Item 3)	Involvement Evidence
	CELL PHONE/PORTABLE ELECTRONIC COMMUNICATIONS, APPLE, Black, Black iPhone ,
	Related To: Madison Skye Crabill, OWNER
Item 4)	Involvement Evidence
	OTHER, Pink, Pink Megaphone,
	Related To: Adilene Tinoco, OWNER

Narrative: *Narrative*

Notification:

On October 15th, 2026, at approximately 1325 hours, I was working patrol in a full Santa Ana Police Department uniform, operating a marked black-and-white patrol vehicle, in the City of Santa Ana, Orange County. I responded to the front of the Santa Ana Police Department located at 60 Civic Center Plaza in reference to a call for service. The calling party, later positively identified as a U.S. Immigration and Customs Enforcement [redacted] and his partner, [redacted] had been followed in their vehicle while leaving work.

Prior to my arrival, Officer [redacted] updated dispatch as the suspect vehicle was actively following the officers. The suspect vehicle was described as a black [redacted] CalLic. [redacted], and had followed the officers who were driving an unmarked black [redacted] fleet vehicle.

The officers called dispatch while they were parked in the south alley of 800 W 17th Street. The suspect vehicle followed them from that location to the front of the Police Department. Officer [redacted] advised dispatch that the suspect who was following them was known and described as a female [redacted] with tattoos on both of her arms. The passenger of the suspect vehicle was described as a [redacted]

It shall be noted that during the incident, my department-issued Axon 4 body-worn camera (BWC) was activated and recorded. All statements below summarize the facts and circumstances that shall not be taken as all-encompassing of

the event. For exact dialogue and sequence of events, please see BWC footage.

Arrival:

Upon arrival, Officers R. Wybaczynsky #4039 and T. Lee #4036 detained the occupants of the suspect vehicle. Both occupants were positively identified by their California driver's licenses: the driver as Adilene Tinoco and the passenger as Madison Skye Crabill.

I spoke to Officer [redacted] who provided the following statement:

At approximately 0800 hours, both Officer [redacted] and Officer [redacted] were working in their unmarked fleet vehicle, conducting surveillance with other ICE agents in the area of [redacted] As they were surveilling, the suspect vehicle approached the officers' vehicle. Adilene rolled down the window to her vehicle, held out a pink megaphone, activated the siren function, and was screaming "fuck ICE" while playing loud music. These actions interfered with the surveillance operation that ICE was conducting, thus being in violation of **CPC 148(a)(1) -** Obstruction of Officer Duties.

At approximately 1000 hours, Officers [redacted] and [redacted] were working, surveilling in their unmarked fleet vehicle in the area of [redacted]. As the officers were surveilling, the same suspect vehicle approached, and Adilene rolled down the window. Adilene held the same pink megaphone out of the window with the siren function activated and screaming "fuck ICE". Interfered with a second surveillance operation that ICE was conducting, again being in violation of **CPC 148(a)(1) -** Obstruction of Offcier Duties.

Officer [redacted] added he was familiar with Adilene and she had obstructed their work multiple times before, sometimes two or three times per day, interfering with other officers in their department, and had tried to gain entry into the Federal Building in the past.

Officer [redacted] noted that the other encounters were not documented, as Federal officials only contact local officials to intervene in dire situations.

Just prior to the call for service, Officer [redacted] and [redacted] were leaving their place of work for the day. The officers were driving the same unmarked fleet vehicle; however, they were off-duty, driving home for the night. As Officer [redacted] drove northbound on Flower, he observed the same suspect vehicle run a red light northbound through the intersection behind him, pursuing the fleet vehicle. As Officer [redacted] continued northbound on Flower, Adilene followed closely behind.

As the officers were headed home for the night, they did not want Adilene following them out of concerns for their

safety. Officer [redacted] turned eastbound in the alley, just south of [redacted] Officer [redacted] parked the vehicle facing northbound in the alley in a parking space with a cement curb infront of the vehicle. Adilene parked her vehicle directly behind, blocking the officers in. Officer [redacted] exited from the passenger side of the vehicle and approached the suspect vehicle in an attempt to dissuade them from following. Officer [redacted] noted that Adilene was driving and Madison was seated in the passenger seat. As Officer [redacted] approached, Adilene reversed he vehicle, making enough room for Officer [redacted] to back out of the parking spot.

Adilene positioned her vehicle in a way to see other vehicles exiting the alley, and when the officers drove away, Adilene continued to follow. Dispatch directed Officer [redacted] to drive to the front of the Police Station. While en route, Adilene continued to follow and ran two red lights to keep up with the officers. One of the red lights was at the intersection of Ross and Santa Ana, which Offcier [redacted] took a video of. I later sent Officer [redacted] a link to Evidence.com and advised him to upload the footage of the incident.

Both Officer [redacted] and [redacted] stated that during the incident they felt impeded, obstructed in their duties, and harassed. Upon a follow-up phone call, I asked Officer [redacted] to explain how they felt harassed. Officer [redacted] stated he felt that his officer safety was a concern as the female (Adilene) had been following them for a few days. Officer [redacted] noted that the female had committed multiple traffic violations to keep up with them while they were following.

Officer [redacted] stated that prior to this incident, an anti-ICE activist had posted a photo of himself on a social media platform with comments of death threats. Officer [redacted] felt his safety was compromised as members from the same group who had made the post were now following him and running red lights to keep up with their vehicle.

Additional Information:

Sgt. C. Kim #3198 assisted by collecting the megaphone and both Adilene's and Madison's phones. I later collected the items and booked them into Evidence at the Santa Ana Police Department. A search warrant for the two cell phones is pending. Adilene's vehicle was towed incident to arrest.

I transported both suspects to the Santa Ana Jail and conducted interviews with both.

Interview with Adilene Tinoco:

While seated, handcuffed in an interview room at the Santa Ana Jail, I read Adilene her Miranda Rights verbatim from my Officer's Index. Adilene understood her rights and stated the following:

Adilene stated she saw a suspicious vehicle which she had also seen online, driving without a license plate, and decided to follow and take pictures of it. Adilene initially stated she did not know who was in the vehicle but later said

she thought it was suspicious that ICE vehicles do not have license plates mounted on them. When asked how long Adilene was following the vehicle, she insisted she was not following it, only driving behind it to take photos of it. Adilene confirmed she pulled into the alley where the officer parked and wanted them to hear a song she was playing in her vehicle. Adilene denied running red lights and being at the two locations in [redacted]

Interview with Madison Skye Crabill:

While seated, handcuffed in an interview room at the Santa Ana Jail, I read Madison her Miranda Rights verbatim from my Officer's Index. Madison understood her rights; however, she did not wish to provide a statement.

Based on the two obstruction incidents in [redacted] with the totality of the circumstances of Adilene using a megaphone with sirens and yelling at both officers, in addition to violating vehicle violations to pursue officers while they were off-duty and going home, with the history of Adilene following other ICE officers in their place of work and in the field, I determined Madison and Adilene were in violation of **CPC 646.9(a) -** Stalking and **CPC 182(a)(1) -** Conspiracy.

Recommendation:

I respectfully request that this report be forwarded to the District Attorney's Office for filing.

Officer G. Monaco #3996
