drove a dark gray Impala with a lucky 13 symbol in the back of the vehicle. According to Catalina, a couple of weeks ago Catalina had an altercation with Zach and Tristen after a softball game. Zach had made a verbal threat towards Catalina and then pulled up his shirt and Catalina saw that he had a gun in his waistband. Zach's girlfriend, Miquela Valdez, does not get along with Catalina and there is some history between the two, along with some other guy that everyone calls "Playboy." Catalina described "Playboy" as having a tattoo of a playboy bunny on his face.

Catalina thought that someone had probably mistaken her Grandparents for her parents as if it was a mistake and that her parents were supposedly the targets of the homicide.

Catalina thought that this incident with her Grandparents could be related to another incident involving Gerrald Villareal. According to Catalina, Gerrald was shot by Ivan Martinez and some other guy, known as Rafael Dominguez. During this shooting, Lucas Baca and "Lil Casper" were with Gerrald in the car when he was killed by Ivan and Rafael. Catalina thought that because she was Lucas' girlfriend they targeted her family because she had told the cops that they committed the murder of Gerrald.

Catalina continued by describing what she knew of Lloyd, Dixie, and Steven's daily routines. Steven used to hang out with Chris and Jason Halvorson who are brothers. Catalina knew that Steven was not allowed to hang out with them because everyone knew that the Halvorson's would steal Steven?s Marijuana as well as they were known burglars in the El Rancho area. Catalina did not think that the Halvorson's were capable of doing what happened to Steven and her Grandparents. She then brought up Nick Ortiz. Nick used to live in Catalina?s house and was friends with Robert and Steven but was kicked out a few months ago. Nick was found in her Grandparents backyard by Lloyd late at night and was told not to ever come back to the house. The family thought Nick went over there to steal their Marijuana plants. Catalina said Nick, Zach, Ivan, and Rafael are all Surreno gang members. The people Catalina hangs out with are Westside gang

members and there is ongoing turmoil between the two gangs. Catalina stated that she was no longer in a relationship with Lucas because of his drug abuse problems with Heroin.

This concluded the interview with Catalina Rios (BW 17 Evidence Property Control Form). This interview was audio recorded. Refer to audio recording for details.

INTERVIEW WITH SYLVIA ORTIZ

On Wednesday June 22, 2011 I was contacted over the phone by Ms. Sylvia Ortiz in reference to the ongoing homicide investigation involving her brother, Lloyd Ortiz. Ms. Ortiz agreed to come to the New Mexico State Police Investigations Bureau office in Santa Fe for an interview. The interview began at approximately 2:34 p.m. The interview consisted of Sylvia asking many questions regarding the investigation and she was advised that due to the ongoing investigation many of her questions could not be answered at that time.

This interview was audio recorded. Refer to audio recording for details.

On Wednesday June 22, 2011 at approximately 7:31 p.m., I met with Andrew Chavez at the New Mexico State Police Investigations Bureau in Santa Fe for an interview. Through previous interviews, Andrews name had been brought up and he had voluntarily come in for an interview. Agent Larry Aguirre of the New Mexico State Police Investigations Bureau was also present during the interview.

The following is a synopsis of the interview.

INTERVIEW WITH ANDREW CHAVEZ

The interview began with Mr. Chavez describing the type of work he does from day to day. He does odd jobs from cleaning up yards and buying junk cars. Mr. Chavez lives with his mom in El Rancho and is a "Norteno" gang member. He uses Heroin amongst other drugs. Mr. Chavez acknowledged that he has a checkered past but is trying to move on from that lifestyle.

Mr. Chavez stated that he heard about the Ortiz family homicide on Monday June 20, 2011 from his little brother, Adrian Morales. His little brother told Andrew that someone had shot Steven Ortiz. Andrew knew Steven from going to special education school with him when they were younger. Over the past few years they have stopped talking and grew apart. Andrew stated that he knew that Chris Halvorson and Steven were still friends. Andrew last saw Steven riding around on his four wheeler sometime last week. Andrew described Chris Halvorson as special needs but overall pretty cool.

On Friday, Andrew stated he was all wired because he was using Cocaine so he slept in till around noon on Saturday. During the day on Saturday June 18, 2011, Andrew started inviting people over and had a party at his house in El Rancho because his mom was out of town for the weekend. According to Andrew, Chris got to Andrew's house around 7:00 p.m. in the evening to smoke a bowl of Marijuana. Chris then left Andrew's house "all drunk" around 11:00 p.m. or 12:00 p.m. without saying anything to anyone. At approximately 1:00 a.m. or 2:00 a.m., Chris came back to Andrew's house all dirty and stated that he stole his mom's car earlier and got the car stuck in the arroyo across from Andrew's house. Andrew told Chris to leave his house because he was going to bring

the cops over there because he stole his mom's car. All this conversation took place at the front door. Andrew described Chris' mom's car as little green Honda. Andrew said that Chris was wearing black Dickey pants and probably Fila shoes but was unable to give any other description. Andrew stated that while he was trying to sleep in the early morning of Sunday he could here Chris trying to get the car out of the arroyo. It was distinctive because the motor and tires were making a lot of noise.
After waking up on Sunday he was board so he went to Espanola to get high (use heroin) with his friend "Wedo."

During the interview, Andrew brought up Chris Halvorson's brother, Jason. Andrew stated that the two brothers were his "hommies" even though Andrew caught Jason breaking into his house in the past. Andrew knew the Halvorson brothers to be burglars in the El Rancho area for the last couple of years. Andrew stated that Chris was Steven's closest friend and that Chris has admitted to stealing from Steven in the past.

Andrew also mentioned Derek Villareal. He described Derek as a big mother fucker that likes beating people up. Derek is known as a "Westsider" who likes to punk people around. Through Andrew, people say that they "Westsiders" could get away with murder because they are part of the Pojoaque.

Catalina Rios was mentioned by Andrew and he knew her to hang out with "Westsiders" and knew there was "beef" between the "Surrenos" because of her boyfriend Lucas Baca. He heard that Catalina got into some shit with Zach Atencio and Anthony who are "Surrenos" from Nambe.
This concluded the interview with Andrew Chavez (BW 18 Evidence Property Control Form). This interview was audio recorded. Refer to audio recording for details.

On June 23, 2011 I was contacted over the phone by Jesse Rios. Jesse stated that he had some information regarding the homicide investigation of his in-laws and wanted to share that information with the investigators. At approximately 11:00 p.m. the interview with Jesse began at the State Police Investigations Bureau office in Santa Fe. The interview was audio recorded and the following is a summary of the interview.

INTERVIEW WITH JESSE RIOS

Jesse stated that he got a call regarding Victor Rios (Jesse's brother) and Missy Lujan who lives by the Roybal's. Missy's cousin, Jose Roybal, was bragging about going to Jesse's in-laws (victim's house) to steal some marijuana plants from the backyard. Supposedly Jose is hanging around with some El Salvador gang out of Albuquerque. Jesse heard through his family that this El Salvador gang is known to be violent. One of the guys Jose is hanging around goes by "Big Za" as an alias. Jesse thought it was strange because what he heard through his brother was that Jose and the guys he was hanging out with knew that there were pot plants in the back yard of the victim's house and how the back fence was broken.

Jesse stated that he really could not tie Jose to this homicide investigation other than he was supposedly bragging about it. Jesse could not identify a connection between Jose and his deceased in-laws and how Jose would even know that they had pot plants in the backyard.

The interview continued with Jesse describing a feud between his daughter, Catalina, and some of her previous friends. The incident took place after one of Catalina's softball

game where Tristen's brother, Zach Atencio, made a comment to Catalina and supposedly showed her a gun. Later after leaving the softball game, Jesse confronted Zach at the gas station in Pojoaque and told him to leave his daughter alone.

Jesse repeatedly stated that his in-laws did not hang out with anyone. In essence, they were simple people and lived a simple lifestyle. They occasionally went to the casino and would take Steven with them and were always in bed around 9:00 p.m. every night. His in-laws only cultivated their own Marijuana for personal use within the family and never sold drugs to anyone. Jesse specifically stated that he never sold drugs to anyone even though money has been very tight within his family. He has never sold Cocaine out of his house and to his knowledge there has never been Cocaine in his house.

Jesse was asked about who he hangs out with and he brought up Danny Gomez and Joseph Serna. Jesse stated that he grew up with these guys and used to ride his Harley Davidson motorcycles with them on occasion.

On the night of Saturday June 18, 2011 Jesse described the events of that night. At around 11:30 p.m. Jesse and Cherie got home from the casino (Cities of Gold) so Cherie could do some homework on the computer. Jesse was watching a movie (Michael) and towards the end of the movie he heard his dogs barking. Jesse got up out of bed and walked outside in the backyard because the dogs were barking in an aggressive manner. The dogs were barking in a northwest direction toward the front of his house so he walked back inside and to the front of the house and looked out of the kitchen window. Jesse then saw a car to the west of his house on the road and then the car proceeded to the east side of the house. At this point, Jesse opened the front door and the car then drove off out of sight because he figured they saw him standing in the door way. Jesse described the car as gray or silver in color and drove off in a westerly direction, took a right and went over the bridge. Once over the bridge the car took another right was traveling east until it was out of his sight. At this point Jesse went back inside his house and went to bed. Jesse recalled possibly seeing this same car about a week prior and there were four individuals inside the car and none of them were wearing shirts.

On Sunday June 19, 2011 Jesse got up around 8:00 a.m. and left the house to do some jobs soon after that in Santa Fe. Jesse stated that after arriving back home in the afternoon around 3:00 p.m. he never went next door to his in-laws house prior to Cherie finding them. Cherie then began cooking dinner and Jesse went to work on another job down the road from his house and again got back home around 5:30 p.m. Jesse stated that his friends, Mark and Amy Roybal, were at the house when he got there from the previous job. Around 5:30 p.m. or 6:30 p.m. is when his son Robert got home from camping with his friend Eli. Catalina was with Jesse's niece, Elena, during this time. According to Jesse while they were at the house Cherie was becoming worried because she had called her parents Lloyd and Dixie a few times during the day and they had not answered the phone. While they were there, everyone was gathered at Jesse's house, since Cherie was worried, she got a house key to Lloyd and Dixie's house from Robert and went to their house. While Jesse was sitting in his bed room he stated that Cherie came out running and heard her screaming. Jesse then ran over there to see what was going on and Cherie was screaming that someone had shot her dad in the face, along with her mom. Jesse then ran into Lloyd and Dixie's house to see if he could help and it was obvious they were deceased. Jesse then went outside to look for Lloyd and found him in the backyard while he was looking over the gate on the north side of the residence. Jesse stated that he could tell it was Lloyd in the backyard because he could see his gray chest hair from

where he was standing outside of the backyard. After Jesse found Lloyd, he thought Cherie was on the phone calling 911.

This concluded the interview at approximately 12:35 a.m. with Jesse Rios (BW 12 Evidence Property Control Form). This interview was audio recorded. Refer to audio and video recording for details.

SATURDAY JUNE 25, 2011

On Saturday June 25, 2011 Robert Rios, Cherie Ortiz-Rios, Jesse Rios, Angela Spinks, and Kristofer Spinks all voluntarily came to the New Mexico State Police Investigations Bureau office in Santa Fe for follow up interviews. The interviews took place in the Investigation Bureau interview room and were all video and audio recorded. The following are summaries of each interview.

INTERVIEW WITH ROBERT RIOS

The interview began at approximately 9:45 a.m. and began by Robert describing how he works with his grandpa (Lloyd) and his dad (Jesse) when he is not in school. He has been learning the construction trade from his grandpa and really enjoys hanging around him.

One of Robert's closest friends was Nick Ortiz. Robert stated that Nick had a rough up bringing so Robert's parents took him in and he was living with them for a few weeks. Robert described an incident that happened around the first part of June where Nick was found hiding in Lloyd's backyard late at night. Robert was watching television with his grandparents in their living room when the dogs started barking in the backyard. Lloyd and Robert went out to the backyard, through the back door, and Steven stayed in the kitchen. Once they were in the backyard the dogs were still barking so as Robert was looking around the yard, he found Nick lying behind the garden next to the fence. Robert's grandparents were very upset that Nick was in the backyard and questioned him on why he was there and how he got into the yard at 10:00 p.m. at night. According to Robert, Nick said that he used a pile of bricks to jump over the south fence and into the yard. Nick said that he went over there because he thought Steven was outside playing the drums and was going to hang out with him. Robert thought that was unusual because the whole family had been inside the house watching television for a few hours and Nick was familiar with their nightly routine. Robert thought Nick went over there to steal some Marijuana from his grandparent's house but could not confirm that suspicion.

The interview continued with Robert describing his camping trip up to El Rito with his friend, Eli Romero. Robert left the house Friday afternoon. From there they went up to El Rito for the weekend and Robert returned back home on Sunday afternoon around 5:00 p.m., a couple of hours prior to his mother (Cherie) finding the victims.

Once Robert got home, his mom was cooking dinner and his dad was with Mark Roybal working on a job down the road from his house. He took a shower and after that he walked over to his grandparent's house and saw that their gate was shut and all their cars were there. He opened the front screen door and tried to open the front door but the deadbolt was locked while the handle was unlocked. Robert thought it was really weird so he walked back toward his house and then he saw that the newspaper was not picked up. Robert told his mom what he had noticed and so he gave her the house key

that he had. According to Robert, nobody knew that he had a house key to his grandparent's house although his mom may have known because she had asked him for the key. The house key was given to Robert in secrecy by his grandmother because she knew Robert needed to get out of his house due to his parents ongoing fights. Cherie stated to Robert that she thought something was going on next door too because she said the she called her parents earlier in the day and nobody answered, which was unusual.

Robert referred to the marijuana that his grandparents grew as a family secret. Lloyd would grow the marijuana for Steven's medical purposes but the whole family would use the marijuana on a day to day basis. Robert stated that recently his parents had been arguing a lot more. Most of the arguments were about money issues.

Robert was asked about his knowledge of any safes that were kept in his grandparent's house. Robert recalled seeing a brown safe when his was around 8 or 9 years old. He saw the safe in his grandparent's room and his grandmother had it opened and she was counting money when Robert had walked into the room. Robert believed there was a few thousand dollars in the safe and that no other family members knew about the safe. Robert believed that his parents knew that Lloyd and Dixie always kept money on hand in case of an emergency.

According to Robert, there has always been a family feud between his parents and grandparents. Cherie and Dixie used to run a day care business together and there was a falling out between the two in which was related to Cherie having money problems. Some of the feuding resulted in Lloyd putting up a fence dividing the two properties because Lloyd was tired of seeing all the trash in his daughters (Cherie) yard. The feuding also carried over to the way Steven was being treated by Cherie and that Dixie was having a hard time dealing with Steven's medical problems. Cherie would get mad at Robert for going over to his grandparent's house because Cherie was feuding with them all the time.

Robert brought up Luciano Roybal. Luciano was good friends with his dad (Jesse) and Luciano's son, Jose Roybal, is who Robert used to hang out with. Robert had a bad feeling about Jose because he did not trust him from previous experiences and thought that he was a "Surreno" gang member. Jose was also known to hang out with Erik and Mario Zubiac-Talavera and therefore Robert became friends with them and would smoke marijuana together.

Robert stated that the marijuana at his grandparents was occasionally given to his parents. Cherie and Jesse would smoke marijuana on a day to day basis. Robert would usually get the marijuana that he smoked from his parents. When Robert could not get marijuana from his parents, he usually went up the road to buy about twenty dollars worth from a guy named "Hippi."

During the interview Robert mentioned Chris Halvorson. Robert knew that Chris and Steven used to be friends and would hang out a lot up until Chris started stealing things from Steven. The family thought Chris was taking advantage of Steven so they did not want Steven hanging out with Chris anymore.

This concluded the interview at approximately 11:15 a.m. with Robert Rios (BW 15/16 Evidence Property Control Form). This interview was audio recorded. Refer to audio and video recording for details.

INTERVIEW WITH CHERIE ORTIZ RIOS

The interview with Cherie began at approximately 11:54 a.m. The interview involved a few clarification questions from a previous interview as to the events on Saturday June 18, 2011. Cherie thought her and Jesse got back home around 3:30 p.m. and soon after that, her friends Mark and Amy got there around 4:30 p.m. Jesse and Mark went to finish up a previous tile job down the road from their house. After Cherie finished cooking enchiladas she took some of the food over to her parents house. As Cherie was walking next door, she noticed the newspaper and all the cars were there but had a feeling something was wrong. Cherie then noticed that the door handle was unlocked but the deadbolt was locked. She walked back to her house and asked Robert for the house key to her parents. She walked back to her parent's house and unlocked the door and the dogs met her at the door. She called out to her parents and as she walked into the house she could see her mother (Dixie) still lying in bed with blood around her head area. After seeing her mother she could see what she thought was her father (Lloyd) in the kitchen lying face down in his boxers with blood all over. After she found them, she ran out of the house yelling and screaming. Jesse then heard her yelling so he ran over to see what was going on. Jesse then went into his in-laws house and saw the bodies of Dixie and Steven. Jesse then ran back out of the house, around to the south side towards the back yard, then back around to the north side and he noticed it was Lloyd in the backyard. Jesse then gave Cherie his phone and she called 911.

During this time, Jesse ran up to the road in front of their house and waited for the cops. Mark and Amy had grabbed their little child, got into their vehicle, and left Cherie and Jesse's house. Cherie stated that she was waiting for the cops in her backyard although she could not recall if Robert was standing by with her.

On the previous night, Cherie recalled getting home from the casino (Cities of Gold) late in the evening. She got her computer out, put on a movie (Michael), and put on a pot of coffee. While they were watching the movie, the dogs started barking towards the arroyo next to their house. Jesse got up out of bed, saw a vehicle in front of their house, he loaded a 38 caliber revolver, got dressed, and left out the front door (north door). After walking out of the house, Cherie heard Jesse open the door to his truck, start his truck, and then heard Jesse drive out of their driveway and towards the east of their house. Cherie heard Jesse driving around, she also heard another car. Prior to Jesse leaving the house, Jesse stated to Cherie that he was going to find out who was driving by their house, scare them off, and intimidate them. When Jesse arrived back to the house, he told Cherie that he drove directly by the suspicious car on the road in front of their house and just to the east. Jesse saw the car go by him and (headed in a westerly direction) make a right turn and go across the bridge. Jesse told Cherie that he turned around and followed the car out but made a left turn and went to the community center in hopes that if the suspicious car returned to their house he would be able to come in behind them. According to Cherie, Jesse was gone for about three to five minutes and then she heard his truck drive back into the driveway.

Cherie was asked about issues of drugs and her family because they have come up during previous interviews. Cherie stated that the only drugs currently being used at her house was pot smoking. Sixteen years ago when Robert was born they used to sell and use cocaine out of the house. She told Jesse that they needed to quit the cocaine use. The reason for selling the cocaine was for the money but the use of the drug was affecting their lives in a negative way so they were trying to quit. After they stopped selling the drugs they only used cocaine for a few years after. Cherie was also concerned about

getting her parents in trouble because of the cocaine issues. Cherie specifically stated that she and Jesse used to sell ounces of cocaine on a daily basis out of their house. They got the cocaine from some Mexican guy "Noel." Currently, Cherie has thought about selling drugs because they have never been so broke and is in need of money. Cherie has never been so depressed about their money issues.

Cherie stated that she knew about her parent's marijuana use and cultivation. Her parents always kept their marijuana in the freezer and only used it amongst themselves. A few months prior, Cherie stated that her brother in-law (Kristofer Spinks) used to work for her parents by taking care of Steven. Kris was always at the house and Cherie believed him of stealing a bunch of marijuana from Lloyd and Dixie among other things such as knives. Cherie also believed that Kris was going through Lloyd and Dixie's belongings while they were out of the house. According to Cherie, Kris treated Steven really bad and he was fired by Dixie with regards to taking care of Steven and the suspicions that he was stealing from them. During the interview, Cherie continually expressed her concerns with Kris. She described him as a pill user, compulsive liar, and always stealing from others for his own gain.

Cherie knew that her parents kept a safe with large amounts of money in their house. She knew this because she had borrowed money from her dad and the money that she was given to her came out of that safe. Cherie thought the safe (brown aluminum lunchbox safe) was kept in her parent's master closet ever since she was a little girl.

Cherie mentioned that Steven's biological father (Steven Montano) had borrowed a large amount money from Lloyd for some business interests and to move his family to Rio Rancho.

This concluded the interview at approximately 1:30 p.m. with Cherie Ortiz-Rios (BW 15/16 Evidence Property Control Form). This interview was audio recorded. Refer to audio and video recording for details.

INTERVIEW WITH JESSE RIOS

Jesse was advised that his story and Cherie's story had some discrepancies in them. He was asked to clarify what his actions were on the Saturday night. Jesse specifically stated on two previous occasions that he never left the house after hearing the dogs bark and seeing the suspicious vehicle in front of his house. Cherie mentioned that Jesse did in fact leave the house.
Jesse now stated that while he was sitting in his bedroom, he heard voices come from the back (towards the dirt lot west of his house) and the dogs started barking even more. It was explained to Jesse exactly what Cherie had told us (Investigators) from her previous interview. Jesse then remembered that he did in fact leave the house in his truck. Jesse explained that when he left in his truck, he passed by a little silver or gray car that was in front of his house. Jesse said he had never seen that car and did not know who was in the car. Jesse could not provide any other description of the vehicle even though he passed directly by the car. After he passed the car as it was parked, Jesse turned around and followed the car from some distance and the suspicious car turned right and went across the bridge and to the opposite side of the arroyo. Jesse went in the opposite direction of the suspicious vehicle towards the community center in hopes that if they came back to his house he would come up behind them. Jesse stated that he never made contact with anyone in the suspicious vehicle.

Jesse could not explain his reason for leaving specific details out of his previous interviews such as hearing voices while the dogs were barking and leaving his house to check out a suspicious vehicle. Jesse described his intentions when he left the house were to make his presence known to the suspicious vehicle and nothing else.

The interview continued with Jesse describing his actions on Saturday night to New Mexico State Police Investigations Bureau Sergeant Dale Wagoner. His story was consistent with what is summarized above.

This concluded the interview at approximately 2:46 p.m. with Jesse Rios (BW-15/16 Evidence Property Control Form). This interview was audio recorded. Refer to audio and video recording for details.

INTERVIEW WITH ANGELA SPINKS

Interview was conducted by New Mexico State Police Investigation Bureau Agent Gomez. Agent Gomez had conducted two prior interviews with her and no discrepancies were found in statements provided by Angela Spinks during the third interview. Refer to Agent Gomez' supplemental report for details.

INTERVIEW WITH KRISTOFER SPINKS

Kris is currently working with handicap individuals and job coaching. Most of his jobs have been community oriented jobs toward helping others. Kris generally spends most of his time with his wife and kids with the same routine from day to day. When the economy went down, Kris started working for his father in-law (Lloyd) and mother in-law (Dixie) through a company called Santa Lucia. Essentially Kris was contracted through Santa Lucia to work for Lloyd and Dixie by taking care of Steven. That work consisted of taking care of Steven because of his disability during the day while Lloyd and Dixie were at work. Steven's disability required him to have constant supervision and medical care.

Kris recalled his activities on Friday June 17, 2011. Kris went to bed around 10:00 p.m. Saturday morning he got up with his family and they went over to Lloyd and Dixie's for Father's day around 10:00 a.m. After visiting with Lloyd and Dixie, Kris and his family left and went over to Kris' parent's house where they ate dinner. Kris went to bed around 10:00 p.m. on Saturday night. Sunday he woke up around 8:30 a.m. and was at home all day with his family. Around 7:00 p.m., Kris' nephew (Robert Rios) had called and informed Kris and Angela of what was going on with Lloyd, Dixie, and Steven.
Kris last recalled speaking with Steven over the telephone on Saturday evening. Their conversation consisted of Steven asking Kris if he wanted to go to Long John Silver's to eat. According to Kris, he did not go because he was busy spending time with his family and just got back from Wal-mart.
Kris worked (took care of Steven) for Lloyd and Dixie through Santa Lucia from August of last year (2010) through May of this year (2011). While Kris was taking care of Steven, their activities consisted of Kris waking Steven up and getting him ready for the day, partaking in community activities, and other hobbies that Steven enjoyed. Kris thought of Steven as a brother and enjoyed spending time together.

This concluded the interview with Kristofer Spinks (BW-15/16 Evidence Property Control Form). This interview was audio and video recorded. Refer to audio and video recording for details.

MONDAY JUNE 27, 2011

On June 27, 2011 New Mexico State Police Criminal Investigations Bureau Agent Clay Goret was provided a brief about the ongoing homicide investigation. Agent Goret was assigned to look through all the cell phone records that were obtained through search warrants regarding the homicide investigation. On July 7, 2011 Agent Goret received all the cellular telephone records from Verizon Wireless. Agent Goret was also assigned to interview Ms. Audrey Rodriguez and Ms. Paula Collins. Refer to Agent Goret's supplemental report for details.

WEDNESDAY JULY 6, 2011

At approximately 11:00 a.m. the requested documents from all three search warrants were received from Verizon Wireless. Verizon Wireless provided a Sony CD-R with subscriber information, SMS text detail, SMS text content, call detail with cell sites for Verizon Wireless targets, 5055772511, 5057952375, 5056902468, 5056993031, 5056900291, and 5808170655.

A working copy of the CD-R was made and the original that was provided by Verizon Wireless and was entered into the New Mexcio State Police Evidence Vault (BW 3 Evidence Property Control Form) in Santa Fe.

All three search warrants along with return and inventory were filed in the First Judicial District Court at approximately 2:30 p.m. Refer to first search warrant for details as it will be attached to this report. The second and third search warrants were sealed by the District Court.

MONDAY JULY 11, 2011

On Monday July 11, 2011 Cherie Ortiz-Rios and her sister, Angela Spinks, voluntarily came to the New Mexico State Police Investigations Bureau office in Santa Fe for a follow up interview. The interview took place in the Investigation Bureau interview room and was both video and audio recorded. Both Cherie and Angela were together during the interview which began at approximately 10:00 a.m. The following is a summary of the interview.

INTERVIEW CHERIE ORTIZ-RIOS AND ANGELA SPINKS

Both Cherie and Angela had been interviewed previously on multiple occasion. There were no descprencies from the previous interviews. The purpose of their interview was to provide information (Victim's Profile) about their brother Steven that others did not know.
Cherie thought that Steven may have done something in the past and that was the motive for his death. Cherie knew that due to Steven's medical disabilty he had a "thing" for little boys. From time to time, Steven would ask little boys if he could see their penis and he would show them his. This was a sensitive issue because both Cherie and Angela ran a daycare business in which they had little boys around. According to Cherie, Steven's mom Dixie, was having a very difficult time dealing with Steven and his behavior regarding little boys. This behavior had been going on for about five years and Steven was getting therapy for it. It was the most difficult issue that Dixie had to deal with and it was becoming very stressful for her. Steven was always wanting to be around little boys, buying little toys for them, and would give the neighborhood kids

rides on his four wheeler. Cherie mentioned that Steven, told Dixie, that he had let a little boy pee in his mouth. Steven thought it was funny and would laugh about it. Steven told Dixie that he let David Barros' son, Mario, pee in his mouth. Cherie knew this because she used to take care Mario at her daycare business.
Cherie stated that Lloyd and Dixie had a very difficult time raising Steven because of his disabilities. From time to time, it was difficult for them to discipline Steven because he was very stubborn. Generally, Lloyd would let Steven do whatever he wanted to do because Lloyd knew that Steven was disabled and already had a rough life.

Cherie mentioned Cyro Martinez. Cyro used to work for Lloyd at the tile shop and had a younger son around twenty years of age. Cherie thought that Steven may have done something to Cyro's son in the past and if so it could be related to his death.

Cherie and Angela described their parents as people who kept to themeselves and were always willing to help others in times of need. Lloyd and Dixie were known to always lend a hand to help others even when times were tough for them.

During the interview, the Last Disciple's (Motorcycle Gang) was brought up. Supposedley Joe Serna, who is a Last Disciple's member, is Robert Rios godfather. Jesse Rios and Joe had grown up together and been friends for a long time. Their history involves a lot of cocaine use. According to Cherie, Joe's wife Sharron, had a stroke and the casue of the stroke was heavy cocaine use. After Sharron's stroke, Cherie raised lot of money for them for the medical bills and she belived Joe used the money to buy more cocaine. Cherie stated that Joe has not been around her family for a few years and since the homicide, he has come back into the family along with some of his other Last Disciple gang members. Joe and his Last Disciple gang members were providing protection for the family. Joe believed that the State Police investigation was not doing anything with regards to the homicide investigation and he told Cherie that the "Feds" needed to be involved in this case.
Cherie mentioned that they (the family) had found a safe in Lloyd and Dixie's bedroom. She believed there was a family will in the safe but was unsure what was actually in the safe. A few days later the safe was opened at the State Police Headquarters. The contents inside the safe was eighty thousands dollars (cash) and titles to vehicles. Cherie stated that she never found a family will in the safe.

Cherie believed that some of Dixie's co-workers at Sombrillo nursing home in Los Alamos did not like Dixie because she felt like the other workers did not take pride in caring for the elderly. One in particular was Johnny Avila. Dixie was always writing Johnny up at work because he was leaving patients unattended and not caring for them they way they should have been cared for. Cherie knew Johnny because he was her bestfriends boyfriend. Cherie had an useasy feeling about Johnny because he is always drinking and acting crazy.

The inteview turned into a dicussion and covered many different topics. Most of the dicussion consisted of the family dynamics urelated to the investigation.

This concluded the interview with Cherie Ortiz-Rios and Angela Spinks (BW-14 Evidence Property Control Form). This interview was audio recorded. Refer to audio and video recording for details.

TUESDAY JULY 12, 2011

On this day Cherie, Jesse, and Kristofer arrived at the State Police Investigations Bureau office in Santa Fe to have the safe that was found inside Lloyd and Dixie's house opened. The safe was opened by a private company and in the presence of the State Police and family members. The contents inside the safe were titles to vehicles, a small handgun, and a large amount of cash. The State Police did not go through the contents of the safe and I was told by Cherie that the bank counted the cash and there was eighty thousand dollars. None of the contents of the safe was ever collected by the State Police and remained in the custody of Cherie and Jesse.

THUSRDAY JULY 14, 2011

On Thursday July 14, 2011 at approximately 11:17 a.m., I arrived at Cherie and Jesse's residence located at 3A Coral Street El Rancho, New Mexico. At this time Cherie Ortiz-Rios, Jesse Rios, Robert Rios, Catalina Rios, Angela Spinks, and Kristofer Spinks had all volunarlily consented to provide deoxyribonucleic acid (DNA) and fingerprints for comparisons. All were verbally informed of their rights, stated they understood their rights, and signed the New Mexico Department of Public Safety Consent to Search form. Samples were collected by the least invasive means possible, swab of the inside of the mouth. Fingerprints were also collected in which each print and sample was individually sealed and labled (BW 4-9 Finger Print Cards). Refer to attached SP 205 form (Finger Prints) for labeling and details. Refer to Agent Paul Chevez' report for the DNA samples and details.
On Monday July 18, 2011 at approximately 1:56 p.m. the finger print cards were submitted to the Department of Pulic Safety Crime Lab in Santa Fe for comparisson and examination.

FRIDAY JULY 22, 2011

On this date I revieved the Laboratory Report from New Mexico Department of Pulic Safety Forensic Lab in Santa Fe. In summary of that document, a mixture of male Y-STR DNA of two or more individuals was obtained from item Y-2-A-1 (Pick-AX Handle). Steven Ortiz and any paternal male relative cannot be eliminated as a source of the major male Y-STR DNA profile resolved from the mixture. The male Y-STR DNA mixture from this item may be used for elimination purposes only. For details of the lab report refer to attachment Lab Report #1. The Lab Report for the finger print comparissons was also received. For details, refer to attachment Lab Report #2. On July 28, 2011 a third Lab Report was received. The report was for the second phase of DNA testing conducted by the Forensic Lab in Santa Fe. For details, refer to Lab Report #3. On September 12, 2011 I received a fourth Lab Report from the Forensic Lab in Santa Fe. This report was the results from the comparisson DNA samples that were taken from Jesse Rios, Kristofer Spinks, Robert Rios, and Steven Montano. These samples were comparred to the unknown male touch DNA that was taken off the handle of the pick-ax. All comparisson samples were eliminated as contributors to the unknown male touch DNA. For details of the report, refer to attachment Lab Report #4.

MONDAY AUGUST 1, 2011

On Monday August 1, 2011 I met with Steven Montano for a interview at the New Mexico State Police office in Pecos, New Mexico. Steven Montano is the biological father of Steven Ortiz. The interview was conducted in a interview room at the Pecos office and was audio recorded. The following is a summary of the interview.

According to Steven Montano, Steve Jr. (Steven Ortiz) was his little boy. After Steve

Jr. was born, Steven Montano's wife (Steven Ortiz' biological mother) had an accident with him while Steven was at work. As a result of that accident, Steve Jr. was diagnosed with a brian injury. The state stepped in and Steven and his wife put Steve Jr. up for addoption. Lloyd and Dixie Ortiz had addopted Steve Jr. when he was only a few months old. Steven Montano occasionally saw Steve Jr. in the stores around town through the years and when Steve Jr. turned eighteen, Steven got to know him a little more. When Steve Jr. turned eighteen, Lloyd and Dixie had informed Steve Jr. that Steven Montano was his biological father. At that point, Steven was allowed by Lloyd and Dixie to become more of a part of Steve Jr's. life. Steven occasionally corresponded with Steve Jr. through text messages. Steven was learning from Steve Jr. that he was having some behavioral issues such as showing little boys his penis and he was wanting to see others. Steven was upset about the therapy Steve Jr. was getting from Lloyd and Dixie. Lloyd and Dixie believed that Steve Jr. should get medicated (take pills etc...) for his behavioral problems where Steven thought he needed to have god in his life and go to church more often rather than taking drugs for his problems that were perscribed by doctors.

Steven thought Kristofer Spinks was a very bad person because Kristofer would let Steve Jr. smoke pot, drink alcohol, and look at pornography. Steven didn't think Kristofer was a good influence on Steve Jr. Steven knew this through conversations with Steve Jr. during the time Kris was hired by Lloyd and Dixie to take care of him .

Steven was asked what he had thought about the homicide. Steven had all kinds of reason for the homicide involving his biological son. Steven heard that it was all gang related somehow because of Catalina's friends and how the suspect(s) possibly targeted the wrong family. Steven also heard that supposedly Jesse and Kristofer owed money to the Badido Biker Gang and since they had not paid their debts (related to drug money) to the Bandido Biker Gang they took revengance on Lloyd, Dixie, and Steve Jr. Steven mentioned the Last Disciple's Biker Gang. According to Steven, the Last Disciple's were at the family funeral as protectors for the other family members. Steven did not know what they were being protected from. Joe Serna, of the Last Disciple's, was the main one standing around and providing protection and intimidating everyone. Steven knew that Joe Serna was Jesse Rios' good friend and did not understand why the Last Disciple's had to provide security at a funeral for his biological son.

Steven stated that he did not have any type of relationship with Jesse and Cherie. A few years back they spent Christmas together because of Steve Jr. Some time after that, Steven attended a cook out at Jesse and Cherie's and Cherie made some rude comments to Steven about how Steve Jr. biological mother had caused Steve Jr's. disabilities. Steven thought Jesse and Cherie were jealous of Lloyd and Dixie because they had more money than them. Steven believed that Jesse, Cherie, Angela, and Kristofer were all directly involved in this homicide because they were all jealous of the the money that Lloyd and Dixie had. Steve Jr. got money (through Lloyd and Dixie) from the State of New Mexico due to his disability and Jesse and Cherie were jealous of that. Steven stated that Steve Jr. would tell him that Lloyd and Dixie would use drugs often and he was allowed to drink alcohol and smoke marijuana.

Prior to the funeral, Steven was fighting with Cherie about the barrial of Steve Jr. Cherie wanted to cremate all the bodies and Steven thought it was very strange because he felt like Cherie was just rushing through the barrial process as if she just wanted to get ride of the bodies as soon as possible. Steven wanted a proper barrial for Steve Jr. and did not want him cremated. In the end, Steve Jr. was given a proper barrial and

Lloyd and Dixie were cremated and placed in the coffin with Steve Jr's. body. Overall, Steven was very disappointed with the way the funeral was planned and the way he was treated by Cherie and Jesse.

The interview concluded with Steven volunarlily consenting to provide deoxyribonucleic acid (DNA) for comparison. He was verbally informed of his rights, stated he understood them, and after reading the New Mexico Department of Public Safety Consent to Search form he signed it. Samples were collected by the least invasive means possible, swab of the inside of the mouth. The samples were sealed, labeled (BW 10 Evidence Property Control Form), and submitted to the Department of Pulic Safety Crime Lab in Santa Fe on July 2, 2011 for comparisson and examination.
This concluded the interview with Steven Montano at approximately 10:10 a. m. This interview was audio recorded. Refer to audio recording for details (BW 13 Evidence Property Control Form).

SANTA FE COUNTY
STATE OF NEW MEXICO

D-101-SC-2011-00001

IN THE MATTER OF THE ISSUING A SEARCH WARRANT ON THE 24th DAY OF JUNE, 2011.

AFFIDAVIT FOR SEARCH WARRANT

Affiant, being duly sworn, upon his oath, states and I have reason to believe that on the following described cellular telephones of:

1. Cellco Partnership DBA Verizon Wireless
   Attention Custodian of Records
   180 Washington Valley Road Bedminster, NJ 07921

2. Cellular phone number of investigation (505) 577-2511, (505) 795-2375, (505) 690-2468, (505) 690-0291, (505)-699-3031

In the city or county designated above there is now being concealed:

1. Document(s) that establish or tend to establish ownership, possession, use, transfer and/or the right to ownership, possession, use and/or transfer of the herein-described item(s), to be seized.
2. Records for June 15, 2011 to present, to include but not limited to subscriber information, incoming, outgoing, and missed calls. Times and date of these completed phone calls. Paper documentation showing text messages, voice messages, and data transfer usage of the above listed phone numbers. Account numbers, subscriber information, and billing information for the phone numbers listed as incoming, outgoing, and missed phone calls.
3. Records for the call detail of any and all cellular repeater sites which incoming, outgoing, and missed phone calls were documented for these numbers for the period encompassing June 15, 2011 to present.
4. Voicemail password reset to make available to Affiant any and all voicemail audio recordings saved and/or maintained by this account.

The facts tending to establish the foregoing grounds for issuance of a Search Warrant are as follows:

Affiant, Bryan Waller, is a full time salaried law enforcement officer who has been employed by the New Mexico State Police for a period of approximately three years. Affiant has received specialized training in criminal investigations through the New Mexico Law Enforcement Academy and the New Mexico State Police Academy. Affiant has received training in the investigation of violent crimes including but not limited to homicide investigations. Affiant has received both classroom and on the job training concerning the investigation of the above offense(s). Affiant has conducted numerous

criminal investigations that led to the arrest and conviction of persons in violation of New Mexico State Statutes.

On Sunday, June 19, 2011, at approximately 7:50 p.m., Affiant was contacted by New Mexico State Police, Investigations Bureau Lieutenant Ted Collins. Lieutenant Collins requested affiant to proceed to #3 Coral Road in El Rancho, New Mexico, to investigate a triple homicide. The decedents were identified as Dixie Ortiz, Lloyd Ortiz, and Steven Ortiz.

Affiant arrived at #3 Coral Street in El Rancho at 10:19 p.m. Shortly after my arrival, affiant was briefed by New Mexico State Police, Uniform Bureau Officer Michael Mariscal. Officer Mariscal advised affiant that he was dispatched to #3 Coral Street in El Rancho in reference to three individuals that were shot in the head. Officer Mariscal arrived on scene at approximately 7:26 p.m., and met with the reporting party, Cherie Ortiz. Ms. Ortiz is the daughter of Lloyd and Dixie Ortiz. Ms. Ortiz advised Officer Mariscal that she went to her mother's residence and found her mother and father deceased. She then exited the residence and used her husband's cell phone to immediately contact law enforcement. Officer Mariscal advised affiant that he then conducted a security sweep of the residence. While conducting the security sweep, Officer Mariscal observed a deceased female lying face down on the right side of the bed in the master bedroom. He also located a deceased male subject lying face down in the kitchen. When Officer Mariscal exited the backdoor of the residence, he located another deceased male subject lying face down near a tree. Officer Mariscal did not locate any weapons and indicated that all three deceased subjects appeared to have suffered from head trauma.

During the crime scene investigation process, three cell phones were located inside the decedent's residence inside their perspective bedrooms. Affiant believes these three cell phones were the property of the decedents. Affiant also learned during the investigation that the decedent's granddaughter, Catalina Rios, called her grandparents to her grandfather's cell phone, on the morning of June 19, 2011, but was unable to reach him. The cell phones that were retrieved from the residence are Dixie Ortiz (505) 577-2511, Steven Ortiz (505) 795-2375, Lloyd Ortiz (505) 690-2468, Catalina Rios (505) 690-0291, and Robert Rios (505) 699-3081. are the phone numbers used by Cherie Ortiz-Rios to call 911.
Documents maintained by Verizon Wireless may be material and relevant to this investigation based on numerous interviews that have been conducted in this case

Affiant is also aware that suspect(s), victim(s) and/or witness(s) often make and/or receive telephone calls before, during and/or after the commission of crime(s). Such information, if it exists, may be material and relevant to this investigation.

Affiant is aware through training and experience that people who have apparent knowledge of the incident often make telephone calls to the scene and/or attempt to communicate with each other during the time that law enforcement personnel are executing the search warrant. These people often utilize a variety of communications equipment, including, but not limited to pagers and/or cellular telephones to communicate before, during, and after the incident.

Therefore, Affiant respectfully requests that the Court issue a Warrant commanding the search of the above-described cellular telephones.

D-101-SW-2011-00001

IN THE MATTER OF THE ISSUING A SEARCH WARRANT ON THE 24th DAY OF JUNE, 2011.

AFFIDAVIT FOR SEARCH WARRANT

Affiant, being duly sworn, upon his oath, states and I have reason to believe that on the following described cellular telephones of:

1. Cellco Partnership DBA Verizon Wireless
   Attention Custodian of Records
   180 Washington Valley Road Bedminster, NJ 07921

2. Cellular phone number of investigation (505) 455-0060 and (580) 817-0655

In the city or county designated above there is now being concealed:

1. Document(s) that establish or tend to establish ownership, possession, use, transfer and/or the right to ownership, possession, use and/or transfer of the herein-described item(s), to be seized.
2. Records for June 15, 2011 to present, to include but not limited to subscriber information, incoming, outgoing, and missed calls. Times and date of these completed phone calls. Paper documentation showing text messages, voice messages, and data transfer usage of the above listed phone numbers. Account numbers, subscriber information, and billing information for the phone numbers listed as incoming, outgoing, and missed phone calls.
3. Records for the call detail of any and all cellular repeater sites which incoming, outgoing, and missed phone calls were documented for these numbers for the period encompassing June 15, 2011 to present.
4. Voicemail password reset to make available to Affiant any and all voicemail audio recordings saved and/or maintained by this account.

The facts tending to establish the foregoing grounds for issuance of a Search Warrant are as follows:

Affiant, Bryan Waller, is a full time salaried law enforcement officer who has been employed by the New Mexico State Police for a period of approximately three years. Affiant has received specialized training in criminal investigations through the New Mexico Law Enforcement Academy and the New Mexico State Police Academy. Affiant has received training in the investigation of violent crimes including but not limited to homicide investigations. Affiant has received both classroom and on the job training concerning the investigation of the above offense(s). Affiant has conducted numerous criminal investigations that led to the arrest and conviction of persons in violation of New

Mexico State Statutes.

On Sunday, June 19, 2011, at approximately 7:50 p.m., Affiant was contacted by New Mexico State Police, Investigations Bureau Lieutenant Ted Collins. Lieutenant Collins requested affiant to proceed to #3 Coral Road in El Rancho, New Mexico, to investigate a triple homicide. The decedents were identified as Dixie Ortiz, Lloyd Ortiz, and Steven Ortiz.

Affiant arrived at #3 Coral Street in El Rancho at 10:19 p.m. Shortly after my arrival, affiant was briefed by New Mexico State Police, Uniform Bureau Officer Michael Mariscal. Officer Mariscal advised affiant that he was dispatched to #3 Coral Street in El Rancho in reference to three individuals that were shot in the head. Officer Mariscal arrived on scene at approximately 7:26 p.m., and met with the reporting party, Cherie Ortiz. Ms. Ortiz is the daughter of Lloyd and Dixie Ortiz. Ms. Ortiz advised Officer Mariscal that she went to her mother's residence and found her mother and father deceased. She then exited the residence and used her husband's cell phone to immediately contact law enforcement. Officer Mariscal advised affiant that he then conducted a security sweep of the residence. While conducting the security sweep, Officer Mariscal observed a deceased female lying face down on the right side of the bed in the master bedroom. He also located a deceased male subject lying face down in the kitchen. When Officer Mariscal exited the backdoor of the residence, he located another deceased male subject lying face down near a tree. Officer Mariscal did not locate any weapons and indicated that all three deceased subjects appeared to have suffered from head trauma.

During this investigation, numerous interviews were conducted with numerous people. New Mexico State Police, Investigations Bureau Agent Rafael Gomez told affiant that during a telephone interview with Ms. Audrey Rodriguez, she had information in reference to the ongoing homicide investigation. Affiant learned that prior to Steven Ortiz's death, Ms. Rodriguez had contact with Steven Ortiz over their cellular telephones. Ms. Rodriguez's cellular telephone number is (580) 817-0655. The nature of the conversations, according to Audrey, was that Steven told her that he owed money regarding prior drug transactions and that if anything was to happen to him, Michael and Matt Lyon "Leon" were the ones who did it.

On or about June 21, 2011, Audrey also had a conversation over the cellular phone with Chris Halvorson. Chris' cellular telephone number is (505) 455-0060. Chris stated that Michael and Matt Lyon "Leon" had killed Steven Ortiz and he had been present during the murders. Chris also made the comment to Audrey that he was happy that Michael and Matt had done it.

Documents maintained by Verizon Wireless may be material and relevant to this investigation based on numerous interviews that have been conducted in this case

Affiant is also aware that suspect(s), victim(s) and/or witness(s) often make and/or receive telephone calls before, during and/or after the commission of crime(s). Such information, if it exists, may be material and relevant to this investigation.

Affiant is aware through training and experience that people who have apparent

knowledge of the incident often make telephone calls to the scene and/or attempt to communicate with each other during the time that law enforcement personnel are executing the search warrant. These people often utilize a variety of communications equipment, including, but not limited to pagers and/or cellular telephones to communicate before, during, and after the incident.

Therefore, Affiant respectfully requests that the Court issue a Warrant commanding the search of the above-described cellular telephones.

SYNOPSIS

NARRATIVE

Continued from supplemental report # 19

WEDNESDAY AUGUST 3, 2011

On Wednesday August 3, 2011 I met with Joseph Serna for a interview at the New Mexico State Police Investigation Bureau office in Santa Fe, New Mexico. Joseph Serna voluntarily came to the office for the interivew in which he had previously made comments that he wanted to speak to investigators and believed that a higher authority (FBI) should be involved in the investigation.

The interview was conducted in a interview room at the Investigations Bureau office and was audio and video recorded. Special Agent, Al Hightower, from the Department of Homeland Security sat in on the interview. The interview began at approximately 11:19 a.m. and the following is a summary of the interview.

Joseph acknowledged the victims, Lloyd, Dixie, and Steven as family. He remebered when he was growing up, he knew Lloyd and Dixie as residence of El Rancho where he grew up. Joseph remembered Dixie being pregnant with Cherie and the complications with the pregnancy. Joseph thought of Lloyd as being very neat and organized where Dixie was the opposite.

Since the homicide, Joseph has been the spiritual guider for the Rios family. He has been spending a lot of time with them and helping them in any way he can. Joseph had not seen Jesse and Cherie since about Christmas time approximately six months ago. Joseph was best friends with Jesse Rios since he was four years of old. Joseph was Robert Rios (Jesse and Cherie's son) godfather. They have always been very tight up until Joseph's wife, Sharron, had a stroke due to heavy drug abuse. Joseph, Sharron, Jesse, and Cherie used to party a lot. Jesse and Cherie would get their cocaine from many different people in the Valley. Joseph thought Jesse and Cherie havn't used cocaine in the last year. He knew this because Cherie has gained a lot of weight because she was eating. When they would party at Jesse and Cherie's house, Lloyd would get angry with them because they would be loud and park on his property. According to Joseph, Lloyd was really irritated about the parties that Jesse and Cherie would have.

Joseph admitted to being a heavy cocaine user and used to sell drugs as well. Joseph recalled being a hated as child while he was growing up because of his family up bringing. Joseph attributed his drug abuse to his childhood and was using drugs since he was eleven years old. After Sharron's stroke, the drug abuse supposedly stopped and he began to work regular jobs.

Joseph recalled his wife as being very educated through school prior to her stroke. While she was getting educated, Joseph was selling lots of cocaine and was getting it from some Mexicans in Moriarity. He would take the back roads a few times of week. While he was selling is when Sharron had her stroke and the doctors stated that she had a large amount of cocaine in her system. Since the stroke, Joseph has been a changed man in which he found god in his life. Joseph felt like he had ruined her life due to the drugs. Since then, Joseph has to care for Sharron daily and life has been very difficult taking care of her as well as his children.

Joseph regrets his previous lifestyle but stated that it was easy money. When Sharron had her stroke, he had three ounces of cocaine at his house in which he flushed it down the toilet. Flushing the cocaine started a fight between him and his brother because

his brother wanted the cocaine.
Joseph had no idea why Lloyd and Dixie were the vicitims but thought the only thing that made sense (about the homicide) was somehow related to Catalina (Jesse and Cherie's daughter). Catalina has always been a troubled little girl. Her boyfiend, Lucas Baca, has been nothing but a problem in her life. Someone told Joseph that some guy showed Catalina a gun at her softball game so Jesse told them off and a couple of weeks later the homicide happens. Joseph stated that he heard the time of death was around 2:30 in the morning and he knew Jesse was at home during this time. Jesse told Joseph he heard the dogs barking as if someone was stealling his tools out of his truck. Joseph felt like Lloyd and Dixie were well off and someone targeted them because of money. Joseph continued on throwing out many different scenarios that could have happened.

Joseph mentioned Isaac Roybal (Larry Roybal's son) as the suspect in this case because Isaac was hanging around with Lenny Carrillo when Lenny was committing burlaries in the El Rancho area and Isaac was with Lenny when he was shot by the Sheriff's Department but he got away. Supposedly Isaac was telling people that he was going to go out like Lenny but he was going to take people out with him. Joseph could not make a connection between the vicitims in this case and Isaac Roybal. Some reason Joseph's gut feeling was that the Roybal's were somehow involved in this case but he was unable to give any specific reasons for that feeling.

Joseph believed that the suspects went to Lloyd and Dixie's to rip them off, specifically their marijuana plants. Lloyd went outside to check on the plants and was hit in the back and Steven saw what had happened to his dad. Since Steven saw what happened he probably ran to his mom's room but was caught in the kitchen. Since the supects got caught and Lloyd probably knew who they were, they took care of Dixie while she was sleeping. Joseph belived that Steven never made it to bed for the night.

Joseph brought up Juan Diego Grant. Juan was Cherie's cousin and didn't go to the funeral which Joseph thought is was very unusual. Joseph had seen Juan driving around with some other guys that were barking like dogs (gang moniker) in the El Rancho area. Once again, Joseph could not specifically identify any reasons Juan was related to this investigation other than if it was six years prior, Joseph would have been throwing people in trunks of cars to find out the truth.

Joseph stated that he had never had a felony on his record and Agent Hightower asked him about an incident at the Mexico/El Paso boarder crossing in 1997. Joseph stated that he got a DWI down there but nothing else. Joseph was asked if a gun was involved or used in that incident and he stated no. Agent Hightower asked if he ever used the last name of Lovato. Joseph stated that yes he had used that last name and did get caught trying to cross the boarder with a gun that did not have a serial number on it. Joseph quickly turned the interview back to talking about Juan Diego Grant and describing an incident that he previously discussed.

In conclusion, Joseph continually threw out many different names and scenarios throughout this interview but repeatidly stated that he did not know how any of it was related to the homicide investigation. At one point, Joseph mentioned Mara Salvatruch (MS-13) because they bark like dogs as their gang moniker.

Joseph found out about the homicide by a friend (Cindy) that had called him on Sunday night when he was at home. Cindy told him that something had happened at Jesse and Cherie's house. Joseph then loaded up his family and they went to Jesse's house and

thats when he learned about Lloyd, Dixie, and Steven. Joseph recalled he last saw Jesse and Cherie around Christmas time and could not call Jesse because he did not know their phone number. He had distanced himself away from everyone because he needed to get his life together after his wife's stroke. After his buddy died in a crash, everyone went to the sports bar in Pojoaque and Cherie got mad at Joseph because he did not want to party with Cherie and Jesse. Joseph stated that Cheire is by no means an angel even though she portrays as if she is. He has always known her to be a "bitch."

Joseph stated the he belongs to a hardcore christian ministry (Last Disciples Motorcycle Gang). They are the misfits of the one percenter(s) or the ones who don't belong in church. Their members are people who have left the dark side and found god. Joseph travels around on his motorcycle doing ministry work. Joseph acknowledged his checkered past and he uses that to reach out to others and help them find to the path to god.

Joseph reiterated how the community members prefer going to him with information rather than to the police. Joseph was from the community so the people were more comfortable with him. Joseph stated that someone told him that Matt Gomez was present when the homicide took place. Once again, Joseph had no other information about Matt Gomez other than it was what he heard.

Joseph knew Kristofer Spinks (Angela Spinks husband) as a thief and he did a terrible job of taking care of Steven. Joseph stated that Kris was fired by Dixie because he was stealing from them and he could not be trusted. According to Joseph, Dixe did not trust Kris because he stole some marijuana during the time Kris was taking care of Steven but Joseph could not provide any proof other than that's what he was told. Joseph thought that Kris knew Lloyd and Dixie's house too well. He knew where Lloyd and Dixie kept important documents and belongings where the other family members did not know where things were kept. Joseph did not know if Kris was involved in the homicide other than he was known for stealing from them and knew the house much too well.

Joseph thought the only safe that was missing was the one that was found in the trash trailer between Lloyd and Jesse's house. Another safe came up that was hidden in a comparment that was built a few years ago by Walter that was located in Lloyd and Dixie's bedroom. According to Joseph, Walter told Cherie and Jesse about the safe that was hidden. The next day all of the family went to get the safe with Walter and a few days later it was opened.

Joseph stated that a few days after the State Police were there (victim's home) Joseph and Jesse were caring for the victim's dogs. While they were there (Joseph, Jesse, and Kris) Kris was walking around the house on his own and going through Lloyd and Dixie's belongings. Joseph continually referred to Kris as a piece of shit.

During the interview, Joseph stated that where Lloyd was found, he, Lloyd had fallen against the fence and bent it during a struggle. Joseph was asked how he knew if Lloyd fell against the fence because only the people responsible for this crime would know such details. Joseph retracted his story and stated that he was just making an assumption about the fence because that's where he was found.

Joseph then changed the topic to why the pick axe was found after the State Police had left the scene when it was just thrown over the back fence. Once again, Joseph made another assumption about the pick axe and relied on his experience of watching

television shows about homicides on how crimes scenes are handled and did not think the State Police were doing a good job.

This concluded the interview with Joseph Serna at approximately 2:30 p. m. This interview was audio recorded. Refer to audio and video recording for details (BW 22 Evidence Property Control Form).

THURSDAY AUGUST 25, 2011

On Thursday August 25, 2011 a search warrant was drafted and approved by First Judicial Deputy District Attorney Petra Schwartz for Jesse Rios' cellular telephone records ((505)310-1296). It was learned during the investigation that Jesse's phone was a track phone by T-Mobile in which Verizon Wireless controlled the phone records. The warrant was signed by First Judicial District Judge Stephen Pfeffer at approximately 3:00 p.m. An ex parte motion to seal the search warrant was also drafted and signed. The seal was attached to the search warrant. The warrant was executed on August 26, 2011 and sent to Verizon Wireless Law Enforcement Resource by fax. After multiple problems and miscommunication, the requested information from the search warrant was sent via e-mail on Wednesday September 21, 2011. The information was burned onto a CD-R and entered into the State Police evidence vault in Santa Fe (BW 23 Evidence Property Control Form). Wednesday September 28, 2011 the sealed search warrant was filed at the First Judicial District Court.

THURSDAY SEPTEMBER 8, 2011

On Thursday September 8, 2011 at approximately 2:00 p.m., I arrived at Chris and Jason Halvorson's residence located at #1 Sanday Way, El Rancho, New Mexico. At this time Chis and Jason had all volunarlily consented to provide deoxyribonucleic acid (DNA) for comparisons. All were verbally informed of their rights, stated they understood their rights, and signed the New Mexico Department of Public Safety Consent to Search form. Samples were collected by the least invasive means possible, swab of the inside of the mouth. Chris' parents were involved in this process because they are still his legal guardians even though he is a legal adult. They also signed the New Mexico Department of Public Safety Consent to Search form on Chris' behalf. Chris' sample was labled BW 19 and Jason's was labled as BW 20. (BW 19-20 Evidence Property Control Form)

While at the Halvorson residence, Ms. Halvorson stated that on the night of June 19, 2011 at approximately 6:00 p.m. is when she thought someone had called their house phone and notified them of the Ortiz family homicide. The time Ms. Halvorson provided was unusual because the victims were not found until 7:00 p.m. Ms. Halvorson stated that she could not get her phone records on her own because from her phone provider needed a search warrant. Further follow up is pending and will be documented in a supplemental report.

Upon leaving the Halvorson residence, I met with Jason Halvorson at the bridge in El Rancho for an interview. Jason's parents have a restraining order against him therefore the interview could not be done at their house. Jason agreed to be interviewed regarding the Ortiz family homicide and the interview took place in my unmarked New Mexico State Police unit. New Mexico State Police Investigations Bureau Sergeant Maestas was present in the back seat for the interview. The interview was audio recorded and the following is a summary of the interview.

The interview began in my unit as Jason was sitting in my front seat. Jason acknowledged he was present on his own free will and was free to leave at any time. Jason stated that he had been living with Joseph Arrietta in Bernalillo, New Mexico. Jason was there at the time he heard about the Ortiz family homicide. Jason was at Joseph's house when Paula had called Joseph to let him know what she saw on the news. Currently Jason is living with Joseph's mom, Paula Arrietta. Jason mentioned he was in Bernalillo because he could not find any work in the El Rancho area so he thought Bernalillo would be better to find work. Jason came back to El Rancho because his brother Chris was having a hard time dealing with Steven's death.

Jason heard that the Mexican Mafia was involved in the homicide and a pick axe was used. Jason was reserved about giving information about his source of the Mexican Mafia. Supposedly Lloyd owed the Mexican Mafia money. Jason also heard that a lot of people in El Rancho were pointing the finger at Jesse Rios. Jason recalled seeing Jesse at a gas station a few weeks prior and Jesse appeared pissed off at Jason. Jason also heard that Steven was touching kids and their parents found out and took revenge against Steven and his family. Jason thought we should talk to Shawn Martinez. Shawn lives in El Rancho and could be a good source for information.

Sergeant Maestas asked Jason who within the community could have committed this crime and Jason responded that Jesse Rios came to his mind. Jason recalled Jesse as having anger issues even though Jason did not talk to Jesse much.

Jason recalled his troubled past and upbringing. He was adopted as a child and just recently met his biological father. About a year ago Jason got into an argument with his adopted parents and that's when they filed a restraining order against him. Since that time, Jason has stopped stealing and committing crimes in the area and tried to get on the right track.

This concluded the interview with Jason Halvorson at approximately 3:00 p. m. This interview was audio recorded. Refer to audio and video recording for details (BW 21 Evidence Property Control Form).

FRIDAY SEPTEMBER 9, 2011

On Friday September 9, 2011 at approximately 2:35 p.m. the deoxyribonucleic acid samples from Chris and Jason were submitted to the Department of Pulic Safety Crime Lab in Santa Fe comparisson and examination. The results of the comparisson are pending at this time.

IN THE FIRST JUDICIAL DISTRICT COURT
SANTA FE COUNTY
STATE OF NEW MEXICO

2011-SW-2011-00001

IN THE MATTER OF THE ISSUING A SEARCH WARRANT ON THE 24th DAY OF AUGUST, 2011.

AFFIDAVIT FOR SEARCH WARRANT

Affiant, being duly sworn, upon his oath, states and I have reason to believe that on the following described cellular telephones of:

1. Cellco Partnership DBA Verizon Wireless
   Attention Custodian of Records
   180 Washington Valley Road Bedminster, NJ 07921

2. Cellular phone number of investigation (505) 310-1296

In the city or county designated above there is now being concealed:

1. Document(s) that establish or tend to establish ownership, possession, use, transfer and/or the right to ownership, possession, use and/or transfer of the herein-described item(s), to be seized.
2. Records for June 17, 2011 to present, to include but not limited to subscriber information, incoming, outgoing, and missed calls. Times and date of these completed phone calls. Paper documentation showing text messages, voice messages, and data transfer usage of the above listed phone numbers. Account numbers, subscriber information, and billing information for the phone numbers listed as incoming, outgoing, and missed phone calls.
3. Records for the call detail of any and all cellular repeater sites which incoming, outgoing, and missed phone calls were documented for these numbers for the period encompassing June 17, 2011 to present.
4. Voicemail password reset to make available to Affiant any and all voicemail audio recordings saved and/or maintained by this account.

The facts tending to establish the foregoing grounds for issuance of a Search Warrant are as follows:

Affiant, Bryan Waller, is a full time salaried law enforcement officer who has been employed by the New Mexico State Police for a period of approximately three years. Affiant has received specialized training in criminal investigations through the New Mexico Law Enforcement Academy and the New Mexico State Police Academy. Affiant has received training in the investigation of violent crimes including but not limited to homicide investigations. Affiant has received both classroom and on the job training concerning the investigation of the above offense(s). Affiant has conducted numerous criminal investigations that led to the arrest and conviction of persons in violation of New

Mexico State Statutes.

On Sunday, June 19, 2011, at approximately 7:50 p.m., Affiant was contacted by New Mexico State Police, Investigations Bureau Lieutenant Ted Collins. Lieutenant Collins requested affiant to proceed to #3 Coral Road in El Rancho, New Mexico, to investigate a triple homicide. The decedents were identified as Dixie Ortiz, Lloyd Ortiz, and Steven Ortiz.

Affiant arrived at #3 Coral Street in El Rancho at 10:19 p.m. Shortly after my arrival, affiant was briefed by New Mexico State Police, Uniform Bureau Officer Michael Mariscal. Officer Mariscal advised affiant that he was dispatched to #3 Coral Street in El Rancho in reference to three individuals that were shot in the head. Officer Mariscal arrived on scene at approximately 7:26 p.m., and met with the reporting party, Cherie Ortiz. Ms. Ortiz is the daughter of Lloyd and Dixie Ortiz. Ms. Ortiz advised Officer Mariscal that she went to her mother's residence and found her mother and father deceased. She then exited the residence and used her husband's cell phone to immediately contact law enforcement. Officer Mariscal advised affiant that he then conducted a security sweep of the residence. While conducting the security sweep, Officer Mariscal observed a deceased female lying face down on the right side of the bed in the master bedroom. He also located a deceased male subject lying face down in the kitchen. When Officer Mariscal exited the backdoor of the residence, he located another deceased male subject lying face down near a tree. Officer Mariscal did not locate any weapons and indicated that all three deceased subjects appeared to have suffered from head trauma.

During the crime scene investigation process, three cell phones were located inside the decedent's residence inside their perspective bedrooms. Affiant believes these three cell phones were the property of the decedents.

Affiant also learned during the investigation that the original 911 telephone call was completed by Cherie Ortiz-Rios (daughter of victims and first to find victims) from the cell phone belonging to her husband, Jesse Rios. The number that originated at the 911 call center in Los Alamos and at Santa Fe Regional Dispatch Center was (505) 310-1292. It is known that this number is maintained by Verizon Wireless and Jesse Rios is the account holder.

BW T. with friends, family, and neighbors, Her recounted consistently the following

Affiant further learned through investigation that Cherie and Jesse live on the same property as the victims. Approximately 100 feet separates Cherie and Jesse's trailer from the victim's house. Through numerous interviews and investigations, it was known that there had been ongoing turmoil between Cherie, Jesse and the victims. Most of the turmoil had been related to family issues and the differences in lifestyles between Cherie, Jesse and the victims. The difference in lifestyle was that the victims lived a low key life, worked hard, and kept to themselves for the most part. Cherie and Jesse lived a much different lifestyle. They had numerous friends over for outrageous parties involving drugs and alcohol and this encroached on the victim's lifestyle. Lloyd put up a wood fence around Cherie and Jesse's trailer to separate him from their lifestyle. According to other family members and neighbors, Cherie had some very intense arguments with her parents involving heated exchange of words between the two.

BLW - In the separate interviews,

Through interviews with Cherie and Jesse, an unexplained inconsistency in Jesse's recollection as to the events in the early morning of June 19, 2011 had caused some concern. Jesse initially stated that he heard his dogs barking around 1:30 a.m. on the property, got up out of bed and looked out of the kitchen window and saw a suspicious silver car parked on the road in front of his house and to the west. The car then passed by the front of his house in an easterly direction and disappeared out of sight. Jesse described the car as a small silver or gray in color vehicle with no other description. According to Cherie, she saw and heard Jesse leave the house in his Dodge truck after seeing the car pass by his house. During a clarification interview with Jesse, he did in fact state that he did leave his house in his truck after he heard the dogs barking, heard some voices in the dirt lot directly behind the victim's house, and then seeing the suspicious car in front of his house, Jesse stated that he drove towards the silver or gray car and actually drove right by it as it was parked on the east side of his house. After he drove past the car, it left the area and Jesse went in the opposite direction of the suspicious car up to the El Rancho Community Center. Jesse could not provide any other description of the suspicious car other than it was silver and had round tail lights. Jesse specifically stated that he never made contact with the individuals in the suspicious car and never saw them again after they drove out of sight.

During this critical time in the early morning of June 19, 2011 around 1:30 a.m. and the unexplained inconsistency in Jesse's recollection, it is paramount to the investigation to know if Jesse placed or received any telephone calls from his cellular phone at or around the time of the homicide. It is critical to understand if he placed any telephone calls during the time frame that he was following the silver or gray vehicle.

Documents maintained by Verizon Wireless may be material and relevant to this investigation based on numerous interviews that have been conducted in this case.

Affiant is also aware that suspect(s), victim(s) and/or witness(s) often make and/or receive telephone calls before, during and/or after the commission of crime(s). Such information, if it exists, may be material and relevant to this investigation.

Affiant is aware through training and experience that people who have apparent knowledge of the incident often make telephone calls to the scene and/or attempt to communicate with each other during the time that law enforcement personnel are executing the search warrant. These people often utilize a variety of communications equipment, including, but not limited to pagers and/or cellular telephones to communicate before, during, and after the incident.

Therefore, Affiant respectfully requests that the Court issue a Warrant commanding the search of the above-described cellular telephones.

Subscribed and sworn to before me in
Santa Fe County, New Mexico on this
25th day of August, 2011

BLW - Both of these agents would have new obvious relevance to our investigation into the homicide of his wife, that he did not disclose during the initial two interviews.

DISTRICT JUDGE

IN THE FIRST JUDICIAL DISTRICT COURT
SANTA FE COUNTY
STATE OF NEW MEXICO

IN THE MATTER OF THE ISSUING A SEARCH WARRANT ON THE 24th DAY OF AUGUST, 2011.

AFFIDAVIT FOR SEARCH WARRANT

Affiant, being duly sworn, upon his oath, states and I have reason to believe that on the following described cellular telephones of:

1. Cellco Partnership DBA Verizon Wireless
   Attention Custodian of Records
   180 Washington Valley Road Bedminster, NJ 07921

2. Cellular phone number of investigation (505) 310-1296

In the city or county designated above there is now being concealed:

1. Document(s) that establish or tend to establish ownership, possession, use, transfer and/or the right to ownership, possession, use and/or transfer of the herein-described item(s), to be seized.
2. Records for June 17, 2011 to present, to include but not limited to subscriber information, incoming, outgoing, and missed calls. Times and date of these completed phone calls. Paper documentation showing text messages, voice messages, and data transfer usage of the above listed phone numbers. Account numbers, subscriber information, and billing information for the phone numbers listed as incoming, outgoing, and missed phone calls.
3. Records for the call detail of any and all cellular repeater sites which incoming, outgoing, and missed phone calls were documented for these numbers for the period encompassing June 17, 2011 to present.
4. Voicemail password reset to make available to Affiant any and all voicemail audio recordings saved and/or maintained by this account.

The facts tending to establish the foregoing grounds for issuance of a Search Warrant are as follows:

Affiant, Bryan Waller, is a full time salaried law enforcement officer who has been employed by the New Mexico State Police for a period of approximately three years. Affiant has received specialized training in criminal investigations through the New Mexico Law Enforcement Academy and the New Mexico State Police Academy. Affiant has received training in the investigation of violent crimes including but not limited to homicide investigations. Affiant has received both classroom and on the job training concerning the investigation of the above offense(s). Affiant has conducted numerous criminal investigations that led to the arrest and conviction of persons in violation of New

Mexico State Statutes.

On Sunday, June 19, 2011, at approximately 7:50 p.m., Affiant was contacted by New Mexico State Police, Investigations Bureau Lieutenant Ted Collins. Lieutenant Collins requested affiant to proceed to #3 Coral Road in El Rancho, New Mexico, to investigate a triple homicide. The decedents were identified as Dixie Ortiz, Lloyd Ortiz, and Steven Ortiz.

Affiant arrived at #3 Coral Street in El Rancho at 10:19 p.m. Shortly after my arrival, affiant was briefed by New Mexico State Police, Uniform Bureau Officer Michael Mariscal. Officer Mariscal advised affiant that he was dispatched to #3 Coral Street in El Rancho in reference to three individuals that were shot in the head. Officer Mariscal arrived on scene at approximately 7:26 p.m., and met with the reporting party, Cherie Ortiz. Ms. Ortiz is the daughter of Lloyd and Dixie Ortiz. Ms. Ortiz advised Officer Mariscal that she went to her mother's residence and found her mother and father deceased. She then exited the residence and used her husband's cell phone to immediately contact law enforcement. Officer Mariscal advised affiant that he then conducted a security sweep of the residence. While conducting the security sweep, Officer Mariscal observed a deceased female lying face down on the right side of the bed in the master bedroom. He also located a deceased male subject lying face down in the kitchen. When Officer Mariscal exited the backdoor of the residence, he located another deceased male subject lying face down near a tree. Officer Mariscal did not locate any weapons and indicated that all three deceased subjects appeared to have suffered from head trauma.

During the crime scene investigation process, three cell phones were located inside the decedent's residence inside their perspective bedrooms. Affiant believes these three cell phones were the property of the decedents.

Affiant also learned during the investigation that the original 911 telephone call was completed by Cherie Ortiz-Rios (daughter of victims and first to find victims) from the cell phone belonging to her husband, Jesse Rios. The number that originated at the 911 call center in Los Alamos and at Santa Fe Regional Dispatch Center was (505) 310-1292. It is known that this number is maintained by Verizon Wireless and Jesse Rios is the account holder.

BW T, with friends, family, and neighbors, Her recounted consistently the following

Affiant further learned through investigation that Cherie and Jesse live on the same property as the victims. Approximately 100 feet separates Cherie and Jesse's trailer from the victim's house. Through numerous interviews and investigations, it was known that there had been ongoing turmoil between Cherie, Jesse and the victims. Most of the turmoil had been related to family issues and the differences in lifestyles between Cherie, Jesse and the victims. The difference in lifestyle was that the victims lived a low key life, worked hard, and kept to themselves for the most part. Cherie and Jesse lived a much different lifestyle. They had numerous friends over for outrageous parties involving drugs and alcohol and this encroached on the victim's lifestyle. Lloyd put up a wood fence around Cherie and Jesse's trailer to separate him from their lifestyle. According to other family members and neighbors, Cherie had some very intense arguments with her parents involving heated exchange of words between the two.

BLW - In two separate interviews,

Through interviews with Cherie and Jesse, an unexplained inconsistency in Jesse's recollection as to the events in the early morning of June 19, 2011 had caused some concern. Jesse initially stated that he heard his dogs barking around 1:30 a.m. on the property, got up out of bed and looked out of the kitchen window and saw a suspicious silver car parked on the road in front of his house and to the west. The car then passed by the front of his house in an easterly direction and disappeared out of sight. Jesse described the car as a small silver or gray in color vehicle with no other description. According to Cherie, she saw and heard Jesse leave the house in his Dodge truck after seeing the car pass by his house. During a clarification interview with Jesse, he did in fact state that he did leave his house in his truck after he heard the dogs barking, heard some voices in the dirt lot directly behind the victim's house, and then seeing the suspicious car in front of his house, Jesse stated that he drove towards the silver or gray car and actually drove right by it as it was parked on the east side of his house. After he drove past the car, it left the area and Jesse went in the opposite direction of the suspicious car up to the El Rancho Community Center. Jesse could not provide any other description of the suspicious car other than it was silver and had round tail lights. Jesse specifically stated that he never made contact with the individuals in the suspicious car and never saw them again after they drove out of sight.

During this critical time in the early morning of June 19, 2011 around 1:30 a.m. and the unexplained inconsistency in Jesse's recollection, it is paramount to the investigation to know if Jesse placed or received any telephone calls from his cellular phone at or around the time of the homicide. It is critical to understand if he placed any telephone calls during the time frame that he was following the silver or gray vehicle.

Documents maintained by Verizon Wireless may be material and relevant to this investigation based on numerous interviews that have been conducted in this case.

Affiant is also aware that suspect(s), victim(s) and/or witness(s) often make and/or receive telephone calls before, during and/or after the commission of crime(s). Such information, if it exists, may be material and relevant to this investigation.

Affiant is aware through training and experience that people who have apparent knowledge of the incident often make telephone calls to the scene and/or attempt to communicate with each other during the time that law enforcement personnel are executing the search warrant. These people often utilize a variety of communications equipment, including, but not limited to pagers and/or cellular telephones to communicate before, during, and after the incident.

Therefore, Affiant respectfully requests that the Court issue a Warrant commanding the search of the above-described cellular telephones.

Subscribed and sworn to before me in
Santa Fe County, New Mexico on this
25th day of August, 2011

BLW - I am aware there were inconsistencies in Jesse's statements during the investigation into the homicide of his relatives, that he did not disclose during the initial two interviews

NARRATIVE

On Thursday, October 6, 2011 at around 4:10 p.m., I, Agent Kraig Bobnock, New Mexico State Police Investigations Bureau (Santa Fe) met with Jesse Rios and Cherie Ortiz-Rios at the Pojoaque Police Department, Pojoaque, NM, to discuss information regarding the death of Lloyd, Dixie and Steven Ortiz. Present with me during the interview was Agent Bryan Waller, New Mexico State Police Investigations Bureau (Santa Fe).

Mrs. Ortiz-Rios advised that on Wednesday, October 5, 2011 at around 5:00 p.m., she was hanging clothes on the line in the property between her residence in El Rancho and her parent's property, when she heard a male yelling. She walked around the front of the house and opened the door, looking to where her dogs were running towards. She observed a young man walking down County Road 84A. She described him to have blondish-red hair and looked like a punk kid. The male saw Mrs. Ortiz-Rios and said "Cherie."

Mrs. Ortiz-Rios returned conversation with the male and said "Who are you?"

The male said "Hey, it's your primo Aaron."

Mrs. Ortiz-Rios said to the male, "What are you doing walking down my road?"

He told her that he needed to talk to her and requested a ride from her. She stated that she would get her husband, Jesse to give him a ride. The male then stated that he would just call his cousins to come pick him up. Mrs. Ortiz-Rios went inside the residence and told Jesse to go talk to the boy. Mr. Rios was putting a television in their son Robert's room. She told Mr. Rios that the boy told her that he had something to say.

Mr. Rios got into his Dodge pickup and drove down the road and picked up Aaron. Aaron got in the truck and advised Mr. Rios that he wanted a ride to his grandma's. He asked Aaron what he wanted to say. Aaron told Mr. Rios that he was in front of his house because he "Wanted to figure this shit out."

Aaron told Mr. Rios that he had a few names for him. He mentioned Jose Roybal, Neftali Roybal and Nick Ortiz. He didn't provide any specifics on why he believed that they were involved in the homicide. Mr. Rios advised that he believed that Aaron was intoxicated during their conversation. Aaron then got out of Mr. Rios's vehicle and began walking.

After Aaron got out of the vehicle, Mr. Rios observed Aaron's father walking down the road. Mr. Rios drove up to Aaron's father and began talking to him. His father's name is Carl Roybal. Mr. Roybal told Mr. Rios that his son, Aaron, knows something and had been bothered by it for a long time. Mr. Roybal stated that his son was incarcerated in Los Alamos during the homicide.

Carl mentioned someone that did time in Tierra Amarilla. He stated that someone was bragging about messing up Steven's face. Other specifics to this information were vague and were not provided.

Mrs. Ortiz-Rios advised that Neftali and her sister, Angela, used to party together and he was in her parent's house several times. There was a confrontation at one point between Neftali and Lloyd Ortiz. During that confrontation, Mr. Ortiz kicked him out of his residence.

While Carl and Mr. Rios were at his house, Aaron's grandmother pulled into the residence. She drove up in a gray car, which triggered Mr. Rios's memory. She drove up in a Buick car, which was similar to the vehicle he saw the night of the homicide. He described the vehicle to have a round front end.
As the grandmother got to the residence, she was crying, stating that Aaron knows who did it. No other information was provided during this interview.

The interview was concluded at around 4:50 p.m. This interview was recorded. Refer to recording for details.

Any further information will be included in a supplemental report.

On Tuesday, October 11, 2011, I received a laboratory report from the New Mexico Department of Public Safety Forensic Laboratories, providing DNA results. Items listed in this report that were examined were a DNA standard for Chris Halvorson and a DNA standard for Jason Halvorson. It was determined through the report that Mr. Chris Halvorson and Mr. Jason Halvorson were eliminated as contributors to the mixtures that were tested.

See attachment #1 for a copy of the Laboratory Report.

NARRATIVE

On May 25, 2012 I met with Sergeant Chris Valdez at a location in El Rancho. The location was at number 31 A&B Sandy way road, off of Santa Fe county road 84D.

Sergeant Valdez told me that they had recieved information about the location of possible evidence from the El Ranch triple murder of the Ortiz family on June 19, 2011.

Sergeant Valdez showed me two picks that were lying on the ground under a shrub, next to a electrical utility pole. The electrical pole had a power meter on it numbered 31 B. There was a garden hose and electrical wire on and next to the picks.

Sergeant Valdez told me that the two picks were the possible evidence.

The location is a empty wire fenced lot . There are houses both north and south of the lot.

The picks are just north of the above mentioned electrical power pole. Their GPS position is North 35 degrees, 53.949 and west 106 degrees,05.727 .

I photographed the scene.

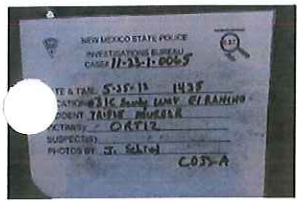
I labled the picks as P-A and P -B.

P-A is a wooden handled pick. It is 36 inches long , with a 19 inch metal head. The wood handle is very dry and weathered . The metal head is rusted. There is no visable blood or staining on the pick.

P-B is a wooden handled pick. There is black electrical tape wrapped around the top third of the handle. The handle is 36 inches long. The metal head is 19 inches long. The wood is weathered. The metal head is rusted. there is no visable blood or staining on the pick.

Lieutenant Ted Collins and case Agent Kraig Bobknock arrived at the scene and viewed the picks.

I then bagged and sealed the picks, seperately in paper bags. I burned the 15 digital images from the flash card of my state issue digital camera to an archival CD. Copies were made of the CD.



I signed the two picks and the CD over to Agent Kraig Bobknock.

My completion of this report concluded my involvement in this investigation.

SUPPLEMENTAL REPORT #23 FOR CASE 11-23-1-0065 BY AGENT RYAN BOONE.

SYNOPSIS

On October 17, 2012, I was assigned by New Mexico State Police, Investigations Bureau Lieutenant John Ted Collins, to assist New Mexico State Police, Investigations Bureau Agent Kraig Bobnock, with a search being executed in El Rancho, New Mexico on October 18, 2012.

NARRATIVE

On October 17, 2012, I was assigned by New Mexico State Police (NMSP), Investigations Bureau Lieutenant John Ted Collins (Santa Fe), to assist NMSP, Investigations Bureau Agent Kraig Bobnock (Santa Fe), with a search being executed in El Rancho, New Mexico on October 18, 2012.

On October 18, 2012, at approximately 10:00 a.m., Agent Bobnock briefed me on his investigation. The following is a synopsis of Agent Bobnock's briefing.

BRIEFING: AGENT BOBNOCK:

Through Agent Bobnock's investigation, a female subject had disclosed to him that Nicholas Ortiz had been involved in the homicide of Lloyd, Dixie and Steven Ortiz. The female subject stated on June 19, 2011, at approximately 3:00 a.m., she received a phone call from Nicholas Ortiz asking her to pick him up near Steven's house. She waited for Nicholas on the road next to Steven's house but when he did not turn up after several minutes she called him back. Nicholas told her he was running across the arroyo and to meet him on the other side of the arroyo. The female subject stated she drove to the other side of the arroyo and when she was directly across the arroyo from Steven's house Nicholas appeared from the arroyo, covered in blood, with what looked like a white bag around one of his legs. The female subject said she turned the car around and when she looked back at Nicholas she noticed that the bag was gone. The female subject said she took Nicholas back to her house where he took a shower. The female subject said while Nicholas was in the shower she heard what she thought was him sobbing. Nicholas exited the shower, got dressed in the same bloody clothes, and asked the female subject to drive him home. The next afternoon at approximately 3:00 p.m. Nicholas called the female subject and made incriminating statements to her. He stated, in that phone call, he had worn socks on his hands and plastic bags with towels on his feet to cover his tracks at the scene.

Agent Bobnock, wanted us search the arroyo for any plastic bags with what appeared to be towels in them, as well as any socks that appeared to be bloody. NMSP, Investigations Bureau Agent Paul Chavez (Crime Scene Team - Santa Fe), was assigned as Crime Scene Manager. This concluded Agent Bobnock's briefing.

END BRIEFING

On October 18, 2012, at approximately 1:00 p.m., we began the search of the Pojoaque River arroyo. During the search of the arroyo I located a Pojoaque School identification (ID) card for Nicholas Ortiz. The ID card was located on the north side of county road 84A on the right of way between county road 84A and the Pojoaque River. Agent Chavez collected and processed the ID card. For more information about the ID card please refer to Agent Chavez's report.

This concludes this supplemental report. This case is active. Any further information will be added by supplemental report.

SYNOPSIS
This supplemental report documents my further involvement with this investigation; refer to narrative for details.

NARRATIVE

On October 18, 2012 I was assigned by Sergeant Shayne Arthur New Mexico State Police Investigations Bureau (NMSP-IB) Albuquerque, to assist NMSP-IB Zone One agents with systematic search in the El Rancho area in connection with this investigation.

On October 18, 2012 I met with the following investigators at the NMSP-IB Zone One Office:
Agent Kraig Bobnock (NMSP-IB) Santa Fe (Case Agent);
Sergeant Scott Mcfaul (NMSP-IB) Santa Fe;
Agent Clay Goret (NMSP-IB) Las Vegas;
Agent Mark Alsfeld (NMSP-IB) Las Vegas;
Agent Nick Carleson (NMSP-IB) Albuquerque;
Agent Rafael Gomez (NMSP-IB) Santa Fe;
Agent Ryan Boone (NMSP-IB) Las Vegas;
Agent Chris Rodriguez (NMSP-IB) Santa Fe;

We were further briefed by Agent Bobnock, that this search stemmed from additional information he received during the course of the investigation. The information indicated that there could be evidence in the form of bloody clothing, or plastic bag(s), in the area between Santa Fe County Road 84A and 84D, which encumbers the Pojoaque Arroyo and some undeveloped land which runs parallel on both sides of the arroyo and between the roads. This area is to the north of the Ortiz residence, and run east and west. Refer to Agent Bobnock's supplemental report for further details concerning the briefing.

The area of the search consisted of the above described area, extending both east and west approximately seven-hundred yards of the County Road 101 bridge which crosses over the Pojoaque Arroyo. County Road 101E runs north and south, the bridge is adjacent to the northeast (approximately 460 yards) of the Ortiz residence.

We arrived at the site at approximately 12:30 p.m. The other investigators and I conducted a line search commencing on the east side of the site, and we travelled westward during the search. Agent Gomez and Agent Rodriguez arrived approximately halfway through the search.

The following items were located, with possible evidentiary value:
Y-1: Identification card, belonging to Nicholas Ortiz, from Pojoaque Valley Middle School (2009-2010), which was located between County Road 84A and the arroyo, just to the north of the intersection of County Road 84A and Calle Orilla. Y-1 had GPS coordinates of: 35 degrees 5331.08 N 106 degrees 435.63 W. The item was located by Boone.

Y-2: A white located off the north side of Santa Fe County Road 84D, near a barb-wire property fence which runs parallel to the road, approximately 50 feet to the east of the intersection with Rancho Santo Valle, which intersects off of the north side of County Rd. 84D. Y-2 had GPS coordinates of: 35 degrees 5338.28N 106 degrees 0438.25 W, and was located by Agent Alsfeld.

Y-3: A fabric possibly a bed sheet located in the arroyo, entangled with brush, tree branches and other debris from the arroyo recently running. There were several small reddish stains on the fabric which yielded a positive result for blood. Y-3 had BGPS coordinates of 35 degrees 53.621 N 106 degrees 4.707 W and was located by Agent Goret.

All of the above listed items were collected packaged and sealed in an approved manner. There were no additional items collected during search. A copy of the chain of custody form documenting the collection and transfer of evidence will be attached to and made part of this report (Refer to Attachment PC-4).

During the course of the search I took a total of seventeen (17) digital images, a copy of those images will be attached to and made part of this report (Refer to Attachment PC-5).

I additionally completed a diagram, using an aerial photo from google eath.com and labeled the above listed item to illustrate the above listed items relative to the site and the Ortiz' residence. A copy of the diagram will be attached to and made part of this report (Refer to Attachment PC-6)

Any further involvement will be documented on supplemental reports.

SUPPLEMENTAL REPORT #25 BY AGENT KRAIG BOBNOCK FOR IB CASE 11-23-1-0065		

SYNOPSIS

This report documents the ongoing investigation of the murders of Lloyd, Dixie and Steven Ortiz. Refer to the narrative portion of this report for details.

NARRATIVE

On Monday, November 21, 2011, at around 12:00 p.m., I received the original discs from the Office of the Medical Investigator's Office, which were in the case agent's file. The discs contained photos from the crime scene as well as autopsy photos of Mr. Lloyd Ortiz, Mrs. Dixie Ortiz and Mr. Steven Ortiz. I made working copies of the discs and placed the original discs in the Santa Fe New Mexico State Police Headquarters vault, see attachment #1 for a copy of the SP205 (Evidence Property Submission Form).

On Friday, December 2, 2011 I received the toxicology results from the Office of the Medical Investigator. Dixie Ortiz's toxicology report showed no apparent levels of Ethanol, cannabinoids, cocaine metabolite, methamphetamine or opiates. Lloyd Ortiz's toxicology report showed 0.029 gm/100mL of Ethanol in his blood and no apparent levels of cannabinoids, cocaine metabolite, methamphetamine or opiates. Steven Ortiz's toxicology report showed 0.013 gm/100mL of Ethanol in his blood and no apparent levels of cannabinoids, cocaine metabolite, methamphetamine or opiates. Refer to attachment #2 for copies of the toxicology reports.

On Thursday, December 8, 2011 at around 9:00 a.m., Sergeant McFaul and I met with Special Agents Ben Bourgeois and Jennifer Sullivan, Federal Bureau of Investigations, Albuquerque, New Mexico. I contacted the FBI to request their assistance from their Behavior Analysis Unit. I provided Special Agent Ben Bourgeois with a copy of the case in its entirety to date and requested some of the services that they offered. They would be providing us assistance in the areas of crime analysis, profiles of unknown offenders and statement analysis. Results will follow.

CHERIE AND JEANNINE AT NAMBE DRUG STORE

On Wednesday, December 21, 2011 Cherie Ortiz-Rios telephoned me and advised me that her and her friend, Jeannine, were at the grocery store in Pojoaque earlier in the morning. Cherie advised me that she stayed inside of the vehicle while Jeannine went into the grocery store by herself. Moments later, Jeannine frantically came out of the store and advised Cherie that she spoke with Virginia, clerk at the Nambe Drug Store, and she advised that Yvonne Diaz took one of the pieces of paper attached to the flyer with the Ortiz family on it requesting assistance solving the case. The flyer was located at the drug store, with a post office box address on it, so people with information regarding the investigation could write a letter including the tip information.

VIRGINIA MAES INTERVIEW

On Wednesday, December 21, 2011 at around 10:00 a.m., I made contact with Virginia Maes at the Nambe Drug Store. Virginia advised me that an unknown female came into the drug store on December 20th around 1:00 p.m., to get a number from the bulletin board and the female advised her that it was concerning her cousin, Lloyd. The only thing Virginia knew about the female was that she had a child with Carl Roybal, named Aaron. The female advised Virginia that the pick axe that was used during the homicide belonged to the Roybal family, which was Aaron Roybal's grandparents. Virginia remembered that the grandparent's names were Luciano and Bernie Roybal. The female stated to Virginia that the nephews of Carl Roybal did it, referring to the homicide. She also stated that these same nephews are the ones that were burglarizing El Rancho.

The female stated to Virginia that she could not live with it anymore and that she needed to call the FBI regarding the information she had. Virginia advised me that she lived in El Rancho but had not heard anything regarding the homicide. Jeannine told

Virginia the day prior at the supermarket that Carl Roybal knew who completed the homicide but he wanted a reward for the information.
This interview was recorded and is available for review.

YVONNE DIAZ INTERVIEW AT ESPANOLA STATE POLICE

On Thursday, December 29, 2011 at around 4:15 p.m., I interviewed Yvonne Diaz at the Espanola New Mexico State Police office.

Yvonne started the interview by stating that her son, Aaron Roybal, told her that one person confronted him over at the Phillips 66 gas station in Pojoaque in reference to the homicide. She stated that Aaron's cousin, Jose Roybal, does graffiti and breaks into houses in El Rancho. She stated that Jose was buying Jordan's and dressed nice. According to Yvonne, Jose hung out with Nick Ortiz.
Yvonne stated that on an unknown date, her son stopped at the Phillips 66 gas station in Pojoaque where the Subway was at and a guy named Neftali also known as "Nef" approached him. Nef went up to Aaron and gave him a handshake and stated to him "Hey bro I haven't seen you in a long time, I've been doing some time in prison but I just got out. I have to leave now because I did something really horrible in El Rancho. I'm gonna have to leave the state." Neftali continued by stating that "I blacked out and I hit this guy and when I hit the guy, he looked up at me and stated "Why are you doing this to our family?"

Yvonne stated that she never met Neftali but she knows that he had previously been in prison for killing someone. . She stated that Neftali's grandfather was Alfredo Roybal and lived on Alfredo Lane, in El Rancho. According to Yvonne, Neftali had a son named Nick Roybal. Yvonne stated that she felt that Nick, Jose and Neftali were all involved in the murders of Lloyd, Dixie and Steven Ortiz.

The father of Yvonne's son, Aaron, was Carl Roybal. Prior to Carl passing away on December 2, 2011, he told Yvonne that he had been drinking a lot because he was afraid that his nephews and nieces were involved in the homicide. Carl specifically stated that he was afraid for Jose Roybal being involved. Carl told Yvonne that the cops had gone to talk to Luciano, the grandfather of Jose, and asked him if he had a garden pick. Luciano replied that he just went to Lowe's and got one but he was not able to find it anywhere. According to Yvonne, Carl told Aaron that Luciano was missing his pick.

Aaron told Yvonne not to tell anyone because Neftali would come and find their house and murder them.

Yvonne stated that her son Aaron told her that Jesse and Lloyd met up with Neftali and some other guys, at an unknown date, at the supermarket in Pojoaque. Aaron told Yvonne that it was about Cherie's daughter, Catalina. Aaron advised Yvonne that Catalina got mixed up with some people at a party and they took advantage of her. That made Dixie and Lloyd very mad. Lloyd, Jesse and Neftali got into an altercation regarding the allegations while at the supermarket in Pojoaque. According to Yvonne, during the confrontation, Neftali told Lloyd and Jesse that he was going to kill them.
Aaron also told Yvonne that Neftali told him that Steven Ortiz touched his kid. Details of this allegation were not elaborated on by Yvonne. Aaron told Yvonne that the reason that Lloyd, Dixie and Steven were murdered was because Steven sexually touched Neftali's kid.

This interview was recorded. Refer to audio files for exact wording and details.

JESSE RIOS INTERVIEW REF: CATALINA RAPED

On Thursday, December 29, 2011 at around 6:24 p.m., I went to 3A Coral Street to interview Jesse Rios in reference to the information I received regarding the allegations of the confrontation with Neftali at the supermarket in Pojoaque. Jesse agreed to be interviewed in my unmarked unit so there was no noise interference from his residence.

I asked Jesse if he ever had any issues with anybody taking advantage of Catalina at a party. He advised that there was one time at the Butterfly Springs Trailer Court when a male named Edgar took advantage of Catalina, when she was approximately twelve years old. Jesse heard that Catalina spent the night at a friend's house at Butterfly Springs and they got her drunk and took advantage of her. Jesse stated that he went over to the trailer court to talk to the male about the allegations. Jesse stated that he talked to the males without further incident. I asked Jesse if he ever got into a confrontation with Neftali at the supermarket regarding the same allegations with Catalina being sexually taken advantage of. He stated that he never had knowledge of similar allegations with Neftali. Jesse stated that he was on good terms with him and would talk to him if he saw him. He stated that Neftali had done "some time" and hadn't been around El Rancho.

This interview was recorded. Refer to audio files for exact wording and details.

AARON ROYBAL INTERVIEW POJOAQUE POLICE DEPARTMENT

On Thursday, December 29, 2011 at around 7:20 p.m., I held an interview with Aaron Roybal at the Pojoaque Tribal Police Department. Aaron was advised that he was free to stop talking to me and he could leave at any point that he wanted.

Aaron stated that his cousin Jose Roybal hung out with Nicholas Roybal. Nicholas was Neftali's son. One day before Aaron's father, Carl Roybal, died he was at Jose's house with his father. Aaron overheard Nicholas say that he liked hearing people beg for their lives.

Aaron also stated that he and his father Carl were at the gas station in Pojoaque at an unknown exact date. Victoria Roybal and her brother, Neftali Roybal, were in a red Honda Civic passenger car. Neftali stated to Aaron that he had gotten into some trouble in the area. Aaron stated that Neftali was sweating and seemed scared. He told Carl that he was leaving to Phoenix, Arizona because he had gotten into some trouble. He was going to stay with Victoria's daughter, Darlene. According to Aaron, Neftali never stated anything in reference to the homicide directly.

Aaron stated Jesse Rios talked to Carl Roybal prior to him passing away and told him that he (Jesse) and Lloyd had issues with Neftali but was not specific on what the issues consisted of. Aaron stated that the day prior to Lloyd, Dixie and Steven being murdered that Lloyd and Jesse got into an altercation with Neftali at the Pojoaque supermarket while they were grocery shopping. Jesse provided this information to Carl. Carl told Aaron that the altercation was because of drugs but the specifics were unknown.

I asked Aaron where the pick axe came from and he advised that Carl told him that his grandpa, Luciano Roybal, was missing his pick axe. Aaron stated that during the time of the crime, his cousins had more money and during the funeral, Jose Roybal had new clothes and a lot of money, which was weird because Jose grew up poor. Aaron stated that Jose and Neftali were Sureno gang members.
I asked Aaron who he thought committed the homicide and he stated Neftali Roybal, Nicholas Roybal and Jose Roybal.

Aaron stated that Jose had a little brother named Luciano, also known as "Squeaky". Luciano's mom, Pam, would not let him go on the four-wheeler with Steven and Aaron found that weird. Luciano is approximately ten years old. Steven would want to take Luciano for a ride but nobody would let him go alone with Steven. Steven was allowed to play with Luciano at the residence but never away from the house.

Aaron stated that he thought that Jesse and Cherie had something to do with it. He believed that because of the way that it happened. Cherie wasn't there to find the body and it was odd that Cherie didn't go to her parents until night time. He also found it weird that she didn't go over there right away on father's day.

While at the police department, I spoke with Mary Diaz, grandmother of Aaron Roybal. Throughout the investigation, I was advised to locate Mary regarding information that she may have regarding the homicide. I asked Mary to recall an incident where she went to El Rancho to pick up Aaron. She stated that she did remember the night but could not remember any specific details. She stated that Yvonne Diaz was the one that picked up Aaron, not her. Mary advised me that she did not have any information regarding the homicide.

This interview was recorded. Refer to audio files for exact wording and details.

YVONNE DIAZ AT DREAMCATCHER REF: IDENTIFY NICK ORTIZ AND NICK ROYBAL

On Friday, January 20, 2012 I made contact with Yvonne Diaz at the Dreamcatcher movie theatre in Espanola reference the identification of Nicholas Roybal and Nicholas Ortiz. Through the investigation I learned that there are two Nicholas's in the El Rancho area. Yvonne stated to me that she would be able to identify Nicholas Roybal and Nicholas Ortiz in a photo lineup. I met with her to have her identify the males. In the first photo lineup, I requested her to identify Nicholas Roybal. She was advised that Nicholas Roybal may or may not be in the photo lineup and facial structures and features may have changed since the photo was taken. She was reminded that she did not have to select a photo if she was not certain that the individual was not pictured in front of her. Yvonne picked number six on the first photo lineup and placed her initials next to the photo of the person she thought was Nicholas Roybal. Photograph number six was a picture of a male that was unrelated to the investigation, neither identified as Nicholas Ortiz or Nicholas Roybal.

Refer to attachment # 3 for a copy of the Department of Public Safety lineups, show-ups, and photographic identification form for Nicholas Roybal.

The second set of photos I showed Yvonne was to identify Nicholas Ortiz. Again, she was reminded that Nicholas Ortiz may or may not be in the photo lineup and facial structures and features may have changed since the photo was taken. She was reminded that she did not have to select a photo if she was not certain that the individual was not pictured

in front of her. Yvonne did not select an individual from the second set of photos as she did not recognize Nicholas Ortiz from the photo lineup.

Refer to attachment # 4 for a copy of the Department of Public Safety lineups, show-ups, and photographic identification form for Nicholas Ortiz.

LUCIANO ROYBAL IDENTIFY PICK AXE

On Friday, January 20, 2012 at around 3:00 p.m., I went to 7 Little Lous Avenue in reference to some information I received that Luciano Roybal was missing a pick axe from his residence. Luciano advised that his pick axe had been removed from his front porch without having knowledge of who removed it or when it was removed. He described it to be a pick axe with a flat blade on one side of the head and a pointed tip on the other. The handle was wooden and partially painted green. I showed Luciano a picture of the model of the pick that was used during the homicide and he advised that his looked exactly like the photo that I showed him. Refer to attachment #5 for the photo of the pick axe I showed him. Luciano could not remember exactly when the tool was removed from his porch but did remember the location of it the last time he saw it. He did advise that the pick axe had been removed from his porch about a month or so prior to June 19, 2011. Mr. Roybal stated that if you are facing the front door to his residence, the pick axe was last placed in the far right corner of the covered patio, leaning up against the corner pillar.

Agent Gomez was assigned to go back to Luciano's residence to obtain a DNA standard from him. Refer to Agent Gomez's report for details. On Wednesday, February 29, 2012 I received the Department of Public Safety Laboratory Report and it stated that Luciano was eliminated as a contributor to the DNA profile mixture collected as evidence during the crime scene investigation. Refer to attachment #6 for a copy of the Laboratory Report.

SOMBRILLO NURSING FACILITY INTERVIEWS

On Tuesday, February 14, 2012, I went to the Sombrillo Nursing Facility in Los Alamos, New Mexico where Dixie used to work. I first spoke with Teresa Williams, Administrator at Sombrillo Nursing Facility. Dorris Jaramillo, Director of Nursing, was also in the room during the interview. Dorris started working at Sombrillo on June 13, 2011, which was six days prior to the homicide, so she advised me that she did not know Dixie very well.

TERESA WILLIAMS-SOMBRILLO

Teresa stated that she had no idea from Dixie's actions prior to the homicide that something was about to happen to her or her family. The only thing that Teresa stated about Dixie was that Dixie had mentioned to her that she and Lloyd had problems because she wanted to talk to him about his mother's funeral arrangements and he wanted nothing to do with it.

Teresa stated that Dixie requested vacation from July 1st until July 11th, 2011 to go camping with Lloyd and Steven. Teresa also provided me with a copy of the work schedule of employees for the nursing department for Saturday, June 18, 2011. Teresa provided me with the department detail report showing that Dixie worked for 3.88 hours on the morning of Saturday, June 18, 2011. It did not itemize the hours however Teresa stated

that Dixie worked during the morning hours and then went home.

Teresa described Dixie to have the right personality to be the activities director position, she was very outgoing, flamboyant and energetic. She described Dixie to be a fierce advocate for the residents.

Teresa stated that when John Avila got hired at Sombrillo, he approached Teresa and told her that he was her daughter's best friend's husband. Teresa recalled an incident when he first started that had something to do with the clothes he was wearing but could not remember specific details. Dixie went to the director and they worked it out and had a working relationship without any friction. He was never written up for it because Teresa oversees all written complaints and she would have been made aware of it.

Teresa stated that Dixie never made it aware that she had money problems or that they had taken money out of any accounts to pay their bills. The only problem Dixie had was that Lloyd was not working much because work was slow. Teresa stated that she knew that someone in Dixie's life had something to do with drugs but she could not remember any specifics of it.

Refer to attachment # 7 for a copy of Dixie's requested time off, daily assignment sheet for June 18 and Dixie's hours worked on June 18, 2011.

RICHARD GALLEGOS-SOMBRILLO

Richard Gallegos, Director of Dietary, also worked with Dixie at Sombrillo. I spoke with him after Teresa, at around 10:48 a.m. He stated that he worked on Friday, June 17, 2011 with Dixie. He stated that Dixie didn't seem upset about anything. She seemed to be acting normal. Richard had worked at Sombrillo for approximately three years. According to Teresa, Richard was probably the most important person that Dixie may have confided with.

Richard advised me that Dixie told him that she and Lloyd would fight and she would go to the casino to get away because she didn't want to be home since he was not working. Dixie didn't like Steven to be at home with Lloyd because he would yell at Dixie and Steven to take out his frustrations.
Dixie told him that they were getting ready for a big camping trip and that she was going to take a week off in July or August. She told him that the whole family would meet up in Red River to go camping.

Dixie also told Richard that she didn't know what she would do if something happened to her or Lloyd because they had cashed out their life insurance policy and paid off all of their bills. She never mentioned to him that she owed any money to anybody. Dixie told him that they had cashed out their life insurance policies a couple of times in the past and had put the money back into it as they would get money. Dixie also told him that she wanted to have the funeral paid off for Cathy (Lloyd's mother) but it was difficult to talk to Lloyd about it.

Dixie hired Richard's wife, Trudy Gallegos, to be Steven?s caretaker because Dixie didn't get along with Kristopher Spinks, who was taking care of Steven at the time. Dixie did not like the way that Kristopher would talk to Steven.

Richard stated that he went to the rosary and that was the worst thing he had ever been

to. He stated that there were bikers at all the entrances and it gave him a cold feeling and made him feel unsafe. Dixie's family was on one side of the church and Lloyd's family was on the other side of the church. To him, it felt like whoever completed the homicide was present at the rosary. He said that the daughters appeared to be shaken up and crying a lot. One of the biker's wife, Sharon, approached Richard and was questioning him how he knew Lloyd, Dixie and Steven. He felt like he was being investigated by everyone that was there and that made him feel uneasy.

SHARON SANCHEZ-SOMBRILLO

On Tuesday, February 14, 2012, while at the Sombrillo Nursing Facility, I spoke with Sharon Sanchez, C.M.A/C.N.A. Sharon was on the schedule on Saturday, June 18, 2011. Sharon stated that she got to work at 6:30 a.m. on Saturday, June 18, 2011, and Dixie got to work around 6:45 a.m. She remembered seeing Dixie on June 18 but could not remember what time Dixie actually left work. According to Sharon, Dixie seemed quiet on June 18 but did not know why. She stated that Dixie never really talked to her about any personal issues.

LAUREN PEAK-SOMBRILLO

On Tuesday, February 14, 2012, while at the Sombrillo Nursing Facility, I spoke with Lauren Peak, receptionist at Sombrillo Nursing Facility. I was provided information that Lauren was present at the rosary of Lloyd, Dixie and Steven Ortiz. Lauren stated that it was weird that there was a huge turnout. Lauren stated that there was a biker that stood up and gave a speech that sounded vengeful. It was something along the lines of that if anybody knows anything, come forward to them and they would take care of it. According to her, it seemed that the bikers did not have faith in law enforcement. Dixie mentioned to her that occasionally she was having problems with Steven getting acclimated at school. She also mentioned that she was having problems with money. Lauren also stated Dixie had told her about the camping trip they were supposed to go on in July.

LINDA VIGIL-SOMBRILLO

On Tuesday, February 14, 2012, while at the Sombrillo Nursing Facility, I spoke with Linda Vigil, Activity Director. During the time that Dixie was working at the Sombrillo Nursing Facility, Linda was the Activity Assistant. Linda stated that Dixie did not work during the weekend that she was murdered. Linda remembered that the last time she worked with Dixie was on the Friday prior to the homicide. She stated that Dixie seemed to be her normal self on that Friday. The only unusual thing that she could remember about Dixie was that she erased all of the pictures of the residents that were in the camera that Dixie had, issued by the nursing facility. Linda stated that Dixie took the camera home and never returned it to the facility. Dixie told Linda that her husband Lloyd was getting frustrated with her working so much and that they would get into arguments about it. Linda stated that after Dixie's funeral, Cherie came to Sombrillo to see Cathy and stated that it was meant for her, and not her mom, referring to the homicide. The comment made by Cherie was not elaborated on, nor clarified any more than the statement she made.

Linda also stated that Dixie was going to put a restraining order on one of her daughter's boyfriend but was unsure which one. They were going to put a restraining order on him to keep him away from their daughter. Linda assumed that the daughter was

Cherie but was unsure. When Linda learned of the homicide, she thought it was the daughter's boyfriend because of the information Dixie shared with her.

Linda stated that while at Dixie's funeral there was a male that stood up after the eulogy and stated that if anybody knows anything, to let them know. She stated that he gave her a weird vibe. He made a remark in a threatening way that "we will come and get you" or something similar. She described the male to be wearing biker clothing.

All of the interviews recorded at Sombrillo Nursing Facility were recorded and will be in the case file for review.

JESSICA RODRIGUEZ INTERVIEW

On Friday, February 24, 2012 at around 12:00 p.m., I interviewed Jessica Rodriguez at the Santa Fe City Hall, Santa Fe, New Mexico. Jessica was a relative to Lloyd, Dixie and Steven Ortiz. Jessica advised that she first heard about the homicide through Facebook. She called her mom, Sylvia Ortiz to find out what was going on but nobody knew anything. Jessica drove to Lloyd, Dixie and Steven's residence. Jessica stated that when she arrived at the scene, Cherie and Jesse were acting strange. The stories that Cherie was telling were strange. Cherie told Jessica that she did not go see her father for Father's Day because she saw him the day before. She also stated that when it happened, she was at the casino and didn't know anything about it. They stated that they saw a black car flashing their lights off and on during Saturday night. Jessica stated that if it was her parents that were dead, she would have acted ten times worse than the way that Cherie did.

Jessica went to Cherie's house with her mother, Sylvia on Monday. Jesse kept stating to Jessica and her mother that the only thing that appeared to be missing from the victim's residence was a family picture that was hanging on the family room wall.

Jessica stated that when she watched all of the interviews that Cherie had done with the media, it appeared that her story always changed, as if she had been hiding something. Jessica stated that she had recorded the interviews and watched them over and over and noticed that things always changed for each interview. Jessica didn't want to believe that Cherie had anything to do with it. She stated that Cherie and her parents were always fighting and never got along.

While at Cathy's (Lloyd's mother) funeral, Cherie acted like she was trying to avoid everybody. She was late to the funeral, sat way in the back and was very quiet.

Jessica stated that Lloyd, Dixie and Steven's funeral was very uncomfortable. She stated that there were bikers at every door that were acting like they were security. She described it as not being a very comfortable situation. She had never seen the bikers before and did not know who they were. They acted as if they were in control of everything. At one point, one of the bikers walked outside and walked back inside with a Coke or a RedBull can and was sneaky about it as if there was something else inside of the can. She stated that he cut in front of somebody and went up to Cherie and gave her the can down lower towards the ground. She bent down, drank it, gave it back to the biker and he hid it again and walked away with it. Jessica assumed that she was probably drinking and was not acting normal. Cherie was acting like it was just another day.

Jessica stated that the biker that gave Cherie the drink stood up and gave a weird speech that stated that if anybody knew anything, to speak up. She stated that it seemed like more of an intimidating speech as if he knew how it happened or who was involved. She got the vibe that Jesse, Cherie and the bikers knew what had happened. She did not get the same vibe from Angela and Kristopher Spinks. Angela appeared to be in a state of shock.

Jessica stated that her husband, David Chavez, delivered beer to the Pojoaque area and has heard people talk about it and has been told what people think . He told her that he heard that the homicide had a lot do with Jesse and that he owed a lot of money to a biker gang.

Jessica stated that she had a conversation with her cousin, Monique Neal, and Monique told her that Cherie was supposed to purchase a cemetery plot next to Lloyd, Dixie and Steven for Lloyd's mother, so that when she passed away, she could be buried next to them. She stated that Cherie gave the plot away to Jesse's brother, Danny, when he passed away. Jessica told me that during conversations she had with Cherie after the murders, Cherie told Jessica that she gave Dixie's dogs a bath the day before the homicide, which was strange to Jessica. Jessica stated that Lloyd supposedly told Jesse and Cherie that they needed to move their trailer off of his property. She also stated that the yellow Chevrolet Camaro that was Lloyd's was supposed to be given to Cherie but as Steven got older, Lloyd was going to give it to Steven, which made Cherie mad.

This interview was recorded. Refer to audio files for exact wording and details.

JEREMY LUJAN INTERVIEW

Throughout my investigation, I had been given information that Greg Trujillo had some information regarding this case. I learned that Greg was with Jeremy Lujan when this information surfaced. I went to Greg's residence in Pojoaque several times without success locating him. I learned that Jeremy Lujan was incarcerated at the Santa Fe Adult Detention Center. I went to the detention center to see if Jeremy could assist me with locating Greg. I met with Jeremy in a private room and advised him that he could stop talking to me at any point that he wanted to and he would be free to leave the room that we were in. Jeremy agreed to talk to me and I asked him where I could find Greg. Jeremy told me that I could find Greg at his father's place in Pojoaque, which is the same residence I attempted to locate him earlier without success. Jeremy did not provide me with any further information and the interview was concluded.

This interview was recorded. Refer to audio files for exact wording and details.

During the dates of Saturday February 25, 2012 and Wednesday February 29, 2010, myself and Sergeant Mcfaul travelled to southern California and Arizona to meet and speak with extended family members and friends of Lloyd, Dixie, and Steven. The following interviews document information learned during the meetings, and interviews.

CALIFORNIA: SYLVIA AND MANNY ORTIZ, ANNETTE AND ALEX SANCHEZ

On Sunday, February 26, 2012 at around 11:00 a.m., Sergeant McFaul and I went to Sylvia Ortiz's (Lloyds sister) residence in California to interview the family members in reference to the family history of Lloyd, Dixie and Steven Ortiz. Also present at the

residence was Sylvia's husband, Manny, her sister Annette Sanchez and her husband, Alex.

Sylvia stated that she was in El Paso, Texas when she found out that Lloyd, Dixie and Steven were murdered. On Sunday, June 19, 2011, Sylvia advised me that her daughter, Jessica Rodriguez, telephoned her to tell her about the homicide. Sylvia left Texas on Monday morning and went to New Mexico to see if she could be of any assistance. Sylvia stated that when she arrived to New Mexico, they went over to Jesse's mother's residence in Jacona, New Mexico. Sylvia stated that Cherie was sleeping when they arrived but they went and woke her up. Sylvia stated that Cherie seemed to be a little cold in her mannerisms on discussing how Lloyd, Dixie and Steven were all shot and how their faces were all blown away. Cherie went into specifics by stating that she washed the dogs, went to the casino and that she went over to Lloyd, Dixie and Steven's house to take Lloyd dinner for Father's Day. Annette stated that she told them everything that she did that day, which seemed like an "alibi" to her.

Cherie went into the funeral arrangements stating how Dixie's mother had a lot of money and should pay for Lloyd, Dixie and Steven's funeral.

Sylvia stated that she thought it was strange that Cherie did not spend Father's Day with Lloyd because she didn't want to bother him for Father's Day. Lloyd never portrayed any signs of him not wanting any company over at his residence.

Lloyd and Dixie never told Sylvia or Annette that they had cashed out any insurance policies.
Sergeant McFaul brought up the fact that there had been numerous media interviews. Annette stated that it was strange that Cherie was surprised to find her mom still asleep, instead of if you would find someone in the evening, you would find them already in bed, not still asleep. Cherie had told them that she had found her parents at 6:30 p.m., how she found them, the fact that she went next door, knocked on the door, saw it was locked, went back to her residence, got the key, found them, went back next door to get Jesse and then he went back to her parent's house and identified Lloyd and Steven.

They mentioned the biker known as "Dog." "Dog" had been identified through this investigation as Joseph Serna. I asked them what the feeling at the funeral was like. They stated that they resented the bikers being at the funeral in their attire, having weapons on them in church. The bikers confronted them as they were walking up to pay their respects and say goodbye to the victims and the bikers escorted them out and told them that they couldn't be in there. They advised that the biker that confronted them was called "Dog."

Sylvia and Annette explained the family dynamic. They stated that they found the documentation that showed that Lloyd was adopted. They found the documentation when they were around thirteen years old. Their sister, Charlene Maltese was the one that told Lloyd that he was adopted.
Sylvia said that there was an issue with getting a plot for Cathy Ortiz. Sylvia said that she wanted to bury her mother next to Lloyd and Dixie. Sylvia called the church and reserved the plot next to her sister for Cathy. When the time came to bury Cathy, Sylvia found out that Cherie had donated the plot to Jesse's brother instead.

During the interview, both Sylvia and Annette provided me with copies of e-mails between them and Dixie in reference to ongoing family disputes. Refer to attachment #8 for a copy of all of the e-mails. This concluded the interview with Sylvia, Annette, Manny

and Alex.

This interview was recorded. Refer to audio files for exact wording and details.

MICHAEL AND KAY WATSON INTERVIEW

On February 26, 2012 at around 3:27 p.m., Sergeant McFaul and I went to Michael Watson's residence in California. Present during the interview was his wife, Kay Watson.

Michael advised that Lloyd and Dixie were all children of physical and psychological abuse, by their parents. The children were all brought up to not disclose any information to anybody about the abuse.

Michael explained Lloyd and Dixie to be people that would always help out anybody and would never take anything in return.

According to Michael, Dixie and Cherie would be best friends one month and never want to speak to each other the next. Dixie stated to Michael that she did not know what to do with Cherie. Approximately five years ago, Cherie would throw rocks at Steven while he was on his four-wheeler. Approximately one year ago, Dixie was getting extremely stressed out and was trying to go stay with Michael in California for a while. Dixie had mentioned to Michael that she thought Cherie was abusing drugs but was unsure what kind. Michael stated that in his personal thinking, that if Cherie did have a drug problem, that when she did find her parents dead, he could picture her going through their house for drugs or money. He stated that he doesn't have any reason to believe that she was involved in the homicide.

Lloyd's brother, Manny, used to live where Jesse and Cherie currently live. Jesse and Cherie have lived there for approximately fifteen years. Lloyd forced Manny to leave the property because he did not keep it clean and neat.

Michael stated that Lloyd had a problem with stealing from the job sites. On one instance, Michael caught Lloyd driving away from a job site with a truck full of tile. Once Lloyd left Nambe Mills, previous place of employment, Lloyd was selling the product that he was able to steal from the company. According to Michael, Lloyd had a habit of taking someone else's tools or property, put his name on it and claimed it as his property.

Michael stated that if there was one person that Lloyd would have confided in was Walter Grant, who lived in the El Rancho area.

Michael stated that on one side of the family history, Lloyd, Dixie and Stephen Watson, Michael's brother, got into a "huge blow out" approximately five years ago over a business deal. Lloyd and Dixie purchased the tile business, Tiles of Santa Fe, from Michael's father and they were making a lot of money and not paying any taxes or any of the vendors. Stephen came in and bought the company for the debt. Stephen brought all of the supplies and equipment to Albuquerque and left Lloyd and Dixie there to pay for the cleanup of the company, which caused animosity between them and Stephen.
This concluded the interview with Michael and Kay.

CHARLENE AND MIKE MALTESE INTERVIEW

On Monday, February 27, 2012 at around 11:30 a.m., Sergeant McFaul and I went to Charlene Maltese's residence in California. Present during the interview was her husband, Mike Maltese. Charlene advised me that she was the person that informed Lloyd that he was adopted. Lloyd was upset at how he was being brought up by Charlene's father. Charlene stated that Lloyd was in tears a lot of times, so she decided to tell him that he was adopted. This conversation took place at his residence. She advised us that she was looking through a suitcase of pictures and located the document that stated that he was adopted. Lloyd and Charlene have the same mother but different fathers and that his birth father passed away. Charlene's father adopted Lloyd when he was a baby. Charlene had not seen Lloyd for approximately three years. Charlene and her family lived in California, then they moved to El Rancho for a few years and then moved back to California. Charlene and her husband moved back to California approximately three years ago. She stated that they had a good relationship with Lloyd and Dixie until they lived in El Rancho and had a family argument. Charlene advised that she did not get a chance to work out her problems with Lloyd and Dixie prior to the homicides.

Charlene stated that she had issues with Cherie, but not so much with Jesse. While Monique Neal, Charlene and Mike's daughter, lived with them in El Rancho while she was pregnant. There was an argument at Monique's baby shower. Charlene got mad because they wanted to drink at the party. Monique then moved in with Lloyd and Dixie. After that, Cherie started threatening Charlene, so Charlene ended up filing a restraining order against Cherie. Cherie threatened Charlene that she would make her life miserable.

Charlene stated that Cherie facilitated lies about her. Charlene stated that one time she went to the Sombrillo Nursing Facility to pick up her mother, Cathy, and observed that she had bruises on her and that she fell. Dixie blamed Charlene for dropping Cathy and stated that it was her fault. After that incident, Dixie and Cherie called Adult Protective Services in reference to the allegations.

Charlene provided other information about the Ortiz, Rios families. She stated that Dixie told her that some guy in the community raped Catalina approximately three years ago, but did not have any other information regarding the incident.

Charlene was concerned that the homicide may have been completed on the wrong family. She stated that the homicide may have been aimed at Cherie instead of the victims because Cherie was into doing drugs, such as Marijuana and prescription pills. Charlene stated that Cherie was into the "average street stuff." Charlene also stated that Cherie may have owed some people money and they came and got the wrong family.

This concluded the interview with Charlene and Mike Maltese.

MONIQUE NEAL INTERVIEW

On Monday, February 27, 2012, Sergeant McFaul and I conducted an interview with Monique Neal at her residence in Yuma, Arizona. Monique advised that her husband was in the military and they were stationed in Japan and that his next duty station was going to be in Clovis, New Mexico. At the time, she was pregnant with twins. She was due to

have the children around the same time that she and her husband were supposed to return to the United Stated. Her doctor advised her to go home early so she came back to the United States and stayed with her mother, Charlene Maltese, who lived right down the road from Dixie, in El Rancho. Monique stated that her and her mom didn't get along so she moved in with Dixie, Lloyd and Steven temporarily, until her husband came to Clovis. She stated that she stayed with the Ortiz family from June of 2008 until approximately August of 2008. She stated that she stayed in Steven's room and Steven slept on the couch. I asked Monique about any issues or family problems she observed while living with Lloyd and Dixie. I specifically asked about the fence that was erected between Lloyd's property and Jesse and Cherie's residence. She stated that during the time that she moved in, Lloyd, Dixie, Jesse and Cherie were in a big argument. Monique stated that Lloyd hired someone to put up the fence, while she was living there. The same night that the fence was put up, she stated that Jesse knocked the fence down. Monique thought that Lloyd and Dixie were going to kick Jesse and Cherie off of their property during the time that they were arguing. The fence was still broken when she moved out. Monique stated that in the middle of the night, while everyone was asleep, she heard the loudest scream ever. She stated that it was Cherie and Jesse fighting. She heard a loud boom that sounded like gunfire and went into Lloyd and Dixie's room and told them that someone just shot a shotgun. The police were called to the residence. She stated that it scared her. According to Monique, Dixie and Lloyd always slept with their doors unlocked and windows opened.

Monique stated that one night after speaking on the telephone with Angela, she began thinking about Jesse and his "altered ego" as Monique referred to it. She remembered a telephone call that Dixie received from Joyce Lujan. Dixie thought that Joyce was drunk when she called her during the middle of the night. During the telephone conversation, Joyce asked Dixie why Jesse was chasing her son through a field with a stick or a hammer. It made Monique think that there may be something about Jesse that nobody knows. This conversation took place in approximately August of 2008.
Monique advised that while she was staying with Lloyd and Dixie, Cherie wanted to press charges against Lloyd for raping her while she was little, which, according to Monique, she made up. At that point, Dixie wanted to cut Cherie off from giving them free stuff and helping them out. Cherie was listed as the executor of Lloyd and Dixie but Dixie was going to change it to Angela because she was going to remove Cherie's name from everything. Monique stated that she was the closest with Dixie of all the family members.

Monique stated that when she moved out of Lloyd and Dixie's house to Clovis, Dixie would go help her out with her children because her husband was working all the time. After Monique moved to Arizona, she lost a lot of her contact with Dixie.

Monique stated that while she was staying with the Ortiz's, Lloyd was out of work, so Dixie got a job at Sombrillo Nursing Facility in Los Alamos. She stated that Dixie used to support Angela and Cherie and pay their bills for them.

Monique mentioned that Steven used to ride his four-wheeler in the dirt lot behind Cherie and Jesse's house and would throw dirt all over. Cherie retaliated and put down strips of tacks or barbed wire in the lot to pop the tires and Dixie took pictures of it.

Monique stated that Cherie would not speak to her after the homicides but Angela had kept in contact with her. Monique had attempted to e-mail and call her but Cherie would

not return her messages.
Monique stated that Lloyd and Dixie never locked their doors at any time, especially at night. She stated that someone was always going in and out of the house. She asked them if they were scared and they replied that they weren't because there wasn't anyone around there. Monique stated that she had to go around at night time and lock the doors because they never locked any of the doors except the sliding glass door.

Monique stated that the Ortiz family had a usual routine. They would go to bed around 9:00 p.m. and Lloyd would wake up at about 5:00 a.m. and stay busy doing chores. Maggie and Dallas were the family's two dogs. At night, the dogs were locked up in the laundry room. Maggie was allowed in the house most of the time and Dallas was kept outside or in the laundry room because she had behavior problems. She said that Lloyd never got up in the middle of the night for anything and that the dogs didn't bark that much at night time. She stated that Lloyd kept his yard so clean and that the main reason he put up the fence was because Jesse was lazy and their yard looked like a dump.
This concluded the interview with Monique. This interview was recorded. Refer to audio files for exact wording and details.

This concluded the interviews that took place with extended family out of state.

GREG TRUJILLO INTERVIEW

On Tuesday, March 13, 2012 at around 1:30 p.m., Sergeant Scott McFaul and I went to #3 Trujillo Lane, Santa Fe, New Mexico to speak with Greg Trujillo. During the investigation, Angela Spinks told me that Greg Trujillo gave her information that he knew someone that said that he knew who committed the homicides. His father was at the residence and stated that Greg may be with his girlfriend, Aurbyana Varela, in the Butterfly Springs Mobile Home Park in Pojoaque, New Mexico. He described the trailer to us that Aurbyana lived in. At around 2:00 p.m., we arrived at Aurbyana's residence and she advised that Greg was not with her but he might be with her father. She described her father to be driving a very old small blue pickup truck. We were able to locate her father at the Nambe Drug Store and asked him if he knew where Greg was and he advised that he did not know where he was at.
After speaking with her father, we went back to her residence and knocked on the door to see if he was there yet. Aurbyana answered the door and immediately came outside, allowing the door to close behind her. We asked her if Greg was inside and she hesitated and finally stated that he was. We went inside the residence and she advised us that Greg was in the back room. Shortly after going into the house, Greg came out of one of the rooms.

We asked Greg to go outside and speak with us and he agreed. While Greg was outside, he started telling us that Nick Ortiz was at his house sometime in October, 2011, and was bragging about knowing someone that was involved in the homicide. Greg stated that Nick was at his dad's house with his brother's friend and girlfriend. Nick was bragging to Greg's brother, Carlos Trujillo, that he knew somebody who killed them. Greg asked him what he said and got mad at him and told him to get out of his house. Nick left the residence at that point. Greg stated that Nick lived behind the car wash in Pojoaque.

Greg advised us that we could speak with his brother, Carlos Trujillo. Carlos was the person that Nick was bragging to while at Greg's father's residence. Greg contacted his brother, via telephone and advised him to meet us at the Chevron gas station in Pojoaque.

This interview was recorded. Refer to audio files for exact wording and details.

CARLOS TRUJILLO INTERVIEW

On Tuesday, March 13, 2012, at around 2:20 p.m., we met with Carlos Trujillo at the Chevron gas station, along with his father. Carlos started the conversation by telling me that Nick Ortiz was at his father's house, sometime in September, bragging to him (Carlos) that he knew who killed the Ortiz family. Carlos stated that Nick was with at his residence with Ashley Roybal and Amber Trujillo. Carlos stated that his brother, Greg, was ready to beat him up and told him to leave the house. Nick left the residence immediately after Greg told him to leave.

Carlos stated that Nick was ranked into the Sureno's gang sometime in August by a guy named Eric that lived in El Rancho.

This interview was recorded. Refer to audio files for exact wording and details.

SHARON MARTINEZ AND CINDY LUJAN INTERVIEW

On Tuesday, March 13, 2012, at around 2:49 p.m. we met with Sharon Martinez and Cindy Lujan in reference to information about activities of the immediate family of the deceased gathered during the investigation that needed follow up and clarification.

Sharon Martinez started the interview by stating that her brother in law, Moises Martinez, was at her residence, from Grants, around the time of the homicide. For years, Jesse and Cherie used to go hunting in Grants with Moises. Moises usually went to the El Rancho/Nambe area twice a year or so. Sharon stated that her husband, Henry got out of work early on Saturday, June 18, 2011. He and Moises stopped at the sports bar in Pojoaque and then went to Jesse and Cherie's residence in El Rancho. After they left Jesse and Cherie's residence, they went home to Henry's residence. On Father's Day morning, which was Sunday, Moises woke up and left at around 7:00 a.m. for Grants because he forgot that it was Father's Day.

Sharon stated that Moises told Jesse and Cherie to stop by her house for drinks on Saturday evening but they never showed up.

MIKHAIL STAHM PHONE INTERVIEW

On Friday, March 16, 2012, at around 1:30 p.m., I spoke with Mikhail Stahm, Steven's assistant at Pojoaque School Systems. Mikhail told me that Steven had a very bad temper and the mentality of a nine year old. Mikhail stated that if someone said something to Steven that he didn't like, he would lose his temper and swear and threaten people. Approximately two weeks prior to the homicide, Mikhail picked Steven up at his house and took him to Espanola with him for a little while. On the way back to Steven's house, Steven mentioned to Mikhail that he knew where he could get all the dope that he wanted. Mikhail became concerned with that comment and asked Steven if he (Mikhail) knew any of these people and Steven stated that he did not. Mikhail did not ask Steven for any further details regarding his comment. Mikhail thought that maybe Steven went over these guys house and they said something to Steven to make him mad. Once Steven lost his cool, the people got angry with Steven and went to his house and murdered him, Lloyd

and Dixie.

Another scenario Mikhail stated to me was that Lloyd was having financial struggles with work so he would hire illegal immigrants to complete some work for him. Mikhail thought that some of these illegal immigrants were tied to the Mexican Mafia and Lloyd made them mad so they killed him and his family.

Mikhail also stated that Steven had a boy that he would consider his very close friend. Dixie and Cherie used to watch this boy at their daycare. Mikhail stated that he didn't know the boy's name or age but assumed that he was between seven and eight years of age. Steven never disclosed to him that he liked him sexually or anything.

WALTER GRANT INTERVIEW

On Tuesday, April 3, 2012 at around 10:15 a.m., I went to Walter Grant's residence in El Rancho, New Mexico for an interview. Through the investigation, I was provided information that Lloyd may have confided to Walter about any problems that he may have had.

Walter stated that the last time he spoke with Lloyd was in March, 2011. He stated that Lloyd seemed to be more at ease during the last time he saw him. He stated that he and Lloyd gave each other a lot of space over the years. Walter stated that he built the furniture that the hidden safe was in the master bedroom between 2005 and 2006. Lloyd told him that he wanted the furniture built to conceal his safe but did not give him any specifics.

Walter offered Lloyd a space to live behind his residence when Lloyd was 26 or 27 because he was having problems. Lloyd lived there until Angela and Cherie were around eight years old. Lloyd, Dixie, Angela and Cherie moved out of the residence and then Steven was adopted. Walter stated that he and Lloyd gave each other a lot of space during those years because their children were difficult to deal with.

Walter stated that Lloyd always got along with Jesse but did not like his work ethics. Lloyd never mentioned to Walter anything about Kristopher.

Walter stated that he had been talking more with Dixie than with Lloyd because she was around more until she got her job at Sombrillo. He stated that they found things to talk about that interested both of them. She used to talk to him like he was her

brother. The last time they spoke was around Christmas time in 2010. Dixie mentioned to Walter that there was a kid at her house that was a friend of Steven's. She described him to be special like Steven and didn't have anybody to watch him. The boy had an older brother, which she got into an altercation with. Dixie asked him to leave and he told her that he would leave when he was ready. She told him that she would get Lloyd to make the boy leave. Walter remembered the boys to be the Halvorson brothers, Jason and Christopher.

This concluded the interview with Walter Grant.

PETER LOPEZ INTERVIEW ESPANOLA OFFICE

On Monday, April 23, 2012, I met with Peter Lopez at the Espanola New Mexico State Police office in reference to an interview. Through the investigation, I gained knowledge that Peter had a male working with him that was talking about the homicide.

Peter started by saying that he used to date Michael Garduno's sister, Pauline. He stated that he never heard of the Ortiz's prior to the homicide. Last year, Peter had a guy working with him named Timmy Herrera. Peter stated that if you gave Timmy a bottle of booze, he would work all day. Timmy told Peter that supposedly the Ortiz's were killed because the daughter owed twenty thousand dollars to a drug dealer. The drug dealer told the daughter that they were going to break her legs or get even with her family. Timmy told Peter this information approximately in September, 2011. Peter said that Timmy's credibility is not very good because he drank so much.

GRACE GOMEZ INTERVIEW

On Thursday, April 26, 2012, at around 7:00 p.m., I went to Grace Gomez's residence to confirm a statement during an interview that Jesse Rios went to her residence on Sunday, June 19, 2011 to complete a tile job for her. Grace stated that Jesse came to her residence during the morning hours of Sunday, June 19, 2011 to complete a tile job for her in her bathroom which consisted of tile work and wall painting. Grace showed me the work that Jesse had completed at her residence. She also stated that she had all the materials at her house pre-bought and paid Jesse a few hundred dollars cash to complete the work.

This interview was recorded. Refer to audio files for exact wording and details.

DANNY GOMEZ INTERVIEW

After speaking with Grace, I went next door to speak with her son, Danny Gomez. I learned through interviews that Danny was the best man at Jesse's wedding and they were really good friends. Danny stated that he was camping with his daughter and a friend named Ross during the weekend of the homicide. He stated that he had not heard anything about the case and did not know who did it.

JOSE ROYBAL SR. ATTEMPT TO LOCATE NEFTALI ROYBAL

On Friday, April 27, 2012 I went to Jose Roybal's residence in an attempt to locate Neftali Roybal. Jose Roybal was Neftali's grandfather. Jose told me that his grandson, Neftali, used to live in El Rancho, but moved to Wagon Mound approximately one year ago. Jose said that he would call him on the phone while we were present at his residence, so I could speak with him. Shortly after he said that, he was on the telephone with Neftali. Jose handed me his telephone and I spoke with Neftali. I advised him that I would like to set up an interview with him and that I would drive to Wagon Mound to meet him if it was easier for him. He told me that he had some stuff to do in Santa Fe on Tuesday, May 1, 2012. He asked me if I could meet him in Santa Fe on that day at 6:00 p.m. We subsequently set up the interview for the Tuesday, May 1.

This interview was recorded. Refer to audio files for exact wording and details.

On Monday, April 30, 2012 I attempted to contact Neftali to confirm the interview scheduled for Tuesday at 6:00 p.m. The cellular telephone did not ring, instead it prompted a message that stated that the subscriber had either shut the cellular telephone off or that the cellular phone was outside of the service area. I received that message numerous times throughout the day. I was unable to leave a message on the voicemail because after the recording, the phone would disconnect. On Tuesday, May 1, I attempted to contact Neftali's cellular phone numerous times, receiving the same recording each time. I waited at the New Mexico State Police office until 6:15 p.m. for Neftali to show up for the scheduled interview, in which he did not. On Wednesday morning, I attempted to locate the ranch that Neftali was employed at so I could go to him to see if there was something wrong or why he did not show up for the interview. I received information that Neftali was employed at the Harold Daniel's Ranch in Wagon Mound, New Mexico.

I contacted Harold Daniels, ranch owner, via his cellular telephone and asked him if he had an employee at his ranch by the name of Neftali and he advised that he did. I asked Harold if he had seen Neftali on Tuesday and he advised me that Neftali asked for Tuesday off of work so he could go to Santa Fe to get a passport to go to Mexico and had not seen him since. Harold advised that he was in Clovis for the day and would not return to his ranch until late, so I set up an interview with Harold for Thursday morning at 7:00 a.m. at his ranch in Wagon Mound.

Hi Dixie, we do want to get together with you guys when we come. It will be a short stay. Thanks for the offer to stay at your place, but I think the Hotel will be okay this time since it is so short. Jessica offered too and we told her the same. Alex likes good food so dinner would be good maybe Sunday or Monday. I will keep in touch. It will be a surpise for Mom when we come. She will probably fall over in shock. It will be Me, Alex and Vanessa coming. Sorry to hear about Steven's surgery, I hope everything goes well. Wasn't Cherie having surgery too? Well it will be nice to see everyone when we come. Cant wait.

Hi Annette,
It is nice to know you are coming.
I don't think Charlene will be around, as far as I know she is still in San Diego, and wont be back here until Xmas.
I used to work at the Park Inn, it is a nice place, I actually babysat there for someone a month ago, it is pretty clean.
Pojoaque has a hotel now and there is also a Hotel in Los Alamos,
I wished you had a longer time to visit.
I would like to make sure you all have at least on good dinner with Lloyd and I, Okay?
Your mom will be so happy to see you.
I just got word today that Steven will have surgery on his foot very soon, he has walked so crooked for so many years, it has done some damage. The Doc wants to cut the tendons, and remove the cartilage and fuse the bones together.
He will be off of his feet for 3 months, poor guy.
Well, if there is anything I can do to make your stay more comfortable please let me know.
You are ALWAYS welcome to stay here!! Steven has a full size bed, it is off the back part of the house, and we have a new room built in the back not attached to the house, has carpet ect. ect.
Actually that is a 200 square foot room....plenty for several people, would you like to stay here?
Really, we would LOVE to have you all here.
Let me know.
Talk to ya soon.
Love
Dixie

Dixie,
I am really shocked at all this. I knew she was not all there but this is crazy. This is why we stay away. We have tried in the past to get along but this explains it. I am really sorry for all this. I wonder what she told Mom to get her so upset. It is really bothering. She used to tell us not to tell Mom too much because it was hard to tell how she would react. This is all she needs especially now. You would think she would think about Moms feelings not her own. Hopefully they know you well enough at your job to not let it effect your position. If you need a statement from me let me know and I will be happy to send something there to your job. Tell Cherie I know how she feels about wanting to go after her, but it is not worth it. We know how evil she is and this proves it all. Keep in touch and let me know what happens.

Lots of Love

Hello,
Update on your mom.
I got into work at 9 am to visit with her before my shift started. Went to her room and she wasnt there. Found her in the TV room in her wheelchair watching TV!! WOW.....
She seemed very happy, not hurting, later in the day after lunch she wanted to lay down. So she is on pain medicine when she asks for it.
Now for the wierd part.....Sylvia, remember when I told you about the lotion in the trash story? Well, I also told Cherie..(she got really mad). so she called Charlene and left a message to stay away from grandma, and to stop being so hateful to her just because she s mad at Dixie. She also told her she was gonna kick her ass.
Charlene called the police on her, after 15 minutes of the police talking to Charlene, they told Cherie that they could tell she is not all there.
Soooooooo today who drives up???? Charlene being escorted by the police because she is afraid I am going to hurt her,
OMG!!!!!!!!!!
After having the cop escort her to my boss's office, I was called in after she went

into your moms room, they asked me w the hell is that woman on. She demanded proof that I am power of attorney, they showed her.
My boss told me to stay away from her and if i pass her in the hallway to make sure there is a wittness, cause she is out for something!
Then after she leaves, I waited about 10 minutes, I go into your moms room, and your mom is CRYING!!!!!!!!!!!
I couldnt get her to stop, I called my boss in she could not calm her either. She finally stopped, I fed her dinner, she got a pain pill and went to sleep.
Lloyd said he was going to call mike and tell him to come and get her. I really hope he does, I am afaid she is going to get me fired.
So.....how was your day?
I am off tommorow, but Cherie is suppose to take her little day care kids up to visit grandma and the others.
I work Sat., Sun., and Mon.
Take care
Dixie

Dixie,
I really feel bad for all this. I know you have done so much for Mom and me and my family really appreciate all you do. I know it has not been easy. When we visited and saw all you did to her room and how she raved about how much you did for her, it really put us at ease. I am sincere in what I say and will do whatever it takes to help you out. Me and Alex were talking about Charlene last night wondering how she could be so evil and wondering what she could have said to Mom to make her so upset. This cant be good for Mom and I know Charlene has always just thought about herself. Hopefully your boss see's that she is trouble. She is probably planting lots of thoughts in Moms head. Let me know what I need to do and who I need to send the letter to. I can send it to you first to see what you think. Keep in touch and try not to stress, we are there for you.
Take Care

hello ladies,
1st I wanted to let you know that not to worry about any funds for your mom. She has been getting a small S.S. checkand we have been putting her money to the side just for a beautiful service when needed, so not to worry about funds, I am sure there will be enough, if there is anything left over it will be split between the 3 girls. so please do not worry.
2nd of all.....Charlene is up to her meanness again.
She actually went to my boss yesterday and demanded for her to fire me.
She said that I smush her moms flowers, and I dont pay proper attention to her, OMG!!!
Anyway, Annette you had offered to write a letter at one time, if the offer is still open, I would probably need a couple of letters from both of you. I am getting ready to take her to court to stay away from sombrillo all together.
I am so tired and drained from her, I dont know how long I can take her wierdness, I ignore her and she still comes around like a stray dog,
HELP!!!
Thank you

What a wonderful gift you have a new grandson!!!!! (on Manny's birthday!!)
I failed to say the name of the family member in need, your cousin Walter Grants daughter..Eva it was her husband that was injured pretty bad, had to have his lower leg amputated.
I was getting ready to send a note to you and Sylvia an update on your mom, she hasnt been feeling well, she has had several crying episodes, not eating well. She saw her dr. yesterday, and she increased her antidepressants and her pain meds. We'll see how she is in a week or so.
I would still like to have from you when you get a chance the names of your grandchildren, just helps me when I tell your mom about her Great grandchildren, she enjoys hearing about everyone even though she forgets, it is always new news to her when I tell her every time!!
okay, i will talk to you soon.
Love to all,

Hi Dixie, good to hear from you, and to hear Mom is doing okay, and glad she liked the stuff. I just wanted to let her know I was thinking of her. I know its tough to see all the changes slowly happening. We are all doing fine, luckily no bad flu's or anything, just the normal colds and coughs. The baby is doing good, and growing fast. He is all boy, really different from what I remember about the girls. Business has been slow here to. The housing is slow so with the blind business we are not selling much. We have had to layoff alot of factory workers and office people, and down to just the backbone of the company. If we can survive through the next 2 years we should be okay, so hopefully the economy picks up. Vanessa started college and is trying to find part time work but its hard to find work with everyone else taking all the jobs the teens used to have. They are just taking what they can get. So she is now just concentrating on school. How is Steven is he taking any classes? Well tell Cherie and Angela I said Hi and all the beautiful kids. (The more the merrier :)

Hello,
just wanted to send you a note, your mom loved the socks, she also held on to the baby picture and showed it off to anyone who was around her!!
She is doing well, I had to take her teeth away, she was not able to eat good because they would not stay in her mouth, so they puree her food now, I have NEVER seen her eat so much!! I bet she will weigh more the next time she sees her Dr.
How is the baby doing? Work is still pretty slow for Lloyd, he has been home for over a year now, not an easy one for him.
The girls are doing good, Cheries back is still giving her a lot of problems, and we are hoping that Angela will have Destiny adopted here in another month or so.
Thank you for the check, it hasnt been cashed yet, probably towards the end of the month.
Okay, I will talk to you soon
Love to you and your family

Hello Dixie,
Thanks so much for all you do. I really appreciate you so much. Even though we dont keep in touch as much as we should, there is not a day that goes by that I dont think of you all. I realize that Mom is getting old and with her condition it is very hard for everyone. I miss and love her very much. It is really sad to hear that her room-mate passed away, from what I saw she was a nice lady and good company. Give Mom a big hug and tell her I send all my Love.

I hope all is well with your family, the kids are probably getting so big. Time passes so fast and its hard to keep up.

We are all doing fine.

Maria and Carlitos are moving into a house that Charlene and Mike bought. You are probably thinking "Oh no!!. They made her sign a 1 year lease. Kind of weird to me, but we'll see what happens after the year. Dont know if we will see her very often because it is about 2 blocks from Charlenes house so she probably put radar on it, so she knows if we go over.

Well you take care,
tell everyone hello,

PS how is your brother Mike doing?

Lots of Love
Annette

Hello,
Hope all is well for both of your families. We are doing well, Steven had surgery on his ankle, it went well. He got his stitches removed yesterday.
Your mom is doing good. She has slowed down quite a bit. I spoke with her Dr. a week ago, we are pretty sure things will start slowing down more, she does not eat but one good meal a day. She still smiles, sometimes laugh. She sleeps probably half a day.
There are steps a body takes when it starts to get ready to shut down, The dying process can take several months or weeks. The good thing is your mom has not gotten a cold or flu. I am trying to write this in a sensitive way for you both.
One of the steps in dying is less food intake. The Dr. asked me if I wanted to put your mom on hospice, I told her I feel we should wait.
But after I got home, I realized that the Dr. was trying to tell me, that your mom is starting the process of dying, I dont mean she will go soon, but I want you to be aware that her process has started.
I have not called or emailed your wicked step sister. If you want to go ahaed, but I wont. And I dont care if you do or not.
Lloyd and I have been talking alittle bit on funeral stuff. I feel it would be better for all of us to plan it out, that way it will be done, no worries. I want to talk about services, but I dont want to until you both are ready. Please dont think she will be leaving us soon, I am not trying to worry you two.
When you feel like and if you agree, maybe we can discuss this when you guys are ready.
Lloyd has not worked in two years, so $$ are not as easy for us as it used to be. That is one of the reasons I wanted to start working on this, just so we know what it will look like financially. and start saving.
Okay ladies
Love to all
Dixie

Hello,
I was actually sitting here on the computer. I feel bad too about not writting you both. Your mom is doing ok, she has slowed down alot. She sleeps alot during the day.
She hasnt gotten any viruses that have been going around. I will stay working there as long as your mom is alive. I was just telling Lloyd, it is so sad to see the really old people there, they are so helpless. Management sucks, there is no support from upper management.
Anyway, Lloyd has had a few small jobs, he is able to collect unemployment cuz he had paychecks comming from our business, so that helps alot.
I hear Charlene sold the house down here. The last time they came down they had a huge yard sale, she landed giving the little closet that your dad made Lloyd, away to a thrift store. That was so mean of her, I had loaned it to her for Monique. I hear Jason and Anita live there with Mike and Charlene. They all deserve eachother.
I probably wont go see my brother until spring, Everyone here is doing good, Angela still is doing day care. Cherie has been traveling with Catalina, cata is on a Traveling Volley Ball Team, they practice daily then travel aound the state, pretty neat.Did Jessica and David get affected by the COLD we have had? We are on propane and wood heat. The other morning on my way to work it was around 7:15 am, it was 16 below zero !!!!
I will let you all know imediately, if anything goes on with your mom, not to worry.
Okay, give our love to everyone, manny,you, annette, alex, all the kiddos!! Let me know when the baby arrives!!
If you ever see Maria, tell her hello too.
Love Dixie

Hi Dixie,

I know you haven't heard from me in a long time, SORRY time just gets away. We are all doing fine over here. We have a lot going on in the next 2 months. Jessica and David are coming out next week. They had planed to come for Manny retirement party, but his retirement date changed now it's at the end of March so they weren't able to change their plans. Manny retirement party is now for April 1st. I hoping that Joseph and Mattthew are still able come. How is all of the family out there. How is Mom doing. Both Annette and I feel so bad that we haven't checked up on her. I always think about calling you if I would just do it when I'm thinking about it. So you could you update us on her condition. Are you still working at the nursing home, if I remember correctly you said something about maybe quiting? How is Lloyd doing, has work picked up for him? I thank God I still have a job
but the work has been so slow, it's scary. Are you still planning to come out here to see your brother, if so when?
Did you know that Vanessa is having a baby sometime at the end of the this month or at the begining of March. Annette is having
a baby shower for her this weekend. Well Dixie that's it for now I hope to hear from you. Love to all of you.

Hello,

Hope all is well with all of you. We are all doing fine. How is mom doing? Since we haven't heard from you I'm assuming she doing well. Sorry I haven't written or called in a long while. With Manny off of work after his surgery his recovery time was about 10 weeks, he is back @ work now and released to full duty about a week ago. He was going crazy @ home not able to do much. Matthew & Daniel came to visit, they were here for almost 2 weeks, Matthew really enjoy himself. He wants to move over here. He is trying to find work over there so he can save some money to come. Working with his dad isn't cutting it. He only work maybe 3 hours a day and doesn't make much. Joseph is working @ a casino in Espanola as a security guard. He works grave yard, he works a lot of hours he seems to like it. The good thing is that he got away from his dad. I wish he would of joined the Navy like he wanted to, but it's a start. Maria is going to be moving so in the next couple of weeks we probably will be helping her move. Martin had to short sale the house she was living in. I think she's looking to move back to the senior apartment the her and my dad were living in. Overall she seems to be doing okay. Did Charlene ever sell her house over there?

Well Dixie hope to hear back from you so you can tell me all about whats going on with you.

Sylvia
Love you!

Hello,
Here is your proposal for the tile work and the porch,
As far as the porch, David would need to get the permit as a homeowner going to build it. So if the bid works for you, and you want us to do the work, we can draw up the blueprints to build the porch and David can go down and get the permit.
Then we can build it. Does that make sense?
FLOOR TILE
Remove furniture and appliances and set back in place when job is complete. (no charge)
Remove existing carpet and linolium and dispose of.
Remove 2 toilets and reinstall with new gaskets and bolts.
Install 720 square feet of 16x16 inch floor tile,
Included in the price is all setting materials and applying two coats of sealer to the grout joints.
This price does not include the tile.
Total for floor tile installation $5330.00
PORCH
This price includes materials and labor for building a porch, prepping a 15'x13'x4" area
building forms, pouring concrete, finishing concrete, building a 13'x8' Patio Cover, includes lumber,hardware, corbelling and staining.
This does not include the price of the permit. Porch total $2039.00

Floor tile $5330.00
Porch- $2039.00
Total- $7369.00
Deposit required $3500.00
Balance when complete-$3869.00
You will need to purchase 450 pcs. of 16x16 inch tiles this would include overage.

Sylvia, if you have any questions or concerns please call Lloyd and he can adjust or do what he needs to do for you
Thank you for giving us an oppertunity to bid on your project.
Love ya

Hello,

Hope all is well over there. Just checking in on mom, how is she doing? Had a dream about her last night, it was a funny dream. I'll be out there at the end of May, we're are flying, we will be there for a few days. Planning to do some work on the house, painting, change the carpet out and maybe some tile work. I would love to have it done before we go out there. Has Lloyd been busy? Would he be interested on giving me a estimate on tile work, I'm looking at ceramic tile 18 x 18, home depot tile about 800 sq. ft. I'll but the material, if not can he recommend someone that does a good job at a reasonable price? I will to finish writing later have to get back to work. Love to all of you!

Hello,
Sounds like you guys are getting realy wet out there, us too. So far our front yard has no snow!!!!!!
Los Alamos has about 6 inches.
I had been meaning to write you guys, just havent.
Your mom was put on a little more medication for her crying. It seems to be working. She also wears a small pain patch on her back. Shitlene came down with Anita JUST to go to court. But court was cancled due to snow that Santa Fe got. So she has to stay here until next week. I saw her up there with grandma, she had a huge smile on her face and just stared at me.
Your mom didnt even remember that she was there.
Cherie is a nervous wreck over this court thing.
Your mom had two busted ear drums....never once complained, doc saw them in a routine check up.
They were supose to xray her hip yesterday, but Los Alamos got dumped on with snow, so I am not sure if they took her.
She has been not eating, I asked them to puree her food one evening just to see if she would eat it, and she did, she chowed down!! So I guess she will start eating soft food now.
That will be nice if you come out. Tell Manny if he comes with you he had better come and jam with Steven!!!!
I try and talk to Monique at least once a week, she has her hands full, I am going to go see her at the end of this month, I am trying to talk Cherie into going with me, she needs a break from home.
Monique dosent really talk to much about anybody, I dont think she has time!!
As far as the blinds, they havent done anything yet. When you come out I will show you the windows I wanted to cover. I may just hang curtians, not sure yet.
Mathew will be graduating..wow. boy they grow fast. Funny how the kids grow but I dont feel that much older!!
Lloyd still dosent have work, it has been so slow in construction here.
Okay I will talk to you again soon. Take care, love you guys

Hello Dixie,

Hope all is fine out there. As for us trying to stay dry and warm we all doing fine. How is my mom doing? last time I heard is that she had been crying a lot. Is Charlene still out there? Were they able to give her more medication to help control the crying? I'm trying to make plans on going out there in May, if Matthew graduate it will be @ the end of May. Either way I will still be going out there. You had asked about window coverings for your work, we they still interested? if so let me know we can help. Did Cherie and Charlene ever go to court and if so what happened? Do you still keep in touch with Monique? Every once in awhile I'll receive misc. e-mail from her but not how are you or anything not unless I send her a hello. Maybe she is just busy with the kids. Well so much to do, until the next e-mail.

Say hi to the family.
Love Sylvia

Have you and Annette talked much about funeral stuff, How about everything in purple?
If you guys could get a list of your side out there of grand children and great grandchildren that would be a good start, I will get the ones out here.
I was looking at caskets on line, there are some real pretty ones
I have to dress up this year at work, so I decided to go as a bottle of mustard!!
Okay love you guys

Hello,
I got the letter, thank you.
Actually I think it is a better idea with supervised visits than banning her from the building.
I really appreciate you two doing that for me.
I will write ya and let you know how it turns out.
Take care

What a day,

She was crying after lunch too, she told me she was going to be alone.
I really feel like charlene is telling her stuff.
Anyway, I would like to have letters from you to by Tuesday.....?? I will probably go see my attorney to handle this.

hello,
i just finished writting annette. just a letter stating that you three girls gave me your blessings several years ago to have power of attorney anf make decisions for your mom, and you could not because of the distance you live. say in the letter how you feel i have been doing with her and you trust me in making those decisions. please say that i do keep you all informed, when she is doing well and when she is not.
like i told annette, i am going to file a restraining order against charlene to stay away from me and her mother. charlene is on a great deal of medication and i do not think she is capable of having a healthy relationship with your mom.
i want to thank you too for helping me out with this. I am not sure if the judge will keep her away from her mother, we will see.
love ya

Hi Dixie,

How soon do you need the letter, I will start working on it. Is there anything specific you need it to say?
I'm on your side. Otherwise how is my mom doing? I know you said she had a doctors appt coming up, how did that go? Take care and be strong! Love you

hello ladies,
1st I wanted to let you know that not to worry about any funds for your mom. She has been getting a small S.S. checkand we have been putting her money to the side just for a beautiful service when needed, so not to worry about funds, I am sure there will be enough, if there is anything left over it will be split between the 3 girls. so please do not worry.
2nd of all.....Charlene is up to her meanness again.
She actually went to my boss yesterday and demanded for her to fire me.
She said that I smush her moms flowers, and I dont pay proper attention to her, OMG!!!
Anyway, Annette you had offered to write a letter at one time, if the offer is still open, I would probably need a couple of letters from both of you. I am getting ready to take her to court to stay away from sombrillo all together.
I am so tired and drained from her, I dont know how long I can take her wierdness, I ignore her and she still comes around like a stray dog,
HELP!!!
Thank you
Love Dixie

Hello!!
Just a note to let you both know how your mom is doing.
She is doing good, sometimes she still tries to get up and walk, she tried on Friday, fell again, she is fine did not reinjure her hip.
She weighs 95 lbs. She has a Dr. appt on the 8th, I am going to request a prescription for a lap restraint. It is pretty much a seat belt,I would rather see her in that, I am afraid she is going to fall and really hurt herself pretty bad.
I want to discuss something with you guys, not that anything is going to happen anytime soon, but I have given it some thought and I think it would be nice to have everything pre planned. And if it to uncomfortable for you, just say so, I will understand.
But dont you think your mom would love a pretty lilac colored casket? I have been thinking about going down and trying to pre plan a funeral, coffin, flowers, we would need to know how many grandc children and great grandchildren she has, if this is to difficult please let me know okay? I wont make a move until you two are okay with it.
I have seen where funerals are planned at the last minute, and I have seen per planned ones, she deserves the prettiest.
I want you also to know that she has been a pleasure to watch over and care for, she still has alot of spunk!! Everytime the nurse wants to take her blood pressure, you mom says BOO! and tries to fighten the nurse!! She is too cute.
Your sister Charlene is still here, she has quieted down some, (hasnt called the cops on me anymore. I now have to have an employee around me if I run into her. My boss said I should have a wittness so she dosent accuse me of anything. I have found her sleeping on your moms bed twice when she has been up there, wierd huh?
I pretty much just ignore her when I see her.
She filed a restraining order against Cherie, (Cherie told her she would kick her ass) but when the court time came up Charlene never showed up. Not sure what happened there.
Okay, that is the news for the week.
Take care, love you guys
Dixie

Hello,
Just an update on your mom,
she is actually doing very well, she has been eating well, in her wheel chair, moving herself around. I call her Wonder Woman!!
She told me that Manny came to visit her the other day, I said really? How is he doing, and she smiled real big and said he was doing good.
I ask her today if she remembered manny comming by, and she looked at me as if I were crazy.!
No news on the looney lady today.
Have a good week
Love Dixie

FROM: Dee Dee

TO: Anette Sanchez Sylvia

Hello,
Update on your mom.
I got into work at 9 am to visit with her before my shift started. Went to her room and she wasnt there. Found her in the TV room in her wheelchair watching TV!! WOW.....
She seemed very happy, not hurting, later in the day after lunch she wanted to lay down. So she is on pain medicine when she asks for it.
Now for the wierd part.....Sylvia, remember when I told you about the lotion in the trash story? Well, I also told Cherie..(she got really mad). so she called Charlene and left a message to stay away from grandma, and to stop being so hateful to her just because she s mad at Dixie. She also told her she was gonna kick her ass.
Charlene called the police on her, after 15 minutes of the police talking to Charlene, they told Cherie that they could tell she is not all there.
Soooooooooo today who drives up???? Charlene being escorted by the police because she is afraid I am going to hurt her,
OMG!!!!!!!!!!
After having the cop escort her to my boss's office, I was called in after she went into your moms room, they asked me w the hell is that woman on. She demanded proof that I am power of attorney, they showed her.
My boss told me to stay away from her and if i pass her in the hallway to make sure there is a wittness, cause she is out for something!
Then after she leaves, I waited about 10 minutes, I go into your moms room, and your mom is CRYING!!!!!!!!!!
I couldnt get her to stop, I called my boss in she could not calm her either. She finally stopped, I fed her dinner, she got a pain pill and went to sleep.
Lloyd said he was going to call mike and tell him to come and get her. I really hope he does, I am afaid she is going to get me fired.
So.....how was your day?
I am off tommorow, but Cherie is suppose to take her little day care kids up to visit grandma and the others.
I work Sat., Sun., and Mon.
Take care
Dixie

Hello all,
Some of you know and some dont, but on Friday, Katie (Lloyds mom) had a fall and fractured her hip. We spent the entire day on saturday in the ER getting her help, and she was hospitalized for 1/2 day on Sunday, She resides in Sombrillo nursing home in Los Alamos. She is actually doing pretty good. The Dr.s say there is really not much they can do, she is going to go through a good amount of Physical Therapy, she will definatly never walk again. PT will try and get her into a wheelchair during the day, but if she refuses they are not aloud to force her. So we should know in about two weeks if it will go well in the wheelchair or if she decides to stay in bed.
If she does stay in bed, it will mean a lot of heart ache, she will pretty much go down hill quickly.
So please if you get a minute drop her a card (WRITE BIG PLEASE) she is legally blind!! and say prayers for her children, I am sure it will be hard.
Send any cards to me if you dont have her address, I actually dont have it either!! I will make sure she gets them.
Love and prayers
Dixie

Hello,
I cannot remember if I replied to you. a lot going on, doctors did a test, I have tendonitis and carpo tunnel, looks like surgery will be coming up in April. Lloyd is still out of work, he has jobs lined up, but not until the end of March. Steven is better from his left foot surgery, but now battling an ingrown toenail on the right foot, poor guy.
I guess I should have asked for the addresses for your kiddos too, I am really going to try and acknowledge all the nieces and nephews this year and from now on, there are so many cousins out there, these kiddos should know each other!!
Tell Manny happy late birthday, you can see in his eyes he is a sweetheart!!
The twins will be turning one next month, wow time goes by so fast.
Luanns sister died from drinking and drugging. I guess she heard from Kelly, she really doesn't say much anymore since I took over my own books.
My mom is actually doing very well, she is the same age as your mom, she still drives and does a lot.
Your mom seems to loose booties cotton booties, she wears a size like 8/9 the have to be a little big cause she has some wicked toe nails, be sure and write her name across the **outside** of anything you send, there is a lot of thievery going on right now up there.
My sister Mary is hanging in there, I saw her yesterday with her grandson, I think her two grandkids keep her going, (she babysits a lot)
Cherie & Angela both still do daycare, they are doing good,
I guess Charlene is back in San Diego, she told me she is going to have back surgery, I guess Maria will care for her. I really don't get to involved with any conversations that take longer than 5 minutes to talk, I think she is on to many meds.
I am applying for a job at the school to be a substitute teacher, I have to take a test next week.....
it has been 35 years since I have taken a test!!!!!!!!!! YIKES!!!! I have been studying.
Well I had better go for now, time to start waking up the crew here.
Take care, Love you guys.
Dixie

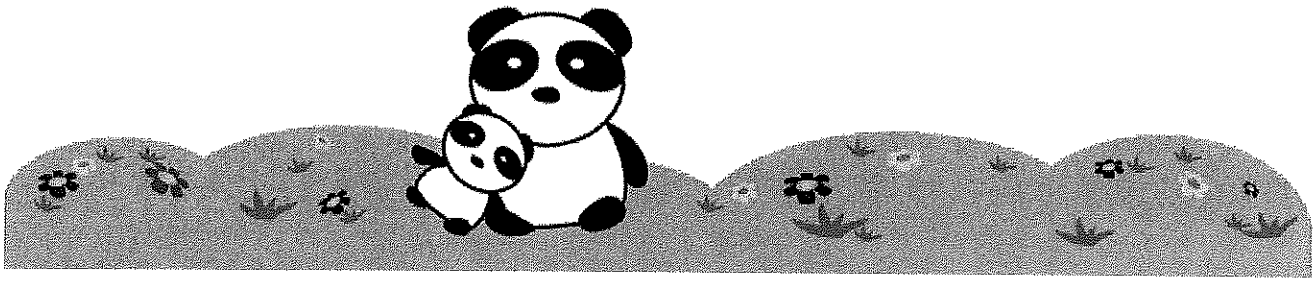
Hi,

Good to hear from you. All is well here. How was your Valentines? Manny and I celebrated our six years together and his Birthday. He's a Valentine baby. We go too the swap-meat almost every weekend. We've been finding a lot of things that we can use. I've been trying to pick up little things here and there for my mom. I'm glad mom's memory is still there, better having long term then nothing at all. How is your mom doing? you don't talk much about her. How's is your sister Mary doing?

How did Luana sister die? I know before I left she was already taking care of her sisters little boy. That's to bad about her daughter Kelly. Luana was real strick with her. I remember she, does drink a lot, she use to call me all hours of the night drunk just wanting to talk. She is a lonely lady. Do you know if she has a man in her life?

So what are they going to do for your wrist? How do you know when you have carpo-tunnel?



How is Cherie and Angela? Is Cherie still doing her day care? Work is slow for every one, I'm lucky I still have a job. The people that work in the factory they cut there days to 4. Hopefully work will pick up for Lloyd. Tell him we said hi. Will Steven be ready to play some drums when we go out there?

Well have to get some other stuff done, like work on Jessica's wedding invitations.

Love,
Sylvia

Hi,
Good to hear from you too.
Your moms mind is about the same, short term memory is pretty much gone, long term is better.
Yep, Charlene & I are speaking, but I wont ever get into a real discussion again with her, sad huh?
I think she is having the surgery in march or April, she has give 3 different dates,
I have to get a nerve test done on my right hand next week, the I wait till the doc gives me the go for hand surgery, probably in March. I don't know to much yet.
Steven goes to his Dr. on Thurs. I hope he gets out of the wheelchair.....we are all about to go nuts over that.
Yep, LuAnn's sister passed away, her daughter ran away with a 55 year old neighbor (man)
She found her in Las Vegas Nevada, got her home for a month, and she took off again, Texas this time, I guess the police wont do anything anymore cuz she is 16. So Lu is raising her sisters boy.
I stopped using her as my bookkeeper, she tends to get drunk and call me at night, I just don't feel comfortable having a drunk do my books.....kinda spooky.
I will get the addresses for you this week sometime.
That cold/ cough is going around here really bad. Steven has had the cough twice already.
Lloyd is getting pretty bored here at home, I mailed out about 50 letters looking for work.
Okay I will go for now, take care tell Manny hello for me.
Love ya
Dixie

Hi Dixie,

Good to hear from you and to hear all is well with all of you. Manny and I are doing fine. Looks like Manny is coming down with another cold. He works so hard he doesn't get the right kind of rest he should be getting.

It good to hear that my mom is doing well. As far as her mine how is that? I hoping she will be well enough to attend Jessica's wedding.

So you and Charlene are on speaking terms again. I guess that's good. What ever is going on with her I still love her because she is my sister. It's just sad the way things are. You said she's going to have back surgery, when and where is that going to happen?

How is Steven doing getting around in the wheelchair? Foot surgery is one of the worse surgery to have. So when will you being have your surgery?

You know who I got a short e-mail from, Luana. It's was sad to hear that she lost her sister. Sounds like she as a lot going on. But I haven't heard from her since.

I need to get family addresses from you for the wedding so if you can please get some together for me that would be great.

Take care I send our love your way.

Sylvia

Hello!!
Sorry I have not kept up!! I have also been really busy. Your mom is doing good. She has only fallen once in the past few months, she doesn't even remember. Charlene is here for the month of Feb. I think.
I apologized to her for not accepting her apology, so we are speaking again, she is pretty bad off, not sure why but I think all of the meds she takes finally started affecting her mind. I don't think it will ever be like it used to be, but we are at least speaking.
So anyway she has been up to see your mom as well.
If you want to send your mom anything in the future,
she could use the following, Liquid body wash, body spray, cotton/poly night gown (medium) with her name written across the back on the outside. She is missing a few things that didn't have her name on them. I find the bigger I write her name on EVERYTHING even soap Nobody wants to steal it.
She has gone through a lot of Lipstick, I guess girly stuff.
She has an eye appt early next month, I will let you know how that goes. Work has been really slow here, Lloyd has not worked since late November, Steven has had surgery on his left foot and has been in a wheelchair since late Nov. Found out I have to get carpo tunnel surgery soon. WEE lotsa fun in New Mexico !!!
Actually we are all in very good spirits, and our love is strong.
Ladies take care
Oh yeah, I got to go spend a day with the twins, while Sophia was sick, how lucky we all are to have
"great " nieces' and nephews!! Actually it makes me feel old.
Okay I hope all is well with you and your families, I would love for you to send me your children and their children name, birthdays, and addresses.....if it is not to much trouble. (and yours and your loved one)
Love Dixie

DID YOU KNOW?

Peel a banana from the bottom and you won't have to Pick the little "stringy things" off of it. That's how the primates do it.

Take your bananas apart when you get home from the store. If you leave them connected at the stem, they ripen faster.

Store your opened chunks of cheese in aluminum foil. It will stay fresh much longer and not mold!

Peppers with 3 bumps on the bottom are sweeter and better for eating. Peppers with 4 bumps on the bottom are firmer and better for cooking.

Add a teaspoon of water when frying ground beef. It will help pull the grease away from the meat while cooking.

To really make scrambled eggs or omelets rich add a couple of spoonfuls of sour cream, cream cheese, or heavy cream in and then beat them up.

For a cool brownie treat, make brownies as directed. Melt Andes mints in a double broiler and pour over warm brownies. Let set for a wonderful minty frosting.

Add garlic immediately to a recipe if you want a light taste of garlic and at the end of the recipe if your want a stronger taste of garlic.

Leftover snickers bars from Halloween make a delicious dessert. Simply chop them up with the food chopper. Peel, core and slice a few apples. Place them in a baking dish and sprinkle the chopped candy bars over the apples. Bake at 350 For 15 minutes!!! Serve alone or with vanilla ice cream. Yummm!

Reheat Pizza Heat up leftover pizza in a nonstick skillet on top of the stove, set heat to med-low and heat till warm. This keeps the crust crispy. No soggy micro pizza. I saw this on the cooking channel and it really works.

Easy Deviled Eggs Put cooked egg yolks in a zip lock bag. Seal, mash till they are all broken up. Add remainderof ingredients, reseal, keep mashing it up mixing thoroughly, cut the tip of the baggy, squeeze mixture into egg. Just throw bag away when done easy clean up.

Expanding Frosting When you buy a container of cake frosting from the store, whip it with your mixer for a few minutes. You can double it in size. You get to frost more cake/cupcakes with the same amount. You also eat less sugar and calories per serving.

Reheating refrigerated bread To warm biscuits, pancakes, or muffins that were refrigerated, place them in a microwave with a cup of water. The increased moisture will keep the food moist and help it reheat faster.

Newspaper weeds away Start putting in your plants, work the nutrients in your soil. Wet newspapers, put layers around the plants overlapping as you go cover with mulch and forgetabout weeds. Weeds will get through some gardening plastic they will not get through wet newspapers.

Broken Glass Use a wet cotton ball or Q-tip to pick up the small shards of glass you can't see easily.

No More Mosquitoes Place a dryer sheet in your pocket. It will keep the mosquitoes away.

Squirrel Away! To keep squirrels from eating your plants, sprinkle your plants with cayenne pepper.The cayenne pepper doesn't hurt the plant and the squirrels won't come near it.

Flexible vacuum To get something out of a heat register or under the fridge add an empty paper towel roll or empty gift wrap roll to your vacuum. It can be bent or flattened to get in narrow openings.

Reducing Static Cling Pin a small safety pin to the seam of your slip and you will not have a clingy skirt or dress. Same thing works with slacks that cling when wearing panty hose. Place pin in seam of slacks and ... At DA! ... Static is gone.

Measuring Cups Before you pour sticky substances into a measuring cup, fill with hot water. Dump out the hot water, but don't dry cup. Next, add your ingredient, such as peanut butter, and watch how easily it comes right out.

Foggy Windshield? Hate foggy windshields? Buy a chalkboard eraser and keep it in the glove box of your car . When the windows fog, rub with the eraser! Works better than a cloth!

Reopening envelope If you seal an envelope and then realize you forgot to include something inside, just place your sealed envelope in the freezer for an hour or two. Viola! It unseals easily.

Conditioner Use your hair conditioner to shave your legs. It's cheaper than shaving cream and leaves your legs really smooth. It's also a great way to use up the conditioner you bought but didn't like when you tried it in your hair.

Goodbye Fruit Flies To get rid of pesky fruit flies, take a small glass, fill it 1/2" with Apple Cider Vinegar and 2 drops of dish washing liquid; mix well. You will find those flies drawn to the cup and gone forever!

Get Rid of Ants Put small piles of cornmeal where you see ants. They eat it, take it "home," can't digest it so it kills them. It may take a week or so, especially if it rains, but it works and you don't have the worry about pets or small children being harmed!

Hello, Hello,

How are you doing these days? just finished e-mailing Monique. She finally called me. She e-mailed me pictures of the babies. Little Sophia looks a lot like Monique I don't know who Little Eddie looks like yet. Their dolls.

How is my mom doing? I didn't realize the damage she had with the abuse that she took. When you mentioned that a lot of flash backs came to mind. If you would please give her a hug and a kiss for me and let her know I love her.

How is you weight watcher coming along? I wish I could gain weight and I'm not just saying it. With the tyhorid problem that I have, I go from 86 to 89 pounds no more no less.

I better go for now I'm a little tired.

Say Hi to Lloyd

Love you all of you

Hey, what do you mean shaky? Is all okay?
Actually your mom is legally blind, she has always been blind in one eye ever since your dad had put her into the hospital that one time, also deaf in one ear due to the abuse. But the rest of her sight is going slowly.
She just insists getting up and wanting to do things on her own, I have taken a lot of stuff out of the room, took her old chair out and got her a new one, took all the throw pillows off of the chair, her Alzheimer's is kind of a good thing, she never remembers falling and never remembers any pain.
She still has Gail as her room mate, but Gail is much more functional than your mom. Katie does stay busy, she has exercise class, church, bingo, arts & crafts. I usually try and go see her 3 times a week, I am hoping Charlene see's her as well, from what I hear she only goes 1 time a week.
So I guess your mom is actually doing pretty good for the most part, I did change out the pictures you sent me.
Okay, off to weight watchers I go!!
see ya
Love to manny.
Love
Dixie

Hello gals,
I am sorry I have not kept up status on Katie,
Overall she *is* physically healthy, she has very strong bones (she was always a believer in taking Calcium!!)
Anyway she fell tonite. (I just got home 1 am) She tripped over the footstool and fell into her nightstand. She had xrays of her head, spleen and ribs. All is okay, but she hurts really bad, so she will be pretty sore in the morning, and probably bruised as well. I think every time she has a fall she always seems to be kind of disorientated,
anyway, sorry again for not keeping up, I have been pretty busy with a lot of stuff, I should have more time to go back up more often.
take care
Love
Dixie

Hey Sylvia,
Hope all is well. How is your foot?
I got the pictures, I finally had to bring the frame here so I can remember to put them in for ya.
I know Monique has tried to call you, but has not left a message. I think she doesn't know where to start.
My sisters husband passed away on sat. evening. Very sad to see someone loose their true love, my heart hurts for her so much. The rosary is Wed. evening.
Steven started back to school, he wants to graduate.
I have notices Charlene is back, she has been spending time with Cherie.
Who knows, maybe they will become best friends and both stay out of my face.
Okay, I will write again soon
See ya

Hi,
I cannot remember if I answered you letter or not. I feel like my mind is playing memory tricks on me sometimes.
Monique & Eddie moved to Clovis, it sure is quiet here without them. I really enjoyed having them here. I gave her your address.
Charlene is still in San Diego. From what I understand, she has not told anyone that she is there, Maria didn't even know. She got to be church buddies with Margie and didn't even tell her that she was leaving. She had given Monique a baby shower (at Cherie's house) asked me & Cherie to help. But when it got down to it she really didn't do to much, and got very angry with me when I charged her $30.00 to reimburse Cherie's friend for ice, cokes, dip & stuff. She paid me (cause I had already paid her friend) One day about a month later Charlene & Cherie got into an argument and I had gone to visit her and she kicked me out of her house!
I didn't even know what I did!! Charlene had already gotten mad at me a few times before over the care of your mom, and I just ignored her. But when she came to apologize this time I said no. I am tired of getting my feelings hurt whenever she is angry about something.
So now she is REALLY angry. We had exchanged a lot of words that we probably should not have, but ya know I am to old to play teenager games, so that is that. She is on a lot of medication, I am hoping she gets some help I feel bad for her that she is that unhappy.
When she left, she took a lot of your moms clothes, nail polishes, makeup. Don't even ask why.....I don't know.
I have been going up to see your mom at least 4 times a week now, I will probably take her for a long walk in her wheelchair soon.
She is doing okay for now, she has an eye appt next week, I will take her for a pedicure that day.
Yes I have Verizon, my cell is 505-577-2511 although I don't usually keep it on cause I don't get good reception in the house. I have a good long distance plan on my home phone, unlimited calling.
I don't even have your cell # , I thought I had saved it in my phone, I looked the other day and it was not there. Send it to me when you get a chance.
We usually go camping in Red River, there is a camp ground up there with a fishing pond very close by (easy for Steven) it is very nice and quiet there.
I have to go back to the Dr. today, I am having problems with my thyroid.
Pain in the ass getting old.!
Is Jessica still mad at me ? She was pretty upset when Angela bought Mikes house, I hope she is not, she is such a beautiful lady.
Okay, I have to go for now, take care.
Okay I will ask you a question, when Charlene *was* talking to me, she said you and Annette were not speaking to each other.....how she would know this... I don't know, you two have been so close, is that true?
Tell Manny, Steven got his electric drum set out of lay away, sounds pretty good too!!
Love
Dixie

Hi Dixie,

Hope all is well. Sorry I haven't written our Internet was down for about 3 weeks. The main cable and wireless router went bad. I guess when I ran the vacuum over the cable it did something to it. I wanted to call you but you no how that goes by the time you remember it's late or it's not a good time. What phone service do you have on your cell phone. If it's Verizon we get free minutes and we can talk whenever, let me know?

So how is my mom doing? In one of your e-mails you said that she was a little depressed how is she doing now?

So where did you camping? Sounds like fun, We usually try and go camping but we haven't yet.

I'm doing some what OK on my foot. I was getting kind of worried because my foot and the bottom part of my leg was getting swollen I could understand my foot getting swollen. I went to the doctors on Monday and he said that was normal and just to stay off my feet when it dose. I just started to walk on it this week without my crutches. Still can't get any kind of shoe on it. Gets kind of frustrating. I have two more weeks before I go back to work, lets see if I'm ready.

Jessica was here last week. It was nice to see them. We have had company for the past 3 weeks it has been hacked. Sure glad that we have peace and quite now.

Went to Maria's the other day and I seen pictures of the babies. Cute, they look like Eddie and Nikki. Here is my mailing address 4737 Falconhurst Terrace, San Diego, CA 92154. Tell her to e-mail me it would be nice to hear from her. Let Nikki know that I ran into Kim, Charlene old friend and that she wants her to get in touch with her.

So is Charlene still down here? I just can't understand what is wrong with her I wish we new so we can understand. You still need to tell me what happened down there.

Well, Manny says hello and say our hello's to Lloyd and the rest.

Love, Sylvia

She is getting her things together to make her move to Clovis in a couple of weeks.
I am going up to see your mom today,
I guess when Charlene went back to San Diego she felt the need to take a whole bunch of stuff from your mom, all her nail polishes, most of her make up, clothing, that lady has a frickin screw loose in that head of hers. Sometimes I think she might benefit if she moved into a home herself.
Steven asks when manny is coming back down to play music with him.

Hi,
yeah, she seems to fall a lot. I do like the potty chair idea you have, I will definitely bring that up. I think she also has another ear infection, I have asked them to have her checked.
Yep, Charlene & Margie.. I thinks she takes her up there cause nobody talks to her anymore. It is hard to believe that Margie still drives, amazing. She has pretty good health, I think she sold her property in Jacona, bought a trailer and moved next door to Janet. Margie still misses Jonathon very much..
I would not tell Margie the day you plan on being here to see your mom, I am sure Charlene will ask her and take your mom out for the day. Just be careful.
Will Lloyd and I get to meet this man called Manny (the only person your mom has NEVER forgotten!!)
When you meet Gail, be sure and tell her thanks for being your moms Guardian Angel, she sure does keep an eye on your mom. She is a sweetie.
FLOWERS: as of Sunday I did not see a card from you, The only flowers I saw was a potted plant Lloyd took her. Tell me what they look like, I will be going back up there on Friday morning I will check for you..
Talk to ya soon.
Love
Dixie

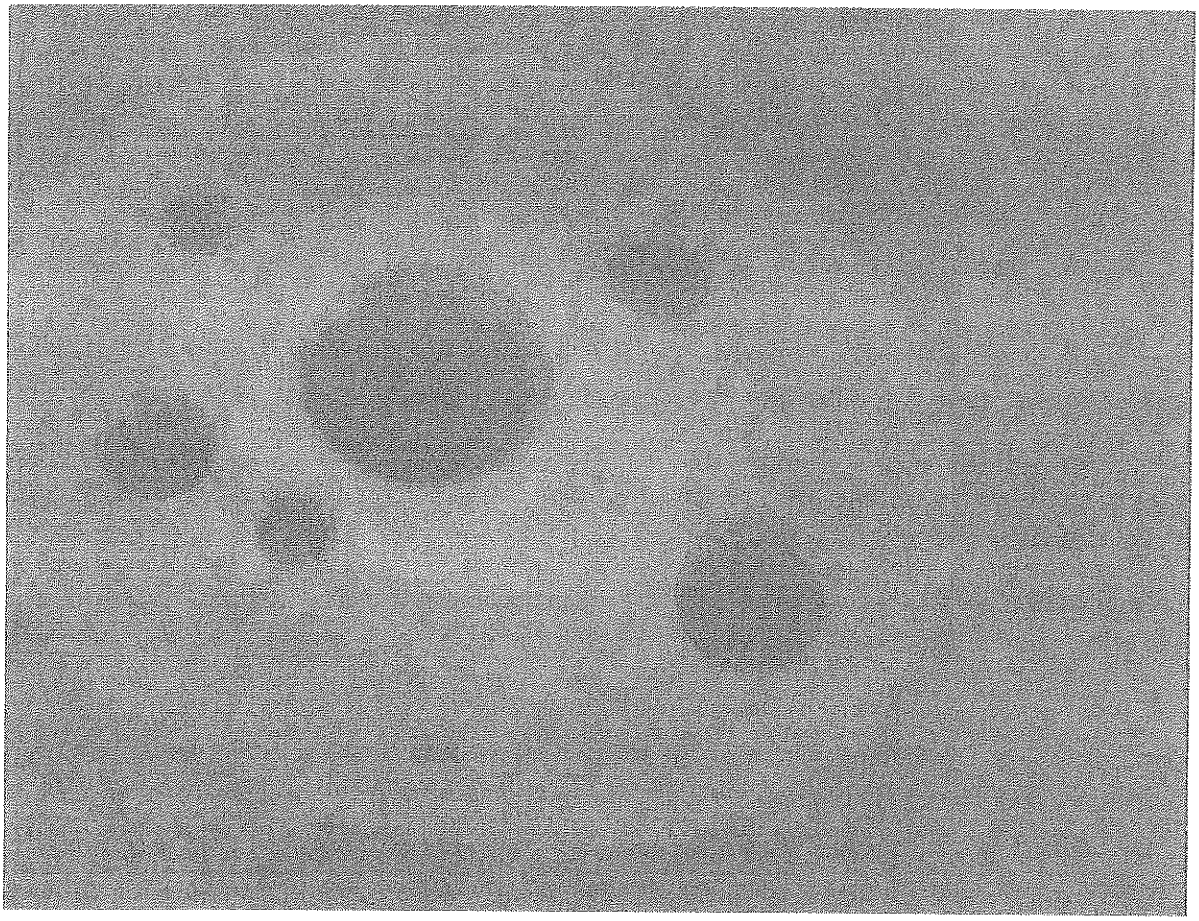
Hi Dixie,



Happy late Mothers Day to you. Hope all is well over there. So my mom fell again, pretty scary. Falls just remind me of Uncle Gilbert. Is there any thing else they can do maybe put a potty chair by her bed so she doesn't have to walk at night. That is nice that Charlene was able to take Aunt Margie see my mom. I always ask her about Margie if she as seen or talk to her. How is Margie health? Last I heard she was living in Espanola with her daughter. Plans are still on schedule for us to go out there. Travel date 5/22. Keep in touch

Hi guys,

Just a note to let ya know your mom took a fall on Sat. night. Pretty bad one.
Her face looks really bad, but she is OK. She was trying to get up to go potty, and she fell flat on her

face. Went to the ER and was checked out ok and got up again and fell again. I asked the place to set up an appt to have her ear checked again, I thing she might have an ear infection (vertigo) that is making her fall.
She doesn't remember to use the bell to call for assistance.
I asked her on Mothers Day, how she slept (the night of the fall) and she said she always sleeps good...never wakes up!! So she didn't even remember.
She didn't remember it was Mothers Day either. Charlene and Margie spent several hours with her, I am sure they had a good time.

Hi,
My internet has been down, funny how your whole world changes when ya cant get on the net!!
Yes your mom did fall, no one there seems to know how, no one saw her till after the big bruise appeared. She is okay. Her short term memory is really bad. She is treated well there, I just have to stay on top of stuff all the time. And keep my eyes open.
When ya come down I hope you get a chance to drop by here, and we can talk and catch up a little bit. I will go into why is was so urgent to put her in a nursing home. Sorry too, it was very overwhelming for me at that time. Moving forward is a good idea.
Monique had her babies...they are so cute, all three are doing well. She got pretty sick toward the end, not to sure all the details, but she is better now.
Your mom is in a wheelchair full time now. I requested that because she had so many falls while using the walker, I know she can walk some, but I figured it would be safer for her if she used the chair. They are very short handed there so I know they cannot watch her like we would like them to. I also hired a lady to go up 3 times a week to hang out with her, kinda be my ears while I am not there.
so when you find out what days you intend to visit her you might meet Marina.
Okay, I will talk to ya soon, take care
Love
Dixie

> Checking in to see how my mom is doing. You mentioned that she fell, how is she doing now? Is she not using her walker? Dose this happen and night when no one is watching her? I wish there was more we all could do for her. From what you have told me I know you're doing all that you can do. I was very angry because we didn't know what was going on. For whatever reasons there were alot of things that were done. I just felt like we all should have made any decision together. Now that I can see the decision that were made I'm sure they were for the best. So now we have to put the pass in the pass and move forward. Thanks for the updates.

Hello,
I know its tough trying to make calls, ect. I wished I could go up and see her more often, but we all just do the best we can. I can say she is getting VERY forgetful. She fell sometime between Sat. night and Sunday at noon, and has a huge bruise on her head. But she doesn't remember falling.
She will be happy to see you.
If you get a chance, you all are welcome to stop by and visit okay?
I will go for now, it has been a really long day, I planted a flower garden yesterday and the new puppy ate 1/2 of my flowers last night!
Take care
Love
Dixie

A couple of times I've called her just before bed time and she sounds so drowsy. Our plans on going down there are still on. We are looking at end of May should be down there May 22nd. or 23rd. We are driving. Will be there for about 4 days. Staying in Rio Rancho. Are time out there is always so limited, not to much time off for work and such a long drive.

SYNOPSIS

This supplemental is to document the following interviews conducted by me reference my involvement in this investigation.

NARRATIVE

On June 22, 2011 at approximately 7:30 P.M, I, New Mexico State Police, Investigations Bureau Agent Rafael Gomez (Santa Fe), was assigned to conduct an interview with Adrian Morales. The interview was conducted at New Mexico State Police Investigations Bureau Office. Present during the interview was New Mexico State Police, Investigations Bureau Agent Gilbert Tafoya (Espanola). The interview was digitally recorded using my departmental issued recorder. The following is a synopsis of the interview.

INTERVIEW OF ADRIAN MORALES:

Adrian Morales was asked if he knew anything about the homicides that occurred in El Rancho, New Mexico, on Sunday June 19, 2011. Adrian stated he heard it started as a burglary and it went wrong. He had also heard that the twenty year boy had killed his parents. Adrian heard there were not even gun shots involved.

Adrian mentioned that he knew the Ortiz family because he used to date Catalina Rios about a year ago. Adrian would see Steven driving a four wheeler around the El Rancho area, but he didn't talk to him much. Adrian remembered seeing Chris Halverson and Steven Ortiz riding the four wheelers together.

When asked, Adrian stated he was home Saturday night with his brother Andrew Morales, his friends Carlos and Alex Gonzales and that they were watching a movie. Alex and Carlos spent the night at his house.

When asked if Chris Halverson was at his house on Saturday night, Adrian stated "No" he was home on Friday night. When Adrian was advised that Chris had told us that he was at Adrian's house on Saturday night, Adrian changed the day to Saturday night. Adrian looked confused (moving his eyes side to side) before confirming that Chris was there on Saturday night. Adrian further stated, on Saturday night at approximately 9:00 p.m. Chris Halverson arrived at his house on foot. At approximately 1:00 a.m. Chris Halverson left the house alone, on foot. Adrian also stated on Sunday morning his neighbor Mike Duran told him that he had to pull Chris out of the arroyo, because he got stuck in his mother's car. Adrian said, that Chris is known for smoking marijuana (pot.)

This concluded the interview with Adrian Morales.

On June 22, 2011, during Adrian's interview, there was also being conducted a separate interview with his brother Andrew Morales. After Andrew's interview, New Mexico State Police Investigations Bureau Agent Mark Soriano (Albuquerque) needed to speak with Adrian again.

Adrian was interviewed a second time. I was present during the second interview. The interview was digitally recorded using my departmentally assigned record. The following is a synopsis of the interview.

During this interview the only discrepancy found was that Chris Halverson arrived at approximately 9:00 p.m. Chris then left to get a bottle (liquor) came back and they all started to drink and take shots.

No other statements were different from Adrian's first interview.

This concluded the second interview with Adrian Morales refer to copy of the recording

for complete details on both first and second interviews.

On June 21, 2011 I was assigned to review the video at the Kicks gas station in Pojoaque were Cherie and Jesse stopped to purchase beer and tampons. I made contact with the supervisor and he allowed me to review the video. I reviewed the video system looking for Cherie and Jesse Rios. The review started at 9:00 p.m. and ended at 12:00 p.m. on Saturday, June 18, 2011. I did not find Cherie or Jesse entering the establishment or paying for the items mentioned.

On June 23, 2011 during my involvement in the investigation, New Mexico State Police Investigations Bureau Sergeant Mitchell Maestas and I were driving around El Rancho area. We made contact with a newspaper delivery person (male). The male was identified as Travis.

The following is a synopsis of the statements made by Travis. This conversation was audio recorded using my departmental issued digital recorder.

INTERVIEW OF TRAVIS:

Travis stated he was delivering newspaper on Sunday, June 19, 2011 early morning. He noticed parking lights of a vehicle on the other side of the river/arroyo. As he made his way across the river and got closer to the vehicles' lights, Chris Halverson jumped out from the bushes and ran too his vehicle. Chris approached the passenger side of Travis' vehicle. Travis noticed Chris Halverson was pale (yellow) in color, was acting very funny and probably under the influence of something. Chris was not acting as he usually does which was very uncommon. Chris also asked him, if he could pull out his vehicle which was stuck. Travis told Chris it was not going to be possible because he did not have a truck.

Travis left the area, later when he drove by the same area river/arroyo Chris and his vehicle were gone.

Travis agreed to show Sergeant Maestas and I where Chris Halverson's vehicle was stuck and the bushes he jumped out of. I took eighteen pictures of the river where Chris's vehicle was stuck. I also took six pictures of Chris Halverson's vehicle which was parked at his house. When I took pictures of Chris's vehicle, Travis confirmed that it was the same vehicle he saw stuck.

While In the river/arroyo I noticed several items used to pull vehicles out from being stuck, I also noticed the dirt was very soft. Two shoe prints were found near the area where the vehicle was stuck and I took six pictures of them. I took a rough estimate in distance of one hundred and fifty yards between where Chris vehicle was stuck to his residence.

On June 24, 2011, at approximately 9:50 am, I was assigned to conduct an interview with Joshua Rios. I made contact with Joshua and he agreed to meet me at the Pojoaque Police Department for an interview. Present during the interview was New Mexico State Police Criminal Investigations Bureau Agent Kraig Bobnock. The interview was recorded using my departmental issued digital recorder. The following is the synopsis of the interview.

INTERVIEW OF JOSHUA RIOS:

Joshua stated he knew the Ortiz family because of his uncle Jesse Rios (son in law of Lloyd and Dixie Ortiz.) Joshua never knew of any marijuana or drugs that were being sold by the Ortiz'.

On Sunday, June 19, 2011 Joshua received a call from his ex-girlfriend Melisa who was driving home and saw cops at the Ortiz residence. Alicia, Joshua's sister called Catalina Rios asking her what was the problem. When Alicia finished speaking to Catalina over the phone and finding out what occurred at the Ortiz residence, Joshua and his dad decided to make their way up to the Ortiz residence. Joshua and his dad arrived at the Ortiz residence at approximately 8:30 p.m.

At approximately 10:30 p.m. Joshua and his dad left the Ortiz residence. As they were making their way to their house they made contact with a grey or light blue Ford Expedition (SUV) with tinted windows. Joshua saw about six passengers inside the SUV and they were looking very hard towards the scene. He had never seen the SUV around El Rancho area.

Joshua was not able to give me a good location as to where the vehicle was coming from. I asked if he could mark it in a drawing made by me. Joshua did not make any markings on the drawing. He was using his finger and moving it across the drawing. Joshua did not know his streets and was getting confused.

Joshua also advised me that right before the interview he received a call from Melisa. She told him that the same light blue Ford SUV had just driven by her house, very slow.

Joshua further stated that Melisa overheard Jose Roybal telling his uncle that the Ortiz family got hit in the face with a seven iron and marijuana was stolen. Joshua was asked if he knew Jose Roybal. Joshua stated he is Melisa's cousin and he liked to hang out with several individuals who claim to be West Side gang members. Joshua also had seen Jose and other gang members driving around the area in a dark Sport Utility Vehicle (SUV).

This concluded the interview of Joshua Rios refer to copy of the recording for complete details on the interview. The map drawn by me so Joshua can mark where the suspicious vehicle was coming from, was not attached to the report due to no markings were made by Joshua.

After Joshua's interview New Mexico State Police, Investigations Bureau (NMSP-IB) Sergeant Mitchell Maestas, NMSP-IB Agent Kraig Bobnock and I, drove around El Rancho area near Country Lane. We came across with a dark in color SUV. We did a traffic stop on the SUV and I made contact with Erick Zubia the driver. Erick was identified with a date of birth of 02-14-1995 and claimed to be part of the South Side (surenos gang member.)

Erick was asked if he knew any information about the incident that had occurred at the Ortiz residence. He stated, on Sunday between the hours of 11:45 am and 12:45 pm, he had received a call from Nicholas Ortiz. Nicholas told him he had killed the Ortiz family. When asked how he knew that Nicholas did it, Erick changed the story to that was the word on the street. Erick was not able to provide proof of the call from Nicholas Ortiz on his cellphone. Erick said he had erased the call right away because he did not want to get in trouble.

Due to change in statements by Erick and no proof of incoming call to Erick's cell phone. I am unable to determine if this action was done by Nicholas Ortiz. Conversation between Erick Zubia and I was digitally recorded using my departmental issued digital recorder.

Sergeant Maestas, Agent Bobnock and I proceeded to make contact with Nicholas Ortiz. Nicholas agreed to speak to me. Nicholas's mother allowed him to speak to me. NMSP-IB Agent Joey Gallegos (Espanola) was present during the conversation. The conversation was recorded using my departmental issued recorder. The following is a synopsis of the conversation with Nicholas Ortiz.

Nicholas stated on Sunday, June 19, 2011, he made several calls and he did remember speaking to Robert Rios, Jose Roybal and Erick Zubia. When asked why people were saying that he was involved in the murder, Nicholas stated "I would never say that and I would never kill anyone because it's not me." Nicholas further stated he was home on Saturday night and his dad was taking care of him.

This concluded the conversation between Nicholas, Agent Gallegos and I. Refer to the CD copy of this conversation for exact wording of the interview.

recorded using my departmental issued recorder. The following is a synopsis of the interview.

Jose Olvera stated that he and his family left to Santa Fe on Wednesday and returned on Sunday. After arriving home he never went out again because he waited for the septic tank to get drained. Jose never spoke to Lloyd or Dixie, but would wave when driving by. Steven would sometimes stop by his house to see if Jose will allow the kids to take a ride with him on the four-wheeler. Jose did allow the kids to go with Steven a couple times.

A while back a neighbor told Jose that Steven was kind of freaky and not to allow the kids to ride the four-wheeler with Steven.

Jose was advised about the investigation being conducted. Jose agreed to speak with me. The following is a synopsis of the interview. Interview was video recorded and conducted at the New Mexico State Police Investigations Bureau Office, located in Santa Fe, New Mexico. The interview was conducted in Spanish.

INTERVIEW OF JOSE LUIS BARELA:

Jose stated he became Lloyd's employee in 2006 and stopped working for him in 2011. During that time Lloyd talked allot about his family. Jose remembered Lloyd helped out his daughters Cherie and Angela with money and other items they needed for their families.

About a year ago Lloyd put a fence up to separate Cherie's property from Lloyd's because Cherie's dog kept getting in to Lloyds property. Jose was told by Lloyd and Dixie that Cherie was very upset with them and even stopped talking to them because of the fence. After a while they were all talking to each other again.

Jose further stated Lloyd never told him about any problems existing between the families or with neighbors.

When asked when the last time he worked with Lloyd. Jose said about two weeks before Lloyd past. Since January 2011, until June 2011, Lloyd and Jose did not work together much but they kept in touch by phone. Last time they worked together was June 2 or 3, 2011.

Jose also knew Lloyds tools where kept locked away and Lloyd always put his name on the tools. Lloyd always used to put his tools away after being used and he would never leave anything lying around. Jose never saw Lloyd use a pick or saw a pick lying around his property. When asked if they ever used a pick at their job sites Jose said no, they used a chisel hammer.

Last time Jose saw Lloyd, Dixie and Steven was Saturday, June 18, 2011, in Espanola, New Mexico at the restaurant Long John Silver's. Jose and Lloyd talked about work for the future. Jose told Lloyd that he would be going on vacation to Mexico. Before Lloyd left he told Jose to stop by his house to pick up his check which was a payment for the last job they did together. Jose never went to pick up the check because he traveled to Mexico. Jose said the check was for the amount of approximately three hundred dollars $300.00.

Jose did not know of any one that wanted to hurt Lloyd, Dixie or Steven.

Jose remembered of an incident that Lloyd told him about, between his sister unknown name and that was married to Mike. Lloyd told Jose that his sister moved from San Diego, California to help with their mom who was in a retirement house. Lloyd also mentioned that his sister only wanted to help his mom because she wanted to take over the money she was receiving. Lloyd's sister and Mike later moved back to San Diego California.

When asked if he knew of anybody that had keys to Lloyd's house. Jose said he believed Robert did. Jose stated Lloyd and him would get home from work to drop off the work tools. Lloyd will tell him "they got in and ate in his house". Lloyd was referring to Robert and his friends.

Jose said every time he was at Lloyd's house he never saw the fence, or gates locked. Jose did not believe the gates were locked because, while at Lloyd's house he did see Steven and Cherie use the gates to get in and out of the backyard. Jose was very surprised when he was asked about the locks on the gates.

This concluded the interview with Jose Luis Barela refer to copy of the video for complete details of the interview.

On August 31, 2011, I was assigned to recheck the video surveillance or proof of purchase at the Kicks 66, Phillips gas station in Pojoaque. Reference purchase made by Jesse and Cherie Rios, on June 18, 2011. I made contact with Angela Maestas, store Manager.

Mrs. Maestas advised me that she was not able to retrieve neither receipts nor sales for that day due to excessive time had gone by. She was advised of items purchased (pack of tampons and twelve pack of beer) by the persons of interest. She advised me that she would be checking the video surveillance system.

On September 7, 2011, I called Mrs. Maestas back regarding the video surveillance. Mrs. Maestas stated when reviewing the surveillance video she did see a male getting the beer and a female also getting the tampons. Both the male and female approached the cash register and purchased the items together.

Mrs. Maestas provided me with descriptors of both male and female. Mrs. Maestas stated the male was tall, had a biker look, wearing a head bandana, goat tea beard, and he looked pretty heavy. The female was short, dark long hair and medium size. Based on those descriptors provided by Mrs. Maestas, she was describing Jesse and Cherie Rios.

Mrs. Maestas was not able to provide a copy of the video surveillance because it had been erased on the week of September 7, 2011 when she first spoke with me. She advised me, a video surveillance gets overlapped with a new video surveillance when the hard drive gets full.

On Tuesday January 24, 2012, I was assigned to meet with Luciano Roybal in regards to collecting his DNA (saliva). NMSP-IB Sergeant McFaul was also present, Luciano agreed to speak to us. He was asked if it would be okay if we talked at Pojoaque Police Department and he agreed. Luciano was transported in the unmarked unit. The following is a synopsis of Luciano Roybal interview which was audio recorded using my departmental

issued digital recorder.

INTERVIEW OF LUCIANO ROYBAL:

Luciano stated he did remember talking with NMSP-IB Agent Bobnock regarding a (saliva) DNA sample. Luciano has not heard any new news in regards to the Ortiz family incident. All he knew was what was said on the news. When he heard they had been hurt with a pick axe he remembered he had a pick axe and had been a while since he last seen it. Luciano remember lending tools to his family, but that particular pick he believes he had never lent it to anyone.

NMSP- IB Sergeant McFaul and Harold Lujan stepped in the room. Harold helped Luciano name all fifteen brothers and sisters. Luciano was asked about Neftily (Neff) Roybal and Harold stated that he was an acquaintance of his and lived on Alfredo Lane in El Rancho.

This concluded the interview with Luciano Roybal. Refer to the copy of the interview for Luciano's exact wording during the interview.

A Biological Sample Waiver form was filled out by me and read to Luciano Roybal. He agreed to provide the sample. The waiver was signed, and dated by Luciano. The DNA sample was transferred over to the New Mexico Department of Public Safety Forensic Laboratories to be tested. The results were going to be returned to NMSP-IB Agent Bobnock. Refer to his report for further information regarding the DNA Lab report.

On Tuesday September 18, 2012, I received an anonymous tip from an unidentified male. He advised me to follow up with Dariuos Chacon and Nova Romero. Dariuos was living at Archuleta Lane in a residence located at the end of the road. Nova was not in town at this time he was residing in Phoenix Arizona. The unidentified male also advised me that I could speak to Mr. Archuleta the landlord of Dariuos and he could help me locate Darious.

On Tuesday, September 18, 2012, Sergeant Scott McFaul, NNMSP-IB Agent Christopher Rodriguez and I proceeded to Archuleta Lane located in the San Idelfonso Pueblo.

I made contact with Pete Archuleta on Camino Archuleta house # 12. Pete confirmed that he knew Darious and he was a son of his tenet Paula who lived down the road on Camino Archuleta # 18. Pete also stated Darious lived with Paula up to two/three months before the Ortiz family incident occurred in El Rancho. Pete's understanding was that he moved to Albuquerque and then moved to Gallina, New Mexico. Dariuos was gone for a couple of years and had recently come back and is now living on and off with his mother Paula.

Peter affirmed that Darious was not in San Idelfonso during the incident in El Rancho. He has never had any issues or problems with Darious in the past.

This information was relayed to NMSP-IB Agent Bobnock the case agent.

On Wednesday October 17, 2012, I received a telephone call from Agent Kraig Bobnock. Agent Bobnock advised me that he needed my assistance interviewing Ashley Roybal in regards to the homicides of the Ortiz family.

I met with Agent Bobnock at the Santa Fe County Sherriff's office. Sergeant Scott

McFaul was also present. Agent Bobnock, Sergeant McFaul and I proceeded to the interview room where Ashley Roybal was waiting. Refer to Agent Bobnock's report for information regarding the interview of Ashley Roybal interview.

On Monday, October 22, 2012, Agent Bobnock and I conducted a secondary interview with Ashley Roybal. We took custody of Ashley from the Santa Fe County Adult Detention center and transported her to the Investigations Bureau Office located in Santa Fe. Agent Bobnock conducted the interview. Refer to Agent Bobnock report for details of the interview.

On Tuesday, October 23, 2012, I was assigned to locate a 1997, grey/silver Saturn four doors Sedan which showed Ashley Roybal as a current name on the vehicles tittle. I made contact with Santa Fe County Deputy Sherriff, Detective David Jaramillo to ask for assistance in regards to the Saturn vehicle. Detective Jaramillo informed me that Ashley was sitting in-front of him. Detective Jaramillo asked Ashley for the information of the vehicle. Detective Jaramillo advised me that Ashley had gone to Loan Max in Santa Fe to borrow money on the vehicle.

NMSP-IB Agent Alvino Vigil and I proceeded to Loan Max, located on Saint Michaels Drive in Santa Fe. I made contact with Michelle Mata the store manager and advised her the reason we were there. Michelle advised me she did remember Ashley's name. After looking for documentation on Ashley's file she was able to locate a New Mexico tittle for a 1997 grey Saturn vehicle. The title showed Ashley Roybal or Jacqueline Roybal as owners of the vehicle. Michelle also found a document that showed the vehicle had been towed by Ace's Towing in Pojoaque. She provided me with copies of such documents.

The information discovered was relayed to Agent Bobnock along with copies provided of the vehicle's title and the vehicles lean hold.

On Friday, October 26, 2012, I assisted Agent Bobnock with a search warrant at Gallegos scrap metal located in Espanola, New Mexico. Refer to Agent Bobnock's report for information regarding the search warrant.

On Monday, October 29, 2012, I assisted NMSP-IB Agent Bobnock in gathering more information in regards to Ashley's vehicle. We proceeded to ACE's towing which is located in Pojoaque New Mexico. Refer to Agent Bobnock's report for information regarding contact made with ACE's towing.

On Monday October 29, 2012 at approximately 3:00 pm, a meeting with Bernadette and Harold Lujan took place at NMSP- Head Quarters located in Santa Fe. Present during the meeting were NMSP-IB Sergeant McFaul, NMSP-IB Agent Christopher Rodriguez, NMSP-IB Agent Ryan Boone and myself. The reason for the meeting was to update and confirm information learned during the interviews conducted with Ashley Roybal. Refer to the synopsis for information of the meeting.

SYNOPSIS OF MEETING:

Bernadette remembered at one time Dixie, Angela and Cherie had a daycare business which was run out of Dixie's home. Cherie started to have issues with Dixie because she thought Dixie's favorite was Angela. The daycare business was broken up and Cherie started her own daycare business. After the issues a wood fence was built. Harold stated that Lloyd told him that he was tired of Cherie and he could not handle them

anymore. Bernadette also remembered one time Harold and she were at Lloyd's residence and someone started to throw rocks from Cherie's house. Harold said Lloyd got upset and stated Robert stop throwing rocks or he was going to go over and was going to kick his butt. Both Harold and Bernadette also recalled that the back fence of the residence which was from the shed to drum room and tied into the old fence was built on the week of the incident.

Bernadette never knew or saw Steven Ortiz touching or misbehaving with any child. If she ever saw Steven misbehaving she would notify Dixie or Lloyd so they could talk to Steven.

She also knew that Steven had his phone number changed several times because he would get harassed by phone calls. Harold also remembered that one day Steven received a telephone call and got very upset. Harold asked him for the phone and he told the person on the other side to stop harassing Steven and the phone calls stopped. Harold had no idea if the other party was male or female.

A week before the murders, Bernadette was sitting on her front porch and saw Robert Rios hanging out with Jose Roybal, Erick and Mario Zubia. That same week Steven told Bernadette about Nick getting caught by Lloyd in the backyard.

Bernadette stated that shortly after her father Luciano Roybal spoke with us and provided DNA a gun was painted on a barn close to her residence. The gun was pointing towards her residence and had the letters RIP (rest in peace) on the bottom. Moments later Bernadette changed the painted guns statement to the gun was painted on the barn after the Ortiz murders.

Bernadette said recently Cherie attempted to run them off the road. Bernadette started to feel harassed by Cherie. Sometimes Cherie would rev the engine of her truck in front of her.

The conversation switched to known gangs in the area. Bernadette stated that she knew of the P-Town boys, North and South Surenos. She saw Robert Rios son of Cherie hanging out with Erick Zubia, Nick Ortiz and Jose Roybal, who claimed to be part of the North Surenos.

This concluded the synopsis of the meeting with Bernadette and Harold Lujan.

This Supplemental report documents my on going involvement in this investigation. Any further investigation will be documented in a new supplemental report.
