Summary of Investigation:

1. On March 7, 2014, at approximately 1100 hrs. I along with ADA Joan Illuzzi and Detective Maldonado did visit [redacted] at her residence in [redacted] Puerto Rico. She was asked if she knew Pedro Hernandez and she responded of course he was my childhood love. She described it as puppy love, at that time she was about 15 years old. She described Pedro as a normal, caring and respectful person. Ms. [redacted] states that she lived in [redacted] until 1979, then she and her family relocated to Puerto Rico around that time. Ms [redacted] elaborated that she was good friends with Pedro's younger sisters and was fond of the rest of the family. The relationship ended after she moved with her family to Puerto Rico. Ms. [redacted] stated that she went on with her life, got married and had children with a man she met in Puerto Rico.

2. Ms. [redacted] states she returned to the [redacted] area of [redacted]y for approximately one year between 1998 and 1999 with her children. Ms. [redacted] further states that Pedro would visit her often during this time period. She asked Pedro how he found her and he responded that he saw her on the street and followed her home. Ms. [redacted] claims that Pedro made attempts to rekindle a relationship with frequent visits. Ms. [redacted] declined his advances stating that she did not have the same feeling for Pedro and they could only be friends. Ms [redacted] states she knew that Pedro was married and would not have anything to do with him due to his marital status. She also stated that Pedro told her that he was not happy with his marriage and wanted to be with her. Ms. [redacted] told Pedro that her stay in New Jersey was temporary and that she was going to return to Puerto Rico. Pedro offered to financially support her if she would stay. Ms. [redacted] stated that Pedro grabbed her private parts, indicating her crotch area. He became very angry when she rejected his advances and Pedro told her " You aren't going nowhere". Ms [redacted] also recalls that Pedro in the fit of anger stated " I feel like choking you". Ms. [redacted] claims since the time Pedro touched her inappropriately she avoided any further contact with him. She subsequently relocated back to Puerto Rico in January of 1999 and never heard from Pedro again. She further stated that the last she heard of him was in the news when he got arrested.

3. Ms [redacted] remembers that her brother [redacted] didn't like that Pedro was visiting her. She also remembers that her relationship with the Hernandez sisters had deminished because Pedro was attemting to rekindle a relationship with her and he was still a married man.

I showed the chief a picture of Mr. [redacted] and he recognized him instantly. Chief Homschek stated that Mr. [redacted] was arrested sometime in January for a violation of Megans Law. Chief Homschek further stated that Mr. [redacted] has a history of being a sexually violent predator, with the primary charge of indecent assault. The Chief conducted an inquiry as to the current status of Mr. [redacted] case status, and was informed that he was out on bail. Chief Homschek obtained Mr. [redacted] current telephone number and put me in contact with him. I spoke with Mr. [redacted] and he provided me with his current address and telephone number.

2. At approximately 1240 hrs. I along with Det. Beauvoir visited Mr. [redacted] at his present address [redacted]. Mr. [redacted] claims to have been incarcerated on or about January 18, 2014 and was the cellmate of [redacted] for about a week and a half. Mr. [redacted] states that he had several conversations with Mr. [redacted] and asked him why would New York want [redacted] to go there, if someone already confessed to killing Etan Patz. Mr. [redacted] responded that a Federal prosecutor and the Manhattan DA arranged for him to be rearrested by the State Police for a Megans Law Violation upon his release from prison. Mr. [redacted] further expressed anger towards the federal prosecutor and blames the prosecutor for his current situation. Mr. [redacted] stated that Mr. [redacted] seemed to get very angry when talking about it and stated " I don't care how long they keep me locked up I will never tell him what I did". Mr. [redacted] also stated to Mr. [redacted] " The boys body was put in the trash [redacted] was surprised that sanitation never found it". Mr. [redacted] was anxious to be reassigned to another cell, and [redacted] and a strange character. Summary of Investigation:

1. On September 16, 2014, at approximately 12:30Hrs, I met [redacted] who was present at the court room during the Pedro Hernandez hearing. Mrs. [redacted] stated that she had seen a boy she believed to be Etan Patz.

2. On September 16, 2014, at approximately 12:35Hrs, I conducted an interview of [redacted] in the lobby/waiting area of the 7th Floor of 111 Centre Street. The Interview was conducted in Spanish, due to Mrs. [redacted] limited English. What occurred is the following:

I verified Mrs. [redacted] identity via a NYS Benefit identification card provided to me, ID Num. [redacted] Mrs. [redacted] stated that she resides at [redacted] since 1980. Mrs. [redacted] stated that she does not work, but does volunteer at her church located at [redacted], that follows the practice of Rev. [redacted]. Mrs. [redacted] describes her volunteer duties as support for young adults looking for shelter and guidance. Mrs. [redacted] also states that she houses some of these individuals at her residence and currently has a guest by the name "[redacted] I inquired about her statement that she saw a boy she believed to be Etan Patz. Mrs. [redacted] stated that after seen a poster of Etan Patz in 2012

she remembered that at or about 1983-1985 she met a boy that looked like the reported missing boy Etan Patz in the building she resides in, at [redacted]. Mrs. [redacted] describes the boy as a light skin, light hair active young boy approximately 7-9 yrs. old named [redacted], who spoke only English. The boy stayed with two adult males named [redacted] and [redacted]. Mrs. [redacted] statement was unfocused with scattered information of different events, such as her religious practice, her residence, the neighborhood and the possible sighting. During the interview I had to redirect her attention to the topic in question.

Mrs. [redacted] describes [redacted] as a drug dealer/user who was very mean and threating to her. On several occasions Mr. [redacted] would call Mrs. [redacted] a snitch, due to her active involvement in the community church and neighborhood. The boy, that she describes to look like Etan Patz, was identified to her as Mr. [redacted] son from a relationship he had in New Jersey (unknown exactly where). Mrs. [redacted] did not believe that due to never seen Mr. [redacted] away from NYC or having any relation with any females. Mrs. [redacted] stated the only person she saw him with was his roommate [redacted]

[redacted] is described as a well-spoken clean friendly person. She further states that Mr. [redacted] is gay. Mrs. [redacted] believed that he was a teacher or educator. Mrs. [redacted] provided an employee photo Identification of [redacted] at [redacted] located at [redacted]. Mr. [redacted] is described as the one caring for [redacted]. When I inquired how she got this identification, Mrs. [redacted] stated that she found it in the garbage shortly after they suddenly had gone.

I inquired about the where about of [redacted] and [redacted] stated that he was taken to [redacted] Puerto Rico by Mr. [redacted], exact location unknown. Mrs. [redacted] states that [redacted] had died from a stabbing from an assault due to his illegal activities.

At this point Mrs. [redacted] stated that she was pleased that she had told me about the boy and that she believed that defense lawyer was just trying to get money from the city by using Pedro Hernandez. When asked why, she replied that she heard him say that. Mrs. [redacted] expressed relief and she told me her story, but that she did not want her name mentioned because of the "bad people" around.

During the interview we were interrupted by a news reporter asking questions and taking pictures. Mrs. [redacted] then stated to me that she did not want her picture taken or mentioned in the news due to fear of her safety. I then translated the request from Mrs. [redacted] to the reporter and she reinforced it by attempting to say it in broken English "I'm scared for my life! At that point Mrs. [redacted] asked if I would walk her out and we proceeded to the elevators. I provided Mrs. [redacted] with my contact information if he recalled any additional information. Interview was terminated and we exited the location without incident.

Summary of Investigation:

1. On March 11, 2015, at approximately 16:20Hrs, I contacted/interviewed [redacted], via. phone number [redacted] in regards to the information about Etan Patz.
The following, in sum and substance, was obtained:
I spoke to a female voice who identified herself as [redacted]. I identified myself and gave the reason to my phone call. Mrs.[redacted] stated that she did speak to a federal bureau investigator regarding to information about Etan Patz. I requested more details about the said information, due to the limited information provided previously. Mrs.[redacted] further informed me that she was employed by [redacted] and that he resembled the missing Etan Patz. When I asked if this was discussed between her and [redacted], her response was no, he never said he was Etan Patz or made any reference to knowing about that case. I inquired why she reported that he was Etan Patz, her response was that she did not say he was Etan Patz but that she saw a resemblance between the two. I asked if Mr.[redacted] ever say he was from New York City, she stated that she did not know if he was from New York. Mrs.[redacted] stated that his wife [redacted]s stated she was from New York, but not sure what area. I asked what else was spoken about that made her think he was Etan Patz. Mrs.[redacted] stated that [redacted] did tell her a lot of lies so she was not sure what was truthful, but Mr.[redacted] mentioned that when he was a child his mother sent him to a boarding school for his own protection.
I inquired if Mrs. [redacted] still kept in touch with Mr.[redacted] and she stated that she has not had dealings with him since 2011. [redacted] stated that Mr.[redacted] still resides at the reported address: [redacted] and is self employed. The business is a musical store [redacted]" on main street [redacted] phone number [redacted].
I was then interrupted by [redacted], husband of [redacted]. Mr.[redacted] stated that he also had met [redacted] and that he was unfriendly and shrewd. Mr.[redacted] referred to an incident when he visited Mr.[redacted] music store ([redacted]) to buy an instrument that resulted with a unsatisfied purchase and Mr.[redacted] was rude and boisterous towards him. Ever since Mr.[redacted] was very confrontational and unapproachable towards him whenever he saw him around town.
Upon completing the interview, I explained to Mrs.[redacted] that the information provided was not substantial. I further informed her that unless [redacted] makes any direct comments to her assumption, there was no validity to belive he is the subject under investigation.

2. Mrs. [redacted] information regarding Etan Patz does not coincide with the investigation. No accurate information was provided leading to the validity of her allegation for the person she believes to be Etan Patz or any other information regarding the investigation.

3. On 03/11/2015 at approximately 16:35Hrs, I attempted to contact [redacted] via. [redacted] with no answer. On 03/17/2015 at approximately 11:50Hrs and 15:00Hrs, I attempted to contact [redacted] via. [redacted], I was greeted by a voice mail answering recording. I provided a call back request on the answering machine.

Summary of Investigation:

1. On March 13, 2015, at approximately 1100hrs The undersigned along with Det Camacho was informed that Mr [redacted] M/W/90 placed a phone call to [redacted] the father of Etan Patz, and told him he wanted to assist in the case of his missing son.

2. The undersigned along with Det Camacho did prearrange a meeting with Mr [redacted] and met with him at the corner of 54st and Lexington avenue. Once there Mr [redacted] informed us that he still uses a system for locating metals, objects, and gravesites with a method called Dowsing. His tools of choice are a map of a location and a Pendulum which he places over the map. He then asks relevant questions pertaining to Missing persons (gravesites) objects etc. Mr [redacted] then believes that the hanging pendulum will circle a location on the map and then pinpoint the exact location. He claims to have been practicing dowsing for many years and has located some object as a result of it. He stated that his openness and sensitivity to dowsing has made him feel connected to this "power" that he now calls a hobby that can "get results." Mr [redacted] also claims, and is aware that there is no scientific evidence that Dowsing is any more effective than random chance.

3. Our conversation as well as previous conversations led to Mr [redacted] claiming to know where the "body" of Etan Patz is. He stated that the body of Etan was at the same location where Mr Hernandez admitted to leaving it (Thomson and Prince St which is well know to the Media and the public). Other locations he listed were, The lower East Side of Manhattan, a cemetery in Queens and possibly by the East River. When the undersigned inquired about why he thinks the body has been in so many location, Mr [redacted] was unable to provide a reasonable explanation.

4. Due to Mr [redacted] inconsistencies and no fact based claims of his method of practice, the undersigned concluded and requests that this lead be deemed closed.

Summary of Investigation:

1. On 03/18/2015, at approximately 10:05Hrs, I was contacted via phone by [redacted]. I conducted an interview of [redacted] regarding information obtained by the Federal Bureau of Investigation from [redacted] about [redacted] resembling the missing boy Etan Patz.

The following, in sum and substance, was obtained:

I spoke to a male voice who identified himself as [redacted]. I identified myself and gave the reason to my phone call. Mr. [redacted] expressed his concern and hesitance to contact me, but was also wondering as to the reason for the call. I verified my identity and assured him that there was no reason for alarm. After a period of reluctance Mr. [redacted] verified his date of birth as [redacted] and began to tell me that he grew up in [redacted] Queens. Mr. [redacted] further stated that he has been living on his own since the age of 15. His reason for leaving at that age was that his parents had divorced and he did not want to be there. He recalled leaving New York at about the mid to late 90's. I then inquired if Mr. [redacted] had any reason to believe if his parents were not his biological parents, his response was that he did not. He further assured that he was not adopted or abducted. He then inquired if someone had reported him ([redacted]) as missing or if the person I was inquiring about was named [redacted] I then explain that the person reported was not a "[redacted]", but that he was mentioned to have some resemblance to an individual that was reported missing. Mr. [redacted] did not have any reason to believe that he was reported missing and no doubt of his identity. It was concluded that Mr. [redacted] was not the subject of the investigation. I provided my contact information and ended the interview.

2. The data base inquiries conducted and information obtained from Mr. [redacted], resulted with no affiliation with the current investigation. The information obtained from Mrs. & Mr. [redacted] resulted with no affiliation or validity to the current investigation. I request this lead be deemed unfounded regarding the subject of this case.

Summary of Investigation:

1. On December 1, 2015, at approximately 11:00 hrs. I along with Detective Ricevuto and ADA Seidemann had the opportunity to interview Retired Lt. [redacted] at the Manhattan District Attorney's Office. He states he became a New York City Police Officer in 1974 and was laid off due to the fiscal crisis of the city. Mr. [redacted] further stated he worked in the field of security and was subsequently rehired by the Police Department in 1978. He stated he passed two promotional exams and reached to the rank of lieutenant, and retired in 1997.

2. Mr. [redacted] was interviewed as a result of him coming forward in the media stating he had vivid memories of May 25, 1979 when assigned to the Neighborhood Stabilization Unit #2 as a new Police Officer. He recalls being called to respond to the bodega located at West Broadway and Prince Street for a missing child. He remembers the bodega being utilized as a temporary headquarters with the public pay phone being used for police communications via the SPIN number. Mr. [redacted] remembers upon entering the Bodega located at West Broadway and Prince Street there were about twelve Police officers from the NSU#2 mustering up inside the center of the bodega. It was there where the officers were dispatched out to various locations to conduct searches for the Missing Child. Mr. [redacted] recalls being given a description and was shown a photograph similar to the picture in the Missing Persons Etan Patz Poster as a reference. He recalls not being given an actual photograph. He provided copies of his memo pad for May 25, 1979 and indicated that he did not make specific notes with regards to the results of his searches,

other than he searched in the area of Spring St. and Greene St. The instructions were given to search rooftops, alleyways, stairways and hallways. Mr. [redacted] remembers that either one or two female officers were instructed to search the basement of the bodega by Sgt. [redacted] Mr. [redacted] remembers the female Officers being escorted outside by one of the workers of the bodega. He further stated he was eager to be picked to do the search and disappointed because he was not chosen. Mr. [redacted] remembers one of the female officers told him that she lifted herself to the top of the walk in freezer and did not find anything. He could not recall which one of the female officers it was. Mr. [redacted] believes that it was either a female officer by the name of [redacted] or [redacted] He was not sure of [redacted] last name. Mr. [redacted] stated that after roll call was held in the bodega he recalls going out of the door he felt the compelled to look behind the refrigerator located in the store on the main floor by the door. I then asked him to draw a diagram of the inside of the bodega as he remembered it to include the location of the door, payphone and refrigerator he looked behind. (See Attachment on following DD5). Note: The diagram did not match the floor plan at the time and place of occurrence. Mr. [redacted] further stated that he believed the Patz family resided above the bodega.

3. Mr. [redacted] specifically remembers that after a search of a building, he could not recall the address. He saw Mrs. [redacted] and she did not acknowledge him. He also stated that he remembers while standing in the hall observing Mr. [redacted] sitting at a table in front of what looked like a machine or laptop. Mr. [redacted] recalls there being several other apartments on that floor. Mr. [redacted] claims that he was disturbed that Mr. [redacted] was not actively looking for the boy. Mr. [redacted] states that it is his opinion that the parents may have murdered their child and buried the body upstate the night before. It was at this time Mr. [redacted] was asked where he obtained this information, and his response was that it was solely based on his opinion, and there a lot of trees up there. He stated that his involvement in this case was only on the day of occurrence. Mr. [redacted] expressed his disappointment in the way the media portrayed the initial responding officers as not thorough. He went on to state that the Police Department then did the best job possible with what they had available to them at the time.

4. I asked Mr. [redacted] if he was willing to make a written statement and he stated he was he was not willing to do so.

5. At approximately 12:30 hrs. the interview was ended. Mr. [redacted] went on to state that he had an acting part in [redacted] and showed us a brief clip of himself on the show, with his cellphone. He played the part of an Emergency Room Doctor. Mr. [redacted] offered his services to do cemetery searches for a fee. He informs that he has contacts that could facilitate those type of searches.

Summary of Investigation:

1. On March 3, 2016, at about 1051 hours, inside the Manhattan District Attorneys Office (D.A.N.Y.), I had the opportunity to interview a Mrs. [redacted] pursuant to this investigation. In sum and substance Mrs. [redacted] provided me with the following information:

Mrs. [redacted] stated that she is a married housewife with children and that she is a focused union actress, freelance photographer and investigator that from time to time she takes on divorce and insurance compensation cases from private clients.

Mrs. [redacted] stated that she appreciates the opportunity given to her to elaborate about her research that she exhaustively conducted and put together regarding the Etan PATZ investigation, the defendant Pedro HERENANDEZ and Pedro's defense attorney Harvey FISHBEIN.

Mrs. [redacted] stated that last year during the month of January, she purchased a "lot of adult magazines" on eBay using her American Express card through a PayPal account and in April of the same year she finally took time from her busy schedule to examine the magazines thoroughly. Mrs. [redacted] stated that the magazines came in a regular box wrapped in some crumpled newspapers. Mrs. [redacted] confided that she bought the magazines for personal reasons only, she wanted to make a spoof collage for her husband using shredded portions of the magazines. Mrs. [redacted] describes the magazines as very "cheese cake" and acceptable. Mrs. [redacted] stated that when she examined the magazines in the box, she noticed that the newspapers used as stuffing for the magazines were actually from 1982 that contained news articles of the Etan PATZ incident kind of a 10 year anniversary renewal of the investigation. Mrs. [redacted] stated that both the magazines and the six to eight sheets of newspaper had a strong odor of mildew, so she laid them out to dry.

Mrs. [redacted] stated that she began her search by using Pedro HERNANDEZ's family name and ended with Etan PATZ and unfortunately she could not find anything research wise under Pedro's name, his father or mother. But she was surprised to find a Post Office Box with the number [redacted]. Even though she vaguely recalls the name [redacted]. Mrs. [redacted] could not provide any documentation from her searches associating anyone from the HERNANDEZ family to Post Office Box [redacted] Nor could she recall exactly from which website or search engine she was able to glean the information.

Mrs. [redacted] alluded to the fact that her research revealed that an attorney by the name of [redacted] at some point worked for the American Civil Liberties Union (ACLU). And during his tenure at the ACLU he represented NAMBLA regarding a lawsuit. But he was not associated with (NAMBLA), he was only the defense attorney for the lawsuit.

Mrs. [redacted] stated that her research according to her revealed two key points. The first is the name [redacted], the acting secretary of (NAMBLA) had an address listed in the Bronx at [redacted] around the early 1970's. The second was a 1940's census search revealing that a [redacted] also resided at the same address as [redacted]. Mrs. [redacted] expressed her concerns that if [redacted] is associated with both [redacted] and (NAMBLA) something is wrong with the attorney's background taking the Etan PATZ case by defending Pedro HERNANDEZ. Again I reiterated to Mrs. [redacted] there is no proof that she talking about the same person who currently represents Pedro HERNANDEZ. Mrs. [redacted] agreed and stated that is why she is here so that both the Manhattan District Attorneys Office and the New York City Police Department could vet out all the information/research that she will provide today.

Mrs. [redacted] stated that no one besides herself has handled or touched the newspapers that are in her possession and that at no point has she allowed anyone to photograph the newspapers or her research. Mrs. [redacted] stated that she had a conversation with a Special Agent SALTER of the Federal Bureau of Investigation (FBI), she asked if it would be reasonable to have the

newspapers analyzed for possible latent prints. Special Agent SALTER explained to her that due to the age of newspapers it would possibly not be conducive at this time. Mrs. [redacted] stated that [redacted] is a creative photographer like her because she understands the work. Mrs. [redacted] stated that the PATZ family arrived here in New York City back in 1971 or 72. She also stated that recently [redacted] brother passed away.

2. During the interview Mrs. [redacted] on several occasions made references that the search was great because it gave her a starting point and an ending. When I asked Mrs. [redacted] to explain her theory she stated that her staring point was the Etan PATZ investigation and the second point or ending was the [redacted] case which was also a missing child investigation. I asked Mrs. [redacted] exactly what connection does the [redacted] case has with the Etan PATZ investigation. She replied besides that they were both missing children (little boys) nothing as I said before the [redacted] case made it easier for me to have an ending point.

3. At the conclusion of this comprehensive interview Mrs. [redacted] agreed that the awesome effort and work that she provided to the Manhattan District Attorneys Office regarding all the (NAMBLA) information that surfaced during her searches has nothing to do with the Etan PATZ investigation, the defendant Pedro HERNANDEZ and the only commonality is that an attorney by the name of [redacted] possibly worked for the (ACLU) in 1973 and that the same attorney represented NAMBLA back in the early 1070's regarding some type of lawsuit.

a) She also agreed that obviously the (NAMBLA) information seems to be part of another case dealing with children and (NAMBLA).

b) And that last year she ordered from eBay old adult magazines that were wrapped in newspapers. The newspapers were actually 1982 articles/clippings of the Etan PATZ investigation.

4. Mrs. [redacted] stated that she can provide all the documentation detailing the purchase of the magazines.
I then thanked Mrs. [redacted] for all assistance and provided her with my contact information in the event she has any additional insights or information that may aid this investigation.

5. Case active.

Summary of Investigation:

1. On June 8, 2016, at approximately 1329 hours I received a text message from telephone number [redacted], after several attempts to contact Ms. [redacted]. I have attached said text message to this report. The text message indicates that there was a similarity to Etan Patz, however the message states " In all honesty the kid looks so familiar. But it may really may have just been his doppelganger".. She also indicated that she was born in 1970 which would have made her 9 years old at the time. Ms. [redacted] further states she has a little brother who was born in 1972 right around the same age, and she further states it really maybe nothing. The similarity is remarkable though.

2.I have made multiple attempts to contact Ms. [redacted] via phone and she subsequently responds via text message (see attached). On 7/11/2016 I sent an email to Ms [redacted] via [redacted], requesting that she give me a call at her earliest convenience.

Summary of Investigation:

1. On July 11, 2016, at approximately 2115 I called Ms. [redacted] and spoke to her with regards to the information she called into the National Center of Missing and Exploited Children. She stated that she saw some pictures of Etan Patz in the news, and there were some pictures that resembled the boy, and other pictures that definitely did not resemble the boy she knew. She further stated she was 10 years old when she baby sat a boy on one occasion for about an hour in 1979 while living in Texas. Ms. [redacted] states the boy lived on her block. She could not recall the family name and indicated she could not remember his face because its been so long ago. Ms. [redacted] states the child did not have any distinctive birthmarks or features. She claims that the kid looked familiar, but it really may have just been Etans doppelgnger. Ms. [redacted] claims that she could not definitively identify the child as one and the same as Etan Patz. I asked her with regards to her younger brother she mentioned in previous text message. Ms [redacted] responded that her brother has no knowledge of this case and she used her brother as a reference only!

2. In view of the above conversation with Ms. [redacted] it was evident that she only believes the child resembled Etan Patz and that it was so long ago she could not definitively say it was the subject in this case.
