LAW OFFICE OF
RICHARD B. STAFFORD

Gabby's family would like to thank the Federal Bureau of Investigation, specifically the Wyoming, Denver, New York and Tampa offices, all of their task force members and their assisting agencies.

Gabby's family would like to thank the FBI's Victim Services Department for all they have done for them. Victim Services has been there for support from the earliest stages of this investigation and helped their entire family navigate through the worst moments of their lives.

We truly appreciate the FBI's diligent and painstaking efforts in this extremely complicated case. The quality and quantity of the facts and information collected by the FBI leave no doubt the Brian Laundrie murdered Gabby.
